Mr. Brush of Boston Elevated to Be Principal Speaker—Ideas for New Club Discussed

The Electrical Engineering Society will hold its annual dinner on Thursday, April 4th, in the Union. This will be the last meeting of the society before Junior week, and the special efforts that are being made to make it a success should bring out a large crowd. A fine dinner will be served for half a dollar.

The committee in charge has not, as yet, made definite arrangements for the meeting, and any suggestions will be very welcome to them. They are arranging for many surprises, and some of the features will be very unique.

The principal speaker will be Mr. M. C. Brush, second vice-president of the Boston Elevated. His varied experience in the management of several railroad companies will make him an interesting man to hear. His subject has not as yet been announced. Besides Mr. Brush there will be several other good speakers.

In the former dinners singing and choir has always been prominent, and doubtless will not be omitted on this occasion. The committee will consider any new choirs or favorite songs which any member wishes to have a place. The tickets will be issued before the end of the week.

T. C. A. MEETING.

Rev. A. Stockdale, One of First Speakers, to Return Today.

Today the speaker at the Christian Association meeting is to be the Rev. A. Stockdale, who was one of the first speakers of the year. Today, and at the same time he liked the informal character of the meeting the thesis of Mr. Pales on "The Secret of Prosperity" will be read. The meeting will be informal.

AERO CLUB MEETING.

Rev. A. Stockdale, One of First Speakers, to Return Today.

The officials of the Aerial Club expect an unusually large attendance at the meeting to be held April 4th. At this meeting the thesis of Mr. Pales on "The Secret of Prosperity" will be read. The meeting will be informal.

NEW OFFICERS FOR NEXT YEAR TO BE ELECTED.

The official of the Aerial Club expect an unusually large attendance at the meeting to be held April 4th. At this meeting the thesis of Mr. Pales on "The Secret of Prosperity" will be read. The meeting will be informal.

The order in which the men finished the regatta has now been decided. As yesterday's run over the course was worth along the part which leads through the fields just before the pig-pen, the Pig-pen run was considered the longest line and so it was good. The course was extremely wet and muddy. The recent rains and snows had filled the brook until it was knee-deep and too wide to be easily jumped. The men were forced to run through sticky mud all the way with the exception of the last mile and a half on the roads. The condition of the course was worse along that part which leads through the fields just before the pig-pen. The pig-pen run was nothing but mud. The meeting started along the descent of the hill so slippery that many of the men, running here at full speed, fell. The party left the E. E. after some discussion as to whether the Burgess Curtis Company should be allowed to compel him to comply with the lease, or whether the committe on the Undergraduate dining room reported that as the plan for having such a dining room is not long feasible, it be postponed until next year. The report was accepted.

The committee on the Undergraduate dining room reported that as the plan for having such a dining room is not long feasible, it be postponed until next year. The report was accepted.

COSMOPOLITANS HEAR ABOUT MEMORIAL

E. Farren of Washington Speaks to Executive Committee About Memorial Fund.

E. Farren, representing the Washington Memorial Association, met the Executive Committee of the Cosmos Club yesterday afternoon and gave them an idea of the purpose and work of the Association. He read a copy of a letter from President Taft, advocating having this building in Washington. Senator Root introduced a bill to permit the use of the land near the Smithsonian Institute for this purpose. The building will probably cost about two million dollars, and an endowment fund of five thousand dollars will be provided. Replies of the Executive Committee will have control of the building.

This memorial fund is being raised by subscription, and J. P. Morgan has just contributed one hundred thousand dollars. The Washington Memorial meeting of the Tech Cosmopolitans will now be allowed to hang over until next year, because of there not being time to do it in proper shape this year.

MINING SOCIETY.

Prof. Carver gave Lecture on "Agricultural Economics."

Last night the Mining Engineering Society held another meeting in the Union, which was rather poorly attended. There was no one present at the meeting with the exception of those officials who have been inactive for the last three or four weeks, will give a concert at the Masonic Temple in West Roxbury.

The members are to go to the hall early and attend a banquet, after which they will give a short concert, followed by dancing. In connection with this Managers Partridge desires to make up a real engineer.

"Agricultural Economics." The lecture was illustrated by slides of agricultural conditions in Holland, Ireland, Denmark, Sweden and several other less important European countries, which were undoubtedly the best which have ever been shown here. At the close of the meeting refreshments were served.

MUSICAL CLUBS.

Concert to Be Given at West Roxbury April Tenth.

On Wednesday evening, April 10th, the combined musical clubs, which have been inactive for the last three or four weeks, will give a concert at the Masonic Temple in West Roxbury. The members are to go to the hall early and attend a banquet, after which they will give a short concert, followed by dancing. In connection with this Managers Partridge desires to know as soon as possible exactly how many men are sure of going, so that the correct number of seats may be reserved. This is the second time within a very few weeks that the club has played for the Masons, and it serves to show how popular the organization has become. This will positively be the last public appearance before the Spring concert.

PROF. JACKSON SPEAKS.

Addresses Harvard Union About Engineering as a Profession.

Professor D. C. Jackson addressed the members of the Harvard Union last night on the subject of Engineering as a Profession. Professor Jackson spoke of the progress of engineering in the last few years, and of the wide scope of the engineer's profession.

He had particular stress on the difference of an engineer and a mechanic, and the qualities that go to make up a real engineer.
GOLF CLUB CONSIDERS OFFERS OF CLUBS

No Final Decision But Woodlawn and Wollaston Links Are Both Popular.

At the fourth meeting of the Golf Club, yesterday noon, President Holmes had appointed V. M. Mars, W. N. Holmes and P. A. Russell as a committee to take charge of tournaments and handicaps. Word has been received from the Woodlawn Golf Club in Auburndale, and the following terms are offered: Men from the Tech club may have the privilege of playing on their links from now until the first of June at ten dollars a member. The Woodlawn Club's offer was again put before the members and was favored by a majority. The terms are five dollars a man for ten rounds of the links, but this does not include Saturday afternoons, as the Woodlawn offer does.

Arrangements have always been made with a sporting concern to sell golf sticks and other goods to members of the Golf Club, but any man may purchase the goods directly from the concern by joining the club.

The current exhibition in the display room of the Architectural department in Pierce Building is an exchange exhibit from the Chicago School of Architecture which is a part of the Armour School of Technology. The work shown is that done by the Sophomore, Junior and Senior classes of the Chicago school, and is of great interest. A Tech. man, J. G. Sommers, '07, is in charge of architecture there.

STATE CLUB FORMING.

Men From New Jersey Attempt Formation of Brotherhood.

New Jersey men will gather in the small room in the upper part of the Union on Friday, at 5 o'clock, in an effort to form another state club.

There are now in the Institute a very large number of men who come from this State, and since they are prominent in many lines of activity, the club should have one of the strongest organizations found among the other clubs.

COLLEGE TRACK.

The University of Pennsylvania started its track season in a very promising way. Over 200 men reported to the veteran coach, Mike Murphy, for the first practice. The team will be headed by H. Burdick, who tied for first place in the high jump in the I. C. A. A. A. meet last Spring. Murphy will coach the Penn men until after the relay carnival, and then will give much of his time to coaching the American Olympic team.

OPOSITE YOUNG'S HOTEL

THE TECH, BOSTON, MASS., MARCH 28, 1912

Seniors, you can run an Oliver if the freshmen heelers on the Tech can. They all like it—so will you.

It is cheaper to hire an Oliver than a stenographer—and you will get more satisfactory results on your thesis.

You can rent the number 5 model Oliver for twenty consecutive months—then it will belong to you; or you can own the No. 5 Model Oliver with a stand from month to month for $8.00 per month. You can have the number 5 Oliver in your room for $9.00 per month.

The rental price is $8.00 per month, and the purchase price is $75.00.

Make a date with Estabrook, the Oliver Man, in THE TECH office any time it's convenient for you.

ONE PIECE HAMMER IN THE NEW MODEL Ithaca

If you use more than one hammer in a basement shop or a carpenter's shop, you do not get the results you want. On the job, Ithaca Hammers are the hammer to use for a quick job, as they are the only hammers that are designed and balanced to stand the shock of a single blow. The results you want can be obtained only with Ithaca Hammer. A 9 oz. All American is a hammer for all work. A mighty lever, if you need one, but not heavy enough for big jobs. The 2 pound or 3 pound or 4 pound hammer is the hammer to use for the big jobs. Get an Ithaca today and you will see how good an Ithaca job is.

Classified Advertisements and Notices

THEATRE AND OPERA TICKETS, TAILOR, PHOTOGRAPH AND FLORIST trade Precinct Jive in Business. Manager of THE TECH and buy good articles at our prices in field work and assignments.

THE PROPER DRESS.

We want your attention for a moment in regard to your clothes. Don't be a ready-made man. Have your individuality carried out in your clothes. Buy the very best quality of imported clothes for they are the best. Take good care of them and they will outwear any cheap suit. Order from a firm in which you have confidence, take their advice, and stick to them, thus making your patronage worth while to them.

Of course we would like your trade if you appreciate good clothes and are willing to pay a little more than is paid for the ordinary clothes. We started making custom clothes for particular men thirty years ago and have many of our original customers still with us. Think it over, as we are trying THE TECH to see if it is a good advertising medium.

F. D. SOMERS & CO., MERCHANT TAILORS, 9 PARK ST., established 1847.

ALL MEN who have lost overcoats are requested to report at the turnstiles and office at once.

FRESHMAN GYM.

The gymnastum exercises in Physical Training will close this term on Friday, April 12th. All deficiencies must be made up within the next three weeks.

During the last two weeks of exercises assignments will be made by Mr. Kanaly for physical measurements to be plotted on the charts.

Award of Cabot Medals, based on these reports, will be made by the committee before the end of the term.

ALFRED S. BURTON, Chairman Faculty Committee on Physical Training.

STRUCTURAL AND FIELD GEOLOGY (867): men of Courses 1 and XI Professor Jagger is Professor H. H. Thursday, March 28th, at 2 P. M., for instruction in field work and assignment of areas. (Signed) T. A. Jagger, Jr.

THE PROPER DRESS.

WANTED—Young men to solicit advertising. Must be hustlers. Good money to right parties. Telephone 916, please, between 12 and 1.

BOSTON ORCHESTRA REHEARSAL.

The rehearsal will begin this afternoon at 4 o'clock in the Union. The piece which will be tried out are the "Meditation," from "Thais," and some selections from "The Quaker Girl." After April first a public sale will be held in the Union during noon hours.

Advance dance orders may now be had at the Cage.
