CLOSE OF SUCCESSFUL HOCKEY SEASON
LEAVES BRIGHT OUTLOOK FOR FUTURE.

Work Entitles Team to High Intercollegiate Rank--Captain Doc Sloan Heads List of Brilliant Players.

The Tech hockey team has finished the season with a record that has been bolstered by a very few colleges in the country. The team has been honored by only one college, and have won five out of the eight games played. Although counting the practice games with the final results and H. A. T., technical got the first of the season.

The call for candidates at the beginning of the season brought in a strong squad, among which were three of last year's team. These men were Captain V. G. Sloan, 1912, P. J. L. Hurhurt, 1912, and H. S. Storke, 1912. In addition, H. N. Harnby, 1912, W. M. Siemick, 1912, and J. H. Whitehaye, 1912, of last year's squad, also contributed again.

The new members of the team were C. Stucklen, 1912, who came to Tech this year from Northampton, and who is a brother of Heinie Stucklen, the crack forward last year, and L. F. Fletcher, a first-year man, who won a star at Pennsylvania Technical High school. Much credit is due to Coach Clifford for the way in which he has developed the team, and much of its success is due to him.

Captain Sloan's work stands out above all the other members of the team. His clever handling of the game has made him a recognized leader of his team out of all the other hockey players in the collegiate ranks, and his cool head will be most felt by his team next year. Of the goals scored by the team, he has handled 12, and his ejection of the puck has been of the same approximate age. The Tech team has no trouble in winning by a score of 1 to 0. The game with Harvard was a walkover for the Tech team and they won by a score of 4 to 1. This was the first time that Tech won from Harvard in three years, and greatly increased the ranking of the Buckhounds.

The Tech team played three games on the mid-year trip and won all of them. The first of these, with the Harvard Hockey Club, was won by a score of 5 to 2. On the next night the team again won, this time from Syracuse University, by a score of 4 to 0. The game with West Point was very uneven, and the Cadets lost a score of 5 to 6. Tech has its only hockey game to Yale by a score of 4 to 3.

The next game was with Amherst at Amherst. In this all-night score Tech scored four points to Amherst's one, and completely outclassed the Purple and White. The last game of the season was with Williams at the Arena, and Tech had no trouble winning by a score of 6 to 1. A game was lost to Maine. Agnew is a score of 4 to 1, but on account of the weather to the Agile management agreed not to count the game.

The prospects for a champion team next year are exceptionally good. Storke and Stucklen are the only two men from the Tech team left for next year, but by adding eight veterans, the team will have a good start.

It might be interesting to note that there are a number of college papers of the same approximate age. The Yarmouth News is now publishing thrifty-fifth volume. The Yarmouth News is twenty-seven years old, the Amherst Student is in Vol. XLV, while the Tech passed its thirtieth milestone. In 1912, the Tech team was held by a score of 5 to 6. An extremely slippery floor and the loss of one of their good men, who went to Providence with the Harvard team, added to their lack of success. The Tech team was characterized by the work of the losers. The lineup was as follows:

So far as availability of speakers goes, I deny in toto. There were no inviting meetings known as convocation. It (the communication of Saturday) has been lost, and still we lack one of those atter of general interest. It (the communicatin of Saturday) has been lost, and still we lack one of those atter of general interest. Only one of the Committee meetings "are held in a Union. I am running the Dining Room Committee. "The writer has no knowledge of the in-\[\ldots\]
FRESHMAN TEAM DEFEATS BROOKLINE
New Rifle Team Starts Promising Season by Winning Its Initial Match.

Yesterday afternoon the newly organized freshman rifle team easily defeated that of the Brookline High School by the score of 313 to 296. Each squad comprised four men, each of whom fired ten shots, standing as a one-half inch bullseye, 25-yard range. All of the freshmen made good scores. P. E. Rudolph, the president of the club, made the highest mark, with 25; Chandler, his opponent, performed the best for Brookline, with 26 to his credit.

The winning of this match from the crack High School team, which up to this time has been defeated only twice out of ten contests, starts the junior class on a promising career. School President has had no experience in shooting. Williams, who fired the Massachusetts State squad last year, and Fessenden, Haslam and Rudolph belonged to the Brookline team in their senior year.

The summary:

Total: 313

Brookline: Jenkins, 67; Nourse, 69; Stevens, 65; Chandler, 66. Total this.

CATHOLIC CLUB WILL HOLD MEETING TODAY

Feature to Be Talk By Judge Murray of Municipal Court Circuit.

Wednesday evening, March 6, the Catholic Club will meet at its usual place in the Union at 6 p.m. Judge Murray, who will speak, has been honored figure in the Municipal Court Circuit, serving in judgment over both civil and criminal cases. Apart from his connection with the bench, those who have followed the history of the Republican party in the state of Massachusetts and even in Republican conventions, will recognize in the present Judge the creator, Michael J. Murray, who, through and again swept the State with his brilliant speeches. As a speaker at club balls and banquets, Judge Murray is in great demand, and having failed the year before, the club this year is indeed fortunate in securing his presence at its next meeting.

The dance committee will also hold a meeting at this time. The program of the evening will consist of a dance with the Band. As a feature to be talked about will be Mr. Murray's address, which is promised to be a mathematical treat.
