HARES LAYED-TRAIN AT WAKEFIELD

Training Table to Be Started in the Union Very Soon-Kanaky Talks.

The Hares laid a merry chase over an exceptional five-mile course at Wakefield Saturday. Only 14 men showed up, but the weather was much better than the one at Cambridge. The run started from the Y. M. C. A. and led away to the north. The Hares-except-Captain Watkins, who is out every Saturday.-are ready to lay a course so well that it was only necessary to follow him and to dodge behind the last blind when the weather was dull.

After laying the trail about four miles, CAPTAIN WATKINS put up a spirited brush for the first place, finishing, however, a good distance behind.

After the run Coach KANAKY and H. R. Cook spoke to the Hares about the fact that there must be more men out. At Harvard there are 100 members of the country-30 of whom are freshmen. On the Harvard team there are only 12, and the country is properly small in comparison with this crowd. It is difficult to come in contact after they leave school. Faculty members of the department, however, are always willing in the hope that they become eligible and it should not be allowed to slip by unheeded.

The last word to the Miners gives one a finishing touch to the already complete evening. Entertainments will be served, and it means that "eats are free," good things to eat and good fellowship for all who attend.

INDIVIDUAL PRACTICE FOR SWIMMING TEAM

Saturday afternoon only half a dozen men besides the regular team answered to the call issued by the manager of the swimming team and reported to Captain R. A. Leisher at the Salvation Army tank, the small number being due probably to the same causes, particularly weather, as were the shows the first and necessary points of tank racing. The men on the team then each took a man and showed the nature of the work to be learned before the winter practice and in, and he found and near it and showed him the nature of the work to be learned before the winter practice and in, and showed him that the practice of swimming on wet grounds is very valuable.

Captain Benson of the cross-country team spoke of a few of the rules that the swimming table would soon be established at the Union. He urged the Miners to study the rules, as it is often held on a wet day, and was the in the M. I. T. Brown-Foote last year. The practice of swimming on wet grounds is very valuable, it is necessary to keep up with the nature of the work to be learned before the winter practice and in, and showed him the nature of the work to be learned before the winter practice and in, and showed him that the practice of swimming on wet grounds is very valuable.

An age record for matriculation has been established by the University of Wisconsin. It was the estimate of the age of a woman student, aged 80, who was arrived at by an expert in her life work, and, being left alone in the world, she had to hold down a job which would give her greater pleasure than to spend the declining years of study.

WISCONSIN'S OLDEST.

HARES AND HOUNDS LAYED-TRAIN AT WAKEFIELD

PROF. RICHARDS TO SPEAK TO MINERS

Jamaica Pond and Its Animals to Be Described by Word and Lantern Slide.

Tomorrow night, at a quarter before eight o'clock, a committee of the Jamaica Pond Union for their first meeting of the year. The program of instrumental music will consist of a solo for the strings, a trio for the brass, and a quartet for the woodwinds. An original selection by Prof. Richards will be presented for the bengh of the Course three men for who had an interest in the election.

Professor Richards will tell the following something about Jamaica Pond, the layers of its water, the way the fish can store, the result that the Hounds overtook them, and the benefits of this knowledge.

The run started from the Y. M. C. A., weather probably kept many away. The result is that the Hounds overtook them. N. F. Nye and E. M. Newlin found the base.

The men lined up and sprinted for the finish, about half a mile away. Professor Newlin put up a spirited brush for one place, finishing, however, second. The score was 3 to 1.

After the run Coach KANAKY and H. R. Cook spoke to the Hares about the fact that there must be more men out. At Harvard there are 100 members of the country-30 of whom are freshmen. On the Harvard team there are only 12, and the country is properly small in comparison with this crowd. It is difficult to come in contact after they leave school. Faculty members of the department, however, are always willing in the hope that they become eligible and it should not be allowed to slip by unheeded.

The last word to the Miners gives one a finishing touch to the already complete evening. Entertainments will be served, and it means that "eats are free," good things to eat and good fellowship for all who attend.

SENIORS SHOW LITTLE NOMINATION INTEREST

Elections For Most Important Offices Thus Put Up To Committee.

The Senior Elections Committee will hold nominations on Monday and Tuesday afternoons and will then make the ballot from the list of men who were nominated by the class. They had to nominate a number of men themselves in order to fulfill the proper number of nominations for the certain number of names on the ballot, because the class was not interested enough to nominate men for the different offices.

All names that will appear on the ballot with their courses followed: bottles of pres. President; T. C. McLeod, II; C. H. Carpenter, II; R. Cremers, I; H. E. Kishon, IV; For Vice-President: P. H. Schub, I; D. E. Kemp, II; H. H. Partridge, II; For Secretary, B. P. Watkins, II; D. M. Wallis, I; For Treasurer, R. H. Fox, II; C. B. Bowley, II; H. A. Babcock, II; For Executive Committee, O. M. Keith, I; John Hall, XI; H. D. MacDonald, III; B. T. Rose, II; T. A. Lynd, I; For Prom Committee, F. W. Barker, I; D. B. Bent, VII; R. M. Doblo, II; J. E. Whitelaw, XI; For Student Government Association, R. Cartwright, II; E. Ferry, VI; R. M. Ferry, IV; E. H. Eastman, XI; For Athletic Association, C. H. Carpenter, II; For Kappa Kappa Gamma, R. Cremer, I; For Kappa Sigma, Philip Tong, I; For Institute Committee, A. S. Milliken, 1913, and E. N. Love Needham, and it is hoped a big bunch of the Course Three men for the election will be put up to committee.

The Miners have shown little interest in the nomination. It is almost sure to follow him and to dodge behind the last blind when the weather was dull.

The men lined up and sprinted for the finish, about half a mile away. Professor Newlin put up a spirited brush for one place, finishing, however, second. The score was 3 to 1.

After the run Coach KANAKY and H. R. Cook spoke to the Hares about the fact that there must be more men out. At Harvard there are 100 members of the country-30 of whom are freshmen. On the Harvard team there are only 12, and the country is properly small in comparison with this crowd. It is difficult to come in contact after they leave school. Faculty members of the department, however, are always willing in the hope that they become eligible and it should not be allowed to slip by unheeded.

The last word to the Miners gives one a finishing touch to the already complete evening. Entertainments will be served, and it means that "eats are free," good things to eat and good fellowship for all who attend.

BUSINESS COMPETITION: TECHNIQUE STILL OPEN

Three Members of Thirteen Only Want to Work for This Department.

Last Thursday the Technique Board of 1912 issued a call for Assistant Business Managements in the form of a proposition for the members of the class in the line of securing advertising for the booj. Such work must be done in order to get out a book of this character; the advertising pages must be full; and work is of such nature that it gives a man a fine chance to learn how to put a proposition up to a business man in such a way that he will see that it is best to accept.

So far only three members of the class have signified their intention to work for the Board in this capacity, three candidates for two places. This is not only a chance to get into student activities, but also a chance to get some business experience on the side.

The terms of the competition are given out as follows:
(1) Any member of the Class of 1912 is eligible.
(2) The candidates can try for any advertisements except those which have appeared in Technique of previous years.
(3) The competition will close on November 1, 1911.
(4) The two men getting the highest amount (in dollars) of advertisements will be chosen as Assistant Business Managers on the Technique 1913 Board.

The Business Manager will be in charge of all forms of business advertising, and will be pleased to see any one who wishes to make a try for the Board in his department.

It is easy to get the advertisements, and it only takes a little time in the afternoon. Technique is not a product of the Board but of the whole class. It is the duty of every member of the class to do all they can to make this book as great a success as possible. This is a direct appeal to the Juniors from the men whom they have selected to put out the book. It is to be hoped that a large number of men will come out for the only two positions left on the Board.

Mr. said that it was your duty to hand in a lot of grinds? It isn't!; it is your pleasure. Get busy, and remember that a grind in the box is worth two in the hand." (Special comment by one of the members of the Board. Guess what!!!!)

Worcester Academy DEFEATS SOPHOMORES
On a wet, slippery field at Worces ter the Sophomore football team went down in defeat by a 21-9 score at the hands of the Worcester Academy team. This was the first game of the season for the Soph team and they showed a great lack of practice.

Marshall and Bryant were the stars for 1914, but it was a case of a heavy, fast and very well drilled team going in and running away with one which had no chance to practice. The newly elected captain, C. M. Bryant, wants a large number of new men at the Oval this afternoon, so that his team may have some one to line up against to get some scrimmage work.

The lineup at the start of the game:
Worcester. Technology, 1914:
McAlpine, f. w. .......... T. M. Bottger, f. .............. L. F. Bubnham
Plum, l. g. .......... R. G. Marshall
Deboyer, r. w. .......... E. T. Henning
Tucker, r. k. .......... E. K. Harley
Shawbecker, r. c. .......... L. R. Mantle
Lindley, r. e. .......... L. E. Mott
Calman, q. b. .......... G. B. Mitchell
Bogges, l. h. .......... H. I. Fox
Schumers, r. h. .......... L. H. G., Bryant
Farthing, f. b. .......... E. B. Van Buren

The score: Worcester, 21; 1914, 9.

THE TECH, BOSTON, MASS., OCTOBER 9, 1911.
E. W. TAFT NEW MAJOR FRESHMAN BATTALION

THE TECH, BOSTON, MASS., OCTOBER 9, 1911

New Regulations Require Three
Lieutenants in Each
Company.

The Commander of the Battalion
has given out the list of com-
misioned officers for the current
year, the men being for the most part
of the upper classes. The commis-
sions are based on excellence of the
work of the first year. The Major is
usually picked from one of the
captains of the year proceeding; that
year's junior and the other
officers as a rule are Sophomores.

Major Taft, the Commander, an-
nounces that the Major will be Mr.
Edgar Whittaker Taft, 1913. Mr. Taft
was the Captain of the company
which won the first prize in the an-
nual drill last May. He prepared for
Technology in the Groton High
School, and while there obtained high
rank in the High School cadet unit,
finally becoming a Major. Since he
has been in the Institute he has been
prominent in the Cadet Battalion and
has been a representative of his class
and the Institute Committee. While
on that body he was in charge of the
calendar; which duty, we regret to say,
Mr. Taft was unable to perform dur-
ing the coming year.

The Adjutant of the Battalion is
Mr. Samuel Breck, Jr., of Boston. He
is also a member of the Junior class
and was a Lieutenant in Major Taft's
company last year. Mr. Breck was a
member of the 1913 tug-of-war team,
and was also in the chorus of the 1910
Shakespearian Chorus.

The Captains of the four companies
have been appointed as follows: Com-
pany A, A. J. Pastene, 1913; Company
B, Francis H. Achard, 1913; Company
C, Lester S. Hamilton, 1914; Company
D, Frederick R. Barnes, 1914. Pastene was a member of the Union Committee last year and has been connected with THE TECH for a year or more. Mr. Achard was also a tug-
of-war man and was in the chorus of both 1910-11. First Lieu-
tenant of the Battalion is Ralph E. Waters and Ralph E. Wells. The pro-
motions to the non-commissioned staff
will not be announced until some
future time in their course have
assumed the status of their class.

Other rules and regulations of this
year: The companies are divided into
three platoons, thus requiring eight
second Lieutenants for the Battalion.
The men are as follows: Harold T.
Bent, Hibbard S. Busby, Chester R.
Gardner, Edgar W. Huckings, John C.
Morse, Edward Steele, Fred E.
Weber and Ralph E. Wells. The pro-
motions to the non-commissioned staff
will be announced at some future
time, probably in December.

SEDGWICK TO START COURSE IN HYGIENE

Professor Sedgwick gives the first
of the lectures on Personal Hygiene
on Wednesday afternoon, at 4 o'clock,
to the members of the incoming class.
This is the first of a series of valu-
able and instructive talks that the
freshmen are to get at this hour on
Wednesday's in Room 5, Lowell.

Professor Sedgwick is a very inter-
esting man to listen to, and he speaks
right from the shoulder, and gets
from an inside knowledge of his sub-
ject. In one year he has had time to
cut out one of these talks, but they are of real value.

The second of the series of talks
will be given by Dr. Franklin W.
White, the medical adviser of the Insti-
tute, who is a man high in the ranks of his profession, and one with
whom most of the men will at some
future time in their course have
to come in contact. He will
have as a subject the stand-
point of the man who is in a way re-
garded for the general health of the
Institute and the undergraduates, and
his lectures are more than set to be
illustrated by little stories of personal
experience and observation.
