Hockey Team Finishes Remarkably Successful Season with Record Worthy of Recognition by Intercollegiate League--Outlook For Next Year Bright.

At a meeting of the hockey team, yesterday noon, V. G. Sloan, 1912, was elected captain for next year. Sloan was the most consistent man on the team this past season, always to be relied upon, under all circumstances. He prepared at Arlington High School, where he played upon the championship team with such team-mates as Hicks of Harvard, and Clifford of the Boston Hockey Team. For the past three years, he has been a member of the Tech team, playing center forward, and in that position has earned a most enviable reputation.

The nominations for manager and assistant which are to be recommended to the A. A. for election are:--for manager, A. G. Ranney, 1913; for assistant manager, F. L. Hotchkiss, 1914.

Ranney was perhaps not most versatile man on the team this year. At different times during the season, he filled the positions of centerpoint, point, and pointman, in a star game in this last position.

Hotchkiss played a snappy game at forward this year, shooting many clever goals. Last year as a freshman, he made the Williams varsity.

In all probability, eight men will be awarded the letter for their work this past season. Those who have played in two thirds of the games are—R. H. Gould, 1911, centre-point; A. W. Vose, 1913, point; A. G. Ranney, 1913, goal; V. G. Sloan, 1912; F. L. Hotchkiss, 1914; I. H. Storke, 1911; H. W. Stucklen, 1911; and H. G. Storke, 1914, forwards. None of them only three will be lost by graduation this year.

Captain Gould played a consistent and steady game throughout the season and did not let his reputation last season affect his performance. His decision has always been keen, and his contribution to the success of the team has been immeasurable.

The first game of the season was won by the Boston Cleavers, and the second game was won by the Boston Hockey Club, the local champions of the present season. Our team missed the game that opened up the Boston season. The Crimson, who were champions of Greater Boston last year, played a good game in their opening contest. The final score was seven to six in their favor.

The second game was with the Boston Hockey Club, the local champions of the present season. Our team missed the game that opened up the Boston season. The Crimson, who were champions of Greater Boston last year, played a good game in their opening contest. The final score was seven to six in their favor.

The third game was a close one with the second team, but the strong team with a lead for the season of victories against Yale, Columbia, Dartmouth, and Amherst.

E. E. SOCIETY TO HOLD "RAILROAD NIGHT," WED., MARCH 15.

Mr. W. S. Murray, Chief Engineer of the New York New Haven and Hartford railroad, and Mr. Paul Wilson, of the Boston Elevated, To Speak

What promises to be one of the best dinners ever conducted by a professional society at the Institute, is to be held under the auspices of the electrical engineering society in the Union, on Wednesday evening, March 15. The evening will be known as "Railroad night" and will be open only to members of the electrical engineering society.

The program committee has been fortunate in securing as speakers for the evening Mr. W. S. Murray, chief engineer of the New York New Haven and Hartford railroad, and Mr. Paul Wilson, of the Boston Elevated railroad. These two guests of the society will present, respectively, talks upon electric railroading and street railroad.

Mr. Murray is one of the foremost electrical engineers of the country, having been recently connected with the gigantic problem of the electrification of the House of Representatives in the Berkshires. He comes at the special recommendation of professor Winsor of the electrical department, and will inform the members of the electrical engineering society of the work he has accomplished in the Berkshires.

Mr. Winsor is also considered an authority on railroad engineering, and has been connected with the particular branch being street railroad. He has been connected with the Berkshires for a number of years and is in an excellent position to discuss the traffic system in this city.

Tickets should be secured as soon as possible by members of the society from any of the following men: Gaillard, Dennis, Fryer, Kemp or Flansburg. The admission price being "four bits." Remember the "railroad night" will occur on the 15th of this month at 6:30 in the Union and that it will be open only to regular or associate members of the electrical engineering society and the faculty.

SOUTHERN CLUB DANCE

Last Saturday evening the Southern Club held a dance in the ball room of the Hotel Tuileries. According to the costume it was the prettiest and gayest event of the Technology year. The ball room was beautifully decorated with flowers, and the effect of these was delightfully increased by shaded lights.

The matrons were Mrs. David Gay of Georgia, Mrs. E. Van Noss of Virginia, Mrs. Henry Tolles of Baltimore, Miss Charles Maconber of Baltimore, and Mrs. Frank E. Davis of Boston. In the near future there will be a dinner, but the date for this meeting has not yet been announced.
