CIVIL ENGINEERS HOLD ANNUAL BANQUET TONIGHT

H. L. Coburn, J. W. Rollins Jr., and Prof. C. F. Allen are the Speakers

LARGE NUMBER EXPECTED

Annual Elections Prove to be the most Exciting ever.

The Annual Banquet of the Civil Engineering Society will be held at the Copley Square Hotel at 6.30 this evening. The speakers will include H. L. Coburn, chief engineer of the Ambursen Hydraulic Construction Company; J. W. Rollins Jr., president of Holbrook, Cabot and Rollins contractors; and professor C. F. Allen, of the Institute Civil Engineering Department. It is expected that several of the students will also give short talks. The Committee regret very much that they are obliged to announce that Messrs. Rourke, O'Rourke who were announced as speakers will be unable to be present, the former having been called unexpectedly to Chicago on business, while the latter has been obliged to cancel all his engagements for the next fortnight at the orders of his physician.

Mr. Coburn is a very well known engineer and is a member of the Finance Commission inaugurated at the Institute this year.

Mr. Rollins is president of the company which constructed the well known Charles River Dam. He is a member of the Institute Corporation and is chairman of the Committee on State Aid which is in charge of the Appropriation Bill now before the Legislature. Prof. Allen is too well known to those who will attend the Banquet to need any formal introduction.

The annual elections have proven exceedingly spirited and warm fights have been put up by all the candidates. It is reported that several bets have been placed at even money in the Drawing Rooms by some of the Hot Sports. The announcement of the results will no doubt prove the main excitement of the evening as all of the candidates have been putting in considerable electioneering and the race has been close all the way.

All men eligible should be sure and come. All the Professors and Assistants in the Department will be there and all that remains to make the affair the crowning event of the year is the presence of the students.

ELECTRICAL SOCIETY BANQUET NEXT THURSDAY NIGHT

Elihu Thompson to Speak at Last Gathering of the Year at Hotel Nottingham

What promises to be the biggest success of the electrical engineering society's social season, will be the annual banquet of the society next Thursday evening in the Nottingham. The entertainment committee is making elaborate plans for the affair and has been most fortunate in securing for the special guest of the evening, Mr. Elihu Thompson of the General Electric Company, of Lynn.

Mr. Thompson founded the old Thompson-Houston Electric Company, which is now the General Electric of Lynn. He is a pioneer in electrical engineering and is a past president of the American Institute of Electrical Engineers. His subject is not announced, but he will be sure to have something which will be of interest to all prospective engineers.

MUSICAL CLUB FINALE BANQUET AND ELECTIONS AT HOTEL PLAZA

Franzheim Elected President for Next Year

Directly, the musical night performance was over, forty five members of the combined musical clubs jammed into a sight seeing bus and after a short "joy ride" through town, landed at the Plaza and things started.

The club was seated at a large T shape table in a private dining room. An orchestra played popular music throughout the dinner.

At the head of the table sat Pres. Caldwell and the managers, Franzheim and Selfridge. The dinner was one which any hotel would be proud to serve, and all the men enjoyed the meal and made some noise.

After the banquet, President P. Caldwell made a short speech and introduced Manager S. W. Selfridge '13 who spoke on "The Future of The Clubs;" L. C. Hart '13 "Benefits Derived from Clubs;" H. H. Partridge '12, "Three Years;" "Smiles" from W. D. Richardson '11 and finally H. K. Franzheim '13 who spoke on "The Clubs."

Every speech was applauded and anyone who could have listened to such eloquent oratory without applauding did not belong at the dinner. Following the bursts of enthusiasm, came elections for next year.

Combined Clubs

President—H. K. Franzheim 1913.
Vice-President—S. W. Selfridge 1913.
General Mgr.—H. H. Partridge 1912.
Treasurer—W. Brotherton 1914.

Glee Club

K. C. Robinson 1912, leader; R. Salisbury 1914, manager.

Mandolin Club

J. A. Applequert 1912, leader; E. C. Taylor 1914, manager.

Banjo Club.

W. P. Richardson 1912, leader; R. S. Rankin 1913, manager.

The big party was over at 12.30 and Musical Clubs 1910-1911 disbanded after the most successful season and best banquet ever.

ROGER FREEMAN ELECTED

PHOTO EDITOR TECHNIQUE

Had Experience on School Year Book in Providence

Roger Freeman was elected Photograph Editor of Technique 1913. He will not be inexperienced because he was an editor of the Year Book of the Hope Street School, Providence. Here he has been on the 1913 football team two years and was on the crew last year. He is a member of the swimming team and his class track team.

COMMUNICATION.

To the Editor of *The Tech* :

I have at hand considerable literature sent to me by John Lucas and Company of Philadelphia, regarding student apprenticeship Courses offered by them in connection with paint and varnish manufacture. Their courses are given to graduates of the Institute.

The literature sent is as follows:—

Form A—Prospectus, covering student Apprenticeship Course for Prospective Salesmen.

Form B—Application Blank for a student Apprenticeship Course for Salesman a Factory Trade Apprenticeship Course.

Form C—Form Agreement.

Form D—Factory Apprenticeship Course.

According to a member of the firm, who recently sent the literature: "We are at the present time anxious to start a few young men who have finished their college Course, especially on the Student Apprenticeship Course for Salesmen. We do not know of any other business where young men with practical experience and ability to develop in the future, are needed more than in our own particular line. Perhaps we see it here more, but we know there is almost a constant demand for the right kind of material with mighty good opportunities."

All members of the Senior Class who desire to consider this matter further can, by leaving their names for me at the Cage, obtain further information. I have left the various pamphlets with Charlie at the Cage, where they may be procured for inspection, if desired.

Yours very truly,

Orville B. Denison.
 Secretary of Class of 1911.

ing out" a few of his inimitable parodies, which will be sung that night; "Charlie" Barker, who hails from Marlborough, has a stunt entitled "Me and Minnie;" Darrow may do a gymnastic stunt; Fryen will be "there" with some stories; Barton will ask a few questions; and Dennie will doubtless break a couple of piano strings.

President L. P. Ferris '11 of the society will be toastmaster, and the affair will start promptly at 6.30 next Thursday evening. A good dinner is guaranteed by the Nottingham management, and the menu will surely arrive on time.

Tickets are now on sale at \$1.25 each, and may be obtained of the following men:—

- L. P. Ferris 1911, D. P. Gaillard 1911, H. Fryer 1911, O. B. Denison 1911, J. L. Barry 1912, H. D. Kemp 1912, and P. L. Flauserg 1912.

CHEMICAL SOCIETY'S ANNUAL ELECTIONS

Will Take Place at Banquet, May 11 at Plaza.—Nominations Now Due.

The election of the officers of the Chemical Society will take place at the dinner at the Hotel Plaza on Thursday, May eleventh. For the elections, the nominations are due by this Saturday, and may be left at the Cage for L. M. White, the secretary. The officers to be elected are, president, vice-president, secretary, treasurer and a member of the executive committee. The officers, with the exception of the treasurer, are customarily seniors, and the treasurer is a junior.

The banquet is to be a fitting close to the year's work. There is a notable list of speakers. They are Professor Talbot, Professor Noyes, Professor Hayward, Homer Albers and Mr. A. D. Little of A. D. Little & Co., consulting chemists.

Have you been to see the readAnis again?

FATIMA

TURKISH BLEND CIGARETTES
RHETORIC

With each package of Fatima you get a permanent coupon, 25 of which secure a handsome felt college pennant (12x32)—selection of 100.

We don't have to use Rhetoric to describe them. Plain words are best. Fatima Cigarettes do their own talking. They're embellished all right—on the inside—with good tobacco and on the outside with the appreciation of a host of college men.

We haven't put them in a fancy box, just 20 in an inexpensive package, and you get 10 additional "Fatima."

possessed of large capabilities was amply
demonstrated by Mr. Hsi's performance.
The act was very much liked by the au-
dience, and the player and soloist were
encored twice, each time giving different
selection.

A guitar solo by Mr. L. R. O'Farrell
followed the Chinese music. Mr. O'Far-
rell's happy fingering and plucking of
the strings together with his cheerful
smile brought him several encores to
which he responded with tuneful selec-
tions and a few more beaming smiles.
Mr. O'Farrell's selection which he abused
the guitar and got melody from the in-
strument was especially appreciated.

Following the guitar solo, the Tech-
nology Orchestra again took possession
of the stage, and gave a most enjoyable
miniature concert in itself. Several very
much appreciated selections were played.

The final number of the program of
the Musical Night was reached when the
orchestra played the Stein Song. The
audience arose and sang two stanzas of
the beloved old song, and then left the
hall to the accompaniment of the Roman
March.

IN THE LIMELIGHT

Well, I guess that Tech has some Mu-
sicians. Eh you grinds who took off
the few hours to attend Musical Night.

And the Dining Room deserves their
share of the praise for the good feed and
the way that the crowd were handled.
Congratulations, Mr. Colton
