SOPHOMORE GAME ENDS WITHOUT A SCORE

The Lawrence Academy Team Held Down in Close, Fast Game at Groton.

At the end of a hard, closely contested football game Saturday afternoon between the Sophomore and the Lawrence Academy teams, the score was the same as at the start, nothing for both teams. The 1914 team played slightly the better game, keeping the ball in their opponents' territory most of the time.

Lawrence Academy was only able to make any consistent gains by the use of a fine forward pass, which the Institute boys had hard work to follow. Their line was unable to provide any holes for gains of this sort.

On the other hand, the Sophs seemed to find a hole every time that they tried, sending Captain Bryant through the line. The line was also strong on the defence, as the failure of the Groton team to pierce it clearly shows.

Fox made one try for a drop-kick from the thirty-yard line in the second quarter, but was blocked by a Groton man coming in from the end. Both sides resorted to punting frequently, and here again Tech had a little the best of the game.

The game was well played by both teams throughout and was a very interesting contest. The work of Williams, the 1914 quarter, was especially worthy of notice. He ran the team well and was very strong on the defence. The halves, Fox and Merrill, were both good ground gainers in the open game, Fox making some fine runs. Captain Bryant was easily the star in the back field, however, and seemed to make gains without regard for the men in the opposing line.

In the line the work of Morgan and Benjamin was very good at center, and at guard, Hardy put up a strong, fast game. His punting was also of high class. Burnham was sure and hard in his tackles and helped out the ends in going down under punts. The runner was nailed almost in his tracks on every point, and when they tried to get around the end they were stopped most of the time.

The team work was fairly good, but there will have to be a great deal of drill in this line before the team is ready to face the Freshmen on Friday. They will need a lot of straight signal practice in addition to the regular scrimmage work to put them in the blue ribbon class.

The lineup:

Hines, (Henderson) r. e.; Burnham, r. t.; Ruoff, r. g.; Morgan, Benjamin, e.; Hardy, r. g.; Duffield, l. t.; Storke, l. e.; Williams, q. b.; Bryant (Capt.) r. h. b.; Merrill, l. h. b.; Fox, f. b.

SHOW BOOKS NOW DUE.

All Competitors Must Have Work in Cage Before Wednesday.

All the men who are writing books for the 1912 Show are reminded that their work must be finished before the first of November in order to receive consideration by the management. There is a strong probability that there will be more books handed in than there were last year, and the competition on that account will be much closer.

Before a rather small crowd at the Field on Saturday afternoon, the annual Fall Handicap Meet was run off with one of the largest fields of competitors ever entered in a meeting of this kind. The track was fast on account of the rain of the night before, and it had received a good rolling, so that it was in ideal condition. The weather was fine, almost perfect, with just enough of the chill in it to make things move on the high speed.

The victory was a grand runaway for the Sophomores with a score of 53; the Juniors were a bad second with 33, and the Seniors and Freshmen were far in the rear with 28 and 26, respectively.

The times were very good for the different track events, and some of the finishes were remarkably close. The finish of the hundred, in which Wilkins, 1914, and Wilson, 1914, fought their way to the tape side by side; Wilkins had a five-yard start and was given the decision at the end of the prettiest race of the day in ten and two fifths seconds.

Wilson came back, however, and took the two-twenty in twenty-three seconds, running from scratch. Barry, 1915, pushed him hard at the finish, but could not be classed together, as the Freshman came from the thirteen-yard line. The Freshman relay team looked strong in this event, for they took first in both of the trial heats and took second and third to the Sophomores' lonely first.

The three-mile race drew fifteen entries from the cross-country team, and was run off in very fast time. There was a constant exchange of places in the long fight for first, and the men fought hard for the places. The men were given time handicaps so that they all had to run the full distance, and this tended to hold them together at the start. This original order was maintained practically without change till the end of the second mile, when Marceau, 1912, and Shedd, 1914, pulled up to the front and the fight for actual first place was on. They made a long sprint through the

last quarter, and Marceau pulled ahead to the tape, leading by one hundred yards, although on account of the handicap, Shedd was credited with the best time.

In the quarter-mile Homan, 1915, got away with the ribbon from the thirty-yard mark in the very good time of fifty-one flat. Guething, 1914, from scratch, made a game fight for the place, but failed by about two yards to catch the man, and had to be content with second money.

Even the Dean's genial smile was not enough to make it warm so that the jumpers could do anything, and as a result Dalrymple was obliged to be content with a first place with a jump of five feet seven inches. In the broad jump and pole vault they had the same tale to tell, and no distances were made.

In the weights the showing was very poor on the part of the Varsity men. The hammer throw was won by default as Brewer, 1913, was the only man to show up when the clerk called the event. The discus was won with a throw of one hundred and one feet from the thirty-foot mark, and the shotput also was very tame. As a whole the weight work was a failure, for the Varsity men didn't come out, and the new men were incapable.

Summary.

100-Yard Dash—First Heat. Won by L. A. Wilson, 1914 (scratch); J. J. Strachan, 1913 (4 yards). Time, 10 3-5 seconds.

Second Heat—Won by W. A. Bylund, 1913 (7 yards); T. J. Barry, 1915 (6 yards). Time, 11 seconds.

Third Heat—Won by R. S. Haynes, 1914 (5 yards); E. Place (4 yards). Time, 11 seconds.

Fourth Heat—Won by H. S. Wilkins, 1914 (5 yards); A. B. Curtis, 1915 (6 yards). Time, 10 2-5 seconds.

Semi-Final—Won by T. J. Barry, 1915; J. J. Strachan, 1913. Time, 10 4-5 seconds.

Final—Won by H. S. Wilkins, 1914; L. A. Wilson, 1914, second; T. J.

TECH TENNIS PLAYERS LOSE AT LONGWOOD

Strong Brown Team Victorious Over M. I. T. in Their First Match.

On the Longwood courts, last Saturday, the Brown University tennis team had no difficulty in defeating the Tech team, 8 to 0. Harkness was the only one of our men to win his match, outplaying Humphrey of Brown by the score of 7-5 and 6-2. This is the first match for the Tech men, and they showed considerable lack of practice. Many of the players have not played since last spring, whereas the Brown men have obtained practice in their fall tournament. A tournament is supposed to have been in progress here for the last three weeks, but this would not seem to be the case judging from the appearance of the card on the tennis bulletin board.

Captain Woodward has several matches arranged for the coming season, and he desires to see a lot of men out for the team.

Covell and Parker, the two star men of last year, were lost on graduation, so the team is more evenly balanced now. Owing to the size of the Freshman class there are sure to be some Prep. school stars who should try for the team. When the State moves to Cambridge and becomes larger, the 1915 men will be the leaders of tennis activities, and they should prepare for this now.

The summary: Singles, Guild, Brown, defeated Beckman, Tech, 6-3, 5-7, 6-3.

Scholze (captain) Brown, defeated Fisher, Tech, 6-4, 6-3.

Harkness, Tech, defeated Humphrey, 7-5, 6-2.

Hood, Brown, defeated Brigham, Tech, 6-2, 4-6, 6-3.

Preston, Brown, defeated Woodward (captain), Tech, 6-2, 6-0.

Brown, Brown, defeated Taylor, Tech, 6-4, 9-7.

Doubles: Brown and Guild, Brown, defeated Keith and Beale, Tech, 6-2, 6-1.

Humphrey and Preston, Brown, defeated Harkness and Woodward (captain), Tech, 7-5, 3-6, 6-2.

Scholze (captain) and Hood, Brown, defeated Fisher and Brigham, Tech, 6-3, 6-1.

Speaking of transmutation of elements, Dr. Talbot says reporters get things back side to. Maybe, but not those on THE TECH.

The attendance at Mr. Humphrey's lecture showed quality if not quantity.

Professor Chandler is evidently esteemed by his brother architects as well by his course students.

Ccach Kanaly's idea in continuing the weekly Hare and Hounds' runs even after the selection of the Cross-Country team is an excellent one and should be well supported by the students. It is intended to give the men practice runs without the necessity of keeping up a very rapid pace, such as is commonly set by the runners on the team. The pace for these Hare and Hound runs will be easy, and therefore it will not be difficult for the slowest man to keep within easy distance of the leaders. These runs afford one of the best means of getting outdoor exercise that is offered at any of the colleges, and the students should not be slow to take advantage of the new innovation. An invitation is extended to every one who is interested to turn out. Who knows? You might be a "dark horse" and make the Cross-Country team some day.

HOW TO WIN.

Food For Underclass Thought on the One Big Question.

In connection with the announcement of the Field Day regulations, it might be well to outline some of the ways in which either of the classes might have the good fortune to win the "big day."

One class might win two of the events and thus secure the victory; one event might be tied and then the victory would go to the class that won the event giving the most points; and two of the events might be tied, in which case the winner of the odd event would take the day.

From the above possibilities it can easily be seen that no class can afford to put all its hopes and energies into two of the events, for in case of a tie in one of these they stand a fine chance of losing the day. Of course neither of the classes are doing anything of this kind for they are both sure of winning all three, and still, too much work cannot be done by the men who are out for the teams in the last week of practice before the real trial of strength.

To paraphrase Mr. Humphrey—Midnight and Huntington Hall temporarily in the hands of the suffragettes.

UNION INNOVATIONS.

In the future we are to be met by the smiling faces of the members of the Faculty right at the entrance of the Union Dining Room at lunch or dinner. This is according to the latest change made by Steward Colton, designed to give the professors a place where they may eat, secluded in a way from the fellows.

The idea seems to be a good one from the professors' viewpoint, but it seems to be rather against the old idea on which the Union was founded. This was to be a meeting place for the students and Faculty where they could come together in a social way and on equal footing. Now, however, the Faculty are withdrawing and making an artificial boundary between themselves and the men who eat in the Union regularly.

FIELD DAY RULES OF ADVISORY COUNCIL

Little Change from Those of the
Past Years Except in the
Times For Events.

Field Day, which comes on Friday of this week, has to be governed by rules, the same as any other set of track and field games, and these rules come from the Advisory Council. They are about the same from year to year, but are always of interest and benefit to the lower classmen.

The football game counts four (4) points for the winner; the relay race counts three (3), and the tug-of-war two (2). In case of a tie in any of the events the number of points will be given equally to the two classes.

The events will be called in the following order and they will be run off sharply on time:

Tug-of-war (first trial) 2.30 P. M.
Football (first and second quarters) 2.40 P. M.

Relay race, 3.15 P. M.
Tug-of-war (second trial) 3.25 P. M.
Football (third quarter) 3.30 P. M.
Tug-of-war (third trial) 3.50 P. M.
Football (fourth quarter) 3.55 P. M.

All teams must be on the Field five minutes before the time of calling the event ready to go on. The third trial for the tug-of-war men will be left out if either of the two teams should take the first two trials.

Five football men and two relay men are eligible for numerals as substitutes, provided that the names are submitted to the chairman of the Advisory Council at the Field before 2 o'clock Friday, November 3rd.

In any event the direct interference of any coach or spectator will render the team assisted liable to disqualification by the referee, whose judgment in this matter shall be final. The management of the games and all matters connected with them is vested in the Advisory Council and may be delegated by it to any sub-committee.

The Council furnishes all footballs, whistles, flags for relay race, flags and rope for the tug-of-war, and appoints all of the officials of the day, such as referee, umpire, timers, judges, etc.

HARE AND HOUNDS' RUNS.

Kanaly to Have Short, Easy
Runs for Exercise Only.

Coach Kanaly intends to feature the Hare and Hounds' runs for the rest of this season, even though the Cross-Country team has been selected. In the past men have generally ceased hare and hound running as soon as the team was picked, as they have felt that there was no more use in running. This year the Coach decided that the training would be valuable to both indoor and outdoor men, as well as beneficial to students in general, who take but little exercise. With this object in view the runs are to be very short, probably not more than three miles, and besides, the pace will be very easy. Furthermore, the racing at the finish that has been the custom will be discontinued unless the men wish to.

Since the Cross-Country team must work harder than will be required of the hare and hounds' runners, they will probably be run in a separate detachment so the inexperienced men need not fear too fast a pace.

The first of these runs will occur Saturday following Field Day, November 4. There will be two or three runs besides this one, and on December 2 the eight-mile handicap race will be held. It is probable that one of the practice runs will be over this eight-mile course in order to familiarize the men with it. Under the conditions stated above Coach Kanaly urges all runners as well as all men desiring to exercise to report.

Earl Ferry is going faster than ever, which is some fast.
