PRICE TWO CENTS

RESUME OF MUSICAL CLUBS' SEASON

Long Series of Entertaining Concerts Closed with Cash Surplus

NEXT YEAR'S PLANS

Intention is to Take a Long Western Mid-Year Trip

Last week, Wednesday night saw the conclusion of a season of several years, financially materially and socially that the combined Musical Clubs have had. The first concert was given under the auspices of the Ashburton Improvement Society, in Nurnebuga Hall, and was followed by another two in December and January, the usual Winter Concert and Dance in Coplecy Hall was crowded, and was even better than the others. On January 19th, the Clee Club entertained the members Alpha Delta Ethereally, and was a success followed by January twelfth, the Clubs went to Randolph, to play for the Men of the Club on the Cornell College Grounds. The last formal engagement of the season was the First Annual Dance where the social and financial success of the year was demonstrated. The aggregate of the receipts was $165, there being many of the best occasions was the concert at the Wellesley Hills Tennis Club, February twenty-fifth. Though the weather was bad, the outing of the college girls present the dance lasted till twelve the next day, the Clubs went to the Coplecy Hall for a dance the next evening. Those who went on the trip will not forget for many a day the many interesting and funny things that happened. March seventh, the President of Waverley president of a supper and March fourteenth, one at Donohue's. It was here that Richardson made his first real debut as a soloist. March twenty-seventh, a concert was given in Lynn before a packed house at the Imperial, this Tuesday in cooperation with the Boys' Department of the Boys' Trade High School. It was the second meeting as part of the Technology Congress celebration at Symphony Hall, the Clubs gave a serial concert on the Basle 6 a large body of Alumni, Junior Week, Arts and Letters Week, and Dance was given in Coplecy Hall the Tuesday night following. A fact worthy of mention is that in for those to be taken on the trip, and the count was the official one at which the men were placed in the meet it would be impossible for him to take this opportunity to thank the following Mr. Rockwell, Theta Chi, Delta Chi, Lambda Phi, Delta Upsilon, Phi Beta Kappa, Sigma Alpha Epsilon, for their untiring efforts, and to the above the following Mr. Howard's remarks, the first speaker of the evening was the membership of the school in order that there be no last minute "Don't.

CHEMICAL SOCIETY NOTICE

Any member of the Chemical Society who has gotten this notice from the monthly election may obtain one by leaving a note at the office of Prof. B. W. Schrader, 18 Iowa. The ballots must be returned to the secretary at the Cape by Thursday, May 11, at 3 PM.

OCCIDENTAL ADDRESS AT CONVOCATION

COMPLETE TEAM FOR DARTMOUTH MEET

Sufficient Money Has Been Raised To Take Twenty Eight Men On Trip

A full track team to go to the Dartmouth Meet. That is what has been accomplished by the bustling of the Athletic Association men and the generosity of some of the men of the Institute during a part of two days. When it was time to select the men for the Dartmouth Meet, the management found that there was only money enough available to send sixteen, which meant that all of those men placed in the seats according to their points could not be selected. It would be impossible for the Institute team to do much by securing around $1200, which was the amount. To make sure of the team, some that has been returned. For the next Academic Association meeting, the president of the Athletic Association mentioned the fact that Dr. Partridge would take this opportunity to thank the following Mr. Rockwell, Theta Chi, Delta Chi, Lambda Phi, Delta Upsilon, Phi Beta Kappa, Sigma Alpha Epsilon, for their untiring efforts, and to the above the following Mr. Howard's remarks, the first speaker of the evening was the membership of the school in order that there be no last minute "Don't.

MINING SOCIETY TO HOLD FINAL MEETING

At the last meeting of a successful year, the Mining Society will be able to add to its already long list of achievements. Professor Richards of the Mining Department of the Union at eight o'clock this evening. In his usual interesting manner, he will address those present on an interesting and amusing subject. The fact that the whole is all right to work while you are playing. His address was very humorous and interesting. The subject was the development of the Central Arts High School. That was a happy trip with the members of the club and their friends.

CALENDAR

Send all notices and calendar for the R. W. Taft 1813 committee to the Cape by Thursday, May 11, at 3 PM.

Wednesday, May 18

1:00, Managing Board Meeting—Upper Old Tech Office.

Students of Civil Engineering

You should read the ENGINEERING RECORD in connection with your studies. It describes engineering works which exemplify the best in design and construction.

It will keep you in touch with the work of the leaders in all branches of civil engineering and construction.

It will make clear the practical applications of the engineering principles you are studying.

The RECORD is devoted exclusively to sub jects of interest to civil engineers.

Its contents contain an immense amount of valuable technical and practical information on engineering work.

You should have this information on file for future reference.

Some day you will need it in your work.

The Engineering Record is published weekly at $3.00 a year

Over 2000 Pages of Reading Matter Per Annum

Special Student Rate, $2.50 a year

Final Banquet
OF ARCHITECTS

Will be Held at Hotel Thordrile
To-night—Duquesne, of

Harvard, Speaks

To-night, the Architectural Society
will hold its last annual banquet. The
luncheon it to be held at the Thordrile Hotel.
It promises to be a most fitting climax
to the Society's successful season, a
season replete with activity and
social successes.
The splendid list of speakers that the
Society has secured for the event makes
it certain that that part of the banquet
will be well carried off. The principal
speaker of the evening will be Mr. R. C.
Cram, one of Boston's most successful architects.
The other evening of the evening will include Professor Duquesne and Warren of
Harvard, Mr. Guy Lowell of Professors Chambers and Gardner and Mr. of the Institute.
It is quite fortunate that Professor E. J. A. Propositer of Paris who is now
connected with the Harvard Architectural Department has been secured as a special
guest.

At this luncheon, the officers of the So-

ciety for next year will be installed. They are as follows:
President: Albert Harkness, 1912.
vice-President: G. L. Edgerton, 1912.
treasurer: P. J. Horgan, 1912.
executive committee: G. Swenson,
1912, T. R. Proctor, 1912, and G. B. Brug-
byan, 1912.
It is expected that the evening will be
made as lively as possible with songs and
good spirit. Music will be furnished by the Musical Clubs.

Continued from Page 1.

he liked to compare and to take as an
illustration of counting the cost. One
is called the “Conquerors” by a great
French artist. It represents Rameses,
the Egyptian, Nabuchodonosor, the re-
nowned Babylonian king. Alexander,
the conqueror of Persia and Caesar, the great-
est soldier of antiquity, riding side by side,
while behind them ride Charlemagne and
Napoleon the Great, the greatest military
heroes of all times. As far back as the
eyes can reach are swarms still marauding
curses. These represent the price paid
when those conquerors rode to victory.
The other painting also called the “Con-
querors” represents Moses, Isiah of Baby-
lon, Isaiah of Judah, Jeremiah, the man of
sorrows, surrounded by the twelve lesser
kings. These represent the price paid
for the election of the officers for the com-
commission on sales at $1 per doz.
