MR. MULREADY WILL TALK TO CATHOLICS

Important Report of Dance Committee to Be Heard.

On Wednesday evening, January 3, the Catholic Club will hold its first meeting of the new year. As the club sup- pert will be served upstairs in the Union at 6 P. M. The club is fortunate in securing Mr. Edward Mulready to address the members on this occasion. As chief probation officer of the courts of Massachusetts, Mr. Mul-
ready has gone into close contact with the criminal world and has dif-
ferent types of men. This class of people are little interested in the ordin-
ary human being, especially the juvenile juvenile cases, with which Mr. Mul-
ready has come into close contact. His talk to the meeting the question of
expected developments. His talk will be of interest to all the
members of the club.

C. E. WHITWELL, 1914

The positions of Managers of the various departments of the Show were
meant for Juniors, and seldom before has a class of Juniors been
the heads of the various departments. The first three lectures are to be
given by Professors Miller, Schell and Woelling. At that time Kingsley Dey,
professor of the Physics Department, is to discuss the technical aspects of the
Tech Show. These are descriptive of the
whole of the Tech Show this year, and the latter which is offered them by this course.

E. F. MILLER was present-
and Miller gave it to Professor Miller just, to

Prof. Miller Presents Entropy Prof. Miller Recommended These Lectures to Students.

EDWIN D. MEAD TO TALK AT UNION THURSDAY

The United States and the World to Be the Topic.

Mr. Edwin D. Mead of the World Peace Foundation, and who has been associated with the Old Colony Peace Society for a number of years, will speak in the Union on Thursday for the T. C. A. His subject will be "The United States and the World Peace." This subject is as inspiring as the title and will offer a good opportunity to those who have not been bitten by the average politician to come and be initiated into the world of ideas that is leading to a better day.

The meeting will start at 4:15 P. M., and will consist of three parts: applause for the speaker, the speaker himself, and the speaker's message to the students.

GATOR ON NEWBURY ST.

A New Addition to Menagerie Owned by Tech Students.

One of the chief sins of the Tech students is the fact that they are not men. They are instead, a group of boys who live in dormitories and are not interested in the other things that make up a true man. This is not the case with the boys who are tech students. They have a lot of fun and are not afraid to show it.

It is not only the boys who are interested in the other things that make up a true man. The girls are interested in the same things and are not afraid to show it. They have a lot of fun and are not afraid to show it.

PLANS COMPLETED FOR COMPETITION
Architects From Six Leading Colleges in Test of Ability.

At a committee meeting the other day in New York it was finally arranged that an Intercollegiate Architectural Competition should take place between Columbia, Cornell, Harvard, Michigan, Pennsylvania, Technology. Two prizes of $300 and $360 respectively, are offered by Mr. Lloyd Warren, a New York gentleman, who is very much interested in education, for the best work in two classes. The first class will include advanced and fourth year students, and the second will be open to second and third year men in design.

The competition is to be conducted on the usual lines, requiring the competitors to depend on themselves for the ideas, ideas, and be "suited." The most fashionable shafts and the latest textures and the most fashionable shades; prices that are right. Complete and be "suited." Press clothes a specialty.

The Marlin Model 20
REPEATING RIFLE
You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The solid copper, non-corrosive, non-nezima projectile and copper band helps bring the life of the rifle longer.

Send for catalogue.
