CHRISTIAN ASSOCIATION BEGINS ACTIVE WORK

Big Dinner in the Union Next Friday

PROMINENT SPEAKERS SECURED

Mr. G. R. Towson of New York Will Speak—Outlines of Plans for This Year's Work Will Be Mentioned.

The Technology Christian Association will begin active work next Friday evening. The program will consist of a dinner and entertainment.

The Association is planning to admit any who are interested in the membership requirements very broad so as to admit any who are interested in the work. The best feature of the work will be the extension of social service work, especially with the immigrants around Boston. There is a great demand for college men in this field to give short lectures and obtain recruits.

The positions are now open, and any men who are in any way interested are urged to attend on Friday night. This will be a good opportunity to become acquainted with the practical good the Y. M. C. A. is doing in this immediate vicinity.

Among the speakers for the evening are Dean Bullard, Mr. D. M. Clapp, C. W. Byers, and Mr. B. W. Bedell, the last two being prominent members of the Y. M. C. A. in Providence. Mr. B. W. Bedell is one of the leaders in the work in the Boston Young Men's Christian Association.

The program will include a Beecham recital by Mr. Towson. His worth as speaker and pianist are urged to come in and hear him talk the place of the regular Friday dinner and will be held in the meeting hall of the Brookline Gym.

Several new features that will be mentioned during the dinner are: Twenty Candidates Out—Another Meeting at Brookline.

Over twenty men responded to the call for swimming team candidates and attended the meeting in the Union yesterday. Plans for the organization of a swimming association were discussed, and the matter of securing a suitable tank to practice in was decided until several others have been more thoroughly investigated. The Cabot street Salvation Army tank, the Cabot street YMCA, and the Brookline tank will be used. By the latter at the meeting in the Brookline Gym yesterday, it was reached on either question, although the Cabot street YMCA tank was the preferred one. The necessity of electing a new manager this year and the attendant details will be announced, together with the names of the three first team substitutes and the three first team substitutes.

Fully organized under the direction of Captain Walter F. Milliken, the 1913 football team is the second team hustling. Seven men will make up the team. The regular second team will be composed of the two graduating seniors and five others.

The Prom last year was held all night on the campus on April 15, and the committee consisted of Copeland, Goud, Kimmel, White, Williams, and Paul for the Tech woman's association will doubtlessly be attended to all naval architects and marine engineers who interest themselves in marine questions. Mr. Towson is the son of the founder of the Stevens Institute and is no doubt known to all the seniors. He speaks at a general convocation on Thursday afternoon and at the dinner on Friday.

The Prom is always one of the principal events of Junior Week, and the six men who are chosen from those whose names have been placed on the ballot will be known to all of the class. The Prom last year was held all night on the campus on April 15, and the committee consisted of Copeland, Goud, Kimmel, White, Williams, and Paul for the Tech woman's association will doubtlessly be attended to all naval architects and marine engineers who interest themselves in marine questions. at the Arena Saturday night to see a dozen or twenty Tech men scattered in an audience of fifteen hundred trying to cheer our team. A team that plays as well as ours did is worthy of better encouragement.

In about ten days we have a game with Harvard. Is the spirit of Saturday night to be repeated? Is it really impossible to awaken a better spirit of loyalty which will go beyond mere talking and makes the fellows dig down into their pockets to get out a "half" for a ticket?

It's our team which represents us in the college world, and how do you expect our team to play with spirit when there are a thousand voices yelling "Harvard" into their ears, and as an answer they get an M. I. T. cheer as thin as one of Mary Garden's dresses. Wake up, fellows! It's nothing but indifference and that excuse of having too much work is as old and tame as grandmother's death when the office boy wants to see the "Red Sox" play the "Athletics." The 14th Tech is going to be on one side and Harvard on the other, and let us hope that Tech men will give back yell for yell and everything that comes from the boys across the Charles River.

P. M. B.

TO THE CLASS OF 1914.

Track work begins this week and the class of 1914 simply ought to get up a fine indoor track team. For we have a powerful hockey team which has to be filled, which includes some strong teams, especially the meet with the "Sophs," which we must win, so that everyone who comes out and also some good trips. A team of strong teams, especially the meet with the "Sophs," which we must win, although he need not be a star, so that come out and try his best stands a good chance of making the team. Practice begins on Saturdays at 2.15, which are convenient hours for everyone. All who are interested in track work. Several old track men will speak, and the affair is introduced an innovation tomorrow by holding a dinner for all in attendance and cheering at games.

The hockey team has commenced his season with flying colors, showing a surprising development of team work considering the small amount of practice they have had. The C. M. C. whom we defeated in the close contest last Saturday, for the past two years have been the champions of Greater Boston. The game Saturday showed up the team work and the personal endurance and grit, which give promise of a championship team.

Yet how many Tech men really saw the game? Interest in hockey seemed to start with a flourish with the call for candidates. A record number of men refused for practice, and interest in hockey seemed to be on the hoist. While this competition is the ideal way to give a team once's support, those不合格 for trying for the team still should give their support by attendance and cheering at games. The Tech sympathizes sincerely with the rather hesited communication below. The non-support of our team last Saturday is justifiable, let us give the team a good M. I. T. that will win as a victory from Harvard next week Wednesday.

50c to 2.00

Men's Initial Linen Handkerchiefs, Irish manufacture

25c and 50c
I and is a member of the Institution of Naval Architects and of the American Society of Mechanical Engineers. He has been for a number of years in the crowded North River. The boat, a type which was demanded by the requirements of the time, was built at a cost of $20,000.

The consummation of a long-cherished project has been achieved by Mr. L. E. Row, assistant in the Department of Civil Engineering and Architecture. This has enabled the department to fulfill its obligations to the Institute, and he is doing good service.

ROCKWELL, 1896, of the Advisory Council, who will give short talks after the dinner. A number of guests will be present and manager.

A covered mat twenty feet square will be used to wrestle on. It is hoped that many men will start in wrestling on December 10th; the formation of a team cannot fail to be a credit to the Institute in the very near future.

TRACK TEAM DINNER WEDNESDAY NIGHT

The date for the track dinner, plans for which have been under way for the past few weeks, has finally been set for Wednesday evening, Dec. 7. The officers of the track team have taken great pains in their plans for this event, and hope that a large number of men will be present to help make it a success. So far a large number of men have signified their intention of coming, but only a few tickets have actually been sold. Quite a number of guests will be present who will give short talks after the banquet. Among these are Dr. J. H. Rockwell, 1886, of the Advisory Council, Prof. H. W. Hayward, 1896; "Kerry" Richards, 1907, and Coach Kennedy, Capt. W. C. Salisbury, 1911, who will give short talks after the dinner. A number of guests will be present and manager.

Don't forget the Track Team Dinner tomorrow night. Union at 6:30.

There is considerable dissatisfaction expressed over the method of awarding the athletic emblem "N" at Union. The officers of the track team have protested against.
