Urgent Appeals Made to the Men by Heads of All the Teams.

The Class of 1912 held a mass meeting in Huntig Hall yesterday at 1 o'clock. The meeting was not largely attended as it should have been, but many freshmen and juniors were present. It was arranged that Mr. Dekker, the captain of the junior football team, be first speaker. Mr. Dekker said that many of the men who were present, as well as those who had withdrawn or bad failed to show for practice. He said that the Soph had a fair team and were working extra hard while the freshmen had an excellent team but were not working with the proper spirit.

George Binkin was the man to speak. He said that he felt absolutely positively that if the men came out for practice during the next two or three weeks the team would have every chance to win.

Peck the treasurer of 1912 explained the origin of Field Day. It takes the place of the Technique and was abolished on account of its boisterousness. Field Day gives this chance to every man. If he is not fast enough for track he can try football and if he is too slow for tug-of-war. He said that not enough impatience upon the part of every man.

He showed how two wars ago it was which did decide the day. The Class of 1912 was the only class that was defeated at both of their Field Days, and the Class of 1913 were the ones that stood together, therefore it is the 1912 men's duty to win at both Field Days as the Class of 1915 did, in order to establish the allied Classes and make up for the previous years in which men can earn the permission to smoke class pipes on all occasions and in all places. He said that the instructor had more admiration for the man who_integration into the air in the form of a flight over the field than for the guard who spends all of his time in hard work. It is the man who goes twice as much exercise before sitting down to eat because he has earned the right to eat himself with more seat to the studies at hand.

Mr. Hilton then spoke concerning Tech Night at the Colonial Theatre. He said that it would be a good plan for all the men to select two men to lead the class songs and the cheer leading. P. H. Finn and Peate were chosen for these positions.

The matter of a class tax was brought up. It is a matter about which the class members should be advised. It was to be paid as soon as possible. There will be a slight, there being but 123 votes cast in favor of the proposition. So the tax will be collected. There will be a large sum of money for the future.

Competition for Asst. Track Managership

Candidates to be reported today in Union.

For Instructions.

The United States Tarum of Educim will within the next month conduct an Investigation of American colleges and universitites with the purpose of classification according to the work they do. The type of student they produce, and the value of their bachelors' certificate as a qualification for postgraduate work. The results of this investigation will be embodied in a report to be made catalogues and statements as well as upon the investigation.

The object of this investigation was first thought to be for the purpose of reducing our "degree mills," but the result is, however, a request to the Association of American Colleges, at the meeting in Charlottesville last year, some of the leading colleges and universities have already been visited and all will be reported in time.

Another form of a handicap meet will be paid for track he can try football and in that way every man will be in a position of the great universities taking five to ten years of work.

FALL HANDBALL MEET

All roads will lead to the Field Sat.

Tuesday, the event being the Fall Handball Meet. Entry books have been handed in the Union and at the Field. All men wishing to enter must sign up before Thursday, though no entries will be received after that date.

The only handicap meet of the year, and is the best chance for all who are out for handball, as handicaps will be liberal. Entries are requested as soon as possible so that the order of matches may be made up.

NEW ERA OF "IRON MONEY."

Somebody was mean enough the other day to put an old iron washer in the peanut vending machine in the corridor of the Union and at that particular time our men have been time at nearly record figures. Enters are requested as soon as possible so that the order of matches may be made up.

CALENDAR

October, Wednesday, October 18, 1911.

3.00 p.m. Basketball Game. Union.

3.30-7.30 p.m. Lowell Textile. Foot.

WED. OCTOBER 18, 1911

Yesterday we published an editorial advocating the requiring of the Cross-Country men to eat their meals at the training table in the Union dining room. We were informed that the men would take all their meals possible there, and that it was hoped that good results would be effected. Again, on yesterday, while eating at the dining room, we noticed several of the Cross-Country men were feeding at the same place. Some of them worked at the training table, and some of them were not, and those who were not were those who needed the training most, this fact having been known in the practice rooms. Let us hope that the powers that be will reform the present "joke" into a real training table.

What do you think of a Technology undergraduate who will deliberately, with malice aforethought, beat a poor dumb peanut vending machine out with malice aforethought, beat a poolist undergarde who will deliberately, in the shape of taking advantage of the training table in the Union dining room. We were in-formed that the men would take all their meals possible there, and that it was hoped that good results would be effected. Again, on yesterday, while eating at the dining room, we noticed several of the Cross-Country men were feeding at the same place. Some of them worked at the training table, and some of them were not, and those who were not were those who needed the training most, this fact having been known in the practice rooms. Let us hope that the powers that be will reform the present "joke" into a real training table.

Point System Changes.

Technique, Crew, Musical Clubs Affected.

Additions to Point System since list published in THE TECH, Wednesday, October 4, 1911.

Captain Cross-Country .............. 6
Captain ....................... 7
Manager ....................... 6
Members of candidate clubs ........ 5

MUSICAL CLUB.

SECRETARIES.

President ....................... 6
Vice-President .................... 1
Secretary-Treasurer ................. 2
Standing Committee .............
Technique Electoral Committee .......... 5

The list as corrected by the above
and other committees will be published
in THE TECH next week.

FREE FEED!

The Business Department of THE
TECH will give a luncheon to all
students at 12 M. at City Club.

Conclusions.
NEWS FROM THE MINERS.

Course Three Men Now Full of Professional Work.

The work of the department of Mining Engineering is now under full way, and the men are busy learning the arts used in the mining world. Every day the miners are seen coming out of Rogers with the sweat and grime of the furnace on their brows and the mark of the ore on their hands.

The first metal was dug and coated last week, and this week there has been another batch put through. Besides they have dug off the first copper refining test of the year. This was highly satisfactory and will be repeated again late next week.

SOCIALS.

The Social Committee can use two or three men from the class, and the requirements for positions will be explained in the Letter Office by the Editor in charge, Wednesday, at 9 P. M. Presence at this meeting is not binding, and all men interested are invited to attend.

WIRELESS MEETING.

Next Thursday afternoon the Wireless Club will hold its first meeting in the Union. The sole business to be transacted at this meeting is the election of officers. This may be participated in only by men who are already members. For those men in the Institute desiring to become members there will be a meeting a little later.

NEW INTERNATIONAL CORRESPONDENCE IDEA

Another of the results of Prof. Shimer's trip to Europe this last summer has come to the surface in the form of the announcement that he is willing to help the undergraduates here get correspondents over in Germany. This is a system of studying foreign languages which has only recently come into use, and its advantages are evident on the surface.

The idea is to have an American student and a German undergraduate correspond, each in the other's language. In this way each one can correct the other's work and at the same time get the desired practice in the new language.

All men in the Institute who wish to take up this correspondence course should consult with Prof. Shimer in his office in Pierce, 14. The students on the other end are in Breslau, Bohemia, and should be able to write some interesting letters.

FRESHMEN, GYMNASIUM

A representative of a sporting goods house will be at the Gym on Wednesday from 1 to 5 for orders for gym costumes. Greater reductions will be given to those ordering at that time. Every one must appear in regular costume in order to receive credit for gymnastic work. This will be the last chance to procure costumes at this rate, and without getting down after them.

FRANK M. KANALY, Instructor

Continued from page 1

Coming out by 13 votes. The other positions that were closely contested were Treasurer and Secretary, each of the men getting these places winning by only three votes.

1914

Unless something unexpected occurs, there will be no further Sophomore class meetings before Field Day. For this reason it devolves upon every 1914 man to feel his responsibility in helping to successfully carry out the various class affairs which are coming shortly.

One departure from past customs was made by 1914 by doing away with the Freshman dinner having. Another innovation is to be tried by 1914 which, if successful, will very likely become an established custom at Tech. The "elections" dinner is to be held at six o'clock on Field Day this year. If 1914 men turn out well at the Field Day, this year, must be a mighty big day for the Sophomore class.

The special effort made at the close of last year put the finances of the class into excellent shape. The easiest and best way to pay the class dues is to send in them with the annual election ballots. To put the class on a good financial footing, a good big vote will help materially.

Field Day, this year, must be a clean sweep of football, relay and cup races for 1914. So far the men have turned out in fine shape. What is needed now is not so much stars as medium-weight men to fill the teams. For the efficiency of the teams to remain that men who try for any team turn out now. Any delay in coming out may prove disadvantageous when the team is put to test on Nov. 3d. Nothing further will be announced concerning our team. Every Sophomore knows that this is 1914's last Field Day, and if he has the right spirit he will try for some team, without any炒 anxious, and do it immediately.

Finally, it will be to every man's advantage that he get his seat reservation for Tech Night as soon as convenient. Reservations will be on sale during noon hours in Rogers corridor the rest of this week.

The events then, which are of particular interest to Sophomores from now on until midnight of November 3rd are these: Daily team practices; preliminary votes from October 20th to October 27th; election of officers and payment of annual dues, from October 25th till noon of November 2nd; Field Day in the afternoon on November 3rd; the dinner at 6 P.M. of the same day, and afterwards Tech Night at the Colonial Theatre.

F. KRUZBERG, President.

WANTED—20 men from 1914 and 1915 to enter competition for Assistant Publicity Managers. Report any day in Room 18, the Union, at 1 P.M.

LOST.
