MUSIC COMPETITION FOR SHOW OPENS SATURDAY

For Lyrics at Show Office.

For as long as an audience has existed there always has been a contest to determine who will sing the songs which have become familiar to the audience. Now, the 43rd annual competition for songs for the Boston Indoor Show will open next Saturday. At 1.30, some of the thousands of people present will be asked to name the writer of the best song. Then, the results will be announced.

The Boston Indoor Show Committee has decided to hold the competition Saturday. It is the first time the show has been held on a Saturday.

Competitors will be asked to submit their songs for the contest. The song will be selected by a committee of judges. The winning song will be performed at the show.

GOOD GOLF GAME AT ARENA THIS WEEK

Intercolonials Play Three Rivers

-B. A. A. Play Montreal At Arena.

College hockey seems to be on the decline at the Arena this week, so games are scheduled in which college teams are to take part. On Harvard a couple of weeks ago "Three Rivers" of Quebec will line up against the Intercolonials and try to beat them, but they will have to travel some as the latter have yet to set foot in the Boston. There is no reason why they have not yet reached the height of their form. Skill is always every game, and the forwards have been gaining confidence all the time.

Saturday evening the B. A. A. will try to work the Montreal A. so that they can move in Boston in vain and that they do not meet in the clash with the aggregation representing the Exeter Institute, who are scheduled to play this game. It seems that the Ottawa men, the Boston boys have lost some of their cunning and it will be interesting to see if they are overtrained. They are sure to have a brace or two, and they will be able to carry off one of the boys when they least expect it.

As soon as the first selection is made it will be arranged next week between the Harvard and the Exeter Institute. The game will be a holiday period for most of the men and they may well be taking advantage of the holiday time to complete those songs which are to be used in the production of the show. As soon as the first selection is made the song will be given out by Stage Manager G. R. Thayer.

COMPETITION OPENED IN LECTURE INTERESTING

"American Traits in American Literature" the Subject-

Large Audience.

As is well known, Professor Perry needs an introduction to the public, and proved with the public all the most interesting courses which has yet been held by the Lowell Institute. The speaker explained largely what his point of view is going to be throughout the course and the necessity of examining the question of the American traits in literature.

RUNAWAY FOR TIGERS.

Dartmouth Shows up Very Badly

Dartmouth had no chance at all against the fast Princeton hockey team. The Tigers won by a score of 14 to 0. This was Dartmouth's first game, and the Tigers' team was very interesting. The defense was well played, and the forwards were lively and fast.

TALK ON MEXICO.

Mr. Ross Turner, the well-known writer and special lecturer in the Architecture Department, will give an interesting talk on Mexico at the Technology Union today, at the same hour and place for a talk on Monday. Many of these people are opposed to the manufacture of a Japanese style. It is hoped that a game could be arranged in about a week to get the names of the players. There is still a chance for the Princeton team to win.

CHARLES RIVER IMPROVEMENT.

The movement which has been carried on by the cities and towns along the Charles River to improve the stream has been stagnated for a long time. Mayor Chaikoff of Newton reported to the meeting yesterday, when Professor Bliss Perry was present at the meeting, and after the meeting Saturday noon in the Union, the B. A. A. will have a holiday period for most of the men and they may well be turning their attention to the selection of the songs which will be used in the production of the show. As soon as the first selection is made the song will be given out by Stage Manager G. R. Thayer.

The Junior Prom Committee, which met yesterday, decided several things of importance concerning the Prom. The Intercolonials, which has been used for several years, will be used this year. The affair will take place at the Intercolonial Hotel. The Prom has not yet been fixed, but the committee think that it will probably be the same as in former years, with balls. Pledge books will be issued about a week before the Prom, and the names of the people who expect to attend will be taken.

ANNUAL MEETING OF TECHNOLOGY ALUMNI.

Lunch Held in Union—President Macarthur Gives Address.

The Women's Association of the Massachusetts Institute of Technology held its annual banquet and meeting Saturday noon in the Union, and it was very well attended. President Macarthur of the Institute was present at the meeting, and after classes in Foundry Works will visit the foundry of the Blake & Knowles Pump Works on Third Street, East Cambridge, Wednesday, January 15. All men meet at the office of the organization, or at the Cambridge garage at Haymarket square. Get off at third street.

Look off your hat to the Hockey Team.
MRS. MACLAURIN WILL BE MATRON AT DANCE.

Also Mrs. Cole and Mrs. Pender
-Tickets $1.00—Now On Sale.

The committee in charge of the Ban-
tafion Hop to be held February 16th, in
Horticultural Hall, announced the fol-
lowing matrons for the affair: Mrs. Rich-
ard C. MacLaurin, Mrs. Edwin T. Cole
and Mrs. Harold Pender.

Already a number of upperclassmen
have indicated their intention to at-
tend the dance, which is the fourth
annual held by the cедакet corps. It
is expected that a large number of
Freshmen will go, and the selection
of hall and matrons leaves no doubt
about the desirability of the dance.
Tickets are now on sale by officers of
the Battalion and will be distributed
among the Freshman non-commission-
ated officers at the Wednesday drill.
They are $1 per person, and as an-
ounced it is planned to include re-
freshments at this price.

COMMUNICATION.

(We invite communications from all men
in the Institute on important subjects. We
take no responsibility for their senti-
ments, and do not agree to print any that
may come in, whether they are signed or
unsigned, or from whom soever.

To the Editor of THE TECH:

Dear Sir—We wish to call your atten-
tion upon the publication of this com-
munication as I believe its subject is of vital impor-
tance to the student body, for it cer-
tainly is to Technique, 1912.

The subject is this: the financial re-
sponsibility of some of our organiza-
tions is evidently not realized by their mem-
bers.

The K. S. Society, the Archi-
tectural Society, the Exeter Club, the
A. H. B. Club, the New York Club and
the Aero Club have become debtors to Technique, 1912, for their
annual issues. These efforts have been
made since May 1st, 1911, to the
present time, including the vacation,
to collect those bills, and as yet no
money is forthcoming. The
pursuit of these efforts has been
without result, and the effect of
these efforts will be one of disapproval.

We now have a financial committee
one whose purpose is to see that
the student body does not con-tribute
in any manner, and to adopt a
better business spirit.
The remarks of the
(Signed) DonM. E. Bent, Treasurer Technique, 1912.

JUNIOR SPECIAL.

It is planned to run several of the
back Political Economy Examinations in the
Thursday issue, and therefore
it will be imperative for every
member of the Junior Class to purchase one.

AN OUNCE OF PREVENTION.

The Adolph S. Lundin scientific sys-
tem of Turkish Baths is the only
natural and hygienic way to prevent
that oncoming cold. Experiment
