BOSTON, MASS., SATURDAY, FEBRUARY 11, 1911

PRICE TWO CENTS

FIRST TRY-OUT FOR ANNUAL TECH SHOW

All Men Who Intend To Enter Competition Should Report
At Union Today

CHARACTERS TO BE DESCRIBED

By Stage Manager, Schell.—Men Needed for Publicity Department.

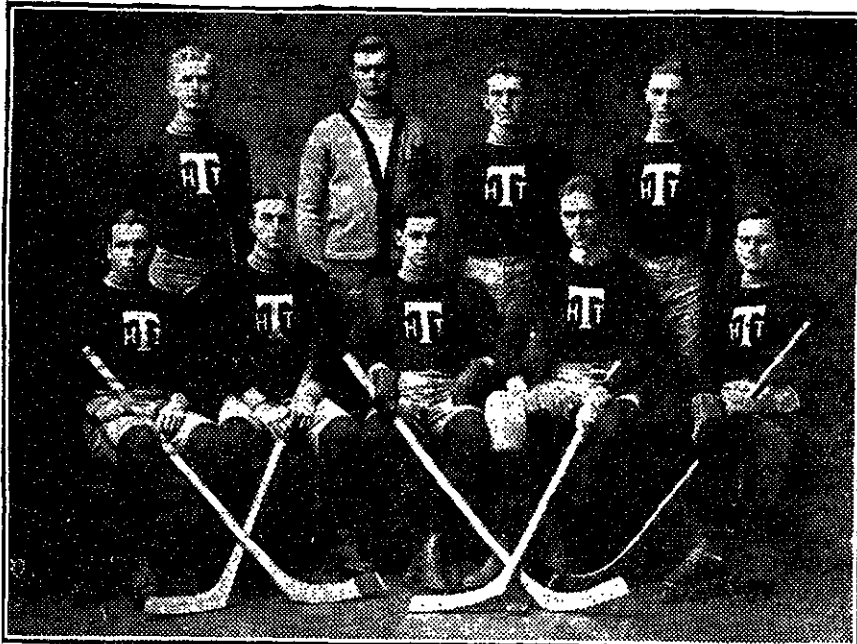

Edwin C. Vose, 1911

This afternoon at 2.00 P. M. the first grand gathering of prospective members of Tech Show, 1911, will be held in the Union dining room. Stage Manager, E. H. Schell, 1912, will give the men a short talk on the play and will further describe every character in the story in detail. The Book lends itself admirably to modern staging and opens with a jolly house party in full swing. With the exception, of a number of vivacious and fascinating French girls, and an English butler, the characters are all up to date Americans. Among the house party guests, there is a group of college men having varied and typical characteristics. There is a place for the lazy easy going man, the grind and the typical college sport. It is absolutely necessary, that everybody who who expects to enter the competition, be present today at 2 P. M. sharp whether he be aspirant to the role of cast, chorus, pretty girl or the dashing hero. Every fellow who thinks he has any talent along the theatrical or who thinks he is a masculine Venus, should be present and hear what Stage Manager Schell has to say on the subject.

Yesterday afternoon, the competition started for Assistant Publicity Manager. Although a fair number of men showed up there is still a great deal of room for improvement in this line. Anyone who wishes to come out, but who was unable to come to the Show office yesterday should communicate with Publicity Manager H. L. Woehling at his earliest opportunity in order to start on an even footing with the rest.

The Pennsylvania publishes a list of fourth year men delinquent in handing in their material for the Senior Record. This, the last week for handing in the pictures and write-ups, shows about 160 still due.

HOCKEY TEAM, 1910-1911

HOCKEY TEAM TO PLAY SEVERAL STRONG TEAMS

Game With Providence Hockey Club
To-night At Providence

VICTORY AT MID-YEARS.

Management Hopes To Arrange Date
With Yale.

The Hockey team is to play several hard games within the next two weeks. The first of this series will be with the Providence Hockey Club at Providence, to-night. This team was defeated by the Boston Hockey Club with a score of 3 to 0. The Institute team has also lost to that Club in a game, which was very closely contested. Judging from the results of these two games, the contest to-night should be very close and it is hard to predict which team will win.

Next Thursday night, the team plays Williams at the Arena. This is one of the biggest hockey events of the season and an exhibition well worth seeing is expected. The management is now trying to arrange a game with Yale at the Arena. Tech beat Massachusetts Agricultural College, during mid-year week by a score of 4 to 3. Since M. A. C. has beaten Yale 4 to 1, it seems quite probable that the Institute men could gain a victory from Yale. Owing to poor ice a special period had to be played in the Tech vs. M. A. C. game. Owing to bad weather the game with Amherst, scheduled for January 28, had to be called off. On the twenty-fourth of this month the team will take a trip to Montreal to play the Crescent A. C.

1911 BOARD OF DIRECTORS MEETING

Class Day Committee Election Plans

At a meeting of the 1911 Board of Directors last night, various matters relative to the election of the Class Day Committee were acted upon.

The names of all men in the Institute who entered with the Class of 1911, and who have paid all dues to that class up to and including the Junior year and have signed the class constitution, (Continued on page 3)

R. E. FLANDERS TALKS ON GEAR CUTTING

Mechanical Engineering Hears
Interesting Address By
An Expert

LARGE NUMBER PRESENT

Talk Illustrated by Slides
Specially Prepared.

Before a meeting of the M. E. Society, Mr. R. E. Flanders, yesterday afternoon, addressed a large audience in Room 11, Engineering B, on the subject of gear cutting machines.

In introducing his subject, the speaker said, "First I will speak on a subject of which I know nothing. I am going to say a few words about gold mining in the West. When a prospector finds a small deposit worth about two thousand dollars, he naturally wants to locate the mother lode. There are two ways of doing this. One way is to pack his equipment on a burro and prospect until the lode is found. The other, and which I think is the right way, is to work up the main stream to its source, to then follow the branches and all the sub-branches to their sources. This is the scientific method. Any scientific subject to be treated in a comprehensive manner must be treated by some such similar analysis, and this is the method I propose to pursue in the talk this afternoon."

Mr. Flanders, then proceeded to divide the subject of gear cutting machines into its important branches, and then discussed each branch in detail. Illustrations of many of the mechanical methods of cutting and shipping were thrown on the screen and these were thoroughly explained by the speaker. After these principles had been discussed, Mr. Flanders explained the main features of the Fellow's Gear Shaper Company's machine and the most characteristic English and German machines.

Hamilton Holt, managing editor of the Independent magazine, will be the guest of the press club at DePauw the latter part of January, and will deliver a lecture on "Commercial Journalism."

TECH PROFESSORS HAVE WONDERFUL AGES

Members Of Faculty Forced To
Give Inside Information
About Themselves

AT C. E. STORY TELLING CONTEST

Music and Mirth Prime Factors In
Annual Get Together
Meeting.

One of the best get-together meetings ever held by the Civil Engineering Society, took place at the Union last night. About seventy-five students and most of the instructing staff of the department were present, and nearly every one had some story to tell to make the evening a success.

President Hausman, started the fun going, after dinner was finished, by calling the roll of the Professors and Instructors present, each one answering by giving his age and number of children. The answers showed that we truly have some wonderful men in our faculty.

It was announced early in the evening that each member of the society would be allowed four tickets for the moving picture show which is to be given in Huntington Hall next Friday. There will also be a talk in about two weeks on "Legal Engineering" by Mr. Frederic H. Fay, and in the spring an investigation trip will be made to the Cape Cod Canal.

Four prizes were offered for each of the following kinds of stories: (1) the biggest falsification, (2) the windiest story, (3) the flattest story, and (4) the worst story. The speakers awarded prizes were Professors Moore, Allen, Russell, Burton, Robbins, and Barrows.

Between the talks musical numbers were rendered by Messrs. Leary, Bowman, Sandstein, and others.

Among the serious talks given was the one of Dean Burton's in regard to the summer camp of the C. E. Department. It was announced that from now on this is to be a permanent thing.

C. E. LIMELIGHTS

Prof. Russell hogged this position. Prof. Breed's table took the prize for being the noisiest. Prof. Allen made a heroic effort. Bates claims there was a conspiracy to give all the prizes to the profs. Prof. Porter's absence was well explained.

CALENDAR

Saturday, Feb. 11.

1.30—Musical Club Picture—Not-man's.
2.30—Swimming Meet—Cabot Tank
—Orchestra Practice—Union.

SATURDAY FEBRUARY 11, 1911

The Calendar Committee has at best a difficult time in avoiding conflicts between the meeting of Institute organizations, and without the co-operation of the organizations themselves, the difficulties are made unnecessarily great. Every student organization owes a certain amount of co-operation to the Committee. In the first place, the manager or secretary of each organization should send to the Committee a schedule of coming events as far in advance as possible. In this way, the Committee will be able to notify organizations of conflicting events in time to permit the changing of a date and the prevention of a conflict. In the second place, an organization should be ready to acknowledge the precedence of another society and act upon the notice from the Calendar Committee. If this had been done, the conflict between the underclass meet and the swimming meet last Saturday might have been avoided. Let us hope that it is not yet too late to prevent a conflict next Friday night.

With the announced intention of keeping students from down town dance halls, the track team of Minnecota has started a system of weekly dances to run through the winter. It is expected that a more cordial college spirit will in this way be fostered.

Thirty-five bouts were necessary to handle all of the candidates out for wrestling at Columbia.

Penn's track material looks encouraging as all of last year's championship team have returned to the field with but one minor exception.

Stanford undergraduates are forming a mororcycle club.

The American college which has the greatest percentage of its alumni in Who's Who, is Amherst. The percent. is 6.6.

VICE-PRES. SHERMAN ADVISES COLLEGE MEN

Mr. Sherman Says Every Graduate Should Be Active In Public Affairs

In a contribution to the Yale Daily News, Vice President Sherman says, that every college graduate should take an interest in Public affairs, but that not many should go into public life. He writes as follows: "I would not advise any college graduate, who, outside of his book learning, was reasonably bright and industrious, to enter the service in some of the minor positions, even though the compensations offered looked to him at the time rather attractive, and even though when coming from college he had a debt which he had contracted and was eager to pay off. I would not advise him to do that, because I think holding minor positions in the Government service is very apt to be working in a rut, and once you get into a rut it is very difficult to get out. It is not, as a rule, a life that broadens a man."

Mr. Sherman holds that it is the duty of every young man to take an active interest in political affairs, not simply in national elections, but "so far as our little municipalities are concerned where we are all interested in having honesty and efficiency in public service." He says, broadly speaking, he has yet to find a single instance where he thought a college education was not a distinct benefit to a man.

CORPORAL APPOINTMENTS FOR CORPS ANNOUNCED

Capt. Bookmiller Is Well Pleased With Progress Of Battalion

For the Freshman Battalion, the following appointments of non-commissioned officers are announced.

To Be Corporals, Company A:

- | | |
|-------------------|------------------|
| 1. J. A. Judge. | 4. H. S. Busby. |
| 2. G. S. Stevens. | 5. L. S. Hall. |
| 3. E. H. Davis. | 6. A. E. Hanson. |

To Be Corporals, Company B:

- | | |
|--------------------|-------------------|
| 1. A. P. Shepard. | 4. J. C. Moore. |
| 2. F. A. Ralton. | 5. R. F. Zecha. |
| 3. G. E. Whitwell. | 6. P. M. Currier. |

To Be Corporals, Company C:

- | | |
|-------------------|------------------|
| 1. L. W. Burnham. | 4. F. E. Waters. |
| 2. M. Levinson. | 5. L. A. Wilson. |
| 3. E. M. Newlin. | 6. H. T. Bent. |

To Be Corporals, Company D:

- | | |
|---------------------|-------------------|
| 1. K. S. Johnson. | 4. A.W. Mudge Jr. |
| 2. R. W. Moorhouse. | 5. E. P. Karns. |
| 3. R. E. Wells. | 6. H. G. Storke. |

To Be Color Sergeant: L. Schwartz.

The drill of the Corps is progressing evenly, and the last half of the two-hour period is used for Battalion drill and ceremonies. The execution of the different evolutions is calling forth many favorable comments and the balcony at the Armory is crowded when the corps is drilling.

Certain undergraduates at Brown are planning to hold a debate in French. They expect to receive both oratorical and French credit for their efforts.

VARSITY BASKET BALL TEAM PLAYS BROWN

The Varsity Basket Ball Team goes to Providence to-night to play Brown. The game will be fast and in all probability much closer than the game here in The Gym., for the Brown team have picked up very fast since the night that they played in Boston. Last Saturday they defeated Yale by a score of 39-15 at Providence and Wednesday, they were covered up by Williams to the score of 28-17. It is easy to see that the game will be very close from these comparative scores, but at the same time it looks as though the Varsity would be able to get away with the game without a whole lot a difficulty.

The men are all in the best of condition for this trip and they will give Brown a good fight. Capt. Parker has put them through a lot of hard work in the past week and as a result the team-work has been greatly improved. The men have to a large extent, regained their form of the earlier part of the season. In the scoring line Palmer and Ell are expected to do some pretty shooting. Brown's game is the short pass and long shot, but with the men covering as closely as they are at present it will be hard to get a chance to try this shooting stunt. The men are confident that they will give Brown another game like the one which was played in the Gym.

Brown won the Yale game simply through the fact that the Yale men could not cover close enough to stop Brown's long shoot, but Williams was able to stop it and to any one who saw the game at Williamstown it would seem as though our Varsity could cover up closely enough to do the stunt.

The line-up:
TECHNOLOGY
 Palmer, r.f.
 Ell, l.f.
 Parker, (Capt.) c.
 Schar, r.b.
 Crocker, l.b.

BROWN
 Snell, l.b.
 Adams, r.x.
 Schulze, c.
 McKay, (Capt.) l.f.
 Sullivan, r.f.

(Continued from page 1)
 are eligible to be placed on the ballot. In addition, the names of all others entering before or since that time, who are now taking a majority of subjects with the class of 1911, and who have signed or do sign the constitution before March 1st, will also appear on the ballot. Those men who wish to be eligible, but who have lost their membership in the class on account of non-payment of dues previous to this year, will be given until March 1st, at 4.00 P. M., to settle up in full and become reinstated. A list of all at present eligible will be posted on the bulletin in the Union in a few days, and every man should see that his name is on the list.

The method of election will be as follows: On the first ballot, will appear the names as above, and the twenty-five men securing the highest votes, will constitute with President D. R. Stevens, whose name does not appear on the ballot, the Class Day Committee. A second ballot will then be prepared with only these twenty-five names upon it, and the class will be asked to vote for three men for marshals, the man receiving the highest vote to be declared elected first marshal, etc.

An important class-meeting is called for Monday, February 20th, at 1.00 P. M. in 11 Eng. B. Matters relating to the Portfolio Committee will be presented to the class, and the coming election more fully explained.

IN THE LIMELIGHT.

The registrar reports, that the enrollment for the second half-year is 1500 students. The percentage of men leaving the Institute at the time of the winter recess was unusually small.

The Catholic Club held a dance in Whitney Hall, Brookline, Wednesday evening.

Remember, your grinds must be in before the 20th.

Seniors who have not yet had their pictures taken for the Portfolio had better get their faces shot as soon as possible.
