

THE TECH

VOL. XXX. NO. 118

BOSTON, MASS., TUESDAY, MARCH 28, 1911

PRICE TWO CENTS

PRESIDENT MACLAURIN TO ADDRESS "JOINT SOCIETIES" AT BANQUET

Dean Durton and Bursar Rand to speak also at Big Student Celebration Planned by E. E. Soc.

MR. F. G. SPRAGUE GUEST OF THE EVENING

Tickets to be on sale shortly at fifty cents each. Get your ticket early if you want to go.

Wednesday, April 12th is destined to be a memorable day in the history of the Massachusetts Institute of Technology! And all on account of a monster student celebration which is being planned by the program committee of the Electrical Engineering Society for that evening. Preliminary announcement of the affair was made yesterday in these columns, and it is the intention of the committee to run daily news regarding the affair in *The Tech*.

As announced yesterday, the committee will have as its guest of the evening Mr. Frank G. Sprague of New York City, who will address the gathering on some pertinent engineering topic. In order to make the celebration complete the committee has arranged to have President Maclaurin of the Institute at the dinner, together with Dean Burton and Bursar Rand.

President Maclaurin has agreed to address the dinner, following the banquet and the Dean and the Bursar have also kindly consented to speak. Does not this make the affair alike a student celebration and at the same time a profitable evening for all members of any of the many professional societies of the Institute?

Tickets will be on sale very shortly and the committee desires to state positively that dinner tickets will be sold only up to the capacity of the Union dining room. This clearly demonstrates the fact that tickets should be purchased early by all who expect to attend. If you care to wait until the last minute (as so many people seem to) you are simply taking your own chances, with the chance of admission to the banquet rather slim at the best.

As soon as the tickets are printed they will be placed on sale by members of the various societies, and a list of these men will be published in these columns. The price of admission will be fifty cents and our good friend, Mr. Colton promises a "bang-up" feed.

SENIORS INVITED TO ALUMNI CELEBRATIONS

The committee in charge of the arrangements for the coming Technology Congress and Celebration of the Fiftieth Anniversary of the Founding of the Institute, has decided to give the Seniors the opportunity to attend the Alumni Banquet on Monday, April 10, and the Smoker on Tuesday April 11. Both of these events are to be held in the evening in Symphony Hall.

Each of these affairs offers a splendid opportunity for the Seniors to get into the swing of a real live alumni spirit, such as will be manifested there. To the Banquet, a large number of prominent representative citizens of Boston and vicinity will be invited, and the speeches should be of interest to every Tech man. The Smoker will afford an excellent chance for the Seniors to get in touch and talk with men who are out in the field, which certainly is a chance not to be had every year.

During the week, application blanks for tickets are to be sent to all members of the Senior Class, and it is hoped that all men who wish to go will make application as soon as possible, in order that the committee may plan more definitely on the number of Seniors to be expected. The price of a ticket which includes admission to both Banquet and Smoker is \$5.00. Tickets for the Smoker alone are \$1.00.

L. G. HART EDITOR-IN-CHIEF OF TECHNIQUE 1913

Long Existing Deadlock of the Electoral Committee Finally Broken

GREAT CREDIT DUE TO C. F. CAIRNS

Mr. Cairns Decided the issue by Withdrawing his name from the Election.

At the meeting of the 1913 Technique electoral committee held yesterday afternoon Lawrence C. Hart was elected editor-in-chief of Technique 1913. The deadlock which had existed for several weeks between the supporters of Hart and Cairns was finally broken when Mr. Cairns graciously withdrew his name from the contest. Only the highest praise can be given of Mr. Cairns for his action. For weeks now the electoral committee had gone on meeting after meeting doing nothing whatever. Both Mr. Hart and Mr. Cairns are such wonderfully good men that it was well nigh impossible to choose between them. Consequently the minutest of points were discussed. This is of course an entire explanation of the long delay in the election.

Mr. Hart has been active in institute affairs ever since his entrance. He is one of the most if not the most popular Sophomores at Technology and his popularity extends to all who have the good fortune to meet him. In his freshman year he was on the cross-country squad; he sang on the glee club, being elected to managership in the later half of the year. He was a member of the Union house committee, and on the withdrawal of the 1913 class clerk he was elected to fill that position. This year, Hart has been even more active. At the elections last fall, he was elected Class secretary. He again played on his class basketball team as well as on the Varsity second team. Again this year he did cross country work. At the election of the 1913 electoral committee two months ago, he was second highest man on the list of members. Mr. Hart ranks the very best in his scholastic work at the Institute. He is taking Courses I and XI and his record is unsurpassed.

An equally good man is Claude F. Cairns. In his freshman year he ran on the 1913 relay team, he was on various class committees and he was on the class indoor track team. As a Sophomore, Cairns has been just as active. He was a close second for 1913 class president last election, and he was again a member of the 1913 relay team. In the Technique electoral committee he was chairman of the committee to govern this election. In this election he placed very high among the list of members. He was also chairman of the field day Theatre Committee last fall. Mr. Cairns rating in his Institute work is of exceedingly high quality. He is taking course X IV. None but the greatest praise can be given Mr. Cairns for his withdrawal from this election for editor-in-chief. His noble action in sacrificing his own chances for election in order to aid the committee in coming to an agreement can not be spoken of highly enough. The thanks of the class are due to Mr. Cairns and the highest congratulation upon his self-sacrifice is in order.

The new site is in—Aw, wait a while, will ye?

If you were so foolish as to miss out on Chocolate Soldier Night, stick around the social room of the Union this evening, and you will surely hear excerpts from the real thing. The Chocolate Soldiers are having a farewell feed in the upper dining room.

FINANCIAL STATEMENT OF CLASS OF 1913

Names of Men who have not paid their Class Dues to be posted in Union. Delinquents should see Treas. H. D. Peck at once.

COME ON! BE A SPORT. PAY UP

1913 has an Admirable record to live up to. It is necessary for every Sophomore to cooperate with his Class to do so.

At the last meeting of the Class Officers it was voted to have the Treasurer post a list in the Union of all the members of the class who had not paid their class dues. Before such action is taken, the Treasurer wishes the class to see the undesirable state of affairs, financially, that 1913 is now facing. He believes that when the delinquents realize how much the class needs their dollars, they will pay up and thus help clean the class of debt.

The receipts and expenditures for this year, are up to date, as follows:

Receipts.	
Balance on hand Oct. 1, 1910	4.53
Nov. 7, Receipts from Field Day	75.00
" 30, Dues for month	128.00
Dec. 19, Rec'd from Milliken (Sweaters)	10.00
Jan. 31, Dues for month	61.50
Feb. 28, " " " "	44.75
Mar. 26, " " " to date	23.00
	346.78
Expenditures	
Oct. 7, Fallon for football	4.35
" 19, " "	4.00
" 20, Barker, 1st. Elec. Com.	4.15
" 25, Corbett, 2nd "	13.55
26, Milliken, for Tug-of War	1.80
26, Birchard "	.45
Nov. 7, Fallon for football	10.45
" 8, Horace Partridge Co.	75.00
Nov. 8, Birchard, Expenses as Treas.	.58
Nov. 23, Peck, for Relay Team	15.00
Dec. 15, Fallon, for football	3.15
16, Cairns, Theatre Com.	11.95
19, Peck, for Relay Team	10.75
Jan. 3, The Tech, notices, etc.	3.12
" 7, J.W. Brine Co., on a-c	65.15
" 9, Rand, Dinner Com.	1.00
" 9, Stamps	1.00
" 10, Institute Com. dues	6.00
" 11, Barker, Printers' Bill	5.00
Mar. 10, T. H. Matters, (Football Coach)	100.00
	336.45
Balance on hand	10.33
At present the class has the following bills on hand, unpaid,	
James W. Brine, Co.,	30.95
Wright & Potter Print Co.	15.00
The Tech	4.54
Horace Partridge Co.	56.27
	106.76

In addition to this heavy debt, there will be added the dues of \$25.00 for Technique 1912, and the expenses of the class baseball, cross country, and track teams, this spring.

1913 was the first Freshman class to get through the year with its bills all paid, and it seems that the class ought to live up to its record this year. To do this, it is obviously necessary for every man to do his share. If it seems impossible to get a dollar ahead, pay the dues on the installment plan.

Dues may be paid to any of the following men:

- H. S. Birchard.
- S. E. Rogers, Jr.
- L. C. Hart.
- E. W. Taft.
- H. M. Rand.
- W. N. Eichorn.
- W. de Y. Katzenberger
- S. W. Baxter
- H. D. Peck.

The Treasurer will try to see every man who has not paid his dues before posting the list in the Union.

"A HOT TIME IN THE OLD TOWN TONIGHT"

Chocolate Soldiers to have "Big Eats" in Union. Everyone to speak. Opening Chorus 6.30 Sharp

A MERITED GOOD TIME

All Chocolate Soldier Songs to be sung, "Denny" will probably have some new jokes to spring, and Robinson, alias "Sam Langford", has another verse for "Our dear old yell".

With O. B. Denison and E. R. Schell in a grand noise competition at the piano and twenty odd other Chocolate Soldiers shouting out choruses at the top of their lungs there will certainly be big doings at the commemorative grub fest of the minstrelers to be held in the upper dining-room of the Union this evening. Present indications show that there will be "A Hot Time in the Old Town Tonight" in more ways than Denny knows how to play it. With the kind approval and benediction of the Dean, the Bursar, the personal element of the Finance Committee, and *The Tech* the Chocolate Soldiers are going to give themselves a big feed,—that is, as big as our good friend Mr. Colton will lay out for half a cart wheel per plate. The Opening Chorus breaks at 6.30 o'clock sharp and from then on there will be one grand round of merriment and song. Everybody is going to make a speech and those that are feeling fine may make two. Denison has some new stories just out this week which he may be induced to add to the Chocolate Soldiers Joke Book.

All the songs of Chocolate Soldier fame will be sung and re-sung, and then some. In fact it is rumored that Mr. Robinson, otherwise known as Sam Langford, has remembered Our Dear Old Yell so well that he has composed another verse.

All in all the Chocolate Soldiers consider that before they "bust up" it is incumbent upon them to have one large time

MINING ENGINEERING SOCIETY MEETING TOMORROW NIGHT

Lecture by Professor R. H. Richards, Illustrated with Lantern slides, at 8 P. M. 11 Eng. B.

To-morrow evening at 8.00 o'clock, the Mining Engineering Society will hold a meeting in room 11 Engineering B. Professor R. H. Richards will speak; the subject which is not yet announced will be illustrated with lantern slides. As Professor Richards is a very interesting speaker, an enjoyable evening is assured, and it is hoped that every member of the society will be present.

For facial character studies it would be hard to beat the expressions found upon the faces of the Course VI juniors in the E. E. Lab. yesterday when a "test" was sprung on them.

TUESDAY MARCH 28, 1911

"The Tech" takes great pleasure in announcing the election of C. A. Cary, 1912 to the News Board.

There are a few examples of everyday heroism that occur at the Institute that are so quietly shown that they often escape the general recognition due them. The man who has the moral strength to decline opportunities for distinction and honors in his class and at the Institute, is no less deserving of admiration than the recipient of a Carnegie medal for a more spectacular exhibition of courage.

The withdrawal by Mr. Cairns of his name in favor of his rival candidate for the position of editor-in-chief of *Technique* 1913 in order to break a long deadlock in the Committee showed great moral courage. Similar examples have occurred in the past, notably when L. C. Cooley 1911, withdrew his name as candidate two years ago. Rumors of examples of similar courage during the recent investigations in the Technique Electoral Committee also go to show that there is plenty of virile red blood in the veins of the Technology man. This, above all things, is the thing for which we as Tech men should feel most pride.

COMMUNICATION

Editor-in-Chief of *The Tech*:
I have to announce the postponing of the "Musical Night" that was scheduled for April 7, at the Union. Radical changes in the programme for the evening have made the delay necessary and at this time, I am unable to tell when it will come. At any rate, it will be all the better for the delay,—in fact the Entertainment Committee has a number of surprises ready to spring upon you reader and the unsuspecting dead when the psychological moment arrives. Unless the Inter-collegiate are held here in May, this will be the last Entertainment of the year and for that reason in particular, every effort is being made to make it the best one.

At a special meeting of the Union Com-

mittee yesterday, arrangements were made for putting an extra story into the Union for that night only. A temporary platform will be put in half way between the floor and ceiling. The juniors and freshmen will occupy this gallery, and the seniors and sophomores will sit on the floor. In this way, the capacity will be increased to 700 or 800.

The programme for the evening is fairly well filled up but there is room for a few more numbers, and if any individuals or organization want to do something I shall be glad to see them about it. And by the way, Mr. Editor, will you publish the name of the Drum Major of the Cadet Band in this column or leave it for me at the Cage?

The Entertainment Committee is now working under a new policy. The old plan of running something at the Union every Friday night has been given up for good, and instead, a few entertainments will be given at irregular intervals during the year. This course has been adopted partly because experience has shown it to be the most practical one and partly because the Institute Committee complained at its last meeting that the weekly lectures distracted large numbers of men from their studies. This evil it is necessary to remedy.

A little later I shall have ready some definite directions concerning seating arrangements that I shall ask you to publish.

Yours respectfully,
Harold M. Davis, 1911
Chr. Un. Ent. Com.

COMMUNICATION

To the Editor of *The Tech*.

My communication is in protest of the promiscuous hurling of various missiles out of the windows of the Architecture rooms in Pierce Building at innocents passers-by. Not, Mr. Editor, that I object to the fact that to the numerous scats on my derby one more was added by the very accurate aim of a singer, for it is now in such a sad state that a few more will do no great harm. Rather, however, that the Institute is far too poor to permit the considerable waste of chalk thus occasioned, and also that the street is not a fit resting-place for the surplus garbage of the students in that dept. Further, for the poor pedestrian not accustomed to the joyous ways of celebration of the Tech man such commonplace indications of the arrival of the baseball season give an absurd impression of the really good ways occasionally employed.

I would suggest that if the architects so feel the call of the out-doors that they take an afternoon or so off and engage the field for a little spring training. The use of a real baseball instead of the puny missiles now employed would put them in much better condition. If enthusiasm runs very high they might even organize a team, which, however, I trust will confine its battery practice to the gym or the field.

Hopefully yours,
Tau, (with the dent
derby)

TECH SHOW APPLICATION

BLANKS SENT OUT

Must be Returned before 5 P. M. Saturday, April 1. Show Work Progressing under Coach Sanger

By this time, every man in the Institute should have received an application blank for seats for the Boston performances of the Tech Show, 1911. These applications are to be filled out and returned to the Show office, Room B, the Union, before 5 P. M. on Saturday, April first. It is essential that all applications be in at this time if it is desired to get the application attended to in the order of classification. Applications that come in late will be attended to in the order in which they are received without regard to the classification.

The Show Management reports that 'Frenzied French' is making rapid strides toward perfection. Coach Eugene Sanger is present at rehearsals about three times each week, and at that time, teaches the "girls" new and intricate steps, perfects the chorus in their songs, and corrects and instructs the principals in stage business and in the responses to cues. At the other rehearsals during a week, the chorus practices and develops the songs and dances in which they take part, while the principals learn their lines, songs and dances

C. E. SOCIETY

TO BE ENTERTAINED

On Wednesday evening, April 5, the Boston Society of Civil Engineers will give a reception to the members of the student Civil Engineering Societies of Technology, Harvard, and Tufts, at the City Club. The affair will be entirely informal, and will be given mainly for the purpose of getting the students from different places better acquainted with each other and with the members of the Boston Society. Quite a large attendance of practising engineers is expected.

During the evening there will be an illustrated talk on the new Pennsylvania Terminal in New York, by Mr. George B. Francis, chief engineer of the Pennsylvania Railroad. Mr. Francis will discuss this subject from a new point of view, and from his intimate connection with the work is sure to give a most interesting talk.

This meeting gives every future engineer in Tech an opportunity to meet socially the prominent engineers of Boston and vicinity which he should be no means lose, and it is confidently expected that the Tech society will be well represented.

SWIMMING TEAM MEETS

BROOKLINE TONIGHT

This evening at eight o'clock the Technology Swimming Team goes against a team made up among the members of the Brookline A. A. at the Brookline tank. The men have been practicing faithfully for sometime over a month. Several good times have been made and there are excellent chances for a fine showing.

The fifty and one hundred yard dash will be raced and the two hundred yard may be included in the events. Others and the relay race will be informal. The latter will most likely be contested between picked teams, as neither team has a regular relay squad.

The meet is called at 8 o'clock sharp, and every man of the team must be present at the tank before that hour.

MORE CHEERS NEEDED

Although several cheers have been handed in to the committee, many more are needed. Too few fellows seem to understand that everyone is requested and expected to make some effort and to hand in their work to the committee.

It is sincerely hoped that everyone will do something in this line;—here is a chance to do something for the Institute that will last and be not only a credit to the Institute but also to the author of a good rousing cheer that will make other colleges respect our cheering sections, as they are learning to respect the teams themselves.

Let everyone run off a few lines and hand them in. You might happen to have the best idea ever. Hand it to the committee at the Cage and let them try it out.

FATIMA

TURKISH BLEND CIGARETTES

TRIGONOMETRY

Look at it from any angle—the *sine* of a good smoke is a Fatima Cigarette.

Made from a *different formula*—never varied by even a *fraction*.

A modest package—but then, you get ten additional cigarettes.

NOTICE—1911

Ballots for Class Marshals are at the Cage ready for all men who were eligible to vote for Class Day Committee. Polls close Friday, March 31, at 4.00 P. M. Vote Now.

NOTICE

CHOCOLATE SOLDIERS

Dinner at 6.30 sharp in the Union, upper dining room, this evening. Come prepared for a big time. Bring money for your copies of the picture (60 cents per), and if you haven't settled up on the tickets come prepared to do that, too.

IN THE LIMELIGHT

Keep this date open—Wednesday, April 12 Nuf Ced!

Polls close for Senior Marshals' Election Friday at 4.

Oh you Chocolate Soldiers' Dinner!

"The Easiest Way" will open a two weeks engagement this (Tuesday) evening at the Garrick Theater, New York.

SCHOLARSHIPS

March 20, 1911.

Each applicant for a scholarship (except a State scholarship) for the ensuing year, should hand in his application blank at the Registrar's Office, and leave his name before April 4th on a special card enclosed in an envelope, at the Registrar's Office. (Blanks and cards may be obtained at the Registrar's Office.)

Applications dated since January 1st need not be duplicated but the applicant should notify Professor Dewey in writing if he desires to apply for a scholarship for next year.

With the name state the class, course and all free hours for consultation. Each applicant will be notified through the "Cage" in regard to date selected for consultation. Students applying, therefore, should inquire at the "Cage" for all.

**NOTICE
Chocolate Soldiers**

All students and members of the instructing staff, who kindly assisted in the sale of tickets, are requested to cash in as soon as possible.

The Manager.

NOTICE

Lost:—
A jeweled Fraternity pin. Please return to the Cage and receive reward.

EVERYBODY

You have a letter to get out in a hurry neatly. Drop in and dictate it. In fifteen minutes it will be turned out. Price ten cents. From 8.45 A M to 5 P. M.

SCHOLARSHIPS

March 20, 1911.

Each applicant for a scholarship (except a State scholarship) for the ensuing year, should hand in his application blank at the Registrar's Office, and leave his name before April 4th on a special card enclosed in an envelope at the Registrar's Office. (Blanks and cards may be obtained at the Registrar's Office.)

Applications dated since January 1st, need not be duplicated but the applicant should notify Professor Dewey in writing if he desires to apply for a scholarship for next year.

With the name state the class, course and all free hours for consultation. Each applicant will be notified through the "Cage" in regard to date selected for consultation. Students applying, therefore, should inquire at the "Cage" for all.

STATE SCHOLARSHIPS. Applications should be made to the State Board of Education on blanks to be furnished at the State House.

While the State Board of Education has full control of the award of the State scholarships it is customary to submit all applications to the Faculty for endorsement as to standing, for advice as other data in possession of the Faculty may warrant. For this reason, while the Scholarship Committee has no authority to request conference or further information from applicants for State scholarship sider all information that may be furnished in any case, students intending to apply for State scholarships are requested to notify the Registrar to that effect.

Walter Humphreys,
Registrar.
