BOSTON, MASS., WEDNESDAY, DECEMBER 7, 1910

PRICE TWO CENTS

BASKETBALL TRAINING TABLE ESTABLISHED

Squad Will Take Two Meals a Day at the Union.

TRAINING BEGINS TODAY.

Team Needs Support of Student Body at Home Games.

The Varsity basket ball squad will, for the first time in the history of Institute basketball, go on training table in the Union Dining Room this morning at breakfast. The management have been considering the proposition for some time, but have been unable to make satisfactory arrangements. They have at last decided to give the Union the contract of furnishing meals for the team. The diet which will be furnished is that made out by Coach Kanaly for the use of the cross-country squad last fall. The men will have a table in the dining room at the farther side near the lunch counter. They are to report at least twice a day for the present, with a possibility of a slightly different arrangement in the future. This is something which has never been tried in this department of Tech athletics before, for the managers have always figured that it was too much to ask of the men, and that it would not be worth the time and trouble that it would give them. If things go through as they are being figured at present, the team will be kept in strict training throughout the season. They will be in a condition just as good as that of any other that they may go up against during the season. Captain Parker told the squad at practice on Monday afternoon that during the time that he had been on the team, practically all the games had been won or lost on condition, that Technology had won games in the first half and then lost because the other team could come back stronger at the end of the game.

The men who go on the table at the start are the eight Varsity players and as many of the Second Team as may desire. The list includes: Captain Parker, Palmer, Ell, Johnson, Freedman, Schar, Crocker and Darling.

The management of the Union have given most favorable inducements, and have shown all possible courtesy in making it possible to run the training table. It is certain that it will be of great help to the team in getting into condition for the trips which it is to take during the coming season, and the Institute should realize what the Union is doing for the team and stand back of it in the same manner. The first game is on the twenty-first day of December. This is on a Wednesday night, which is the night which most of the men have off. The management hope to see a bunch of fellows at this game who will make the gym ring with their cheers and urge the team on to victory. Boston College is to put a very strong team on the floor this year, a team that will give a good strong fight and a game that will be interesting from the start. The Second Team are to play the Interscholastic Five, a team composed of men who have been stars on their High School teams of the last few years. Directly after the game, the squad leaves for its Christmas trip to New York, and this will be the only opportunity for the fellows to show that they are really back of the team. With the backing that the Union has given in allowing the privilege of a training table, and the material that is in the squad, there should be no reason for the fellows to say that the games are not worth attending, or that they would rather go to the theatre on the evenings that they take off. The team will make good if they have the encouragement of the fellows and the inspiration of their cheers during a game.

INSTITUTE COMMITTEE MEETING YESTERDAY

Members of Crew, Musical Clubs and Captain of Cross-Country Team Receive New Rating.

REPORTS FROM SUB-COMMITTEES

New Rules on Class Elections—Senior Class President Will Lead Cheering in Convocations.

The Institute Committee held a meeting yesterday afternoon at 4.30 o'clock in the Union. Reports were read and accepted by the Secretary, the Point System, Bulletin Boards and Calendar Committees.

Discussion as to the crew rating was held, and it was decided on the recommendation of the Executive Committee that members and substitutes of the first and second crews be rated at six points, captain at seven points, and manager (or commodore) at eight points.

A motion was then passed that the recommendation of the Executive Committee, that the cross-country captain be rated equally with the track captain at six points, be accepted. It was decided that the Union Committee present a written report to the Institute Committee at each meeting.

The recommendation of the Executive Committee, that in the special case under consideration this year, the manager of the Musical Clubs who attends the Institute Committee meetings be rated at eight points, and the manager who does not, be rated at six points, was accepted on the condition that the motion should hold for this year only.

On account of the delay each year in the election of class officers, the Institute Committee, the Athletic Association, the Advisory Council and other Institute activities are held up from their proper work. To remedy this a motion was passed that in the case of the three upper classes be opened on the first Monday of the Fall term; nominations be closed the second Saturday; ballots be distributed by the third Friday, and polls be closed on the following Tuesday. Permanent Freshman elections shall take place during the two weeks following Field Day. All nominations and balloting shall be posted and properly advertised, at least one poster to be placed on each official bulletin board of the Institute.

A motion was passed that Institute Committee meetings be held on the second and fourth Tuesdays of each month. It was also decided that the president of the Senior class and an assistant whom he shall choose, shall lead the singing and cheering at the convocations held by the Institute.

It was decided that the secretary of the Institute Committee be instructed to send a note to President Maclaurin suggesting that the doors to Huntington Hall be closed at 2 o'clock on the day of the convocation.

The meeting adjourned at 5 o'clock.

CATHOLIC CLUB ELECTS DANCE COMMITTEE

Much Enthusiasm Shown Over Coming Event.

President Killion of the Catholic Club has elected the following men as members of the dance committee: P. D. White, 1911, chairman; J. A. Herlihy, 1911; W. V. Schmiedike, 1913; C. J. Fallon, 1912, and C. H. Linehan. The first committee meeting will be held Wednesday, December 7th, at 4.30 P. M., in the Union. Much enthusiasm over the dance was shown at the last meeting by the members of the club, and all feel sure the dance will be a great success.

PHUN, PHEED, PHROLIC AT SENIOR DINNER

Meeting at Union Last Night a Very Happy One—Many Good Stunts.

PORTFOLIO COM. ANNOUNCED.

Dean Burton, Bursar Rand, Mr. Albers and Dr. Noyes Are Speakers.

Last night at the Union the class of 1911 held the last dinner of the year until the final meeting in June. Realizing that this was one of the last gatherings of all the men, the seniors turned out in goodly numbers, 150 men being present.

Before starting the dinner some rousing cheers were given for Technology and the class, and then President D. R. Stevens announced that the meeting had begun. The first novelty of the evening was introduced in the form of fancy snappers that had been placed at each man's seat, these snappers containing paper hats. During the remainder of the dinner various stunts were introduced and good speakers were heard. The songs which were rendered are given at the end of this article. Several telegrams were also read, and these furnished a lot of amusement. Next some cartoons of members of the class and of Institute doings were shown by means of the new reflectoscope and a vote taken to settle that long disputed question as to who is the representative smoke-stack of the class. The winner of this competition, A. C. Metz, was presented with a huge cigar.

The first speaker of the evening was Dean Burton, and he was at his best. Following this a novel stunt was given by means of a phonograph, when a cheer given by the crowd was repeated by that instrument.

Bursar Rand was then introduced and spoke in his usual happy way, and following him Mr. Homer Albers brought the class back to the days of Business Law. Professor Jaggar was unable to be present, owing to illness.

Announcement was then made of the successful candidates in the recent election, the men who will be in charge

(Continued on page 3)

ADDITIONS TO JUNIOR PROM BALLOT

Total of Thirteen Candidates For Prom Committee.

Owing to a slip, three of the Prom Committee nomination papers which were received by a member of the nominating committee were not turned over to the committee chairman yesterday, and consequently failed of mention in these columns. These three additional nominees are John Hall, Charles Bacon Rowley and Henry Donald Kemp.

Hall has been active in the work of the Technology Christian Association, Rowley is one of the leading members of the Mandolin Club, and Kemp has been class president, vice-president, and Show principal.

Together with the names which appeared in yesterday's Tech, the ballot now includes thirteen names.

S. E. Reed.
H. H. Hanson.
H. A. Babcock.
R. P. Wallis.
R. N. Doble.
R. T. Bailey.
F. J. Shepard, Jr.
R. C. Stobert.
W. C. Bird.
R. H. Fox.
John Hall.
C. B. Rowley.
H. D. Kemp.

PRESIDENT'S MESSAGE IS CONSERVATIVE

Advocates Revision of the Tariff, Schedule by Schedule, But Not at Present.

PARCEL POST RECOMMENDED.

Estimates for the Fiscal Year Are \$52,964,887.36 Lower Than Last Year.

President Taft's message was placed in the hands of Congress yesterday, and contains many valuable suggestions. The principal topic of interest is the tariff. The President advocates a revision, schedule by schedule, to be based on data furnished by the tariff board, but the revision is not to come now. He also claims that the Payne law is the best income producer ever enacted. In connection with our foreign trade, the President asks for a ship subsidy for the purpose of strengthening our merchant marine and creating a seafaring population as a preliminary to our taking our share of the carrying trade of the world.

The total estimates for the fiscal year ending June 30, 1912, are \$630,494,013.12—\$52,964,887.36 less than the amount estimated for the year ending June 30, 1911, and the President says that any further reduction would embarrass the executive branch of the government.

The President advocates an increase in officers of the army, because he says the number even in times of peace is far below the actual needs. The message states that the Panama Canal will be finished January 1, 1915, and will not cost more than the estimated amount, \$375,000,000. He also urges that Congress take immediate steps for the fortification of the canal since its chief purpose is military. The toll charges should not be fixed in order to receive a full return of the investment, but rather to induce the world to use it freely. He desires Congress to give the President power to fix the tolls.

The President advocates a self-sustaining postoffice, and it is thought this will come about next year. He makes a proposition to classify first, second and third class postmasters, doing away with the necessity of senatorial consent for appointment, and thus taking the postoffice out of politics. He recommends restrictions of the banking privilege and the adoption of the parcels post for all rural routes, eleven pounds being the limit.

As to conservation, the President would have the restriction forbidding the reserving of forest lands repealed, that coal lands be leased after bids, 2,500 acres to be the limit to any one lessee, leasing of oil and gas lands, and leasing of water power sites. In leasing of coal lands, the President differs from Secretary Ballinger, who sees objections to this system. The President's message is very long and extremely conservative in tone.

CALENDAR.

Wednesday.

1.00—1913 Class Meeting—Huntington Hall.

4.00—Basketball Practice—Gym.

4.00—1913 Cross-Country Practice—Gym.

4.00—1914 Cross-Country Practice—Gym.

4.15—Gym Team Practice—Gym.

5.30—Hockey Practice—Arena.

6.00—Track Team Dinner—Union.

6.00—Naval Architecture Society Dinner—Technology Club.

6.30—Reception to Sophomores, Course III, by Prof. and Mrs. Richards, at 32 Elliot street, Jamaica Plain.

WEDNESDAY, DECEMBER 7, 1910.

The motion passed yesterday by the Institute Committee regarding the election of class officers necessitates a revision of the class constitutions. The object of this suggestion of the Institute Committee is to get things started early in the year. This Fall it seems as if the majority of Institute activities have been slow in starting. Let us break away from this spirit of procrastination and put through these class constitution amendments as soon as possible.

COMMUNICATIONS.

Editor of The Tech:

Out of respect for the memory of William Barton Rogers, in the hope that in the near future we may see fit to observe the anniversary of his birth as "Founder's Day" at the Institute, the Walker Club is today draping the tablet in Rogers and the bust in the Union. May the more general observance of this day soon receive the recognition it surely deserves.

N. S. SEELEY.

December 7, 1910.

Editor of The Tech:

The election for members of the Junior Prom Committee opens Wednesday, Dec. 8, 1910. The ballots may be had at the Cage. It is the duty of every Junior to get his ballot, pay his dues, if he has not already done so, and vote.

The Junior Prom is one of the most important activities of the Junior class. It is the most important affair of Junior Week, and the reputation of the class is dependent upon its success or failure. Its success or failure is absolutely dependent upon the Prom Committee, therefore, the class by its voting decides whether the Prom will be a success or not.

The election closes Monday, December 12, at 4 o'clock. Vote for four men. Your vote will not be counted unless you have paid your dues.

EDWARD MONTGOMERY,
 President 1912.

DINNER TONIGHT FOR TRACK TEAM

Dr. Rockwell, "Kelly" Richards, Coach Kanaly, Prof. Hayward, Mgr. Benson and Capt. Salisbury Will Speak.

All the plans for the coming winter season and the prospects for next spring will be told at the Track Team dinner in the Union tonight at 6.30 o'clock. Coach Kanaly will tell what kind of a team will be turned out to represent Tech in the meets next year and what the winter schedule is. Dr. J. A. Rockwell, 1896, present chairman of the Advisory Council and holder of the quarter-mile record, will be present and will also speak. Among the other guests will be Prof. Hayward and "Kelly" Richards, 1907. Captain W. C. Salisbury is to act as toastmaster, and can be depended upon to keep things moving. Manager H. S. Benson will give a speech on behalf of the management.

This affair is an innovation this year, and it is up to everybody to turn out and make it a success. This is the chance for all new men to become acquainted with the team and the men running it, and they should be there in good numbers. Tickets may be secured from a number of track men or from Manager Benson or Assistant Manager Waterman, or may be procured at the dinner.

STATISTICAL BLANKS READY FOR 1912.

Blanks to Be Given Out in Pol. Econ. Thursday.

The Technique Board held their weekly meeting yesterday afternoon, shortly before 4 o'clock, in the Union. It was decided to have future meetings of the Technique Board at 4.20 o'clock Thursday afternoons, on account of the fact that the Institute Committee and the Athletic Association meetings conflicted with theirs on Tuesdays.

Thursday morning, at the Pol. Econ. lecture, the statistical question blanks will be given out to the Junior class. Juniors only are to fill out these blanks.

A homelike, first-class hotel, proud of New England traditions, dating from Gen. Warren, yet newly furnished with every comfort & convenience. Long distance phone and hot and cold water in every room. Kept constantly clean by our vacuum plant. Rooms \$1.00 a day and up.

(Continued from Page 1)

of this year's Portfolio being as follows:

- C. H. S. Merrill.
- C. S. Anderson.
- G. B. Wilkes.
- M. E. Hayman.
- H. C. Davis.

This committee is a most capable one and will work hard to make the book a success.

Dr. Noyes was the last speaker of the evening. This was very fitting, since he gave the class its first talk at the Institute.

The meeting closed with the singing of the Stein Song.

The songs given during the evening are as follows:

Tune: "My Motter."

I've got er motter,
"Grind and sit up all night,"
Work like time and still you'll find
Every day you're far behind.
Some folks may say that college life's
a gay one.

I've often said to myself, "By Heck,"
Some of those fellows should come to
Teck,
It's a long night and a gray one.

Tune: "Bring Me a Rose."

I'm so tired of going to Teck,
I'm so far behind.
Wellesley is fair, but to get out there
The time I cannot find.
I wish I had my degree
And exams were gone,
With my thesis all done, then I might
have some fun,
Dream on, dream on.

Tune: "Charming Weather."

It's nice and warm, I think we sure
will have a lovely day
Up beneath the roof of "A."
Always hot the last of May (dog-gone-
it).
I wish exams would sink away out of
sight and always stay,
Then we'd enjoy this charming
weather.

Tune: "My Hero."

Grind, grind, work every minute,
Plug, plug like sin;
You must get all that's in it
Till you're "all in";
All night work like the devil,
Gone is the time of the sweet midnight
revel,
You've learned too well,
If you want your degree, you
MUST work like Hell.

DINNER NOTES.

The "Minors" all went to the suffragettes' corner.

Some said that the new signs were an improvement over the old ones.

O. B. Denison was choir leader.

Hausie was real naughty.

Bursar Rand and Mr. Albers should have worn their paper hats.

Oh you cigar!

Dick Ranger conducted the M. P. show.

Kid Bates, the Boy Manicure!

PROF. AND MRS. RICHARDS TO ENTERTAIN.

Course III Sophomores Invited to Their Home Tonight.

This evening, at 6.30 o'clock, Prof. and Mrs. Richards, according to their custom, will entertain the Sophomores of Course III at their home at 32 Elliot street, Jamaica Plain. They have also invited the members of the Faculty and of the instructing staff who come in contact with the Sophomores in that course and, as is proverbial with Prof. Richards' entertainment, a pleasant evening is anticipated. During the year Prof. Richards invites all members of the course to his home for an evening, and this is the first party of the year.

A buffet lunch will be served to those attending, and afterwards the professor will entertain the students. He usually performs some glass-blowing stunts, which are much appreciated. All men included in the above classification will be cordially welcomed and will undoubtedly spend an enjoyable evening.

TECHNOLOGY SWIMMING ASSOCIATION ORGANIZED

Enthusiastic Meeting, at Which Plans Are Definitely Decided.

An enthusiastic meeting was held last evening by those interested in the formation of a swimming association at the Institute. The meeting was held at the B. G. A. A. with the following sixteen men present: H. A. Babcock, R. M. Ferry, V. L. Gallagher, W. E. Glancy, D. Des Granges, R. A. Lescher, C. A. Markwald, L. Rosenstein, C. H. Schellens, C. A. Smith, M. F. Smith, D. W. Stevens, E. St. John F. C. Weiss, L. M. White, R. E. Wilson.

It was voted first to form a Technology Swimming Association, and to join the Brookline Gymnasium A. A., every man to report at the Brookline tank every Tuesday evening at 8 o'clock for practice and instruction under Coach Mann. During the week every man is urged to practice at the Salvation Army, the Cabot, or the Brookline tanks.
