ANOTHER VICTORY FOR SOPHOMORES

Easily Win in Rough Game With Abington Y. M. C. A. On Saturday.

In a fast, roughly-played game at the North Abington Y. M. C. A. Gym on Saturday, the Sophomores basketball team upheld the reputation with which they have this made this year by defeating their opponents by the one-sided score of 35 to 13. The Sophomores were somewhat handicapped at first as the floor was small and less baskets were placed high up, but they soon found their rhythm and easily outplayed the Y. M. C. A. five.

Abington drew blood in the first few minutes of the game, but the starting of the superior team work of the Sophomores soon brought them back and at the end of the first half the score stood 26 to 11 in their favor. In the second half the men had everything their own way during the second half in spite of the rough game that the Y. M. C. A. men put up.

The Soph's usual good team work was their strong point and greatly responsible for juggling up the large score. This is their fifth game and they are responsible for piling up the large score. Their strong point and greatly responsible for their favorable margin. The second year men had their team worked up to a high fever, but they soon found their level again and were confident of a victory, but the superior team work of the Sophomores soon brought them back and at the end of the first half the score stood 26 to 11 in their favor. In the second half the men had everything their own way during the second half in spite of the rough game that the Y. M. C. A. men put up.

The Soph's usual good team work was their strong point and greatly responsible for juggling up the large score. This is their fifth game and they are responsible for piling up the large score. Their strong point and greatly responsible for their favorable margin. The second year men had their team worked up to a high fever, but they soon found their level again and were confident of a victory, but the superior team work of the Sophomores soon brought them back and at the end of the first half the score stood 26 to 11 in their favor. In the second half the men had everything their own way during the second half in spite of the rough game that the Y. M. C. A. men put up.

The summary:

The Sophomores' usual good team work was their strong point and greatly responsible for juggling up the large score. This is their fifth game and they are responsible for piling up the large score. Their strong point and greatly responsible for their favorable margin. The second year men had their team worked up to a high fever, but they soon found their level again and were confident of a victory, but the superior team work of the Sophomores soon brought them back and at the end of the first half the score stood 26 to 11 in their favor. In the second half the men had everything their own way during the second half in spite of the rough game that the Y. M. C. A. men put up.

THE TECH

Published each saturday, except during the summer, during the college year by students of the Massachusetts Institute of Technology.

Started as a second-class matter, Sept. 15, 1878, under the laws of Massachusetts, under the title of the "Technic," and is in all respects as follows:

Managing Board:
L. W. Chandler, '99, General Manager
A. M. H. Brown, '99, Associate General Manager
C. A. Cory, '92, Managing Editor
A. L. Hartwell, '92, Business Manager
L. H. Lehmann, '93, Assistant Manager
P. L. Goodwin, '93, Circulation Manager
E. E. Van Valkenburg, '91, Ass't Business Mgr.

New Board:
M. A. Ottinis, '91, Editor
R. N. Lewis, '91, Associate Editors

News Staff:
R. H. Taylor, '91, Business Manager
D. B. Mann, '91, Assistant Business Manager
R. L. Adams, '91, P. C. Fesse, '91, Associate Business Manager
P. F. Law, '91, Assistant Business Manager

Stump:
J. A. Sturtevant, '90, Circulation Manager

Business Staff:

In Charge of Thursday Issue:
EDITOJ.—S. T. Taylor, '91, Associate Editor, '91.

Sophia will again.

DISS OF MEMBERS.

The elections to the Technique's Editorial Board have brought before the Institute the old problem of class dominance. Of the eight selected to serve on the board only a small proportion have paid their class dues. Of course they cannot hold office unless the necessary money is forthcoming.

This is illustrative of a more general point. The class must be the center of spirit among college students, and, therefore, to the college itself. Therefore the class should be the first thing a man considers in his support, and the first aid to be given to the class. The class spirit should not be destroyed.

Many Institute men seem to lack in the team. This ground seems to be justifiable because of the vast increase in the United States. The free use of the United States seems to be justifiable because of the large increase in the United States and the greatly increased attendance over the past few years.

The Editor will say, "Men of all classes, pay up!"

This is indicative of a more general point. The class must be the center of spirit among college students, and the college itself.

To the Editor of THE TECH:

Tennis has been supported strongly and liberally by the Advisory Council on athletics. We have done everything from a financial standpoint which the tennis court has asked, viz., pay the salaries in the N. E. I. C. L. A. and ferry fees for its competitions at its annual tournaments, and provide tennis courts at Technology Field, and a good deal of money has been expended in getting them in condition for spring work and again in the fall, and the courts have been in constant use, and men actually waiting almost every day to play on them. The field has been kept open during June, and the last four or five years almost solely for the benefit of tennis enthusiasts, and as a final statement, no charge has ever been made for the use of the courts, this year, as th is year, and the tennis court was also open during June, and the last four or five years almost solely for the benefit of tennis enthusiasts, and as a final statement, no charge has ever been made for the use of the courts, this year, and the tennis court was also open during June, and the last four or five years almost solely for the benefit of tennis enthusiasts.

The only criticism which might possibly be made is that we only have two tennis courts, and as the Advisory Council have seen for the last three or four years the possibility of more, and as the construction of a single court (Continued on Page 3.)

COMMUNICATION.

We invite communications from all men in the Institute on important subjects. We take an interest in their work and do not agree with the idea that men may come in, whether they are signed or not.

The Editor to THE TECH:

This afternoon, at 4.30, the Editors will meet candidates for the new subscription to THE TECH in the Lower Office. At that time we will explain what the requirements are, and what the work is like. The possibilities of the work vary. We would be pleased to see any men that have the inclination to come and see, and any man that attends need feel that he must come out unless he feels that it will be worth his while.
