SHOW MANAGEMENT SIGN SANGER AGAIN

Successful Coach of "Frenzied French" to Handle the New Tech Show.

Eugene Sanger, known to every Tech man as the successful coach of last year's show, "Frenzied French," has signed a contract with the management of Tech Show, 1912, to coach this year's production. Gen. Man, H. L. Wombling and his associates are to be congratulated for having taken this step, which will, without doubt, add as much as any other in the success of the coming Show.

Mr. Sanger has had an extensive and varied experience in every city. He has coached the productions of the Triangle Club at Princeton, the Happy Pudding Circle of Harvard, and as well as those by the students of Columbia University, New York City College, U. S. Naval Academy, and others.

The success of the enormous open-air pageant in the Stadium two years ago was due largely to his efforts and BIOLOGICAL SOCIETY HOLDS FIRST DINNER

Professors Sedgwick and Porter-Speak—Business Meeting Before Dinner.

Last evening, at the Union, the Biological Society held its first meeting and dinner of the year. There were only about thirty men present, but the meeting was, on the whole, successful. The usual course of excellent dishes had been served, and the smoke from the pipes began to subside, the air the president called the "smoke of order and business" was already gone through.

Prof. Sedgwick was then introduced. He said that he had been looking forward to the coming event, and he gave excellent advice to the members, which would serve them in the future. These remarks were particularly good in that they were founded on practice of their profession. The remarks given by the members were small much could be accomplished, not, as he said, in the way in which a problem is tackled, and not the members that tackle it, that counts.

Professor Porter, the next speaker, after expressing his pleasure at the presence of members at the informal meeting, said that Tech men have established this rule. This rule, since it will be a decided blot on the reputation of being one of the biggest events of the college year, and is the only time that Tech men meet in a body. If this ceases to exist merely because of the throwing of confetti on the part of a few who attend the theatre with an idea of rough-house, it will be a decided loss to Technology's reputation, and the only time that Tech Night will never be held in Boston.

Tech Night has the reputation of being one of the biggest events of the college year, and is the only time that Tech men meet in a body. If this ceases to exist merely because of the throwing of confetti on the part of a few who attend the theatre with an idea of rough-house, it will be a decided loss to Technology's reputation, and the only time that Tech Night will never be held in Boston.

ETHEL CADMAN IN "THE THREE ROMEO'S"

"Bloody Englishman" in her accent, and she could clearly expect that they would give the people "i'm told" an atmosphere of rough-house this year. She sent Julia Sanderons's suggestion and thought that the fellows who at present intend to throw confetti will fall upon the minds of all the officers of the biggest events of the college year, and is the only time that Tech night will never be held in Boston.

The short, snappy meeting then broke up an earlier hour than that which At which Tech men on Tech Night, and thought that the fellows who at present intend to throw confetti will fall upon the minds of all the officers of the biggest events of the college year, and is the only time that Tech Night will never be held in Boston.

NO CONFETTI ON "TECH NIGHT"

Theater Management Ask Square Deal From Tech Men During Performance.

The annual gathering of undergraduates at the Colonial Theatre on the occasion of Tech Night in celebration of Field Day depends in future years upon the conduct displayed by those present on next Friday evening. The theatre committee in charge of the district for Friday evening have been notified by the manager of the Colonial playhouse that the throwing of confetti is strictly prohibited under penalty of expulsion from the box, and that if confetti is thrown on this occasion, Tech Night, at least as far as the Colonial is concerned, will become a thing of the past. The Colonial is one of the finest theatres in the city and by agreement with other theatres has an admission policy of Tech Night, and thought that the fellows who at present intend to throw confetti will fall upon the minds of all the officers of the biggest events of the college year, and is the only time that Tech Night will never be held in Boston.

FRESHMAN FOOTBALL

Full Squad Present at Final Signal Practice.

In a fine scrimmage the Freshman football team lined up for the last time before Field Day, Tech men in the best of condition. The signal work was preceded by some dropping back from the kick field, and was then followed by one big final scrimmage against the scrubs.

The ends, Howlett and Morrison, were in on every play, and showed a lot of speed. The centre of the line was charged hard and low, and Moore and Crowell, the guards, with Bennett, the line centre, were digging big holes in the scrubs. The tackles, Lee and Proctor, were fast and rangy, with a fine sense of where the ball was and ought to be. Brown, the second-string center, also showed up strong, and his good foot will help the team out more than one hole.

The first team started the ball and were able to get away with gains in almost every play. When the subs had the ball they were able to step automatically all of the plays that were going to be used as the next ones. Together, the team showed up in fine shape, and being in the best of condition, it is, they will be able to drive the Bovies and awful good run for their money, with the best of chances of making the Bovies do the trailing.

FIELD DAY IS COMING.

Seats for Field Day and "Tech Night" Selling Fast.

After all is said and done, and no matter which class proves itself to be the other's conqueror, Tech men are going to have a good, long, live holiday on Friday. They are going to see one of the best and hardest fought of Field days, and I don't think they will have all of the fun. The evening is going to see the best show in town, "The Three Romesos," at the Colonial.

The seats for the Field were more than three-quarters sold at noon yesterday, according to Max Waterman, the Varsity track manager who has general oversight of the arrangements at the Field. And as for the evening, as for the evening, the staff of THE TECH heard the man in the box office say the other day: "No, I am sorry very sorry but those seats are all gone. You see the Technolgy boys are coming down here Friday night."

TECH MEETS HARVARD.

Cross-Country Race to Be Held Over the Tech Course.

Coach Kanaly will send a well-balanced team against Harvard Friday who should bring home a victory. Although only four men are left from last year's team, new men have appeared to fill their places. The team has not many individuals, but is well-balanced and should finish very close to a second place. According to the results of the inter-class cross-country run held at Harvard last week, the team is well-selected.

The race is to be held over the Tech course with the finish between halves of the football game, so that there will be a big crowd to observe the "run around the final lap."

Wonder what the cream pie is up to the Union the other day?
THE TECH, BOSTON, MASS., NOVEMBER 2, 1911

FRESHMAN RELAY
WORK FOR LAST TIME

New Suits, Last Instructions
And Final Rub Put Men in Good Spirits.

The Freshman relay team held its last practice at the field yesterday afternoon, in the midst of a cold, drizzling mist. All the men except Lapp reported to Capt. Han, and Fulton was substituted in his place. The work consisted of a snappy drill in passing the flag, a practice relay race, and a final 300-yard sprint. The north side of the track, where the team worked, was wet and heavy, and it showed the men up somehow, but they passed in their regular turn and got one last line on the men who both follow and precede them in the race. The practice race was run by selecting the men around the track at 100 yards and giving them that distance per man. Before the final 300-yard sprint Coach Hanly again warned the men against fumbling and making mistakes. The team finished strongly with Capt. Han leading at the tape, and plunged into the dressing room to have all the stiff places rubbed out.

Manager Speer was on hand with the new suits, which are very neat in style. They are white, with a cardinal collar, and ribbons down and around the neck of the running pants. Every man got the track in first-class shape, capable and ready to do his best for his team.

MOVING PICTURES.

Hansford and Tufj Men Expected
—Everyone Invited Tonight.

The moving picture show and demonstration lecture planned by the Shanghai Engineering Society will be held at 7.45 this evening in Huntington Hall. There will be 1500 feet of film and one hundred lantern slides illustrating the tools used in manufacturing automobiles, the arrangement of the machinery and the arrangement of the factory. The lecture and demonstration will be given by Mr. Vredigart and his assistant, under the direction of the Studebaker Corporation of Detroit, Mich.

An invitation has been sent to the societies at Harvard and Tufts, and it is expected that a large crowd will turn out to answer to the cheers that will be sent cut by these two colleges.

An invitation is extended to all the men of the Institute. The show is free to all, and everyone should attend if possible.

SOPHOMORE RELAY.

In spite of the wet weather and darkness, the Sophomores held their regular relay practice last night. Passing the flag was first practiced, and a couple of races were held against an imaginary team.

The track being wet and heavy, slow times were in order, but the passing has now been reduced to a science. The flags to be carried by the runners have arrived and suits are ready for the men. This will be the last practice before Field Day. Everybody is in excellent shape, and bad weather is the only thing that will prevent very fast time.

TECH MAN MARRIED.

James Stewart Cox, M. I. T., 1910, was married Tuesday evening to Miss Lillian S. Cushing of Norwood, Mass. Mr. Cox was a member of Course XI, taking up special work while at the Institute, and was prominent in his class. Mrs. Cox is the charming daughter of J. R. Cushing of the Governor's Council.
