FRESHMEN PUT FULL TEAM ON FIELD.

First Football Practice Shows Some Excellent Material in the Squad.

The first practice of the 1915 football season was held yesterday afternoon in the Management's point of view, for there were 17 boys, many of whom were, having their first at the Institute. Every man of team had had a good amount of football experience and was ready to jump into the preliminary work with a will.

W. N. Eichorn is acting as coach for the first 'Football Practice Squad through its first stunts. Eichorn for the time being and is putting the men who were in the manager's pint of view, for there were 'At elieveh men who were in the beginning instead of allowing the candidates, as only nine of last year's team have returned to the Institute. The track team is in great need to and the captain stand ready to welcome everybody, and you are urged to try it when the next day one can do till he tries.

SPECIAL SOPH FOOTBALL PRACTICE TODAY AT 3

The Sophomores are going to have a special football practice this afternoon at the Oval at two o'clock. The manager says that weather conditions will not enter at all; there will be practice rain or shine and he wants to see every member of the team in his suit at that hour.

The men will get their first signals at this time and for that reason it is very important that every one should be there and be on time. They have some new formations ready to give out and they are of such nature that men who do not know them cannot run through with them.

Thursday afternoon there was a fine showing and there should be even more men at the Oval this afternoon to get onto the signal work. The schedule is one that will take a lot out of the men and for that reason there will be a large squad of men kept this year. That means that if you are not good enough to make the team you can help the class almost as much. The first team will have the second bunch of men to work against every day and somebody will have to be goats. You all have a good chance to make the team and it is up to every man who is a member of the class of 1914 to do something towards a victory at the Field on the third of November next. The first thing that comes in this practice of the football team this afternoon at the Oval; put on your old clothes and show up there at two o'clock and have a record bunch of men out.
