Technology and Harvard will run the race this year. In the 1911 race, there were seven races in all, and the last one was won by the Harvard team. This year, only three races will be run on Field Day, but the two-year-old Harvard team will be in the running.

The new course is much more level and picturesque than the old one. It has more turns and more challenging sections. The old course, while leaving a bit to be desired, does provide a good test of running ability.

The 1913 Relay Team

Darwin has had a good team this year, and running over their own course, they should be in the running. The test will be much closer than last year. Herbert Jacobs, who made the reputation of the team, will run this year, and they should be in the running.

The Technology team includes

- Captain Watkins of Technology, a hard worker, and very intelligent.
- The squad is well balanced and strong in every event.
- The Technology team is expected to run well this year.

The afternoon addresses were delivered by President Lowell of Harvard, and Mr. T. M. Taylor, president of Vassar College.

The world famous library of the University of Toulouse, in Toulouse, France, was swept by fire and completely destroyed. This was a most regrettable occurrence, for the collection of books at that university was one of the finest and most comprehensive in the world. The University of Toulouse was founded in the thirteenth century and is ranked as one of the foremost in the world. Not only was the library burned, but the buildings of the university were destroyed.

The loss educational system alone will cost over the million mark, but it is impossible to estimate the full cost of the books, as many of them were rare and valuable antiques. There are at least 20,000 books alone which can never be replaced.

NEW SOCIAL RULES AT SYRACUSE

The faculty of Syracuse University has made new regulations concerning the hours that the students are allowed to attend the university and their mate friends. The new rules are designed to control the students' behavior and ensure that the university remains a place of education.

In accordance with the plans already announced, there will be a Democratic rally at the Union tonight. The Democratic State Committee will send as its representative Mr. Roger Sherman Hall, president of the College Democratic Clubs.

The talk evening should be in every way as interesting as the one which was given by Mr. Hill yesterday. Mr. Sherman is well known, he being a vice-president of his party's state committee, and an influential member of the people's lobby. He is also a candidate for the State Senate from the Fifth Middlesex District. The talk evening should be in every way as interesting as the one which was given by Mr. Hill yesterday.

The running showed very good form on most of the 1913 men. The average time was somewhat better than it has been at practices.

we follow our leaders loyally, because they ask nothing from us that honor-able men cannot willingly give. This is why today the party presents a united front to the enemy, and why we ask for it a continuance which has been shown by the voters of the Commonwealth.

COURSE IV. NEWS.

A meeting of the Architectural So-

ciety was held on October 17, at which nominations for membership were made. The first speaker was held in the department on the evening of October 22. Mr. Broome, a picture, was the speaker. He explained some very interesting opin-

ions on the subject of "The American Architectural Style." Early in November our party held its first business meeting, which will include the new scheme of having a paper read by a member of the society. Mr. F. A. Burton of the 7th year will give an account of the trip abroad which he enjoyed this summer.

A great deal of space on the black boards of the department has been given recently to a display celebrat-

ing honors which Mr. Kebbon's class-

mates have lately thrust upon him. The general sentiment is that "It's great to be a hero." 1913 VS. LOWELL TEXTILE. Comparative Merits of Freshmen and Sophomores. Be Shown Today.

The 1913 football squad goes to Lowell this afternoon, leaving the North Station on the 1.50 train for the final game before the struggle with

Lowell this afternoon, leaving the.
