

THE TECH

VOL. XXX. NO. 133

BOSTON, MASS., SATURDAY, APRIL 15, 1911

PRICE TWO CENTS

ANNUAL SPRING MEET AT THE FIELD TODAY

Competition Expected in the Majority of the Events this Afternoon

THREE CUPS CONTESTED

The Tech's dope-sheet Concedes first Place to Upperclassmen with close Finish.

This afternoon the annual Spring Interclass Meet will take place. It will be the only home varsity track meet and all loyal Tech men should come out to cheer the runners and watch those who meet Brown and Dartmouth in such meets and the other New England Colleges in the Intercollegiate.

The meet is sure to be full of excitement and blanket finishes are looked for in nearly every event. Trull '13 and Wilson '14 are expected to begin the excitement by close finishes in both dashes. Guething '14 should make Capt. Salisbury '11 exert himself to the limit to win the quarter. The half mile promises to be the most exciting distance race of the day, and it is hard to predict the order of finish with such men as White '11, Marceau '12, and Byland '13 running; the last named seems to be in the best form at present.

Germain '13 looks pretty safe in the mile while Watkins '12, E. Ferry '12 should finish close together in the two-mile run.

Cummings '11 is expected to win the high hurdles with Fox '14 a close second; he should also win the low hurdles but will be very hard pressed by Munch '13. The high jump is conceded to Dalrymple '12. The broad jump is a very uncertain event and there are half a dozen men who seem to have equal chances of winning Greenleaf '12, Allen '11 and Capt. Salisbury '11 are all pole vaulting about the same height with Greenleaf a slight favorite. It looks as if Chamberlain '11 and Metcalf '12 will divide the firsts in the weight events with McLeod '13 coming in for a couple of places. From the following dope it looks as if the Seniors and Juniors will fight it out for first place, while the Shops and Freshies will be about tied approximately ten points behind.

The Tech's dope-sheet figures that the men will finish their events in approximately the following order.

100 yd. dash—Wilson '14, Trull '13, Bowler '14, Thompson '13.

220 yd. dash—Wilson '14, Guething '14, Trull '13, Gould '11, Salisbury '11.

440 yd. dash—Salisbury '11, Guething '14, Thompson '13, Gould '11.

880 yd. run—Bylund '13, White '11, Marceau '12, Sampson '13.

1 mile run—Germain '13, Watkins '12, Shedd '14, Davis '10.

2 mile run—Watkins '12, E. Ferry '12, R. Ferry '12, Nye '14, Lee '14, Cartwright '12.

120 yd. high hurdles—Cummings '11, Fox '14, Strachan '13, Bryant '14.

220 yd. low hurdles—Cummings '11, Gabriel '12, Fox '14.

high jump—Dalrymple '12, Hall '14, Munch '13, Gould '11, Eberhard '14.

pole vault—Greenleaf '12, Allen '11, Salisbury '11, Mangan '12, Hurlbut '14.

broad jump—very close between Greenleaf '12, Gould '11, Bowler '14, McLeod '13, Hadley '14.

discus throw—Chamberlain '11, McLeod '13, Freeman '12, Metcalf '12.

hammer throw—Metcalf '12, Chamberlain '11, Bray '12, Owen '14.

shotput—Chamberlain '11, Wright '12, McLeod '13, Metcalf '12, Adams '12.

Three beautiful cups will be given The Rockwell cup to the winner of the 440; The Hurd cup to the winner of the 120 yard high hurdles and the Batchelor cup to the winner of the mile.

ALL WORCESTER IN EAGER ANTICIPATION

"Greatest Show on Earth" Only Real Genuine Tech Show Coming To Town Today

CITY IN CELEBRATION

The Show's Special Car Leaves This Afternoon for Initial Show Performance

To-day's the day: All of the flags, banners and decorations in Worcester are doing duty on the homes and business places of the city and everybody is getting out their Sunday-go-to-meeting clothes for the greatest of all occasions in that city. The Tech Show is coming to town. The members city band are tuning up their instruments so that they can march through the street ahead of the Show's special car, and the railroad officials have put new gold braid in their caps and uniforms so that they can appear at their best when the special train pulls into the Worcester station at three thirty.

All of the chorus girls in the Show have made arrangements to have their Worcester friends meet them at the station and it is expected that there will be many ardent admirers at the performance. Needless to say, the girls will do their best to justify this attention on the part of the Worcester adherent and the Show will doubtless get a grand send-off.

Yesterday the last rehearsal in preparation for this event was held, and Coach Eugene Sanger pronounces everything as being in A 1 shape. The songs and dances are being rendered in truly snappy fashion and the dialogue has been perfected to create a laugh every thirty seconds. The costumes are said by the stage department to be the most pretentious ever attempted and are expected to dazzle the eyes of the Worcester audience this evening.

All members of the Show are to be at the South Station at two fifteen this afternoon. The train which has been chartered by the Management leaves at two thirty and as it will not stop at Trinity Place, everybody must take it from the terminal. Incidentally it might be remarked that nobody is to be surprised this morning if an unusual number of hair cuts and close shaves are seen around the Institute, for this is only another preparation which is intended to make the men as girlish as possible for this evening's production.

ONLY TWO REHEARSALS

LEFT FOR ORCHESTRA

Full Attendance at these Remaining Rehearsals Necessary to Perfect Selections

The final two rehearsals of the orchestra will take place Monday at 4.15 and Tuesday at 4.15. These will not only be the final ones for the Spring Concert but probably the last two for the year. For this reason alone and to those who look for future achievements of the Orchestra, it is earnestly hoped that all members will be present and others who are interested. This is necessary if the standard of the orchestra is not to drop in the slightest degree. April 19th should prove a greater success and achievement than the Winter Concert on April 10th.

A great amount of practice is needed for this engagement but it is hoped to accomplish the work of six rehearsals in only two. Hence all members must be on time.

TECHNIQUE PRACTICING FOR THE BIG BALL GAME

Strenuous Practice for Wielders of the Annual Pen in Effort to Defeat Rivals

SECRET PRACTICE

Plans for Big Rush to be Held Next Tuesday afternoon at the Oval.

The Technique Board has simply dropped everything for the next few days in order to indulge in some strenuous practice in preparation of their annual base ball game with The Tech. The Tech team is certainly a wonder even though it did receive a bad set back at the hands of the Lombardy being defeated on account of too many highballs. Brooks it is said was very wild while Hall wiped off the plate each time and fowled at every opportunity. Technique feels that this will indeed be their hardest game of the year and although there are still 250 books to be sold they cannot neglect their practice. Eicher, their star wiler has been working out for a half an hour each day and is rapidly getting his arm and wind into shape. Ross is still sticking to third base but persists in taking the high ones with his left hand. And Bent continues to chase ads although the book has already been completely printed. Kebbon and Benbow have not commenced any real practice as yet but they are doing a little road work every afternoon about 4.30.

Therefore it is hoped that upon the morning of April nineteenth, two teams eager for the fray will line up at the Field prepared for the battle of their lives. Everyone is invited to attend this exceptional exhibition and bring your Technique along in order to identify the players. Speaking of Technique, they are slowly but surely slipping away and the edition will certainly be exhausted by the time the Rush begins on Tuesday at 1.20 o'clock. Those who reach the oval early on that day may be able to obtain the few remaining books but it is best not to rely on this fact too much. Watch for the Technique house which will be constructed Monday morning for it will be a thing of great beauty this year, redolent with a new coating of vivid red paint. The Technique Board sincerely hopes that the narrow confines of the Oval will be sufficient to enclose the immense throng of onlookers who will be present. Parking space will be reserved for machines if they arrive early enough.—Remember to get into the rush yourself for the first five books are sheepskin bound with President Maclaurin's autograph on the title page. Exchange all sign up slips now for rush tickets as no book will be given to any but holders of the same. This is the opening event of Junior Week and the blossoming forth of Technique 1912 should prove a fit forerunner of a very eventful week.

ANNUAL SPRING MEET

AT THE FIELD TODAY

One of the Most Important Track Events of Year will be Held this Afternoon.

STRONG COMPETITION EXPECTED

This afternoon at 2.45 sharp will be run off the first heats of the hundred yard dash, the first event of the annual Spring Meet. Although there has been

FINAL ARRANGEMENTS FOR SPRING CONCERT

Contracts for Orchestra and Florist Have already been Let for Event

STEIN SONG TO BE RENDERED

All Selections on Program have been Thoroughly Practiced by Clubs.

Final preparations have now been made for the Spring Concert which occurs on Wednesday evening the 19th, and the sale of tickets up-to-date has been so successful that the management has announced that the sale will close to-day. To insure against the possibility of a crowded floor, the number of tickets put upon sale was limited to four hundred. Only thirty of that number now remain unsold, so it behooves any person who, for any reason, has put off or delayed the purchase of his tickets to come early and secure a front place in the line in the Union.

Mr. Clark, the florist, has been given charge of the decoration of the wall. Arrangements have been made with Foss and Westover for the catering, and Pools' Orchestra has been engaged to furnish the dance music for the evening.

Coach Hunt will be present at the final rehearsal of the Glee Club to polish off the last few imperfections that may remain in the program. The musical clubs have practised hard and conscientiously on the numbers they will render. The Stein song will be played as the last piece of the evening and every one on the floor will join in.

The dance will begin sharply at eight o'clock.

No exact list of entries given, it is surely safe to say that there will be a record breaking number, as competition has been high and as the results will be referred to in the choosing of men for the intercollegiate meets held at the end of the month. The track has been put into the best of condition and excellent times are expected, even though the promised unsettled weather has brought a cloud over the enthusiastic spirits of the track men.

The entire meet will be run according

Any New Cheers? There was some talk not long ago about cheer a competition, the matter was discussed in the meetings of the Institute Committee and as a result a committee was appointed to take care of the matter.

The committee has been decidedly unsuccessful in its campaign, meeting with very little co-operation and enthusiasm from the student body. Evidently the undergraduates are not especially anxious to have new yells or they would be more active in working up ideas and handing in their suggestions to the committee.

The apparent indifference of the student body is, however no excuse for the apparent indifference in the attitude of the committee itself. No posters have appeared on the bulletin boards and only one short appeal has been urged for publication in *The Tech*. We are perfectly willing and anxious to do what we can to assist any such committee, but we do not feel that we are entitled to do all the boosting if the committee itself is not enthusiastic. If competition is to be continued, it should be carried on now with a definite date as the closing date. In this way, the competition will be definitely such and will be creditable to the Institute.

Escaping gas in the economics building at Michigan caused a recess in the economics classes for to days.

M. C. Murphy famous Pennsylvania trainer and coach declares that Pennsylvania loses half her eligible football men every year through the one cause of parental objection. He attributes it to the fact that too many of the men live at home.

IN THE LIMELIGHT

A French(2)man wants to know whether dogs used in the Spanish arenas to fight bulls were bull-dogs.

Competitive squad drill a week from next Wednesday.

We love our classes but O you welcome holidays.

It is said that some of the TECH SHOW men also have big feet.

The Orchestra is surely showing up well Same to you, Herr Conductor.

MUSEUM OF FINE ARTS

Gallery Conferences

The Museum takes pleasure in announcing two supplementary conferences during May.

Mr. Okakura Kakuzo will speak on a subject connected with Eastern art and culture on May 4 at 2.30 P. M. Mr. Okakura leaves for Japan in the course of the summer to be absent during next winter.

Dr. Denman W. Ross will speak on "Methods of Color Composition" on May 11 at 2.30 P. M. Dr. Ross will illustrate his lecture by a number of recent acquisitions of the Textile Collection.

Admission is free by card, to be obtained on application to the Secretary of the Museum, specifying the conferences it is desired to hear, and enclosing a stamped and addressed envelope. One card, admitting to the first conference for which places remain, will be sent in immediate response. A card for each additional conference specified will be sent on the day before the conference if a place remain after issuing cards to those applying for this conference only. This method of issue is adopted in order to reach the largest number of persons. The card does not exempt the holder from paying admission to the Museum. Seats will be reserved for card-holders up to but not beyond the hour of the conference. APRIL 11, 1911.

CHEMICALS INTERESTED

IN PURE FOOD LAWS

Professor Woodman's Lecture in Union last Night Proves of Great Interest.

The Chemical Society held a meeting in the Union last night, at which the members had the privilege of listening to a lecture on "The Enforcement of the Pure Food Laws" by Professor A. G. Woodman of the chemical department. The lecture was exceedingly interesting and valuable to the men as a number of them expect to take up that line of work. The lecture was well illustrated by lantern slides. Refreshments were served at the close of the meeting.

INK SLINGERS NOW ON THE HOME STRETCH

Another Victory Gives them Confidence for the Big Game Next Week vs. Technique, 1912

Leased wire to THE TECH.

Last night *The Tech's* Ink Slingers won their game from the Thorndike in such style that they were overwhelmed with showers of eatables and other good things that could not be appreciated by the men on the team. They played before a big crowd of enthusiasts who cheered them to the echo on every play. The score was twenty-five to eighteen and there were no errors at all made by The Team. Every man is playing the game of his life and they are in condition to give the Technique bunch a pretty hard go for their money.

The Old Salt who is playing the third bag put up a classy exhibition of handling the hot ones that came his way. There were a number of times when the new battery pulled itself out of hole by the use of the brains (which they haven't) that count in base ball. The whole string of pitchers are working in fine shape and any one of them is ready to go in and trim the year book team without any trouble. The outfield will consist of the men who are lazy but who can hit, for it is expected that there will be no work to do out there. Our pitchers are not the kind that can be banged all around the lot and the infield isn't letting anything go through it for the outfielders to chase.

There was nothing of great importance at the Thorndike last night except the fact that the third baseman was unable to walk off the field. He strained something and the effect was similar to some that have often been seen on that diamond in the past. They were given credit by all the scribes for putting up the best game that has been played during the whole season on those grounds. The team has as a rule been well received at every place where they have showed and they have as yet to have the experience of being run out of a town, because they were putting up such a bum game that they could not be kept any longer. They seem to have gotten team play down to a science and the new Manager is greatly pleased with the work that the men are showing on the playing field as well as their conduct off from it, in the theatre and other places where they are in the habit of spending their spare time. Many of the big league teams have men on them who get into a great deal of trouble in the course of a year but the Ink Slingers have had no such misfortune and have not had a single man locked up for any except the ordinary necessary offenses that every ball player is bound in honor to commit.

Manager Harold seems to be greatly pleased with the way that his new battery is working out and he has practically promised to start them in the first inning of the big game on the nineteenth there in the Back Bay grounds. He has cabled to the Captain that the grounds are coming into better and better shape every day and that the interest among the followers of The Team at home seems to be getting greater as the day for the opening comes nearer. It is probable that there will not be anywhere near enough seats for this game and so all those who are planning to go to this game should put in their applications early or they will surely have to stand up around the lines somewhere. The team leaves here in ten minutes for (the) Westminster where they will play before a very distinguished audience. There will in all probability be a number of scouts from the Technique bunch on hand to get another line on the way the fellows are framing up and it is to be hoped that they will play their best so that Technique won't get at all over-confident before the Game.

A club for the promotion of wireless telegraphy has been formed at Harvard.

It is estimated that the John Hopkins year book, "The Hullahaloo," will cost \$1,200.

A student at Utah was recently arrested for attempt to injure himself and locked up as an insane man. It developed later that he was only going through initiation stunt.
