MECHANICALS AND CIVILS TO MEET

Engineer Will Speak Before Societies on Hydraulic Machinery Soon.

The Mechanical and Civil Engineering Societies are planning a joint meeting to be held at 12:45 Engineering Hall on Wednesday, April 2. They will be addressed by Mr. James W. Naught, New York engineer with wide experience in the field. This is the first joint meeting of the two societies this year, and the officers have been very fortunate in securing the services of Mr. Naught. The subjects to be discussed are those of most current importance, those being: hydraulic engineering; water towers; and water supply, and their application to the New York City water tower and reservoir. The meeting will be held in the main auditorium.

FRESHMEN MEET SOPHOMORES

Both Teams Work Hard in Preparation for Meet.

Next Saturday afternoon the Sophomores and Freshmen will again battle for athletic supremacy at the Field in their annual Spring meet. At the indoor closing of the two-week meet were held, the Freshmen have been in several meets and have had much hard work to the fact this recession.

The morning events are as follows:

2:15--Track Practice.
2:45--Outfield Practice.
3:15--Field Practice.
3:45--Baseball Practice.
4:15--Softball Practice.

FIRST YEAR BASEBALL

Important practice of the Freshmen baseball team will be held at the Field tomorrow at 12:45. The manager will go to and play in the first game of the year against the Medford High School, which is to be one of the strongest among the schools near Boston.

The Freshmen should show up well as the old players are the candidates, but unless several more men go out for the position the team may be in a jam next year.

TECH WRESTLING TEAM TO MEET HARVARD

Practically the Same Men That Defeated Brown Selected.

The wrestling team will meet freshmen in the wrestling room of the University Gymnasium next Friday evening. Six men from each team will engage, entered in the following classes: 150-pounder, middle and heavy weight.

One major aim of the team is to obtain the best men that has ever entered in a series of meets, and to think that they are about even, although little is known of the records of his opponents. The Harvard team has been defeated, however, at the hands of the freshmen on 3:1:0, and we can take advantage of the fact that the team is not yet jazzed. College and Women Technology as well, and in most of the host the time has been shortened from one hour.

Cowbell, the heavy freshman, will cause one of the heavyweight bouts. He has been doing fine work in practice and should make a clean shining. Smith's North will take the second 150-pound middleweight matches. Treat, one of the best men in the meet, has won a place in practice and will have an easy victory if he can parry the blows of the Columbia and Goodell in the 125-pound class, while he will be behind the front line.

CLASS DAY COMMITTEE

Copley Square Hotel Chosen For Senior Dinner.

At a meeting of the Class Day Committee, held yesterday afternoon, several important and interesting matters were discussed, an announcement was made that the Class of 1919 was going to be placed in specially selected stands. It was also announced that the Class of 1918 will have their own arrangement. The following committee includes Short, Upland, Howarth, Easton, and Flagg. These men will receive a dinner in the Copley Square Hotel.

This hotel was selected because of its location and the arrangements of graduation will be made to permit ample time for the students to have a good time.

THE TECH WRESTLING TEAM

The four main events in this way will tend to lessen the total expenses, giving a possibility (Continued on Page 3).

ELECTRICAL SOCIETY TO HOLD DINNER

Speaker to Be Mr. M. C. Brush, Expert in Traction Engineering.

On next Thursday, April 4, the Electrical Engineering Society will hold a dinner for the members. It is expected that Mr. M. C. Brush, a graduate of the Institute in 1909, will speak before the society on the subject of "The Science of Traction." The dinner will be held at 6:30 P.M. in the Copley Square Hotel.
G. E. Kershaw to Lecture On the Oxy-Acetylene Blowpipe

On April 19th.

The Class of 1903, M. I. T., will hold an informal dinner class at the Union, at 5:45 P. M., April 19th. The speaker of the evening will be a member of the class, Mr. George E. Kershaw, who will talk upon the "Uses of the Oxy-Acetylene Blowpipe."

Mr. Kershaw, as Eastern Manager of the Linde Air Products Co., has recently used the Oxy-Acetylene in cutting off the bow of the Michigan Battleship Maine, also in removing the wreckage of the Quebec Bridge, and in opening the steel vaults in the Equitable Building after the recent fire. He will describe the work on these recent interesting undertaken.

When acetylene was first introduced on a commercial scale attempts were made to use its great heat of combustion by burning it together with various gases in a blowpipe. This method was found impracticable, because under low pressure the burner tip became coated with carbon and thus useless. Now the acetylene is dissolved under pressure in acetone contained in a cylinder filled with porous material, and is tapped in a special burner. The Oxy-Acetylene flame thus produced is hotter than the oxy-hydrogen flame, and at the same time is such a good reducer that it may be used for welding steel and cutting metals.

The class committee extends a general invitation to everyone interested in Mr. Kershaw's talk to be present at the lecture, which will be held in Lowell 6 after the dinner.

COMMUNICATION.

(We invite communications from all men in the Institute on important subjects. We reserve no responsibility for their publication. We invite the opinion of other readers who may come in, whether they are signed or not.

To the Editor of THE TECH:

We have noted in your issue of yesterday a most childish dribble which we have at last doped out to mean a general invitation to everyone interested in the Institute on important subjects. We have calmly perused this and found no trace of its existence in the Institute.

We are the more surprised, as a general invitation to everyone interested in the Institute on important subjects, whether they are signed or not.

Yours till later,

Senior Civils.

On The Chorus of the Ancient Tragedies.

- THE TECH, BOSTON, MASS., APRIL 2, 1912 -

The first of the final series of Lowell lectures was given yesterday afternoon in Huntington Hall, before one of the largest audiences that has yet greeted any lecturer during the present season. Mr. Gilbert Murray, of Oxford, England, who is giving the course, is one of the most prominent men who can speak authoritatively on the Greek drama.

The subject of yesterday's lecture was "The Chorus" of Greek tragedy, a division which Mr. Murray proved to be fundamental in the development of the classic drama, as well as in the thorough understanding or it. He pointed out that the chorus is the important part which it receives for the reason that through this means the real depth of feeling and strength of emotions can be brought out in a more beautiful way rather than through direct action by the characters who take part in the actual plot of the drama, for the chorus is primarily a dance used to express feeling.

In reality, Mr. Murray explained, the dance is the mode of a primitive people of expressing strong emotion, where articulate fails. It may be a dance and still have no meaning, as is the case in many of the early Greek dramas in which the prayer of the chorus becomes the dance which is used in its conventional place. It is then not difficult to see the reason for introducing into an especially strong or trite scene a group of dancing girls who with their movements and singing perhaps express the emotions which the author intended to convey as having taken place in the mind of the person against whom the particular plot has been told.

Mr. Murray cited several instances of a especially characteristic nature from the works of the most famous Greek writers, and in doing so proved himself to be a remarkably good reader.

The present course is to be somewhat shorter than the majority which are given in the Lowell Institute, and will consist of but three lectures, the remaining two of which will take place on Wednesday and Friday of this week at 2 o'clock.

CLASS DAY COMMITTEE.
(Continued from Page 1.)

of holding the affair at a larger hall, such as the one at the Somerset. The feasibility of the idea will be definitely settled during the coming week, and the present opinion of the committee is favorable.

The other items of interest was the decision to distribute leather-covered and enameled programs to the members of the class, in place of the printed paper programs which have hitherto been used. The committee will provide seats for the members of the class, whereby they can obtain more than their allotted number of programs, by covering the cost of the additional copies, and each Senior will have three seats to him by mail. In this way it is believed that the extra expense of the programs will be partially diminished.

Ticket books for the Class Day assembly, Senior dance and Senior dinner have been distributed among the committee and will be in evidence among the other men in the class after a period of two weeks. The committee feels that no undue haste is necessary in regard to the sale of these tickets, as the event of Senior Week have always been exceptionally well patronized, and the Class of 1913 will prove no exception.

APPLICATIONS FOR SCHOLARSHIPS DUE

The Registrar Gives Details of Each Scholarship and Arrangements.

The Registrar’s office has sent out notices that the scholarships are now receivable, and these must be turned in to the Registrar before 5 o’clock on April 15th, except that State scholarships come under different rules.

In respect to the regular Institute scholarships the notices say:

“Each applicant for a scholarship except a State scholarship, who desires a scholarship must hand in his application blank at the Registrar’s office, together with two copies of the blank and any supplementary documents that may be required.

Applications for State scholarships are requested to be made directly to the State House.

While the State Board of Education, the state board, has full control of the award of scholarships, the State Board of Education is not responsible for the appointment of the student whose name is selected.

State scholarships. Applications should be made to the State Board of Education before the first day of July in the year in which the student is to be admitted to the State House.

The following regulations apply to those interested in applying for State scholarships are requested to notify the Registrar to that effect.

CREW MEN TODAY.

All men who wish to compete for the position of assistant manager of the crew should leave their names at the case for Manager Gove today.

The men who are to report today are:

5 o’clock this morning:

Shawley, Diller, Reade, Street, Sumner, Clever, Young.

All other men are to report at 5 o’clock.

Preshman will drill only once a week for the remainder of the term.

As a result of a recent demand on the part of the crew, the Registrar has issued a schedule for all the crew. The schedule is to be used as a basis for all the crew activities.

The schedule is to be used as a basis for all the crew activities.

DEAN BURTON WILL SPEAK TOMORROW.

His Subject is “The Position of the Christian Association in Technology.”

Tomorrow Dean Alfred E. Burton of the Institute will address the students in the regular Thursday noon meeting of the Christian Association on the subject of “The Position of the Technology Christian Association in Technology.”

The Dean is that man above all others connected with the Institute who has been recognized as the one who has been selected as the chairman of the Institute in the future. The Dean is the one who is looking toward the future and has the foresight to look beyond the present.

The following regulations apply to the second class on scholarships.

The following regulations apply to the second class on scholarships.

FRESHMAN BASEBALL.

Change of Practice Days Will Be Decided Today.

An important meeting of the Freshman baseball team is to be held today to decide what days of the week the team will practice. The team has been divided into two groups, and each group will have its own days of practice.

The team will practice on Tuesday and Saturday.

Preshman will drill only once a week for the remainder of the term.

As a result of a recent demand on the part of the crew, the Registrar has issued a schedule for all the crew. The schedule is to be used as a basis for all the crew activities.

The schedule is to be used as a basis for all the crew activities.

CIVIL SOCIETY TRIP WILL BEGIN TODAY.

Members Will Leave Boston at 6 P. M.—Thirty-two men Expect to Go.

The Civil Engineering Society trip will start this afternoon, the members traveling in tour as is by Harvard and the Pullman car to Topeka, Kansas.

Tomorrow morning the men will meet at the Pullman car to Topeka and proceed to Topeka.

After leaving the Pullman car the men will look over the various plans and projects that are under way.

The Civil Engineering Society trip will start this afternoon, the members traveling in tour as is by Harvard and the Pullman car to Topeka, Kansas.

THE TECH, BOSTON, MASS., APRIL 3, 1912

DOUBLE MEET FOR TWO LOWER CLASSES

TRACK AND COUNTRY MEN TO COMPETE NEXT SATURDAY

ACCORDING TO PRESENT INDICATIONS THE POLE VAULT AND THE JUMP JUMP WILL NOT BE WELL SUPPORTED. MOST OF THE MEN ENTERED FOR THE POLE VAULT ARE FRESHMEN, AND IT HAS BEEN PROMISED THAT THEY NEED NOT FEAR THAT THIS FACT WILL CAUSE ITS REMOVAL FROM THE MEET.

PROBABLY THERE IS A LITTLE MORE INTEREST CENTERED ON THE RESULT OF SATURDAY'S CROSS-COUNTRY RUN THAN ON THE TRACK EVENTS. THERE HAS BEEN SOME TALK OF LINKING TWO, AND ADDING A CERTAIN NUMBER OF POINTS TO THE TOTAL TRACK SCORE OF THE WINNER OF THE CROSS-COUNTRY RACE. THE QUESTION OF COUNTING IT THIS WAY OR AS A SEPARATE MEET HAS BEEN LEFT TO THE TACTICS OF TWO TEAMS TO DECIDE.

SINCE THE BEGINNING OF THE SEASON THE CHANCES OF THE FRESHMEN HAVE BEEN STEADILY HIGHLIGHTING. THE GREAT DEFICIENCY OF THE SOPHOMORE TEAM LIES IN THE SMALL NUMBER OF MEN IT HAS TO RUN, AND IT IS ON THIS DEFICIENCY THAT THE FRESHMEN BASE THEIR CHANCES, WHICH HAVE BEEN HAMPERED IN THE PAST BY A FEW DAYS BY THE DECISION OF FRESHMEN OF ONE OF THE GOOD SOPHOMORES, TO ACCOMPANY THE CIVILS ON THEIR TRIP TO NEW YORK, WHICH WILL KEEP THEM OUT OF THE RACE. THE LOWER CLASS NOW SEEMS TO HAVE A LITTLE MORE THAN AN EVEN CHANCE OF COMING OUT VICTORIOUS IN THE BIG RAIN SATURDAY.

HOOK NIGHT.

THE COMMITTEE IN CHARGE OF HOOK NIGHT PRESENTS REPORTS THAT ONLY A FEW MEN HAVE VOLUNTEERED FOR SHIRTS. ONE OR TWO MEN HAVE AGREED TO BOX, AND OTHERS TO SING. THE COMMITTEE IS MAKING EVERY EFFORT TO ARRANGE A GOOD ENTERTAINMENT, AND FEELS THAT IT IS UP TO THE MEN TO COME FORTH AND SHOW WHAT THEY CAN DO. BESIDE THE FUN WHICH THE MEN CAN GET OUT OF ACTING, AND THE AMUSEMENT WHICH THEY WILL AFFORD TO OTHERS, THERE WILL BE AN ADDITIONAL STIMULUS IN THE FORM OF UNIFORMS WHICH WILL BE GIVEN FOR THE HOOK NIGHT PROCEEDS.

THERE IS A PLAN ON FOOT TO OPEN THE BOSTON ART MUSEUM TO THE PUBLIC TWO WEEKS IN THE WEEK FOR THE BENEFIT OF THOSE WHO ARE UNABLE TO VISIT THE EXHIBITIONS IN THE DAY.

BUT WE CLAIM THAT IF BY DISTRUCTIVE CRITICISM WE ARE ABLE TO DEVELOP A MORE DIVERSIFIED AND THE DESTRUCTION OF THAT PART LEAVES US WITH A PERFECT WHOLE, THEN DESTRUCTIVE CRITICISM IS NOT ONLY FAIR-MINDED BUT NECESSARY.

LASTLY, WE COME TO THE QUESTION OF THE ARTICLES WHICH GO IN THE NEWSPAPER. THESE MUST BE OF GOOD LITERARY VALUE, IN EXCELLENT ENGLISH, AND SHOULD BE APPEALING TO EVERY POINT OF THE SUBJECT ON WHICH THEY ARE DEVOTED. LET THE ARTICLES BE OF A LIGHTER NATURE, BUT BE A SATISFACTORY CONTRIBUTION TO THE YEARBOOK. IT IS OUR INTENTION TO MAKE THIS PAPER AS NEARLY AS POSSIBLE CONFORM TO THE REQUIREMENTS LAYED DOWN, AND WE HOPE THAT OUR EFFORTS MAY BE REWARDED BY THE ULTIMATE READING OF THE STUDENT BODY INTO ONE HARMONIOUS ENTITY, ONE HARMONIOUS PRODUCE, WHEREBY A MAJOR AMBITI ON WILL BE TO FURTHER THE NAME OF TECHNOLOGY AND EREARE HER WORKS WORTHY.
