Hockey Team 1910-1911

TECH MEETS WILLIAMS AT ARENA
SCORE: TECH 12, WILLIAMS 3

At the Arena last night, the Tech hockey team met an unknown and unexpected difficulty and demonstrated Tech's superior ability in the ice as the most exciting manner. There was nothing to the game but Tech from the very first minutes of play. The team work of Tech was remarkable while the conclusion of Williams was indeed remarkable.

The very first face-off, Tech took possession of the puck and carried it clear down to Williams' goal. The park remained there for about three minutes and then Petersen of Tech made a goal and was ruled off for two minutes. During all this time, Tech rushed the puck all around Williams' goal and kept its defenders very busy indeed. At the first score was made by Hartman of Tech over ten minutes of play.

But three more minutes went by and Tech made a second goal. The puck went worry about the Williams goal minutes later. Shaw of Tech won another goal, as usual, for Tech. Just before the end of the half, Ranney was ruled off for two minutes. When the first half ended, the cheering was intense and Tech's rooters outdrew them.

The second half was much the same. Scovill and Sloane starred for Tech, and Petersen starred for Williams. The final score was: Tech 12, Williams 3.

TECHNICUE BOARD PROMISES MUCH

Working Hard For Ads. etc.
Sign-Up Books Issued

Things are coming to a head for the 1912 Technique, and two meetings a week are now being held by the board, which is working hard, both for ads. and material for the remaining pages of the book. The accuracy of some of the societies are very delinquent in getting the lists of members in to the board. Another unfortunate fact is that grinds are not coming in as fast as was hoped for. Very truly it is said, that "Procrastination is the thief of time." and time is short.

Steps for signing up for the books, have been issued and are in the hands of the meiers of the Board. A deposit of fifty cents is required with each signature. All men who do not sign up will not get a book.

Apropos of this limiting of the number of copies printed, it is to be borne in mind that Technique this year will only be an extremely fine example of the printing art but will be a book worthy of the Institute and with the books of the last few years in consideration, this is saying a good deal.

C. E. MOVING PICTURE SHOW TO BE HIT OF THE SEASON

Dinner Moving Eng To Provide Local Color. Entertainment To Last One Hour And A Half. Admission By Ticket Only.

The meeting of the Civil Engineering Society this evening in Huntington Hall will be the largest ever held in our engineering society at the Institute. Nearby all members have taken their tickets four tickets and there will be many ladies in the audience. Among the invited guests are the members of the faculty, Frederick H. Pay, '93, and Albert H. Storrie, W.B. the Boston engineering department and other mem-

ber of the alumni. In order to carry our the idea of a moving picture show a program has been engaged for the event. The entertainment will probably last about one and one-half hours. Admission will be by tickets only.

Cortell University has decided to establish a Department of Forestry and under the present plan the work of instruction may start next fall. Prof. Walter Mulford, of Michigan University, has been called to Cornell to take charge of the new department, and will take up the organization of the work the latter part of this month.

FRIDAY, FEBRUARY 17, 1911

The majority of the departments in Technique are more or less similar in nature to those to be found in any account of their cut-and-dried nature. Among the few departments which are capable of greater variety and expansion, the Grind Department stands pre-eminent. This department adds considerably to the individuality of the Technique and can be worked up indefinitely. It is supposed to give a lot of local color to the book and should thus include ovals on as many phases of Institute life as possible. In order to do this thoroughly and not to slight any part, the co-operation of everybody is necessary. Lots of funny things are happening every day. Remember that funny one you laughed at in math class the other day? Add it to the Grind editor and leave it at the Cage. You may get the free Technique. All grinds must be in next Monday, so do it now.

A club for the promotion of wireless telegraphy has been formed at Harvard.

Two hundred track men at Cornell tendered a banquet to the champion cross-country team recently.

A new club has been formed at Chicago for the purpose of studying drama and for actual experience in play-writing.

LIMELIGHT
What about TECH?
The Armory was some resplendent Wednesday afternoon.
How did the piano-playing at the Union yesterday make your day?
By the way, Where was the music last night?
Will you come to the military hop March '10?
Duffy sure is a song-writer.

The Electricals visited the main Tell-epHONE exchange yesterday after noon and saw 1200 operators at work, also 1210 switches.

COMMUNICATIONS
Editor of The Tech—
In yesterday's paper you published a communication from Mr. Donald Stevens in regard to a conflict of dates between the Rocket Ball Team and the Civil Engineering Society, in which Mr. Stevens emphatically stated that the Calendar Committee is not at fault but that the blame belongs to the Society. I do not for a moment question Mr. Stevens' sincerity, but he has evidently been misled to some extent. Mr. Stevens stated, "Dates are posted on the calendars as far as ahead as known...the C. E. Society...without consulting the calendar...arranged for that evening." The facts of the matter are that we DID CONSULT the calendar and NO DATES later than the following week WERE POSTED. Only a week ago I called the attention of Mr. Stevens to the Calendar for the Captains of the Rocket Ball Team, to this, and we both carefully examined the calendar and found no information thereon. The Calendar Committee may have known the dates but they were not posted.

The dates should be posted. If the Calendar Committee is incompetent—namely, as a suggestion—why not arrange activity space on the Bulletin Board to post its dates? Also, why not try to shift it to some innocent party?

Ineas H. Lang.
Pres. C. E. Society.

To the Editor of The Tech—
With regard to the communication in yesterday's paper from Mr. Donald Stevens in which he says that the facts for these conflicts lie with the heads of activities who have not answered the Calendar Committee's request for dates and schedules which were arranged. I should like to make it plain that I received no request from the Calendar Committee for any schedule and although I did not send them a copy, I consider that publishing the schedule in The Tech several times as I have was enough. I do not consider that I can be held responsible for the conflict and last night I understood that the Calendar Committee arranged during mid-week when the Calendar Committee was not here. It would seem as though they should also be excoriated for this. I expect that any conflict between the Calendar Committee and the E. S. Committee will be worked out satisfactorily, and indeed that which has been the partial cause of the discussion and it has not yet appeared in the Calendar. Does that sound very well for the Committee?

Very truly yours,
L. W. Chandler, Mgr.
Basket Ball Team.

ANNOUNCEMENT
Mr. A. G. Morse, formerly of Morse & Henderson, is prepared to receive his customers at his old address, 18 Boylston Street, Room 14, where he will display selected importations in suitings, overcoats, etc. He has secured the services of Mr. C. B. Allen, who, for thirteen years, has been cutter for H. B. Curtis, Tremont Building. Mr. Morse believes that in Mr. Allen he has a competent cutter, informed with the latest principles and ideas in the art of cutting.

Your patronage is solicited.

HOLIDAY GAME ATTRACTION

MUCH OUTSIDE ATTENTION

Both Basket Ball Teams Are Rounding Into Championship Form

DARTMOUTH vs TECHNOLOGY

Intercollegiate Game Between The Halves Will Bear Watching; Odds Seem To Favor Freshman.

Dartmouth vs. Technology at the Gym on Washington's Birthday and yet not a sixth part of the student body seem to be aware of the fact. The game will be a fast one and one which will be well worth the price of admission and it should be attended by every loyal Tech man. There will be no conflicts with any other activities except the Musical Society, who will be in Northampton and nobody else has any kind of a good excuse for not being there. The game has been announced a number of times and there should be a much better response to the ticket sale than has been found up to date. Dartmouth will bring a good bunch of rooters and we want to show them that we can back our team in The Gym. You have supported the Williams-Tech hockey in fine style and the basketball team needs just as much support as the hockey team and we ask for it.

The team will play a good game and with a little encouragement should be able to take the game from the Hanover team. The management are doing every thing possible to provide extra seats for the evening and there will in all probability, be a section of seats reserved in the center of the stands.

The Dartmouth manager writes that his team is coming up very rapidly, that they are playing a great deal better basketball half than they did on the Western trip when they lost to Colgate and Syracuse. They are playing, Williams at Hanover tonight and on the results of this game there will be change for a good comparison of the two teams, that are to meet in The Gym on Washington's Birthday. They are also playing in Medford on the twenty-first and will in that way give more comparative scores. Johnny Mullen, the veteran captain of the Green team, is the son of the Chief of the Boston Fire Department and it is to be expected that the great chief will be present and cheer for his son's team. The Dartmouth Alumni have responded generously to the call which the management sent out to them and will back their team to the limit on the Holiday game. The Institute Team is playing in Middletown on Tuesday night as the opening attraction of Junior Week at Middletown.
