Concerts Being Planned for Newton and Somerville

The first rehearsal for this term was held by the Tech Orchestra in the Union on Saturday afternoon. Nearly all the strong tenors of the Club were present and some new music was presented. The orchestra which the orchestra will play this term will be much more difficult than any which has been played previously and will demand a large body of talent.

Two concerts have been planned for, although the arrangements have not been completed.

The one will be held in the Newton, the latter part of February and the other in Somerville shortly afterward.

FLINGS OF A FLUNKER

So the daily papers say that, this is your chance to boot. Maybe Tech will make some day.

In the river, singles air, May fly out to Hindustan; We go up and down, love. Pretty Mac, declare we can.

Oh what joy the tidings bring. Every hacker thanks to join the rags! Let us all lower praise sing, And to Pretty Mac, give us our thanks.

If we so, or if we so say, Tech for Tech men will provide; This is not such thin sky. Throw a fist and kindly die.

IN THE LIMELIGHT

Aw, let's see your marks!
The Civil Engineering Society is hunting some techs. Uh you story-telling content!

Benny did some good running during the holidays. So did the Relay team.

Rather a disappointing trip that the basketball team had.

We suggest that Tech be moved up into the air. We might suspend the buildings for the purpose.

All our engines have fly wheels now.

The Latin-Americans provided a lively time for their fellow cosmopolitans Saturday nights.

The freshman track team is some chaps.

Too bad Googie fell down in the quarter mile.

We love South America, but Oh you Wesleyan! (Tech Board.)
