SOPHIS WIN THE SPRING MEET WITH BIG SCORE

Running Events Fast and Close
But Field Events Are Rather Poor.

The Sophomores repeated their performance of last week and won the spring meet with a score of 60, the Freshmen coming next with a score of 29, the Juniors third with 20½, and the Seniors last with 15.

German, 13, and Hill, 12, were the stars of the running events. German took first place in the half and in the mile, and Hill won both the dashes by big margins. N. D. Leonard, 14, starred in the field events, taking first in the broad jump, discus and shot put and second in the hammer.

The feature race of the meet was the quarter-mile between T. H. Guething, 14, and Bylund, 15. Bylund took the lead at the gun, and held it most of the way around, and was passed by Guething, who won by 50 yards. Guething covered the 440 yards in 51.4 and the 220 yards in 24 seconds.

L. Best, 15, sprung a surprise in the two-mile. At the end of the fourth lap he was leading closely followed by A. F. Nye, 14, and Best was nearly 200 yards behind. Before the seventh lap he was among the leaders, and he crossed the tape 20 yards ahead of Nye, the next man.

The summary was as follows:

5,000-yard run—Won by T. H. German, 15, second, C. Lovell, 13, third, R. Pollard, 15, fourth, H. Bassett, 16, Time, 4 minutes 5 seconds.

Tame-mile run—Won by L. Best, 15, second, A. F. Nye, 14, third, W. Ferris, 14, fourth, C. S. L. Bay, 16, Time, 10 minutes 22.5 seconds.

Two-mile run—Won by L. Best, 15, second, A. F. Nye, 14, third, W. Ferris, 14, fourth, C. S. L. Bay, 16, Time, 10 minutes 22.5 seconds.

Hammer throw—Won by L. G. Metcalf, 15, (Continued to Page 2.)

BIOLICAL SOCIETY.

Members Inspect the Bussy Institute at Forest Hills.

Several members of the Biological Society availed themselves of the opportunity to inspect the Bussy Institute at Forest Hills last Saturday.

The men were met by Mr. Brown, the director of the Institute, and were shown the detail of the preparation of diptera larvae, and the eggs upon which eight quarts of blood are used (Continued on Page 2.)

MUSICAL CLUB CONCERT ON WEDNESDAY NIGHT

Well-arranged Program to Be Followed By Intermission And Dance.

Judging from the program that the Combined Musical Clubs have prepared for the annual Spring concert will prove a decided success. Besides the excellent musical program the dance, which is to follow the concert, has been exceedingly well arranged.

Following is the program which will be followed:

The Quaker Girl—L. Moreton Technology Orchestra.
2. "New Era March."—W. A. Booth Mandolin Club.
5. Popular Selections—B. Harte.

TECHNIQUE RUSH AT THE IRVINGTON OVAL

Efforts Are Being Made to Have This Year's Rush the Best Ever Held.

At the crack of the pistol, at 12.30 today, three hundred men, with their slips in their hands, will rush for the small window in the shanty on the B. A. A. Oval, from which every technique will be given out to the men who first present their slips. The first four and the twentieth booklets will be the edition de luxe and free, but for the whole twenty will cost the President's signature.

(Supported on Page 2.)

SOPHOMORES LOSE.

Beverly High Takes Game-Both Pitchers Hit Hard.

The Sophomore baseball team lost its second game of the season Saturday, when it was defeated by English High with a score of 14 to 5. From the start both pitchers were hit hard, and in the first inning the high school men knocked out two base hits and one three-bagger.

Each team played a rather weak game in the field, and many hits proved fruitless because of the errors of the outfielders. The Sophomores, however, were superior in the fielding stakes, taking eight runs in this way, while the high school players stole two. Styley, McDowell and Thomas played well for the Tech team, while Norton's three-bagger was the feat of the game, while the high school players stole two. Styley, McDowell and Thomas played well for the Tech team, while Norton's three-bagger was the feat of the game.

NEW TECHNIQUE

SPLENDID BOOK

Technique, 1913, is, without doubt, one of the most attractive year books yet produced at the Institute. There are ten changes from the books of previous years, and in instances where innovations have been introduced they have been for the most part, for the better.

The cover, by Mr. R. H. North, '13, is beautifully simple. The coloring is rich and the new style of enclosed lettering employed aids distinction, and yet preserves the initial idea of simplicity.

The art work is exceptionally good although no single example of work comes up to the Musical Club title page of last year's book; the line drawings are well done and are worthy of the pen of a professional. The work of North, Kennedy, and Glidden in this department deserves recommendation.

The color work is on the whole good, though there are places which will undoubtedly receive adverse criticism. For instance, the Publication and Institute Organization title pages, which have an entirely different color scheme from that of former years. We deduced the reason for this radical departure to be a desire on the part of the members of the Technique Board to produce a successful and pleasing innovation, and they have succeeded.

L. PINKOS, College Tailor

announces the arrival of his complete line of Spring and Summer woolens which are now on display both at the Boston and Cambridge stores.

*Please ask to see my "LONDON SPECIAL" Suits which I am making at $35.00

These suits are made of Foreign woolens and are strictly custom made, in my own workrooms, by skilled tailors, and bear all the characteristics of much higher-priced suits.

JUNIOR WEEK.

With the Technique rush this morning at the Oval, Junior Week starts on its auspicious course. This afternoon the performance of the Show comes off, and Friday night ends another Junior performance of the Show comes off, and Friday night ends another Junior Week with the grandest of all Tech shows.HEADSTOCK.

The Professorial Department has returned to the old method of arranging the members of the staff in alphabetical order. The idea of this is to simplify the matter of finding the names.

The features following a very attractive title page are of average nature. The Senior history is covered and is written in verse in the form of a monody opera. The Junior history is in the form of a newspaper article; the Sophomore history is rewritten and characters are built on those of Montagne Glass. The Froshmen is given a short but accurate account of the intellect idiosyncrasies possessed by the members of their class.

The Athletics Department is well up on the cuts and the cuts are clean and discriminately chosen.

Silhouettes have been added to the beginning of the Statistic pages, but while certainly novel, we think they rather upon the pages. Something new in (Continued on Page 2.)
