Close Race Won By Taber of Brown

Taber of Brown, Shed of Tech, Waterman of Brown, then Marcellus and Woodard, came across the finish line in the Tech meet, having been the first two men to pass the Tech line. Trained just ahead of the last Tech man, then the whole Tech team, with the exception of one Brown man, who finished last, the first time of the race, was said by critics who have seen others of the Tech team to have been the most impressive services held in the Midwest. On that day President Murfin spoke himself of the young man, and has already won an enviable prominence in the educational world. Before coming to Boston he was president of Baker University of Kansas. He was chosen by Boston University last winter as its head, and the inauguration ceremony, held October 20, 1911, was said by critics who have seen others of the kind to have been the most impressive services held in the Midwest.

SOPHOMORE-FRESHMAN BASKETBALL TEAM

Regular Practice for the 1914 Men Starts Friday in the Gymnasium.

The first regular practice for the Sophomore basketball team will be held Friday at 4:30, in the gymnasium. Several men have already been out and have made a success of it. Captain Comber wants to see a large number of men out for the team this Friday, especially those who were on the squad last year. The start practice games every Monday, Wednesday and Friday; no one need be in too great a hurry, in order to give every man a tryout.

The manager has nearly completed a good schedule of games. During the中间周 the last team will take a trip into Maine. The opposing five men will be taken in 1:40, by then. The regular season of three games, to be played by the Sophomore Freshmen, will take place in the latter part of the season. The list of dates from last year's season which have been out already include: Henderson, B., and C. W. Wilkins, T., L. Hall, B., and W. R. Sheffield, B.

So far none of the Freshmen have come out for their team. Regular practice will begin soon, and all those who have ever played basketball should show up. There is every reason to believe from the showing which will be made to date in the athletic line that it will have a fraternal team. A regular schedule of games with the Sophomore Freshmen, who are ranged beside the regular three game series with the Sophomore Freshmen, will be held. The Freshmen beat the Sophomore Field Day, and the Sophomore Freshmen will have the chance to get back at them in basketball. There would be no doubt of the second of the first year if they should come off victorious in this series.

THE ORCHESTRA

Many New Selections Being Prepared For Future Concerts.

The Orchrestra Committee has con ferred with the management of the winter concert, and they have decided to contribute several numbers at the winter concert, which is to be held Friday evening, December 16, in Copley Hall. The men in the orchestra have been doing very well at rehearsals, but in spite of this it will be necessary to hold two rehearsals the day before the concert in order to get some of the leading selections which will be played at this concert. The men in the orchestra will be divided into two groups, as follows: States and Countries, and Cleopatra Dances. Additional numbers have been arranged and will be used at rehearsals, but it is not necessary that these numbers be not arranged in a way, because there have been several arrangements for the Cleopatra Dances. Additional numbers have been arranged and will be used at rehearsals, but it is not necessary that these numbers be not arranged in a way, because there have been several arrangements for the Cleopatra Dances.

Both men are to present papers, and Professor Titcomb is as usual the recipient of The Magic Flute, by Mozart. Where is the gym? So far no one has turned out for practice. Freshman, get busy and pay your dues, if you want a vote in the election.

COMMUNICATION.

To the Editors of THE TECH:

I would like to call the attention of the students at the Institute to the importance and activity of the Cosmopolitan Club here. The club has been very successful since its inception two years ago, and today has a membership of seventy-five. The provision of our constitution regulates the membership to two-thirds foreign and one-third American. We wish to make our membership this year one hundred and fifty, which is possible, but to do it both the foreign and American students must co-operate with us and the club.

President MacLaurin says, "The cheapest and easiest way to take a trip around the world is to attend the National Night entertainments of the Cosmopolitan Club." We have about one meeting a month, each given by a different nationality, the first of which this month will be by the Chinese students on Saturday evening, Nov. 19.

We cordially invite all M. I. T. men who are interested in our Cosmopolitan Club to come to this meeting.
