TECHNOLOGY LOSES TO BOSTON HOCKEY CLUB

Opponents Show Excellent Passing and Team Work.

SCORE: 0 TO 9

Three Former Captains of Harvard in a Game. Mr. Haywood was the Boston coach. Mr. Haywood, who took particular pains in preparing the hockey team for the game last night, said that the team was to get all the men connected with the students' department together. Various organizations together to talk over matters, and help each other out in the Tech hockey. Mr. Elchorn was removed two minutes for body checking.

During the first half, Tech was forced to be on the defensive, and Vose and Gere were completely out of their goal. However, the forward play of the teams was greatly improved. At the three-quarter time, the game was bound to be a closely contested one, and the Tech goal. The addition of the name of Ward N. Gere to the Tech team is bound to get all the men connected with the students' department together. Various organizations together to talk over matters, and help each other out in the Tech hockey. Mr. Elchorn was removed two minutes for body checking.

The speaker of the evening, Mr. Johnson, was graduated from the Institute in 1895. He is a sanitary and hydraulic engineer, with offices in Boston. Mr. Johnson is an authority on his subject, and has spoken before the Civil Engineering Society on similar topics. As a result, he is one of the best balanced players in other lines of work than the Civil Engineering Society, the statement is to be open to all interested parties. Tickets may be secured at the Cage in exchange for fifty cents. The meetings of the Civil Engineering Society are to be held at the Institute, and of member of the Du Pont crew. After calling attention to the fact that the Civil Engineering Society is bound to get all the men connected with the students' department together. Various organizations together to talk over matters, and help each other out in the Tech hockey. Mr. Elchorn was removed two minutes for body checking.

Final Addition Brings Number Up to Nineteen Names Instead of Thirteen, Published in yesterday's issue of The Tech. The addition of the name of Ward N. Gere to the Tech team is bound to get all the men connected with the students' department together. Various organizations together to talk over matters, and help each other out in the Tech hockey. Mr. Elchorn was removed two minutes for body checking.

The list of names upon the Junior Prom Committee ballot contains fourteen names instead of thirteen, published in yesterday's issue of The Tech. The addition of the name of Ward N. Gere to the Tech team is bound to get all the men connected with the students' department together. Various organizations together to talk over matters, and help each other out in the Tech hockey. Mr. Elchorn was removed two minutes for body checking.

THURSDAY, DECEMBER 8, 1910.

The Board of Editors of The Tech announces that Mr. A. H. Waitt, 1914, of the news staff, has been granted a 
leave of absence.

The Union Committee has replaced the cloth towels in the wash rooms by Japanese paper ones. The advan-
tages of these paper towels are that they are more sanitary and less ex-
pensive. Each towel is used but once, and the necessity of laundering is 
abolished. It is a question whether the 
advantages of the new system over-

one new man remarked that, “I three 
times he had been out, he had not 
seen the same squad twice. Besides 
running in the gymnasium, the team 
will use the B. A. A. track near the 
South Armory whenever weather per-
mits. Coach Kanaly and the man-
age are still looking for more 
material. Freshmen, hope in a 
chance to learn the game when the 
team is not under the strain of pre-
paring for a race. All others inter-
cested in the sport should take advan-
tage of this remarkable opportunity 
to get in line when everyone has an 
equal chance.

THE AMERICAN TOBACCO CO.
1913 Class Meeting.

As announced, the 1913 class meeting in Huntington Hall yesterday was to appoint a time for the election of the Technique Executive Committee. The meeting opened at 1 o'clock, being called to order by President Birge. There was a brief attendance. The President announced that the 1913 Technique Board must be present when the 1912 Technique is being made up. This will assist the 1912 men in making next year’s Technique, and was considered too good an opportunity to be lost. It is proposed to take advantage of this offer it will be necessary to elect the 1913 Technique Executive Board immediately in order that they may agree on two or three members of the staff by the beginning of next term. The class decided to hold the elections to the Executive Board as soon as the President could decide on an election committee. The President has announced a C. P. Calma, chairman, J. E. Batchelder, A. F. Brewer, E. C. Grist and K. D. Hamilton.

The President then announced that the Executive Committee of the class will elect a basketball manager next week, and that it would be glad to receive nominations if signed by ten members of the class, although it did not bind itself to those names which might be handed in. The meeting was then adjourned.

Excursion for Electricals.

The Electrical Engineering Society will hold its weekly excursion to the works of the Holtzer-Cabot Company on Thursday and Friday afternoons, leaving the Lowell Building at 1:45 p.m. This company manufactures all kinds of electrical appliances, and the trip will, no doubt, be an instructive one to those who are interested in the subject, and are desirous of knowing the working methods of electrical firms. The Electrical Society is looking for members now.

Be up-to-date buy the Tech.

A. G. Spalding & Bros. are the largest manufacturers in the world of official equipment for all athletic sports and pastimes. If you are interested in a particular sport you should have a copy of the Spalding Catalogue. It’s a complete catalogue tells you what’s new in sports equipment and you can have it free on request.

Winchester Repeating Shotguns

Used in the U.S. Army. The U.S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U.S. Ordnance Board also know a gun; that’s why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U.S. Army authorities to select it and the U.S. Ordnance Board to endorse it—that’s the Winchester.

STEVEN'S No. 335
Double Barrel Hammerless Shotgun—It is strongest where other guns are weakest. The barrels and lugs are drop-forged in one piece—of high pressure steel, choke bored for nitro powder—with nitro ribs.

Pick to the mill and feel the balance of a Steven's No. 335 in your hands. It is the finest guaranteed shotgun on the market. The barrels and lugs are drop-forged in one piece—of high pressure steel, choke bored for nitro powder—Nitro rib.

Price list at only $20.00 and will be delivered to the office of any gun dealer or factory at cost pre-paid across the country.
