Mr. Beekman, 1900, Will Discuss Relations of Architects to Engineers.

The smoker of the Architectural Engineering Society which is to be held on Friday evening, February 23rd, in 42 Pierce, should be one of the most interesting and instructive as an engineer and as an architect. Mr. John D. V. Beekman, who graduated from the Institute in 1896, and who is now with Whidden & Co., contractors, of Boston, has consented to prepare a report on the Relations of the Architectural Engineer to the Engineering Profession. This subject is one of paramount value to every young architect, and much will doubtless be said that will be of advantage to every man.

Tickets are now being sold by several of the Option 2 men, and they can be seen at any time in the afternoon in Pierce.

Wireless Club.

Record Membership Attained—Outfitting Completed.

The Wireless Club, whose station is in one of the buildings of the Electrical Engineering Laboratory, has already regained a membership of thirty active workers, although it is only a half year old, since the society was revived by a few determined enthusiasts. The club has now installed the Kitcha transformer, given to them anonymously about four months ago, with its aid be able to send considerable distances. The recent addition of an auxiliary spark gap has also greatly increased the sending range.

The club members have been able to carry on an extended conversation with Highland Light, a station sixty miles away, and have received messages from such distant centers as New York and San Francisco.

The society is actively working on a list of the amateur stations in the vicinity of Boston, but the list is not yet completed. Communication with other college outfits is promised soon, and the Tufts society is increasing the power of its sending set, which is present in rapid variation.

The society intends to hold a meeting on the afternoon of Monday, March 1, at which the vice-president, Mr. Richmond, will deliver a paper on "Recording Outfits.

Orchestra Rehearsal.

The orchestra, which has not been heard from for some time, will resume its activity for the second term by holding its first rehearsal in the Union on Friday, February 23rd, at 4 o'clock. This rehearsal is mainly for the purpose of preparing for a concert to be given at Hadleyville within a very short time. It is hoped that all the members will be on hand promptly at the appointed time.

Tech show secures coach for music.

Mr. Jacques Benavente to have charge—well known musician.

From among the many men considered for the position of musical director for Tech show, 1912, the management has selected Mr. Jacques Benavente of Amsterdam, Holland. This choice has been made after mature deliberation on the part of the managers, and they are to be congratulated for obtaining such a composer for this work, which is an important part of the 1913 team last year. He is now first violinist of the Amsterdam Concert Society and a member of the orchestra. He is also one of the best known musical directors in the country, and has an enviable reputation both in the United States and in Europe. His experience has been extensive and varied, and during his career he has been connected with the most interesting and instructive events of the music world. He is a member of the American Society of Composers, Authors and Publishers, and has composed several operas and orchestral compositions that have been performed in the concerts of the best known musical societies in the country.

Hare and Hound Club elect chase captain.

E. M. Macdonald chosen for chase captain with A. F. Peaslee as assistant.

The Hare and Hound Club held its annual meeting in the Union Wednesday, after the minutes were read the members proceeded to elect a chase captain and assistant chase captains for the coming season. E. M. Macdonald, 1912, was elected captain. Although he had not run in a varsity team, Macdonald has done excellent work this season, and was captain of the 1913 team last year. He is now first violinist of the Amsterdam Concert Society and a member of the orchestra. He is also one of the best known musical directors in the country, and has an enviable reputation both in the United States and in Europe. His experience has been extensive and varied, and during his career he has been connected with the most interesting and instructive events of the music world. He is a member of the American Society of Composers, Authors and Publishers, and has composed several operas and orchestral compositions that have been performed in the concerts of the best known musical societies in the country.

Plans complete for cosmopolitan dance.

Several novel features arranged by the committee for the occasion.

The committee has made elaborate preparations for the dance which is to be given by the Cosmopolitan Club next Saturday evening at the Hotel Tulleries. The following men will act as under: L. H. Lehmkuhl, C. H. Carr, and D. G. Monti, B. H. Morash and R. W. Horeb. Several distinguished guests will be present at this occasion, among whom will be the Mexican Consul and members of his staff, the Chinese and Japanese consul representatives.

President Taft's secretary sends the excellency's regrets at not being able to accept the club's invitation. Following is another letter, unfortunately of a similar nature, from the British Ambassador:

Mr. James Bryce.

Dear Sir:

Thank you for your kind invitation to the dance given by the Cosmopolitan Club of the Tufts Institute and for the very kind words you have spoken of me and the relations which exist between the United States and this country. I am much bound to the professor for his kind message, but in my absence I have not the pleasure of accepting your invitation. I am, therefore, unable to attend.

Yours very faithfully,

James Bryce.

TALKS ON NAPOLEON

Mr. J. Holland Rose of England to Give Lowell Lectures.

There is to be a most interesting series of lectures given in the Lowell Institute during the next few weeks which should prove of great value to any man who is a lover of French History and Napoleon. Mr. J. Holland Rose, a reader of the University of Cambridge, England, and an author of minor works on Napoleon, will give the lectures under the following title:

"The Personality of Napoleon."

The first lecture will be given on February 28th, in Huntington Hall, at 5 o'clock P. M. Tickets can be had by applying to the Curator, or at the door at any lecture. The list of subjects is: "The Man," "As Jacobit," "As Warrior," "As Administrator," "As Boy," "As Thinker," "As World Leader," "As Exile."

TECHNIQUE ELECTORAL.

Ballots Due at Cage Tonight Before 10 P. M. From 1914 Men.

All ballots for the 1914 Technique Electoral Committees must be handed in at the Cage before it closes tonight. Ballots may be obtained by those who have not already voted at the Cage. The ballots are to elect twenty-five men from the class of 1914, who in turn elect those who are to edit and publish the 1914 Technique. This is the first word about that back, and it is the duty of every Sophomore to be sure and cast his vote today, thereby giving the under- taking a good initial start.

PROM COMMITTEE MEETS.

The Junior Prom Committee at its last meeting decided on the matrons and invitations are being sent out to them. The replies to these invitations are not yet all in, so the committee is not yet able to publish the list. The committee also decided on the music for the Prom and expects to publish the dance orders in about a week. Over 100 men have signed up, but the committee feels that more men should attend to this matter soon.

The stolen posters have not yet been returned, so that the Poster Committee has been greatly hampered in its work. Since the close of the Show poster competition, however, more posters are being submitted to the committee. The competition will close March 2.

MUSICAL DIRECTOR.

(Continued from Page 1, Col. 2.) Able to perform exceptionally well upon several instruments.

With college theatres is not at all new to Mr. Benavente. He has had previous connection with Tech Show and Pi Beta of Harvard. With Tech Show, 1907, "William, Willie and Bill," he did the entire work upon the orchestration. He is very much pleased to be back again with the Show and expressed his delight at the large number of men who have repotted for the cast. At the trials Tuesday and Wednesday afterno n he was greatly surprised at the general excellence of the voices which he tried out at that time.

This general interest which has been shown by the students has not been all limited to the field of which Mr. Benavente has charge. Mr. Bratton Sanger was more than pleased when over one hundred men reported for parts as principals. He was only sorry that all of them could not be retained. In the poster competition, more than fifteen excellent drawings were submitted, any one of which might have been used as the poster for the Show. Moreover, thirty-five men have tried out for the various assistant managements that have been open to competition this year.
