ELECTRICAL SOCIETY TO GO TO WATERTOWN

Members to Be Shown Through Government Arsenal—

Start at 145.

The Electrical Engineering Society's trip to the Watertown arsenal will be held this afternoon, the members leaving 12:45 and returning at 4:30 P.M. The principal feature of the trip will be the visit to the testing station which, since its invention in "the eighties," has been the standard for all government work in the army and navy, as well as for problems that are of wide interest.

Another feature of the arsenal is the electric furnace, which is being used in building the trestles for the twelve-inch guns that are to be placed on a small island in the Philippines. The guns will be the first made in this manner on land. Still another machine which the society will be shown is the automatic rammer. The machine, which the society will be shown this manner on land. Still another machine which the society will be shown will be the gun that will be able to fire into the enemy's ships across the bay.

Application for Tech Show Seats Due Mar. 30

Notices of Numbers and Price of Tickets to Be Sent Out

On April 1.

The applications for seats to the Tech Show have been made to all the students, and the reply postcards must be returned. At least 30 notices will be given out according to the following:

Class A). Patrons and Patronsess.

(ii) Senior Class and the Faculty.

(iii) Junior Class, Officers of the Society.

(iv) Sophomore Class, Graduates.

(v) Sophomore Class, Freshmen.

(vi) Other Class.

If any student has not received an application for seats, he may obtain one at the Tech office.

The number of the Show will be before Saturday, March 29, to receive tickets. The tickets will be given out according to the following:

Class A). Patrons and Patronsess.

(i) Senior Class and the Faculty.

(ii) Junior Class, Officers of the Society.

(iii) Sophomore Class, Graduates.

(iv) Sophomore Class, Freshmen.

(v) Sophomore Class, Freshmen.

(vi) Other Class.

If any student should receive an application for seats to the Tech Show, he may obtain one at the Tech office.

MISERS TO HEAR
EUROPEAN TRAVELER

Professor Carver of Harvard to Entertain Society With Magnificent Views.

The Mining Engineering Society is to be entertained tonight in the Union by Professor E. N. Carver of the Economics Department of Harvard, who will tell of his interesting and varied experiences abroad. Professor Carver comes prepared to show a collection of views of "beauty spots" of Europe which he has visited.

Besides speaking of the customs and scenery of the various Continental countries, Professor Carver will also take up in some detail the present methods of agriculture and the antique implements still used. He will show the miners how wasteful many of these methods are both to labor and to soil fertility. The lecture will be one of general interest.

The secretary of this society has informed us that men from other courses will be welcome at the meeting. The lecture begins at 8 o'clock.

COMMUNICATION

(We invite communications from all men in the Institute on important subjects. We take no responsibility for their punctuation or spelling, but agree to print any that may come in, whether they are signed or not.)

To the Editor of THE TECH:
Dear Sir:
I hear that the Christian Association of Technology has decided to hold their annual banquet on April 5th. Good Friday, I can hardly think that this can be correct as, apart from the fact of their being a religious association, it seems almost impossible that in these tolerant days any body of young men could so deliberately hurt the feelings of the majority of the people of Boston. A mere question of good taste would lead them to choose another day, and preferably not a Friday. An element of superstition may enter into this as well as good taste, for I remember when I lived in France, many years ago, a society of young men decided to hold a banquet on that day. The walls were hung in black, etc.
W. CH. L.

SOCIAL SERVICE

Dinner in the Union April 5—Pres. Maclaurin to Speak.

A week from Friday the Christian Association will manage a dinner in connection with the Interdepartmental Social Service Work.

President Maclaurin has expressed his intention of being present. The affair is to be held in the Union and will be at the dinner as one of the speakers.

There are to be several of the students present, who are engaged in some kind of Social Service work, and who will be able to tell about their work in the boys' clubs, among the immigrants as English teachers, or women in the settlement work. This work is always interesting to everyone, and the students who have been very valuable to all concerned. The men doing the work are usually of other departments and the rest will get a chance to find out whether or not they wish to go into it or not.

Bessie President Maclaurin and the undergraduate speakers there will be three others, all connected with a similar work; these are to be the Rev. H. D. Gallaudet of Central Church,

**DETAILS OF CIVIL'S TRIP WORKED OUT**

Today is Last Day in Which to Procure State Rooms for New York.

The arrangements for the trip to New York, under the auspices of the Civil Engineering Society and the Civil Engineering Department, are nearly complete. The itinerary has been made up by Professor Moore, and copies will be distributed to the men noon. The trip will start a week from today.

Twenty-five men have signed up for the trip already. Reservations for the state rooms on the Fall River Line steamer have been made for that number. If there are any other men who desire to go they must notify President Powell before 4 o'clock today, as this is the last chance to decide.

The only deposits required is one for hotel rooms and railroad tares, which amount to $11.75, and which should be paid at once to President Powell or Secretary Bruchan.

**M. A. H. S. BANQUET.**

Final Meeting of Year to Be Held in Union May 25.

At the meeting of the Executive Committee of the Mechanic Arts High School Club of H. T., in the Union yesterday, it was decided to hold the final meeting of the year, in the form of a banquet, on the first of April. The Seniors of the High School will be invited.

It is planned to have as the principal speaker Mr. Frederick P. Fish, of the State Board of Education. Mr. Fish is the moving spirit in the changes suggested for the school's curriculum. Two or three men from the instructing staffs of both the Institute and the High School will be invited to the banquet.

**PROM TICKETS LIMITED.**

Twenty-five Vacancies — Men May Sign Up at Noon in Union

Of the two hundred and fifty men who will be able to sign up for the Junior Promenade, two hundred and twenty-five have already handed in their names. There is a representative of the Prom Committee in the Union every noon to take the names of any men who expect to attend the dance which will be held on April nineteenth, in Junior Week. The committee regrets that, as has been customary in the past few years, no flowers will be allowed on the floor.

Preliminary dance orders were issued some days ago, but there are still some that can be had at the Cage.

The Fund Club of the University of Pennsylvania has put out a broad sword team this year.

With the admission of Yale and Lehigh to the Intercollegiate Wrestling Association, the membership is increased to six.

The Army baseball schedule has been announced. Arrangements have been made for eight games. The Army-Navy game will be played on the Tee.

Harvard is planning a new High Tenion Electrical Laboratory, which will have alternating current supplied at 1,000,000 volts, and direct current at 100,000 volts.

For an order of 25 H. P. launch has been filed with a local boat-builder by Harvard University. The 90-foot boat, which is to be built of mahogany, will be added to the coaching fleet of the crew.

**EASTER SUNDAY APRIL 7**

But a short time away, and you'll need new clothes for this joyful day. Our counters are like picture tables piled high with the most beautiful designs of the season, and in "make up" and style, we'll do our part to bring joy to your heart.
