"Why some inventors fail." Send rough sketch or model for a search of Patent Office records. Our Mr. Creasey, our agent, Acting Commissioner of Patents, and as such had full charge of the U. S. Patent Office.

GREELEY & MCDONALD

WASHINGTON, D. C.
ALUMNI NOTES

At the recent meeting of the Technology Alumni Association of Buffalo, Mr. Schuyler Hazard, Chief Engineer of the excavation for the new Pennsylvania Station in New York gave an illustrated talk on the Station. Afterwards the following officers were elected: W. H. Worthington, Pres.; R. F. Motoyama, '95 Sec.; W. L. Sparkling, '05, Treas.; Ex. Com. A. H. Boyd, '88, F. Vogel, '98.

Arnold W. Brummer, '79, of New York City, was given an award for the plans of the new State Department building which is to be erected in Washington. Mr. Brummer is architect for the cities of Cleveland, Baltimore, Grand Rapids and Rochester. He is ex-president of the New York Chapter of the American Institute of Architects, and for two years was a member of the Art Commission of New York City.

Even among his classmates, few were aware of the benefactions of Linwood O. Towne, '78, to deserving young men who were struggling for an education. As to his will, which was recently probated in Salem, a provision is made for continuance of this assistance to men studying at educational institutions with causes uncompleted until they shall be graduated, or decide to leave to take some employment. These men will not be asked for payments on loans advanced where such payments would handicap the men too soon after getting employment. It also provided that the bene- ficiaries will not be pressed for payment of notes if not convenient, until five years after the men have been graduated.

Charles L. Bates, '03, I. Assistant Division Engineer of the Canadian Pacific Ry., is in Boston for a month's vacation. For the past four months Mr. Bates has been in charge of the location of a large line connecting Regina, the capital of Saskatchewan, with Prince Albert, the most northerly city in that province. This line will probably be constructed during the coming summer, in which case Mr. Bates will be the Engineer in charge.

FINAL ARRANGEMENTS FOR MILITARY HOP

Entire Floor of Hotel Tuilleries Including Promenade To Be Engaged

Final arrangements have been made by the dance committee of the Battalion with the management of the Hotel Tuilleries for the Hop. The floor will be given over to the affair. There is, besides the ball-room, a large salon room, a dining-room and a promenade. In many corners there are palms, and Tech decorations will be prominent.

Most of the officers have decided among themselves that they would not get flowers, and the committee portion that they be not brought, as they are likely to spoil the dancing. The tickets are still being sold, and it is hoped that all who are underclass will decide quickly and get their tickets immediately.

CORNELL DROPS HARVARD TO PLAY MICHIGAN

Cornell Schedule for next Fall. All but Two Games to be at Ithaca.

Cornell's football schedule for next season has just been announced by the Athletic Committee of that college. The season opens on September 27, and ten games will be played, all but two of them at Ithaca. The Michigan game takes the place of the Harvard game on November 11.

The schedule is as follows:

Sept. 27—Albany in Ithaca.
Nov. 9—Mills in Ithaca. Nov. 12—Chicago in Chicago.

The spring baseball Southern tour schedule was adopted and includes from April 6 to 10, games with the Washington Americans, George Town University, Radnor, Eastern League, Dartmouth, April 11, and South Orange Athletics, Club, April...
