Farrowing practice has been di-
etected chiefly to the development of
new men. Thirty have repea-
ted the effort to come out as a
test, but only eleven have
onto the row in the last
ning. The work has been
with the Varsity eight and
be un-
ity to give new men much attention.
He is training a second crew and
the men to fill the two va-
cancy. The practices—
From now on practice for the first
crew will continue three times a
week, at 5 o'clock, in the hope
that the men can come out in
and practice alongside. The
crew men have not been
as often as could be desired, and
this new system is introduced
instead of the daily afternoon prac-
are.
No races will be arranged this
season. The only races that will be
second, which will come to-
toward the end of the month if the sec-
ond string develops as well as it promises to the present time.
Practice will continue until the weather
prevents going on the river, or as long
as enough men report to fill the shell.
The prospects for a strong crew next
year are very bright, and it is in	

Of those who have recently taken
advanced degrees at the Institute, Dr. H.
B. Stevens, who is now engaged in
research work with the American
Tuberculosis Association at Chicago,
Dr. W. S. Rodman has become an
associate professor of Electrical En-
nering in the University of Virginia;
Mr. L. S. Winchester, who took the
master's degree and has accepted doc-
torship at MIT.
Mr. R. S. Jones, who holds a new
low here and is a probable candidate
for the doctor's degree.

CHESS CLUB.

The Executive Committee of the
Club has been busy with the
beginning of the term drawing up
rules for the present season. New
cards which can be exchanged at
the Cage for notes of men and women
will be issued to the members, and the
rules of the game are to be
revised. A set of
men will be taken unless one of
