Alumni Promise Support if State Appropriates $100,000 Yearly

New Summer School Definitely Announced. Hagar Presents Concrete to Build "New Technology."

With Symphony Hall resounding with cheers from all parts of the hall, 1500 Alumni sat down to the great banquet. Edwin O. Jordan, '88, in charge of the entertainments, introduced a number of the guests who were present. Mr. Jordan introduced the toast, "The Alumni." After the toast, Mr. Jordan announced that the music department was going to perform a musical selection. The music department performed a selection of classical music, including Beethoven's Symphony No. 5.

At the next part of the meeting, the President of the Alumni Association, Mr. Harry W. Clark, '88, introduced Mr. Fay, who spoke about the work of engineers in the metal industry. Mr. Fay illustrated his talk with lantern slides. At the conclusion of the talk, Mr. Fay was presented with a beautiful trophy by the Alumni Association.

The final part of the meeting was an announcement of the new buildings. The President of the Alumni Association, Mr. Hagar, announced that he would supply freely of the new buildings. That is extremely generous offer, which the Corporation accepted. At the close of the meeting, the President of the Alumni Association, Mr. Hagar, presented a certificate of appreciation to Mr. Fay for his services.

Closing celebration of Congress to-night

Undergraduate Banquet at the Union will be well attended

President will be there

Electrical Engineering Society has F. J. Sprague to Speak.

Students of Civil Engineering

You should read the ENGINEERING RECORD in connection with your studies. It describes engineering works which exemplify the best practice in design and construction.

It will keep you in touch with the work of the leaders in all branches of civil engineering and construction.

It will make clear the practical applications of the engineering principles you are studying.

The RECORD is devoted exclusively to sub ects of interest to civil engineers.

Its volumes contain an immense amount of valuable technical and practical information on engineering work.

You should have this information on file for future reference. Some day you will need it in your work.

The Engineering Record is published weekly at $3.00 a year

Over 2000 Pages of Reading Matter Per Annun

Special Student Rate, $2.50 a year.
