BOSTON, MASS., SATURDAY, NOVEMBER 19, 1910

PRICE TWO CENTS

BIG TRACK TEAM DINNER COMING

Indoor Season Will Be Heralded By a Dinner Next Wednesday.

PLANS TO BE OUTLINED.

Formal Call For Track Team Candidates Monday, November 21.

Wednesday, November 23, at 6.15 there will be a dinner in the Union for all men who are interested in any form of track athletics. A number of speakers who are closely in touch with the Institute athletics will explain the condition of our athletics at present, the plans for the coming season and the opportunities for new and for experienced material on all the 'Varsity teams.

It is especially important that all men in the Sophomore and Freshman classes, as well as candidates from the upper classes be present.

The management has arranged to have a good field, and, according to program, a good time is assured to everyone.

On Monday, November 21, a formal call will be issued for all track team candidates to report to Coach Kanaly in the Gymnasium.

At the dinner the work for the year will be outlined and explained so that all candidates will find it advisable to be present.

Furthermore, an exceptionally full and attractive indoor schedule is nearly completed, and it is hoped that this may be announced at the dinner. These indoor meets will furnish opportunities for both novices and veterans, both as individual entries and as members of relay and class teams.

MRS. RICHARDS GIVES INTERESTING TALK

Addresses Students of the High School of Commerce On "Domestic Waste."

Mrs. E. H. Richards, instructor in Sanitary Chemistry, addressed the boys of the High School of Commerce yesterday on the subject of "Domestic Waste." She emphasized the fact that utilization is the watch word of the twentieth century.

"Domestic Waste," said Mrs. Richards, "is that waste which concerns the individual and over which he has no control. Waste has five phases: First, that which is rejected; second, that which is excess; third, that which is unnecessary; fourth, the use of something that has no compensation; fifth, that which is destroyed by fire, flood, extravagance and neglect."

The short course in agriculture at the University of Missouri began recently.

A direct wire will be installed in the Armory at Cornell, Saturday, for the purpose of reporting the Cornell-Harvard game to the undergraduates.

The Glee Club of California has offered a prize contest for an original encore song, stunt or idea, to be used at their concerts this season.

350 SUFFRAGETTES STORM PARLIAMENT

Riot Precipitated and Quelled With the Aid of Extra Policemen.

FIFTEEN ARRESTS MADE.

Premier Asquith Busy With Parliament Bill—Suffragette Deputation Refused Hearing.

Emeline Pankhurst, a leading British Suffragette, together with 350 women, made an attack on Parliament shortly after it opened today. The demonstration was the direct result of Premier Asquith's repeated refusal to receive a deputation. Twelve women and one man were arrested soon after the riot started. During the second rush made by the women, who adopted a wedge-shaped formation, several policemen were bowled over. Three more arrests followed. Scores of extra policemen, anticipating the attack, formed a cordon around Parliament and effectually prevented the women from breaking through.

David Lloyd George, Chancellor of the Exchequer, told the House of Commons that the Government would announce its policy in regard to woman suffrage next week.

Premier Asquith's time is greatly occupied at present with the veto resolution, or Parliament Bill, as it is officially called. He states that "The Government is being made to look ridiculous in the eyes of foreign nations by the attempts to reform the House of Peers, allowing it at the same time to retain its veto power."

One can easily observe that a movement is on foot to make Parliament conform more with the Congress of the United States. It is almost a certainty that the power of the House of Lords will be materially lessened in the very near future.

ORCHESTRA TO PLAY AT JOINT MEETING

First Public Appearance Will Be at Union On Monday Night.

At orchestra practice yesterday much time was spent on the selections from "The Chocolate Soldier" and "The Red Mill." Some of the selections from "Madam Sherry" were also tried, as were also several other pieces.

The men in the club are working hard to make it a success, but there is yet need of a few more violinists.

The first public appearance of the orchestra will be at the joint dinner of the professional societies, which is to be held in the Union on Tuesday night.

Manager Brookes announced that in order to practice the pieces for this meeting all the members must report tomorrow at 2.30 P. M.

A new mineral called "grouite" has been discovered by a member of the Minnesota Faculty.

Walter Wellman, who lately failed in an attempt to cross the Atlantic in an airship, has received a letter of congratulation from Dr. Cook.

"The Religion of the Ancient Greeks" is the title of the course offered by the University of Michigan.

GYM TEAM PLANS SEVERAL MEETS

Individual Meet to Be Held Soon to Get Line On New Men.

MEET WITH AMHERST.

Squad of Freshmen Reporting Regularly for Practice.

Under the able leadership of Capt. W. D. Allen, 1911, the athletes of the Gym team are working hard to make this winter a successful season. A large number of the men of last year's team are back, including Capt. W. D. Allen, 1911; S. M. Baxter, 1913; L. A. Bevan, 1913; S. S. Crocker, 1913; W. B. Denton, 1911; J. J. Sada, 1913; B. Darrow, 1911, and M. H. Judd, 1911. Besides these veterans a squad of about ten Freshmen is reporting regularly.

A meet will be held on some date during the third week in December, at which all the regular events will be run. Boxing and wrestling matches will be a part of the program, and prizes will be awarded to the winners in each event. This meet is held primarily to give the new men a chance to show their calibre, and a man's performance here will have considerable to do with his chances of making the team later on.

Later in the winter a meet against the Amherst College Gym team has been arranged. Last year the meet with Amherst resulted in a win for Amherst by a score of 31-23. The date for the meet this year has not been definitely settled, but it will probably be February 17, 1911.

MEETING OF SENIOR CLASS DIRECTORS

Plans for Dinner—Nominations Opened for Portfolio Committee.

At a meeting of the recently elected officers of the Senior class the following business was transacted: Treasurer H. S. Smith was empowered to begin collections of the class dues of \$1 as dictated by the class constitution. It was thought best to get the Senior Portfolio Committee elected as soon as possible, and for this reason nominations are called for from the class, these nominations to close on Friday, November 25th, at 4 P. M. The committee will consist as heretofore of five men. The point system rates this office at 7 points. Arrangements were made to hold the annual class dinner on Thursday, December 1, in the Union. It is planned to announce the results of the Portfolio elections at this dinner. The committee appointed to take charge of the dinner is H. C. Davis, C. H. S. Merrill, C. F. Hobson and the president ex-officio.

At Washington University, in St. Louis, Mo., Coach Cayou is having a hard time getting men out for football practice. Twenty is considered a large number. Recently Wilson, a star back-field man on the St. Louis University team, went over to Washington University and after having registered he joined the squad. It was the third time he done that sort of thing.

HANDICAP CROSS-COUNTRY RACE TODAY

Large Element of Uncertainty Due to Entry of Untried Men.

With eighteen entries in last night, the eight annual Handicap Cross-Country race this afternoon promises to be well contested. The race starts at 3 o'clock from West Roxbury, near Highland Station, the team leaving Back Bay Station at 2.09. A heavy trail has been laid over the entire eight-mile course, and the recent fine weather has put it in excellent shape for the run.

Several Freshmen are entered and quite a few other new men have signed up for today's race. The 'Varsity squad men are conspicuous for their absence, as most of them have broke training since the Intercollegiate. H. S. Benson, 1912, will be unable to run on account of the injury to his knee which he received in the race at Princeton last Saturday, and Captain H. G. Watkins, 1912, also isn't running. R. M. Ferry, who received the time prize last fall, has not entered.

L. O. Mills, 1911, will probably be scratch man, while W. S. Davis, 1911, and E. E. Ferry, 1912, will be low mark men. Among the new men, A. F. Nye, 1914, and J. Shedd, 1914, have shown great promise and are expected to finish near the front. The number of new men entered makes the awarding of handicaps uncertain as Coach Kanaly, in several cases, has nothing by which to judge. This element of uncertainty will add to the interest of the race and a dark horse may capture one of the cups offered by the Hare and Hounds' Club.

Three cups are to be given—two for first and second places, and a third for the best actual time. Only one cup will be awarded to a man, as was the case last year, when R. M. Ferry, 1912, finished second and also made the best actual time, but was awarded only the time prize. The second place cup went to Foster Russell, 1911, who finished third. Last year's race was won by E. W. De Witt, 1911.

CALENDAR.

Saturday.

Handicap Cross-Country Run. Leave Back Bay Station at 2.09 P. M. Regular Handicap Course.

Monday.

1.00 P. M.—Tech Board Meeting with Lunch.

1.45 P. M.—E. E. Society Excursion to L Street Station of Edison Company.

4.00 P. M.—Basketball Practice—Gym.

4.00 P. M.—1914 Cross-Country Practice—Gym.

4.00 P. M.—1913 Cross-Country Practice—Gym.

Tuesday, November 22.

1.00 P. M.—1912 Class Picture—Rogers Steps.

4.00 P. M.—Musical Clubs' Practice—Union.

4.00 P. M.—Gym Team Practice—Gym.

4.00 P. M.—1913 Cross-Country Practice—Gym.

4.00 P. M.—1914 Cross-Country Practice—Gym.

4.15 P. M.—Technique Board Meeting—Room B, Union.

4.30 P. M.—Institute Committee Meeting—Union.

6.30 P. M.—Combined Professional Societies' Dinner—Union.

SATURDAY, NOVEMBER 19, 1910.

It is truly encouraging to note the enthusiasm of both the students and the Faculty in regard to the coming dinner of the combined professional societies. The opinions of some of the most prominent of our Faculty were expressed in yesterday's Tech, and it is safe to say that the students are no less enthusiastic. Tickets are being sold in all courses and are going like hot-cakes, so it seems likely that the ingenuity of the Union authorities will be taxed to the utmost to accommodate all of the ticket-holders in the dining room. At any rate, the sale of tickets gives promise of a record-breaking crowd. The man who does not attend the dinner will apparently have a lonely time of it and will, moreover, miss one of the treats of the year.

From a purely social standpoint, the dinner next Tuesday is one of the few opportunities for all Tech men to get together socially, with no restrictions as to course or society interests. The consequent broadening of acquaintance is one of the most important as well as one of the most obvious advantages of this meeting.

From a professional point of view, the program is one that is of vital interest to all engineers. The talks by Professors Spofford and Jaggar on their recent trip to the volcanic district cannot fail to interest every Tech man.

The interest shown in this meeting is so keen and so widely felt that its success is already assured. The dinner Tuesday is in the charge primarily of the Civil Engineering Society, the originator of the plan. Would it not be a good idea to have more of these meetings throughout the year with the other course societies as hosts in rotation? Perhaps it can advantageously be developed into a monthly affair. This first dinner at least shows that the students and Faculty both take to the idea.

At Harvard, Yale, Brown and other colleges much interest has been aroused in aviation by the fad of a miniature flying machine, "The 'Hl-Flyer.'" The Aero Clubs are using them in the study of air currents.

SENIOR CLASS ELECTIONS,

Official Count of the Votes Cast Announced.

The following is the results of the Senior Elections:

For President.	
D. R. Stevens.....	88
L. C. Cooley.....	45
For Vice-President.	
H. D. Williams.....	58

Basketball practice has begun at Nebraska.

WANTED.

Class histories for 1912 Technique. The writer of the best history of each class wins a Technique de Luxe. Competition closes January 1st. Get busy. For particulars leave word at Technique office. (tf)

SECOND YEAR.

November 8, 1910.

All students having deficiencies in Structural and Field Geology (870) are to report to Mr. Allan before November 14th.

WALTER HUMPHREYS,
Registrar.

INTERCOLLEGIATE NEWS.

In order to get a line on the abilities of its Freshmen Columbia University has arranged a statistics blank which all are required to fill out, showing the various athletics and other activities in which the men have been engaged prior to entering the university.

The Columbus student body is trying to have football installed again at that institution.

The committee on student affairs at Stanford University fined a student ten hours' extra work for cribbing besides expelling the pupil from the course.

The Athletic Association of the University of Michigan recently voted to abolish basketball as a Varsity sport.

Professor Fairchild of the University of Missouri says that in England one man out of five takes part in athletics, in America only one in fifty.

There will be no rowing for Varsity or Freshman crews at Yale on Saturdays during the fall. Training stale is the explanation.

The Syracuse Daily Orange states that approximately \$6000 must be raised by the Alumni and the undergraduate body for the support of the navy if they hope to be represented by a crew this year.

CANDIDATES FOR GRADUATION.

November 7, 1910.

Notes in regard to status with reference to graduation have been sent to Fourth Year students. Any student who has not received a note should consult me if he expects to be a candidate for graduation in June, 1911.

A. L. MERRILL, Secretary of the Faculty.

ART MUSEUM.

Free tickets of admission to the Museum of Arts for the year 1910-1911 will be issued to students upon application at the ticket office at the entrance to the Museum.

H. S. STORY, Curator.

MASSACHUSETTS INSTITUTE OF TECHNOLOGY.

November 15, 1910.

A proof list of the students for the current Catalogue is posted at the entrance of Rogers, Walker, Engineering A, Engineering B, Pierce, Engineering C and the Lowell Buildings.

Corrections should be handed in to the Registrar's office not later than Friday, November 18.

WALTER HUMPHREYS, Registrar.

MASSACHUSETTS INSTITUTE OF TECHNOLOGY.

November 7, 1910.

Attention is called to the following rule of the Faculty:

"All marks of D, except in Physical Laboratory, incurred during the first term must be removed not later than the end of the following March; those incurred in the second term must be removed not later than the end of the following November; except that extension of time may be granted by the Faculty in the case of subjects which from the character of the work can be pursued to better advantage in the term for which the record is given. All deficiencies in Physical Laboratory work must be removed at a date to be determined by the instructor, which date shall not be later than the end of the following November.

In case a mark of D is not removed at the date thus determined, the student shall be required to discontinue any dependent subjects which he is taking, and can obtain a clear record only by repeating the subject in which the D was given."

Petitions for extension of time must be presented before December 1.

A. L. MERRILL,

(3) Secretary of the Faculty.

1914.

The Gymnasium classes in Physical Training begin this week, according to the Tabular View. The attendance at the first two classes was very poor, and a large number of men have one absence against them already. There are only four cuts allowed during the year, and each man must report at his classes in order to obtain a clear record in that subject.

Will the Secretaries of all the organizations kindly hand a full list of their officers to the Societies' Editor of The Tech as soon as possible?

ASSISTANT MANAGERS OF TECH SHOW.

Competition for assistants in Tech Show, 1911, has begun. There are three assistants to be chosen, preferably one Sophomore and two Freshmen. Manager Lenaerts will be in the Show Office, Room B, daily, from 1 to 2 o'clock, to meet all candidates.

INSTITUTE COMMITTEE—Next meeting Tuesday, November 22nd, at 4.30, instead of Wednesday, 23rd.
