

THE TECH

VOL. XXX. NO. 29

BOSTON, MASS., TUESDAY, NOVEMBER 8, 1910

PRICE TWO CENTS

DR. J. A. ROCKWELL 1896, CHAIRMAN OF A. C. A.

Assumes Duties of Position Held Since Establishment by Maj. F. H. Briggs.

NEW ALUMNI MEMBER.

Dr. A. W. Rowe 1901, Elected to Fill Vacancy in the Council.

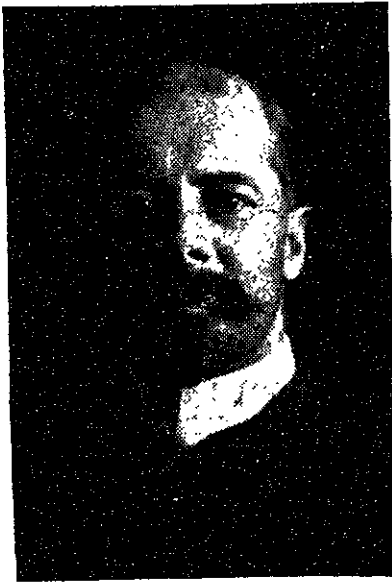

As was announced at the Field Day dinner at the Union, Saturday evening, Major Frank H. Briggs has tendered his resignation as chairman of the Advisory Council on Athletics. Major Briggs has been chairman of the Advisory Council continuously since its beginning.

MAJOR BRIGGS.

The Advisory Council really had its origin in a joint meeting of the Faculty, alumni and undergraduates held in the Fall of 1897. Among the Faculty at the meeting were Professors Cross, Allen, Richards and Tyler. The object of this meeting was to determine some way to regulate athletics at the Institute. Nothing was done immediately as a result of this except that the Faculty members voted that there should be no Faculty supervision of athletics.

At last the Advisory Council was organized and first met on Jan. 1, 1898. The purpose of the Council is best explained by the following paragraph from its Constitution: "The

DR. J. A. ROCKWELL.

purpose of this organization shall be to regulate the general athletic interests of students of the Massachusetts Institute of Technology. (Continued on Page 3.)

FATHER TWOMEY WILL TALK TO CATHOLIC CLUB

Second Meeting Will Be in Form of Dinner at Union Wednesday Evening.

ALL CATHOLICS INVITED.

Subject Will Be Recent Eucharistic Congress Held in Montreal Last Month.

The Catholic Club will meet Wednesday evening, November 9th, in the Union, at 6 P. M. Following the new program outlined for this year, supper will be served at 6 o'clock in the upper dining room, after which the regular meeting will take place. For Wednesday evening the club has secured Rev. Mortimer Twomey for speaker. Father Twomey will speak on the recent Eucharistic Congress which was held in Montreal last month.

This congress, which lasted a week and over which Cardinal Vanutelli presided, was the first of its kind in America and was attended by representatives from all nations. Over a hundred Archbishops and Bishops, together with thousands of priests, took part in the proceedings and ceremonies, and on the biggest day there were over a million visitors in Montreal from all parts of the world. The affair was, by far, the greatest Roman Catholic assembly in America, and great results are expected from the work it undertook.

Father Twomey was present throughout the congress and is well prepared to deliver an instructive talk on it.

Letters have been sent to all the Catholics at the Institute inviting them to be present, and if any have not received them they are requested to leave their names and addresses at the Cage for the Secretary of the club, Mr. L. S. Walsh. Supper tickets may be obtained for twenty-five cents from L. S. Walsh, T. S. Killion, J. A. Herlihy, P. D. White, A. F. Leary, C. A. Fallon, W. J. Buckley and W. F. O'Brien.

MR. SETH HUMPHREYS TO TALK TO BIOLOGICALS

Next Meeting of the Society Will Be in the Form of Smoker.

The Executive Committee of the Biological Society have announced that the next meeting will take the form of a smoker, to be given at the Union on Wednesday, November 16th. The speaker of the evening will be Mr. Seth K. Humphreys, and the subject of his lecture will be "A Trip to Spain." This talk, which is an illustrated one, was recently given before the Technology Club, and created much favorable comment.

The Noise Committee is working hard, too, so there is every evidence that the meeting will be an enjoyable one.

Some important business will also be transacted. Tickets will be on sale in a few days.

The next dinner of the society will be a joint affair with other professional societies in the Institute, the affair being under the auspices of the Civil Engineering Society. This dinner will be held at the Union, and the speakers will be Professors Spofford and Jaggard. Later on, the Biological Society will reciprocate this favor and promises to secure a speaker who will be entertaining to all. Every member is urged to attend both of these meetings. Sophomores, too, are asked to come out and see just what the society stands for.

PARKER AND KERR WIN TOURNAMENT DOUBLES

Fall Tennis Tournament Nearly Finished—Four More Matches.

SEMI-FINALS THIS WEEK.

Ranking to Date: Parker, Covill, Harkness, Woodward, Kerr, Reed, Fisher, Keith.

Only one match is left to be played off before the semi-finals will be reached in the Fall Tennis Tournament. This match, which is between Rankin and Haslam, will probably be played some time during this week, leaving the finals to be played off Saturday if the semi-finals are completed before that date. Woodward will play the winner of the match between Rankin and Haslam, and Parker will play Lawton. The winners of these matches will then play in the finals for the championship of the Fall Tournament. Parker and Kerr are the winners of the doubles, defeating Woodward and Holmes in three sets, 6-3, 6-3, 6-1. There has been only one change in the tennis ranking, which now stands as follows: Parker 1, Covill 2, Harkness 3, Woodward 4, Kerr 5, Reid 6, Fisher 7, Keith 8, Little 9. Nothing definite has yet been decided in regard to spring games. The results to date are as follows:

Singles.

Preliminary round:
T. B. Little defeated G. W. White, 7-5, 3-6, 6-0; R. S. Rankin defeated K. V. Dey, 10-8, 6-3; P. Kerr defeated P. V. Wells, 6-1, 6-1; T. B. Parker defeated T. C. Fisher, 6-3, 8-6.

First round:

C. R. Woodward defeated L. B. Schwartz, 6-3, 6-4; L. B. Duke defeated L. C. Perkins, 6-4, 6-0; R. T. Haslam defeated W. E. Glancy, 7-5, 6-1; Rankin defeated Little, 6-0, 3-6, 6-2; Parker defeated Kerr, 6-2, 6-2; A. A. Booth defeated P. Atwater by default; S. H. Lawton defeated J. M. Hargraves, 7-5, 6-3; W. H. Taylor defeated W. N. Holmes, 6-3, 6-2.

Second round:

Woodward defeated Duke, 7-5, 6-2; Parker defeated Booth by default; Lawton defeated Taylor, 9-7, 7-5.

Doubles.

Semi-finals:
T. B. Parker and P. Kerr defeated R. S. Rankin and K. Van R. Dey, 6-2, 6-1.

C. R. Woodward and W. H. Holmes defeated F. F. Mackentire and V. L. Gallagher, 6-1, 6-2.

Finals:

Parker and Kerr defeated Woodward and Holmes, 6-3, 6-3, 6-1.

FIRST GYM TEAM MEETING TODAY AT 4.15.

The Gym team meeting will hold its first meeting today at 4.15 o'clock, in the Gymnasium. Plans will be discussed concerning the business for the ensuing year and arrangements for practice will be talked over. The first practice of the year will be held after the meeting, and all new men who are in any way interested in Gym work are urged to be present at both meeting and practice. An excellent team is expected to represent the Institute this year, as all of last year's team, with the exception of two men, will be back. Manager W. D. Allen has already arranged for a meet with Amherst on February 17th, 1911.

TEAMSTERS' STRIKE BECOMES MORE SERIOUS

Two Thousand Taxi-Cab Drivers Aid in Attempt to Tie Up City Traffic.

The labor conditions in New York are, indeed, in a serious way. With the striking of some two thousand taxi drivers yesterday, the outlook for satisfactory arbitration is anything but hopeful. There is at present but little question that in the next few days an attempt will be made to tie up the entire wheeled traffic of New York. The strikes which may ensue will be merely sympathetic, though no group of workmen will lose this opportunity to press some claims against the owners and managers of their respective companies. The demands formulated by the taxi-cab drivers are the recognition of their union, a twelve-hour day, and a weekly wage of \$17.50.

The strike leaders declared today that a general strike was inevitable. There is no hint of peace negotiations, and it was expected yesterday that the general commission of the teamsters would meet to decide on the advisability of declaring a general strike. Some violence was reported in several parts of the city, but nothing which seemed to show any very hard feeling on the part of the strikers.

Vice-President Hoffman of the Teamsters' Union did not mince matters when his opinion was asked. He said that the continued refusal on the part of the companies would doubtless precipitate a general strike.

POSITION OF NEW NAVAL BASE CONSIDERED.

George Von L. Meyer, the Secretary of the Navy, is convinced, as a result of his ten thousand mile tour of the Pacific and Gulf naval stations, that Guantanamo is the logical site for a naval base, essentially auxiliary to the defence of the Panama Canal. The bay is perfectly defensible, capable of containing a fleet of any size and possessing all of the requirements of a first-class naval base that might be established without great expense.

The Secretary found that for effective co-operation, a consolidation of the various too scattered departments of the station was necessary. He inspected the uncompleted dry-dock, and it is uncertain whether it would be better protected in a new site with two floating docks placed near it. Small expense for dredging would thus be incurred.

Secretary Meyer is optimistic concerning the project and believes that the cost of reorganizing the Guantanamo station would be small, for the government own, at the present time, the greater part of the plant required for new machine shops and other works. He was firmly convinced, he

TUESDAY, NOVEMBER 8, 1910.

It is with sincere regret that every Institute man learns of the resignation of Major Frank H. Briggs from the chairmanship of the Athletic Advisory Council. In 1897, when it was found necessary to form such an organization to regulate the general athletic interests of Tech students, to exercise supervision and, if necessary, to assume control of all funds connected with athletics, Major Briggs was chosen chairman of the Council. It was through his skillful leadership and untiring work that the new and untried organization filled the requirement so long needed, and has become the supreme factor in athletic supervision at Technology. Through his leadership, the Advisory Council has so encouraged the athletic activities at the Institute that Tech now holds a most creditable position in intercollegiate athletics, and yet the main influence of the Council has been to develop the many as teammates rather than the few as individual stars. Through Major Briggs's leadership the Council has so exercised its jurisdiction over the finances of the athletic organizations that now the Institute teams are everywhere recognized and respected also in a financial way. From the very beginning Major Briggs has been the prime factor in this movement for the best organization of Institute athletics, and has given his time and energies to the perfection of its efficiency. We are all sorry to hear of the resignation of the Major, but respect his reasons as stated elsewhere in today's Tech. The Major has by no means concluded his work for the betterment of Institute athletics, but continues on the Council in the all-important position of treasurer.

Together with the Major, Dr. Rockwell has been very active in the work of the Council, and under his leadership the Council is sure to continue its usefulness and increase the efficiency and value of Technology's athletics.

A massive silver-gray tower, 150 feet high and 40 feet square, costing \$100,000, is to be erected at Princeton as a memorial to former President Cleveland.

"The Crimson Chest" is the title of the opera to be presented by the Michigan Union on four evenings in December. It is said that it is to be more elaborate than the three previous operas presented.

CONFERENCES.

Following out the same plan that was carried out so successfully last year, Dr. Mann will conduct a series of conferences for Tech men at the Trinity Church Parish House (Clarendon Street Entrance) on the following Wednesday evenings, at 7.30 P. M. The meetings close at 8.15 sharp. Each topic is complete in itself so that it is in no sense a course of lectures, and every one is welcome to any or all.

"The Educated Man as a Churchman."
 November 9—The Claim of the Church on his open Allegiance.
 November 16—The Place of Prayer in the Christian's life.
 November 30—The Helpfulness of Holy Communion.
 December 7—The Bible; its use and abuse.
 December 14—The Missionary Appeal.

(Continued from Page 1.)

said, that but one naval base was necessary for the control of the Caribbean Sea and Gulf of Mexico. A minor auxiliary station at some point to be determined in the future would complete the base.

Through an existing agreement with the Republic of Cuba, the United States holds in reserve certain tracts for use as naval stations. One of these reservations is at Guantanamo Bay, in the Province of Santiago, situated in the southeastern part of the island.

This point is a very important one, for, from it, a naval force could guard the windward channel between Cuba and Hayti. The other is at Bahaa Hondo, fifty miles west of Havana, a very favorable location commanding both the Florida straits and the Yucatan channel. Both the naval station at Guantanamo and the reserve at Bah'a Hondo have an area of twenty-nine square miles. The United States holds jurisdiction over these tracts in so far as the residents are concerned. The sovereignty, however, remains with Cuba, and no business can be carried on through private enterprise. Docks, warehouses, barracks and buildings of that type may be constructed for naval use, and these are protected by fortifications.

There will be no rowing for Varsity or Freshman crews at Yale on Saturdays during the fall. Training stale in the explanation.

The girls in the University of Utah held what was called a Greek luncheon, seating themselves and eating according to ancient Greek customs.

The University of Iowa now has an honorary Freshman society called The Si Mu.

sets Institute of Technology, to exercise supervision over the management, and to assume control at any time, if deemed necessary, of all funds, or income from funds, in any way connected with athletics, and have final jurisdiction in all matters pertaining thereto."

Before the organization of this Council athletics had been in a rather unsatisfactory state, particularly in regard to finances. Since the Faculty refused to have any supervision over athletics, its original Council was composed of three alumni and three undergraduates. These latter were elected, one by the Football Association, one by the Track Team, and one by the Institute Committee. This is now changed so that the three undergraduates are all elected from the M. I. T. Athletic Association, which was reorganized in 1908. The Council elects a chairman from their own number and also a treasurer. Following the resignation of Major Briggs from the chairmanship of the Council, Dr. J. A. Rockwell 1896, was elected, and since Major Briggs' withdrawal from membership Dr. Allan Winter Rowe 1901, has been elected as an alumni member. Major Briggs, however, has been elected treasurer, and so will continue to take an active part in the Council.

Major Briggs stated as some of his reasons for his resignation that he believed affairs to be almost on the basis that was first desired, in that the Council had succeeded in bringing out and developing a large number of men instead of a few "stars," that the Institute teams are recognized financially; that he wished to be relieved of the responsibility as chairman. He resigned because he believed in having an alumnus in the Council who had been out of the Institute but a few years and who understood athletics from the student standpoint as well as that of the alumni.

In the recent golf match held at Manchester, Mass., Yale students won the individual intercollegiate championship and team honors.

Ulysses Houston, after a life of twenty-five years of travel, has entered the University of Michigan as a Freshman.
