FIRST CALL FOR MEN—SHOW MEN WANTED

Coach Sanger Will Meet Men at 4:30 in the Union Today.

This afternoon, at 4:30, the first grand opening of Tech Show will be held in the Union dining room. As it is the first time that clubs interested to try out for positions in the cast and chorus, Coach Eugene Sanger and Stage Manager G. H. Krueger will give the first instructions concerning the selection of the young men so that no man who intends to try out for the Show should miss this first meeting.

The play leads itself admirably to modern staging. The first act opens with a boulevard cafe scene in Seville, the stage filled with the memory through always found in such a locality. With the exception of perhaps half a dozen characters, however, the personnel of the cast is not Spanish. It is in reality an American cast found in a foreign setting. Several of the characters are typical American college men, having various and typical American characteristics. Another is an American manufacturer with a charming daughter. Naturally with this one, the real type of the American girl and the innumerable Spanish señoritas who compose the greatest part of the feminine cast, complications come thick and fast, and there is never an idle moment from the first rise of the curtain to its final drop at the grand opening of Tech Show, 1912.

WRESTLING TEAM LOSES TO Y. M. C. U.

Although outmatched, the wrestling team pulled a tooth out of Tech Tuesday, against Y. M. C. U., Saturday, at the Y. M. C. U. stadium. The bout was the junior class, between T. O'Hara of the Y. M. C. U. and A. H. Means of Tech. T. O'Hara was the aggressor in all the way through and pushed Means back to the other end of the mat. He nearly had Means down in the tenth minute, but Means held on by getting off the mat. At the end of the fifteen minutes the referee gave the decision to T. O'Hara.

W. Jeannett of the Y. M. C. U. and C. A. Hodgetts of Tech, in the 158-pound class, were between T. O'Hara and A. H. Means. Hodgetts wrestled the first fifteen minutes without a fall, but T. O'Hara got the decision. He nearly had Hodgetts several times, but Hodgetts was very clever in making the holds stand for his own advantage. Hodgetts swept back the other end of the mat, but T. O'Hara held on and was declared the winner.

Doble of Tech and T. O'Hara of the Y. M. C. U. in the 158-pound class, met the other end of the mat, but T. O'Hara got the first hold and put Doble down in two minutes and twenty-four seconds. The interesting event of the evening was the match between T. O'Hara and Dr. Tovamnan of the Y. M. C. U. They wrestled the first fifteen minutes without a fall, but T. O'Hara got the decision. He nearly had Tovamnan several times, but Tovamnan held on and the referee decided the time was up.

Between the bouts the aromatical championship was held between T. O'Hara and Dr. Tovamnan, a very interesting exhibition of balancing, and Dr. Tovamnan won.

The summary was as follows: 158-pound class—Dr. Tovamnan, 2; T. O'Hara, 0. In the 145-pound class, A. H. Means defeated C. A. Hodgetts. In the 135-pound class—J. Ryon, 0; C. A. Hodgetts, 0.

WESLEYAN VICTORIOUS.

Institute Team Easily Outclassed

Last Saturday night the strong Wesleyan basketball team easily defeated the Mendocino Tech team. The game was held in the Union, and in the second half they played a game easily contested by both teams. The score at the end of the first half was 33 to 5 in favor of the Middletown Five.

Twist, Dwyer, of Medford, who covered the distance in a heat for second men and the finals. The time was very fast, 4.1-5.6 seconds. In the 300-yard run O'Brien jumped the lead and gained steadily on his opponents until the finish, although nearly moved ahead of Barry, who also ran a very good race but could not catch his teammate. Twist's run opened up a lead of forty yards, and also as first man in the relay race opened up a lead of forty yards, which remained all through the race. The thirty-sixth out dash was the first event on the program and was run off in six heats, two semi-finals, a heat for second men and the finals. All the heats were closely contested and the Medford High fellows showed the Tech youngsters some skating that they never expected.

The best best was run by Mr. McFarland of the Medford High School, who covered the distance in 10.4 seconds. In the third heat Barry won the heat, second place going to Dwyer of Medford second, and Barry third. The time was very fast, 10.4-10.6 seconds. In the 600-yard run Barry led off and gained steadily on his opponents until the finish. Again the Tech men were the victors in the 1000-yard run, where Hill took the first place, followed by J. C. Mears of Medford, and Spencer of Tech. McFarland was a steady man as a runner when he took the lead at the first of the race, and was never headed by either of his opponents, which that pulled him, Lovell and Gonor, who finished in the order named. In the shot put O'Brien easily captured the medal with his teammate, Crowell. Dywey of Medford was the third man. In the high jump the captain of the Freshmen, Tosaak, took the bar at the greatest height but was pushed hard by Trion and Langdon of Medford.

The relay race, which came last on the program, gave the Freshmen. O'Brien, the first man, to start for the 1915 team, jumped in to the lead and gained on his man, Law (Continued on Page 3.)

CALENDAR.

In Charge of S. H. Jaynes, 1914.

Monday, February 19, 7:30—Hockey vs. Williams— Arena.
Tuesday, February 19, 8:00—American College of Commerce— Arena.
Tuesday, February 19, 11:00—Meeting for Show Principals— Union.

FRESHMEN VICTORS IN MEDFORD DUAL MEET

1915 Easily Defeats Medford at Gym—O'Brien Again Leads

by Star Work.

O'Brien again showed his strength of heart and bravery on another occasion when he took second place in the Union relay race on another victory in their meet with the Medford High School track team, which took place at the Gym Saturday afternoon. O'Brien, who has shown considerable speed, was the medal was won by E. S. Searles, who has been Tech's most important competitors for the last few years.
THE TECH

COMMUNICATION.

To invite communications from all men in the junior- and senior-year departments. We take no responsibility for their sentiments and do not agree that anyone may come in, whether they are signed or not.

To the Editor of THE TECH:

At the basketball game in the Gym with Brown on Wednesday night, the President of the Senior Class appointed the official cheer leader, was conspicuous by his absence. Now it seems to me that this was the basketball team's only game they might have had a little organized cheering to help them out. During the last half of the game a few good cheers given at the right time might have made a different story of the score, because, during that part of the game, the team scored three more points than Brown did.

Now it has always been the custom that the President of the Senior Class was by virtue of his office the official Cheer Leader at the Institute. When the occasion demands, and they are few enough, that one of the Tech teams plays a home game it seems strange that it cannot have the support of the students to back it. If the President of the Senior Class is not interested in Institute activities let him resign the office, or do as has been done in the past. Last year a substitute cheer leader was appointed by the Senior Class President and he attended a large majority of the games.

If the teams and the students know that there would be cheering at the games a greater amount of spirit would prevail than is now evident. One Tech man at the game the other night who possessed the proper spirit got up and led a couple of feeble cheers, which showed that there are a few men here who lack only leadership when it comes to cheering.

The instance of the hockey team at Syracuse shows what real Tech spirit should be. If a handful of loyal students turn out with a proper cheer leader and support their own team? "Excuse!"

SENIOR PORTFOLIO.

Essential That Pictures Be Taken Before Tuesday.

The Senior Portfolio Committee reports that a large proportion of the class have had their pictures taken, but that there is still a considerable number who have not done so. In order that the Portfolio be not cut off on time, during the first week in May, it is absolutely essential that all the photographs be taken by February 29. It is not too late now to make an appointment, and it is necessary for the success of the book for everyone to make a decided effort to get the pictures taken before the last day. That day, Monday, March 2, at Hearst's studio, 725A Boylston street, between Exeter and Fairfield streets.

So far only a few men have shown any intention of buying a Portfolio by signing up. This ought to be done now as the Class Day Committee comes along later and it will be too late to split up the expenses. The members of the committee all have signed up books and are only too glad to use them.

The Weather Man has more trouble coming. The world is too much with us, enough, but now he has to take care of the sun also.

In looking over a back issue of THE TECH we noticed that East Livington, the aviator, was awarded his I.F. and c.f. in 1916. The aviator must have had some athletic in his day.
TECH PLAYS WILLIAMS.

Hockey Team Meets the Purple
Seven at the Arena Tonight.

Tomorrow evening the hockey team plays Williams at the Arena. It promises to be a fast and close game for each of the contestants have shown some fine hockey up to date. Williams has won the majority of its games, playing a tie game with the Maine Maroons and defeating the Milton Academy in its first contest, but were defeated by Amherst last Saturday. The Tech seven has won most of its games in good style, having defeated West Point and Syracuse by large scores and shutting out Amherst with a 4 to 0 score.

The team has not been able to practice regularly last week because of the skating races at the Arena, but the men are all in good condition and should win. Captain Sloan is playing fine hockey and promises to be the star of the game. Horbitt will make him hustle for first honors. Ranney is a tower of strength in the goal and is not letting many of the shots get by him. Eichorn is playing a consistent game at point.

Curtis and Cutler are the best forwards on the Williams team and will give the Tech defense a lot of trouble. Cole is a clever goal tender.

Tech, Williams, Ranney, Sloan, C., Cole.
Wernick, T., Currie, r. w., w. Curtis.
Sterke, t. w., w. Cutler.
Sloan, e. Field.

FRESHMEN WIN MEET.
(Continued from Page 1.)

At every step Thomas the second man for the home team, ran against Coddington of Medford, and they both hold their respective positions. These men were followed by Homan of Tech, and Brown of Medford. Brown gaining slightly on his opponent, while Barry, who ran last for Tech, took back the lead which O'Brien set, and they finished thirty yards ahead of the high school team.

Mitchell was the last man to run for the out-of-town school.

One of the interesting things about the meet was the attendance of some fine young ladies who came to root for their boys, but little of this was done. The final score was: Tech, 51; Medford, 16.

1000-yard run: 1st, Hill, T.; 2nd, McNamee, M.; 3rd, Spencer, T. Time, 3 minutes 40.5-5 seconds.
