LATIN-AMERICAN NIGHT FOR COSMOPOLITANS

Members from Spanish Countries
Hosts at Pleasant Gathering
of Club
Spanish Music Played
Mr. D. Montt of Chile Presides—Many
Faculty Members and Guests
Present.

With the celebration of Latin-American night by the Cosmopolitan Club at the Union Saturday night, the series of National Nights that this society is to give throughout the present term was most successfully inaugurated. The two small rooms of the Union had been tastefully decorated with flags of the Latin-American countries, and neat programs in red and gray were distributed.

President Sandstein introduced Mr. David Montt of Chile, nephew of the late President of that country, as presiding officer of the evening, and he accepted the chair with a happy little talk. Next, some of the soft, sweet sunny airs of Argentina were played on a guitar by Mr. L. R. O'Farrell, who was encored twice. President Gupta of the Harvard Cosmopolitan Club then made a few remarks, and Mr. J. M. Cadenas spoke of "The Cuban Republic of Today," giving a review of the economic, educational, sanitary, and judicial conditions of that island. Mr. Milo Lemus of the New England Conservatory of Music followed, rendering MacDowell's Novelletta, and one of Chopin's waltzes on the piano, and Mr. Daniel Uribe of Columbia sang and played some of the airs of his country. All of the numbers were heartily encored.

Light refreshments were served in the large room of the Union.

The patronesses were Mrs. R. C. MacLaurin, Mrs. A. E. Burton, Mrs. C. M. Spofford, and Mrs. Gaetano Lanza. The committee consisted of Messrs. P. K. Chinchilla, R. A. Beckman, M. A. Hernandez, and L. R. O'Farrell. Among the guests were Mrs. and Misses Chinchilla, Prof. and Mrs. Pender, Mr. and Mrs. Kirkland, and Mr. George W. Wigglesworth.

MUSICAL CLUBS GIVE CONCERT AT RANDOLPH

Eight Entertainments to be Given
During Present Term

Friday evening the Glee, Banjo and Mandolin Clubs gave a concert at Randolph, Mass. This concert is one which was to have been given last term, but it was postponed.

A large crowd attended the concert and showed their appreciation in an unmistakable manner. The program for the evening included many of the latest popular pieces of music.

The management of the Combined Musical Clubs has prepared an excellent series of concerts to be given between now and the Spring Concert. At the present eight of these concerts have been arranged for and there is a possibility that several more may be arranged for later.

On Tuesday evening, February 21, the Combined Musical Clubs will give a concert at Wellesley Hills in Maugus Hall, under the auspices of the Wellesley Hills Lawn Tennis Association. After the concert there will be dancing and it will be possible to return to Boston on the midnight train. Tickets for the concert may be secured from the members of the clubs.

The following are the concerts for which arrangements have been made:—

Randolph	Feb. 3
Chelsea	Feb. 7
Wellesley Hills L. T. Assoc.	Feb. 21
Smith College	Feb. 22
Waverley	March 7
Dorchester	March 14
Lynn	March 20
Everett	April 6
Spring Concert	April 19

FAMILY GATHERING

FOR C. E. SOCIETY

First Meeting of Term To Be Held
at Union on February 10th.
Plans for Other Meetings

Moving Picture Show and Lecture
by Mr. F. H. Fay Announced.

As usual, the first meeting of the Civil Engineering Society for this term will take the form of a big informal family gathering. This will be held at the Union on Friday evening, February 10. Dinner will be served at six thirty, and after that informal talks will be made by Professors Spofford, Porter, Allen, Moore, Robbins, Burton, Russell, Breed, Barrows, Hosmer, and Miller. It has been proposed that a story-telling contest be held in which Professors Moore and Russell are to be the stalwart opponents, and a committee from the Senior Structures Class has been appointed to determine if the Union is strong enough to withstand the explosions of laughter that such a battle would cause.

All Sophomores should make it a point to be present at this meeting, as the value of their future work at the Institute will be greatly enhanced by their really knowing the Professors and men in the Civil Engineering Department.

The other plans announced by the program committee of this society are most interesting. On Friday evening, February 17, at eight o'clock a moving picture show will be held in Huntington Hall. The films that will be shown include two of the work on the Panama Canal, and one each on the manufacture of steel rails, the building of the Grand Trunk Railway, and the printing of a modern newspaper. This is the first time in the history of the Institute that such a show has been given by a professional society. The educational value of the films named above is very great.

On Monday evening, February 27, another dinner and meeting will be held at the Union at which time the speaker will be Mr. Frederic H. Fay, '93. Mr. Fay is an ex-president of the Civil Engineering Society, is Division Engineer of Bridges and Ferries of the new Boston Public Works Department, is permanent secretary of his class at the Institute, and is on the nominating committee of the American Society of Civil Engineers. The subject of his talk will be "Legal Engineering."

TECH MOVES TO WELLESLEY

Appropos of the recent agitation given prominence in the newspapers concerning the advisability of moving the Institute to some more or less remote corner of the State *The Tech* wishes to make known its progressiveness in making the first move in this direction. In other words *The Tech* has moved again—this is the third time this year—and has taken for a permanent abiding place—the patron village of Venus and Apollo—Wellesley!

No longer should there be any hesitancy on the part of Freshmen to come out for our worthy activity with this great inducement.

But this is not the point. The main consideration is—Will the Institute follow our example?

MUSIC SUBMITTED FOR TECH SHOW

Concentration of Efforts on Same

Songs Leaves Room for More

Work

Poster Competition Closed

Committee of Professional Artists
To Choose Winning Pictures

Tech Show 1911 is now ready to start on the last lap of its journey. Saturday afternoon at 2 p. m., all those who wrote music to the lyrics met Stage Manager E. H. Schell and Coach Sanger in the Union for competitive trials of their work. The following men submitted music which was, in the main, very good. O. B. Denison, '11, F. N. Fales, '11, S. B. Putnam, '11, E. H. Schell, '12, Simonds, '12, K. W. Faunce, '11, A. F. Brewer, '13, I. M. Hargroves, '12, A. M. Pedersen, '12, C. K. Reimon, '12, J. C. Fuller, '11, R. Cremer, '12, W. O'Brien, '12, B. F. Thomas, '13 and Taylor, '14.

This is a fairly creditable showing, but owing to the fact that many different men concentrated their efforts on the same song, there is still an opportunity for some one to write something good for a few of the lyrics. Good music is one of the essentials of a successful show and most of the lyrics, which are exceptionally good this year, are already provided with excellent accompaniments. It is hoped that the doubtful points will soon be cleared up and the results of the competition announced.

The Poster competition closed yesterday with a rush. More posters have been submitted this year than ever before and in consideration of this and the difficulty of choosing the best out of so many which seem equally good, the management has secured a committee of professional poster artists to choose the winning poster. The posters will be judged in a day or so.

The first of next week Publicity Manager H. L. Waehling will issue a call for assistant in that department. This call will be followed by a similar one from the stage department. The competitions for these last two vacant positions on the management will open soon and will continue for about a month. It is therefore necessary that all underclassmen who expect to try for a position should be on hand when the calls are first issued. The experience gained will well be worth at least a try.

In nine or ten days the call for candidates for cast and chorus will be issued. It is hoped by the management that the student body will stand behind the show and come out in goodly number for the competition.

NEW MUSIC TRIED

BY TECH ORCHESTRA

Concerts Being Planned for
Newton and Somerville

The first rehearsal for this term was held by the Tech orchestra in the Union Saturday afternoon. Nearly all the members of the Club were present and some of the new music was practiced. The music which the orchestra will play this term will be much more difficult than any which has been played previously and will consist largely of classical selections.

Two concerts have been planned for, although the arrangements have not been entirely completed.

The one will be held in Newton, the latter part of February and the other in Somerville shortly afterward.

FRESHMEN WIN FROM SOPHOMORES

1914 Takes Indoor Track Meet By
A Good Margin

Score—43--29

Each Class Secured Four First Places—
But Freshmen Have The Better
Balanced Team

The Freshmen Class won the Annual Indoor Track Meet with the Sophomores Saturday with a score 14 points better than 1913 could get. Each class secured four first places but the Freshmen team was the better balanced, and they picked up 23 points in second and third places, while 1913 only secured 9. The best individual scores were made by Thompson, 1913 and Chase, 1914, each scoring 6 points. The performances in several of the events were very creditable, especially the 440 yd. dash, which was won by Thompson, 1913 in 57 2-5 seconds. This is within 2-5 of a second of the track record, held by Capt. W. C. Salisbury.

The summary:—
30 Yd. Dash—Final Heat. Won by Wilson, 1914; Guething, 1914, second. Thompson, 1913, third. Time—4 3-5 seconds.

Mile Run—Won by Shedd, 1914. Nye, 1914, second; Lee, 1914, third. Time—4 min., 59 3-5 seconds.

440 Yd. Dash—Won by Thompson, 1913; Munch, 1913, second; Bowles, 1914, third. Time—57 2-5 seconds.

880 Yd. Run—Won by Sampson, 1913. Stubbs, 1914, second; Munch, 1913, third.
High Hurdles—Won by Chase, 1914. Bryant, 1914, second; Strachan, 1913, third. Time—6 1-5 seconds.

High Jump—Won by Hall, 1914. Eberhardt, 1914, second; Chase, 1914, third. Height—5 ft., 4 7-8 in.

Pole Vault—Won by Rankin, 1913; Heroult, 1914, second; Fox, 1914, third. Height—9 ft.

Shot Put—Won by McLeod, 1913. Freeman, 1913, second; Owen, 1914, third. Distance—34 ft. 11 in.

Final Score—1913, 29; 1914, 43.
Starter, H. S. Benson, 1912; Timers, F. M. Kanaly, P. D. White, 1911, W. C. Salisbury, 1911.

EDITORIAL

At last! We are really out today. For the rest of the term we hope to appear bright and early every week day morning.

The Tech Board wishes to thank those who have given of their time and energies to help *The Tech* in its financial campaign. The issue of *The Tech* today does not indicate that sufficient receipts are yet in sight to insure the financial success of *The Tech* for the year. It does, however, indicate that *The Tech* is on the right road and, with the continued interest and support from the students, should end the year without deficit. To be specific, according to conservative estimate, the liabilities for the present term exceed the visible assets by about \$200. Adding to this amount a deficit of nearly \$300 incurred during first term, most of which has been temporarily advanced by members of the Board there is a total of \$500 which will have to be met this spring by new advertising contracts. This means about six dollars per issue. So there is much work yet to be done and there is need of more hustlers to do this work. Are you one of the hustlers? Do you know of an adv. you can turn for us? See the business manager for particulars. Join the hustlers and get to it.

FLINGS OF A FLUNKER

Forty sites for the Institute,
 So the daily papers say;
 Forty homes with cash to boot,
 Maybe Tech will move some day.

In the river, in the air,
 Maybe out to Hindostan;
 We can go most anywhere,
 Prexy Mac, declares we can.

Oh what joy the tidings bring,
 No more flunks to thin the ranks!
 Let us all loud praises sing,
 And to Prexy give our thanks.

If we move or if we stay,
 Tech for Tech men will provide;
 Thus a poet sang this lay,
 Threw a fit and kindly died.

IN THE LIMELIGHT

Aw, let's see your marks!

The Civil Engineering Society is hustling some this term. Oh you storytelling contest!

Benson did some good running during the holidays. So did the Relay Team.

Rather a disappointing trip that the Basketball Team had.

We suggest that Tech be moved up into the air. We might suspend the buildings from balloons, you know.
 All our engines have fly wheels now.

The Latin-Americans provided a lively time for their fellow cosmopolitans Saturday night.

The Freshman Track Team is some Class.

Too bad Guething fell down in the quarter mile.

and district to ride and exhibit a sample Latest Model "Ranger" bicycle furnished by us. Our agents everywhere are making money fast. Write for particulars and special offer at once. **NO MONEY REQUIRED** until you receive and approve of your bicycle. We ship to anyone, anywhere in the U. S. without a cent deposit in advance, *freight* and allow **TEN DAYS' FREE TRIAL** during which time you may ride the bicycle and put it to any test you wish. If you are then not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent. **FACTORY PRICES** We furnish the highest grade bicycles it is possible to make at one small profit above actual factory cost. You save \$10 to \$25 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. **DO NOT BUY** a bicycle or a pair of tires from anyone at any price until you receive our catalogues and learn our unheard of factory prices and remarkable special offers to rider agents.

YOU WILL BE ASTONISHED when you receive our beautiful catalogue and study our superb models at the wonderfully low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$1.00 profit above factory cost. **BIKE DEALERS**, you can sell our bicycles under your own name plate at double our prices. Orders filled the day received.

SECOND HAND BICYCLES. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$9 to \$9 or \$10. Descriptive bargain lists mailed free.

COASTER-BRAKES, \$8.50 HEDGETHORN PUNCTURE-PROOF \$4.80 SELF-HEALING TIRES A SAMPLE PAIR TO INTRODUCE, ONLY \$4.80

The regular retail price of these tires is \$8.50 per pair, but to introduce we will sell you a sample pair for \$4.80 (cash with order \$4.55). **NO MORE TROUBLE FROM PUNCTURES** NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. **IF YOU NEED TIRES** don't buy any kind at any price until you send for a pair of the special introductory price quoted above; or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle offers we are making. It only costs a postal to learn everything. Write it NOW.

meetings. President Kreuger was toast-master of the evening, and the speakers were Dean Burton, Bursar Rand, and Dr. Talbot. President Kreuger spoke of the wisdom of the class in waiting till after mid-years to hold the dinner, and the Dean explained that from now on the members of the Class of 1914 should consider themselves seasoned veterans in the Tech strife. Bursar Rand called by our reporter "The man with the signature" gave some good advice to the men, and Dr. Talbot spoke on "Tech Spirit." Many yells were given and much good-fellowship shown.

—this being one of the incidents leading up to the war. He was also one of the prime movers in the re-establishment of the republic, and his men fired the first shot in the war for independence.
