A TRIP TO SPAIN TO BE DISCUSSED

VOL. XXX. NO. 35
BOSTON, MASS., TUESDAY, NOVEMBER 15, 1910
FRICK TWO CENTS

A TRIP TO SPAIN TO BE DISCUSSED

By Vice-President Humphreys of Technology Club to Speak.

The plan for the trip is in the hands of Mr. Seth K. Humphreys, the only member of the committee in charge of arranging the trip. The committee is working on the assumption that the trip will be held within the next two weeks.

The trip will be a complete tour of Spain, including visits to all the principal cities and places of interest. The itinerary will be arranged so that the tourists will have ample time to see and enjoy the various attractions.

The cost of the trip has been estimated at around $500 per person. This includes round-trip airfare, all hotel accommodations, meals, and all transportation.

The trip will be in the hands of a reliable travel agency, and all arrangements will be made by them.

The purpose of the trip is to provide an opportunity for students to see and experience the culture, history, and beauty of Spain. It is believed that this trip will be a valuable educational experience for all who participate.

The trip is open to all students and faculty, and reservations are being accepted on a first-come, first-served basis.

Anyone interested in participating should contact Mr. Seth K. Humphreys, the only member of the committee in charge of arranging the trip, as soon as possible.

FATIMA Cigarettes

Geo MEtry

No elaborate design, no intricate proof is needed to establish the superiority of Fatima Cigarettes.

Just start one—and as the fragrant smoke draws a figure on the blackboard of your mind, their rare qualities appear as an Axiom—a self-evident fact.

They are good from every angle, and generous, too—20 for 15 cents—in an inexpensive package, but you get ten additional cigarettes.

1914.

The Gymnasium classes in Physical Training begin this week, according to the Tabular View. The attendance at the first two classes was very poor, and all the members of the class must hang together, and have one absence against them already. The attendance during the year will be allowed to be the same as during the day, and each man must report at his classes in order to obtain a clear record in that subject.

DYNAMO ELECTRIC MACHINERY.

Problems may be obtained by applying to Room H, Lowell Building.

Harborn W. Smith.

Will the Secretaries of all the organizations kindly hand a full list of the officers to the Societies’ Editor of The Tech as soon as possible?

A meeting of the Tech Board will be held today at 1 o’clock with lunch.
