SOPHS WIN THE SPRING MEET WITH BIG SCORE

Running Events Fast and Close But Field Events Are Rather Poor.

The Sophomores repeated their performance of last week and won the spring meet with a score of 60, the Freshmen coming next with a score of 29, the Juniors third with 26½, and the Seniors last with 24½. E. Germain, '13, and H. S. Wilkins, '14, were the stars of the running events. Germain took first place in the half and in the mile, and Wilkins won both the dashes by big margins. N. D. MacLeod, '14, starred in the field events, taking first in the broad jump, discus and shot-put and second in the hammer.

The feature race of the meet was the quarter-mile between T. H. Guething, '14, and Byland, '15. Byland took the lead at the gun, and held it most of the way around, and was passed by Guething only in the last 50 yards. Guething covered the 440 yards in 51 4-5 seconds.

L. Best, '15, sprung a surprise in the two-mile. At the end of the fourth lap E. Ferry, '12 was leading closely followed by A. F. Nye, '14, and Best was nearly 200 yards behind. Before the seventh lap he was among the leaders, and he crossed the tape 20 yards ahead of Nye, the next man.

The summary was as follows:
100-yard dash—Won by H. S. Wilkins, '14; second, C. Thomson, '13; third, H. Hadley, '15; fourth, A. Crankshaw, '14. Time, 11 seconds.

220-yard dash—Won by H. S. Wilkins, '14; second, H. Hadley, '15; third, A. Crankshaw, '14; fourth, W. Spencer, '15. Time, 24 seconds.

440-yard dash—Won by T. H. Guething, '14; second, W. Bylund, '13; third, D. Matthews, '13; fourth, J. Homan, '15. Time, 51 4-5 seconds.

880-yard run—Won by E. Germain, '13; second, W. Eylund, '13; third, T. H. Guething, '14; fourth, R. Pollard, '14. Time, 2 minutes 8 seconds.

Mile run—Won by E. Germain, '13; second, C. Lovell, '15; third, R. Pollard, '15; fourth, H. Bassett, '15. Time, 4 minutes 42 2-5 seconds.

Two-mile run—Won by L. Best, '15; second, A. F. Nye, '14; third, E. Ferry, '12; fourth, C. S. Lee, '14. Time, 10 minutes 32 2-5 seconds.

120-yard high hurdles—Won by A. B. Curtis, '15; second, T. Huff, '14; third, L. Foster, '15. Time, 17 1-5 seconds.

220-yard low hurdles—Won by T. Huff, '14; second, H. Enebuske, '15; third, A. B. Curtis, '15. Time, 28 3-5 seconds.

Hammer throw—Won by L. G. Met-

MUSICAL CLUB CONCERT ON WEDNESDAY NIGHT

Well-Arranged Program to Be Followed by Intermission And Dance.

Judging from the program that the Combined Musical Clubs have prepared the annual Spring concert will prove a decided success. Besides the excellent musical program the dance, which is to follow the concert, has been exceedingly well arranged.

Following is the program which will be followed:

- Overture:
The Quaker Girl.....L. Monckton
Technology Orchestra.
1. "The City Choir".....J. A. Parks
Glee Club.
2. "New Era March"....W. A. Boehm
Mandolin Club.
3. "The Coppah Moon".....Shelly
Vocal Quartette.
4. "A Black Coquette"....E. Grimshaw
Banjo Club.
5. Popular Selections.....
.....Arr. by G. L. Lansing
Mandolin Quintette.
6. a "Meditations From Thais"....
.....Massenet
b "Humoreske".....Dvovak
Technology Orchestra.
7. "Romance of a Rose"....L. O'Connor
Mandolin Club.
8. "About Clocks".....Hammond
Vocal Quartette.
9. "What the Chimney Sang"....
.....B. Harte
Glee Club.
10. "Lancashire Clogs"....E. Grimshaw
Banjo Club.
11. "A Stein Song"....F. F. Bullard, '87
Glee and Mandolin Clubs.

TECHNIQUE RUSH AT THE IRVINGTON OVAL

Efforts Are Being Made to Have This Year's Rush the Best Ever Held.

At the crack of the pistol, at 12.20 today, three hundred men, with their slips in their hands, will rush for the small window in the shanty on the B. A. A. Oval, from which twenty Techniques will be given out to the men who first present their slips. The first four and the twentieth books will be the edition de luxe and free, but the whole twenty will contain the President's signature.
(Continued on Page 3.)

SOPHOMORES LOSE.

Beverly High Takes Game—Both Pitchers Hit Hard.

The Sophomore baseball team met with defeat at the hands of the Beverly High School nine Saturday by the score of 10 to 3. The game was a poor one from start to finish, and the Sophs were lost most of the time on account of the trees that grew directly on the outskirts of the outfield.

Altogether twelve hits were allowed for Beverly, and ten for the Sophomores. Swift, the latter's pitcher, did fair work until the middle of the game, when an error drew the attention of the rooters to him. After this he flew into the air and made several wild pitches. He was rather poorly supported most of the time, and errors were frequent. Hardy, in the outfield, covering the front lawn of the school itself, played good ball and made two fine stops.

FRESHMEN DEFEATED BY ENGLISH HIGH

Both Teams Hit Hard—Game Is Called After Sixth Inning.

The Freshman baseball team lost its second game of the season Saturday, when it was defeated by English High with a score of 14 to 8. From the start both pitchers were hit hard, and in the first inning the high school men knocked out two-base hits and one three-bagger.

Both teams played a rather weak game in the field, and many hits proved good because of the errors of the outfielders. The Freshmen, however, were superior in stealing bases, taking eight in this way, while the high school players stole two. Scully, McDevitt and Thomas played well for the Tech team, while Norton's three-bagger was the feature play of the high school nine. Butner of the English High team was hit safely seven times, and was succeeded in the fifth by Bryant, who held the box for the remainder of the game.

Bauer pitched the whole game for the Freshmen, and although he was knocked hard at first, he steadied down toward the end and struck out four men.

Due to the chilly air and the lack of time, the game was called at the end of the sixth inning.

Innings: 1 2 3 4 5 6
English High 4 0 4 0 4 2—14
Tech, '15 0 0 4 0 4 0—8

Batteries: Butner, Bryant and Fowler; Bauer and Baldrey.

THE SHOW PROGRAM.

The management of Tech Show, 1912, have gotten out a souvenir program for their patrons which might almost be classed as a work of art, so carefully and well has the work been done in its preparation. The book not only contains a large amount of interesting information about "Castles in Spain," but it has fine pictures of the hockey and track teams as well, and some very good cuts of the Institute buildings, with a most original dream of the "New Institute." The cover is a three-color replica of the poster, which shows the detail of the drawing in an unusually clear manner.

The B. A. A. has engaged the Mechanics Hall for the annual indoor meet next year.

CALENDAR.

In Charge of S. H. Taylor, 1914.

Tuesday, April 16.

TECHNIQUE.

The Board of Editors of THE TECH, Vol. XXXI, wish to congratulate the editors of TECHNIQUE on the splendid book which they are issuing today. It is indeed an achievement to boast of, and one which reflects great credit on all concerned. The best wish we can offer the business department is that the financial success may be in proportion to the merits of their book.

JUNIOR WEEK.

With the Technique rush this morning at the Oval, Junior Week starts on its auspicious course. This afternoon the initial performance of "Castles in Spain" will be given; Wednesday evening the Musical Clubs are to hold their Winter Concert; Thursday afternoon the second performance of the Show comes off, and Friday night ends another Junior Week with the grandest of all Technology social affairs, the Junior Promenade.

The various teas and receptions given by the fraternities and clubs will all help to make this year's Junior Week a notable one in Institute history.

THE TECH wishes every man a happy vacation, be he fussing, be he resting, or be he cramming for long-distant exams. Unless you are hopelessly tied to your books forget them for the next few days and have the best time in your young lives.

SPRING MEET.

Shot-put—Won by N. D. MacLeod, '14; second, H. Hadley, '15; third, H. Crowell, '15; fourth, L. Metcalf, '12. Distance, 35 feet 6½ inches.

NEW TECHNIQUE SPLENDID BOOK

Technique, 1913, is, without doubt, one of the most attractive and faultless year books yet produced at the Institute. There are few changes from the books of previous years, and in instances where innovations have been introduced they have been, for the most part, for the better.

The cover, by Mr. R. H. North, '13, is beautifully simple. The coloring is rich and the new style of embossed lettering employed adds distinction, and yet preserves the initial idea of simplicity.

The art work is exceptionally good although no single example of work comes up to the Musical Club title page of last year's book; the line drawings are well done and are worthy of the pen of a professional. The work of North, Kennedy and Glidden in this department deserves commendation.

The color work is on the whole good, though there are places which will undoubtedly receive adverse criticism. For instance, the Publication and Institute Organization title pages, which have an entirely different color scheme from that of former years. We deduced the reason for this radical departure to be a desire on the part of the members of the Technique Board to produce a successful and pleasing innovation, and they have succeeded

LARRY HART, 1913.

in their effort. The Tech Show and Grinds Title pages have really excellent coloring.

The grouping of various class and activity photographs throughout is good; indeed we have not seen it excelled in any former book. Last year the editors were severely criticised for this phase of the work, and the pictures were claimed to be "choppy," but in the 1913 Technique the spacing is excellent.

The Professorial Department has returned to the old method of arranging the various members of the staff in alphabetical order. The idea of this is that it will simplify the matter of finding the names.

The histories following a very attractive title page are of average calibre. The Senior history is clever and is written in verse in the form of a morality operetta. The Junior history is in the form of a newspaper article; the Sophomores have a history whose style and character are built on those of Montague Glass. The Freshmen are given a short but accurate account of the insipid idiosyncrasies possessed by the members of their class.

The Athletics Department is well drawn up and the cuts are very clear and discriminatingly chosen.

Silhouettes have been added to the side of the Statistic pages, but while certainly novel, we think they rather upset the pages. Something new is

ONE PIECE HAMMER
IN THE NEW MODEL
Ithaca

IF you see more than one hole in a hammer you know that extra parts are fastened to the hammer whether shown or not. Our hammer is all one piece, only one hole, no toggles or stirrups attached.

WE have cut out all cocking levers, bars, push rods, and hammer-stirrups and cock the gun direct from top of hammer.

OUR hammer travels less than half an inch, taking only 1-625 of a second to operate. STOCKS are not cut away for hammers or lock plates and are dovetailed into frame to prevent splitting and spreading.

THE speed of our lock will increase your score at traps and kills in the field; the simple scientific construction of the gun makes it practically fool-proof, and will last you a lifetime if you take care of it and a good many years if you don't.

CATALOG Free; 18 grades, \$17.75 net to \$400 list. OUR 5-1-4 lb. 20 bore is a hummer—be down-to-date and shoot one.

**TECH AND TECHNIQUE
TO BATTLE TOMORROW**

Big Game of the Season Will
Take Place Wednesday at
Field.

After most extensive training trips, the Inkslingers, known in everyday life as THE TECH, and the Grinds, otherwise Technique, will meet tomorrow morning at the Field to do battle for the possession of a certain cask, the handiwork of Anheuser Busch himself. Little is known of the relative abilities of the two teams, but judging from past performances, THE TECH has the best chance of capturing the third base line. Technique players have been boasting of beating all kinds of teams with most savage-sounding names, but THE TECH has called their bluff and the one best bet for Wednesday morning will be the Inkslingers.

After pulling straws for the position, Technique has decided to let Muther start the game in the box, but he won't last long. Everyone on the squad will probably have to be used before the first four innings are over. THE TECH has so many star slab artists on the staff that it is hard to pick the best one, and it has been decided to give the job to the man who has the prettiest girl at the show.

The initial lineup will be more or less as follows:

TECHNIQUE.	TECH.
Freeman, c.....c.	Whitman
Muther, p.....p.	Waitt
Cains, 1b.....1b.	Cary
Hart, 2b.....2b.	Gibson
Brewer, ss.....ss.	Lehmaier
Smythe-Martin, 3b.....3b.	Lewis
North, if.....if.	Mann
Kennedy, cf.....cf.	Van Voilkenburg
Crocker, rf.....rf.	Hyneman
MacDonald, water carrier,	
water carrier, Adams	
Atwater, bartender....	Don't need any

Substitutes too numerous to mention

BIOLOGICAL SOCIETIES.

(Continued from Page 1.)
drawn every month came in for their share of attention. The description of this operation was so vivid as to cause one man to faint.

Dr. Ray explained the details of the manufacture of vaccine, in which process calves are fed not only sterilized milk, but sterilized hay and washed in sterilized water.

A house full of guinea pigs attracted much attention, because of their prolific breeding capacity, and of their willingness to die. In fact, one did for the benefit of the visitors.

SOPHOMORES LOSE.

(Continued from Page 1.)

The first gun will be fired at 12.15, the second one three minutes later, the third after another minute and a quarter, and the last one at 12.20. Fifteen seconds later the little window will be opened, and then the books are free to any one who will step up and take one.

The small stubs given in receipt of the fifty-cent deposit are to be exchanged with the balance due for a large check, and these large checks will be good for a book, whether presented in the rush or afterwards.

NEW TECHNIQUE

(Continued from Page 2.)

shown in this department which has never been in any Technique before, and probably never will be again. The idea reflects great credit on all parties concerned.

The departments devoted to Fraternities, Local Societies and other organizations are well constructed and contain some of the best of the art work.

The Grinds columns possess many good jokes, the local skits are past the standards of previous years, and the department is free from the malicious hits that have sometimes marred other books. Finally, we may safely say that this issue of Technique is without parallel, and reflects credit on every man interested from Editor Larry Hart to the veriest heeler.
