FACULTY DINNER TO RETIRING PROFESSORS

Professors Schwamb, Lanza and Chandler Honored by Their Associates.

The complimentary dinner which was only given to the Faculty and in- afford. Since it was intended to give an opportunity to the Faculty and in- the Institute, of the class

Professor Peter Schwamb was president. Mr. Frank W. Chandler, professor of architecture, and Professor Francis W. Chandler, professor of architecture. These two men, whom their associ- nesses were delighted to honor, have been members of the Institute since 1868 with the Honley Locomotive Works in this city gave him practical experience in business, and when he was 19 years of age, he was able to play a most important part in the development of the

NEW COURSE IN KNOTS.

Major Cole to Give Optional Course to Upperclassmen.

An optional course is to be given to the Junior and Senior classes by Major Cole, in which will be given practical instruction in the use of various knots, their risings, etc. The course will meet for half an hour once or twice a week, at such times as will be best suit the other engagements of those desiring to take the course.

Through instruction will be given in tying the various knots, hitches and splices, knowledge of which is very useful in all branches of the nautical art; and in addition, the particular and appropriate use of each and the avoidance of unsafe knots will be emphasized.

This instruction will be of a practical nature, in that Major Cole will take on the various bindings for temporary field structures, such as trellises, gins, sheves, bold-fasts, harrel-racks, etc.

It is desirable to have short sessions and leave them very often in order that the course may extend over some weeks. Long experience has shown that if these knots are learned and the matter stripped, in a very short time the most of them will be forgotten, while if the class meets for short sessions during a period of active work they will rehearse the knots at each session they will be learned so as never to be forgotten.

Those who desire to take the course will indicate the fact by submitting their names to the Registrar and stating at what time up to 5 minutes ahead for our next issue. Special Service and Orchestra.

FIELD DAY DINNER.

Special Service and Orchestra—Admission by Ticket.

At the regular meeting of the Union Dining Room Committee on Tuesday evening the plans for the annual Field Day dinner were discussed for the first time. The Union this year will again use no tickets, and the most elaborate plans and arrangements will be made with this end in view.

In order to secure a maximum degree of success and the greatest satisfaction to all, the admission will be by ticket only. The price will be varied, and in this way all равно will be prevented and there will be no delay in the service. Extra tickets will also be on hand for the occasion to the number of one for each table.

The committee have secured the services of an orchestra which will play during the meal.

An elegant souvenir menu card, has been prepared and is in the best design. Distinguished guests will add to the glories of the day, and all men are expected to bring their lady friends. The prices of this dinner will be thirty-five cents, and the tickets will be on sale before the end of the week, and can be procured from the members of the committee.

DEVELOPMENTS IN TURKO-ITALIAN WAR.

History is repeating itself. In Italy the conservative element has come forward with the idea of "let them stand and let them go," and beside it's well to have something left in reserve.

We notice in the itemized expenses of the account of the Union:

Rent for building, $50.00.

Gas for heating, $15.00.

Electric light, $10.00.

Cleaning and publication of a little book, $5.00.

In short, a matter of some eighty dollars for the classes.
