MAJOR BRIGGS RESIGNS CHAIRMANSHIP OF A. C. B.

Mr. Chamberlain, New Member of Advisory Committee, at Field Day Dinner.

FEW FRESHMEN PRESENT.

Thomas Coileman du Pont Has Given $2,500 to Athletic Association.

The annual Field Day banquet, given by the Advisory Council of Athletics to the participants and officials, was held Saturday evening in the Page Library. The occasion was well attended and the participants and officials were very much honored to the Union chief.

After the violins had been dispatched, Dr. J. A. Rockwell, 1889, arose and entered upon his duties as toastmaster. In the course of his remarks he took occasion to announce the probable calendar of some of the events of the coming year, and of the athletes toward the officials and the public. He said that the athletes showed a great interest in their welfare. An M. I. T. and practicability of athletic trips and plans will be held Saturday evening in the Page Library. The event is open to all Tech men.

VARSKY BASKETBALL PRACTICE BEGINS TODAY.

Captain Parker, Crocker, Johnson, Darling and Eli of Last Year's Team Are Back.

FOURTEEN GAMES SCHEDULED.

Trip During Christmas Holidays includes Games with Polytechnic and C. C. N. Y.

Varsity basketball practices will begin Monday afternoon. This year prospects for a successful season look very bright, five of last year's varsity team being back—Captain Parker, Crocker, Johnson, Darling, Eli, while Mr. Parker's number of the previous season. The team will make a strong bid for positions on the team. Three of last year's stars will be missing—Bennett, Hargraves and Taito. Owing to the non-renewal of Bennett, a new manager will have to be elected. In the coming season it has been found necessary to arrange best the program during that recess, the squad playing Reissensky Polytechnic at Troy, Jan. 27; Columbia at Schenectady the next day, in the presence of the M. I. T. College at Schenectady and the New York Polytechnic at Troy.

MERRILL TALKS ON AVIATION.

Gives Detailed Account of Methods Used to Determine Centre of Gravity On Planes.

Mr. Merrill gave a first-hand account of the performance, and how the models were constructed and tested. The first lecture was on Planes. The generating plant will be on exhibition at the annual meeting, which is to remain permanently on display.

TECH NIGHT.

Event includes Games with Polytechnic and C. C. N. Y.

A great number of the M. I. T. members will be at the Field Day which is to be held on the field at New York. The event is open to all Tech men.

The Electrical Engineering Society will take its third trip on Tuesday, November 15. The generating plant will be inspected, and the wiring of the stage and the stage will be explained. The party will leave Lowell Building at 1:15.

In the previous trips of the society there have been great interest and have proved very interesting and profitable. This trip is of a different character, however, but it is expected that most of the members who attend it will undoubtedly be appreciated.

was the exposition of wind pressure formulas and the directions for using them. The following values of \( K \) in the pressure formula \( P = KV^2 \) where \( P \) is pressure perpendicular to direction of wind were obtained by different experimenters:

- \( K = 0.024 \) (Langley).
- \( K = 0.030 \) (Meteorological).
- \( K = 0.060 \) (Chapman).
- \( K = 0.066 \) (Porvich).
