ADVISORY COUNCIL

TREASURER'S REPORT

Donation to Fund for Buildings At Field—Other Gifts Acknowledged.

Major Briggs, the General Treasurer of the Advisory Council, has given out the following report of the finances of the Institute at the annual meeting of the Advisory Council for the past year. Among the important items in this report is the fact that the Institute received a donation of $2,000 from the Tech Association of the United States to be used for the purchase of new equipment for the Tech Society. Other gifts from various sources during the past year included a contribution of $1,000 from the United States government to the Tech Society. The Treasurer reported that the Institute was able to keep its expenses within the budget and that the Institute was in a sound financial position.

TECHNOLOGY CLUB

MEETS COLLEGE MEN

Professor Dewey Gives Speech of Welcome—Mr. Humphrey Tells of Adventures.

On last Friday evening, in accordance with the custom of this Club, Professor Dewey gave a speech of welcome to the college men who had come to Tech. Professor Dewey explained that the purpose of the meeting was to give the college men an opportunity to learn more about the Institute and its activities. He also encouraged the college men to become active members of the Institute.

TEHERMAL EFFECTS

ON CONCRETE

Pamphlet by Professor Norton Treats of Its Value in Fire-Proofing.

Professor Norton of the Physics Department has recently had published a pamphlet containing the results of recent research on the thermal effects of concrete. It has been very interesting to learn about the properties of concrete and their use in fire-proofing and other applications. The tests are not yet entirely complete, but the results obtained so far are promising.

CHEMICALS' DINNER

TOMORROW EVENING

Professors Talbot and Fay on Lay of Chemistry—Open House to Eligibles.

The Chemical Society has invited all members to attend its dinner tomorrow evening. This dinner will be held at the Institute and will be open to all eligible students. The price of admission is $2.00 per person, and the profits from the dinner will be used to support the Chemical Society.

BIG STABLE FIRE IN MILTON

Last night's fire in Milton was one of the worst that has occurred in that town. The Milton River Coal Co. was completely destroyed. The loss to the company is probably about $20,000, including the loss of delivery equipment and about 5,000 tons of coal. The firemen of the Milton Fire Department were able to control the fire and prevent any further damage.

The general alarm was called out all over Milton's apparatus, and one alarm for Boston engines was run. The first alarm ran in at 10:15, and was followed by the others in quick succession. The alarm was not given until shortly after midnight.

CALENDAR.

Monday, October 23, 1911.

3.30—Track Practice, West Campus Field.

FRANK H. BRIGGS, General Treasurer.

The College is governed by the students who elect the faculty to their various offices. Every man who thinks for himself, no matter on the right side or on the left side, is exercising a power over the lives of others. It is fundamental that a body of men who think on the right side, that the influence of the college is a good one."—President Hayley.

made in our workshops on the premises and ready for immediate use. SUITS $25.
FINE FURNISHING GOODS
400 WASHINGTON STREET

Shave With A Smile

You Can't Get a Real Shave Without a Real Razor.

THE DURHAM SIMPLEX is a Real Razor. It slides smoothly over the face severing the whiskers with the correct diagonal stroke like a scythe mows grass. It leaves the skin soft and velvety-not rough and harsh as after shaving with razors which do not have this stroke.

SPECIAL NOTICE

The Tech has a limited supply of Durham Duplex Demonstrators like cut—an exact model of the Durham Duplex Razor. These can be obtained at Tech office for 50 cents each, which

covers the cost of packing, shipment, etc.
