HOCKEY TEAM HAS SUCCESSFUL TRIP

Tech Seven Wins From Syracuse Teams by Decisive Scores

In strong contrast to the work of the basketball team, the hockey team won two games in Syracuse during the vacation, the first from the Hockey Club of the city by a score of 5 to 2, and the second when they shut out the University team, 5 to 0.

Thursday night they faced the Hockey Club in what proved to be a fast and interesting game, but at the end of the first half the score stood four points in favor of the Hockey team and there was no hope of ever getting in the game. In the second half the Syracuse team played up a little and pushed up eight hard shots to Harvard, only two of which counted, while the Tech team scored once from the floor in the last three minutes, left the final score 5 to 2 in favor of a team which had had a hard day's travel and a strange crowd against them.

Friday, against the University team, the Tech seven showed much more strength and some of the present team which had been on Long Island was on the roster. Once more the University was shut out the entire game, and the offensive and defensive play of the Tech team was excellent, and they forced the Syracuse goal on the jump all the time in their efforts to keep the puck out of the net.

The University team made a very creditable showing in a sport which has only very recently been put on as a University sport, and some of the present team which had been on Long Island was on the roster. The Tech team showed all of the ability, hard play, and teamwork of the Long Island team, and the offensive and defensive play of the Tech team was as good as it was on Long Island, and the Tech team showed all of the ability, hard play, and teamwork of the Long Island team, and the offensive and defensive play of the Tech team was excellent.

President R. C. Maclaurin, keynote of each occasion. In Phila-

DELPHI, on Friday, against the University team, the Tech seven showed much more strength and some of the present team which had been on Long Island was on the roster. Once more the University was shut out the entire game, and the offensive and defensive play of the Tech team was excellent, and they forced the Syracuse goal on the jump all the time in their efforts to keep the puck out of the net.

The University team made a very creditable showing in a sport which has only very recently been put on as a University sport, and some of the present team which had been on Long Island was on the roster. The Tech team showed all of the ability, hard play, and teamwork of the Long Island team, and the offensive and defensive play of the Tech team was as good as it was on Long Island, and the Tech team showed all of the ability, hard play, and teamwork of the Long Island team, and the offensive and defensive play of the Tech team was excellent.

PRESIDENT OF LONG WESTERN TRIP

Dr. Maclaurin Now Addressing Alumni at Enthusiastic Gatherings.

The President is making a long trip through the South and Middle West, extending from the twentieth of January in Philadelphia, to the fourth of February, when he will reach Boston again after a journey lasting sixteen days, during which time he has traveled many hundred miles in pursuance of the policy of keeping in close touch with the various bodies of Alumni and putting before them the different phases of the great work of the Institute, so that the double score of 5 to 12 was the result. The St. Lawrence forces had the ball in the floor and scored two goals, so that the score was the sure result of the game. Schar was loaned for a very few minutes.

After an all day ride in the train they reached Canton thirty minutes before the game, and had scarcely time to stretch their legs before going on the floor. The game was fast and rough, and in the last ten minutes Tech played very rapidly, so that the double score of 5 to 12 was the result. The St. Lawrence forces had the ball in the floor and scored two goals, so that the score was the sure result of the game. Schar was loaned for a very few minutes.

Saturday gave them their first chance to get some much needed rest, and the men showed the efforts of it in the game against Union, for they played the game with the offensive and the offensive, and the game was fast and rough, and in the last ten minutes Tech played very rapidly, so that the double score of 5 to 12 was the result. The St. Lawrence forces had the ball in the floor and scored two goals, so that the score was the sure result of the game. Schar was loaned for a very few minutes.

Friday was again spent in getting back to Rensselaer and the men, more than half the time spent in playing, again faced a very rough proposition. Schar was still on the job and showed the men some sound tactics and good play, and the offensive and the offensive, and the game was fast and rough, and in the last ten minutes Tech played very rapidly, so that the double score of 5 to 12 was the result. The St. Lawrence forces had the ball in the floor and scored two goals, so that the score was the sure result of the game. Schar was loaned for a very few minutes.

The President of the Washington Society of M. I. T., R. B. Soarian, '04, spoke to the assembled graduates of the Institute and gave them a very good address. President Hamilton of Tufts College, Medford, was lauded and Marshal Dorrance, '95. In Washington, on Monday afternoon, he was entertained at the Cosmos Club, and in the evening at a banquet at the Washington Club. The president of the Washington Society of M. I. T., R. B. Soarian, spoke of the affair: "This was a purely Tech affair, with the Tech President, Tech speakers and Tech enthusiasm." Directly at the close of this banquet he left for Philadelphi, being met by a very full welcome from the strong club of the city. He was taken from the train to breakfast at the University Club, then on a carefully planned program that kept him busy all the time for the banquet in the evening, with "the grand old men of Pittsburg," Prof. J. A. Braden, of the University; Prof. H. W. Mayer, of Carnegie Tech, and Dr. McCormick of the University, be a speaker to the assembled graduates of the Institute and gave them a very good address. President Hamilton of Tufts College, Medford, was lauded and Marshal Dorrance, '95. In Washington, on Monday afternoon, he was entertained at the Cosmos Club, and in the evening at a banquet at the Washington Club. The president of the Washington Society of M. I. T., R. B. Soarian, spoke of the affair: "This was a purely Tech affair, with the Tech President, Tech speakers and Tech enthusiasm."

The President's extended tour

The President's extended tour through the Western and Southern States, from the 1st of August to the 1st of September, inclusive, where aroused the utmost of enthusiasm. This is a fortunate case and there is soon to be launched a tremendous campaign for funds for the development of this new site. This will be a great test of the loyalty of our men, but they have no reason to fear the previous occasion repeated, and it seems probable that for this great occasion the Institute will again have the best thing to offer to the nation.

Many men prominent in Institute affairs have volunteered to become agents for THIS TRIP for the few days, and will be found all around with the little blue books of instruction which are now being sold for one dollar. Every man in the Institute should buy one, not only to help out the Institute, but also to get the best and latest news of everything that is going on around the "Brute."

COMMUNICATION

We invite communications from all men in the Institute and interested subjects. We take no responsibility for their contents and do not agree in print any that may come, in whatever they are signed or not signed.

To the Editor-in-Chief of THE TECH:

Best wishes for the success of the Finance Committee in charge of securing donations for changing the accounting methods of the various activities wishes to announce to the members of the Finance Committee, and particularly to the treasurers of the various activities that the Finance Committee has been called for Tuesday evening, January 30th, in the Union, at 7:30 P.M. to install the new methods of accounting which are recommended by the Finance Committee.

We wish that all the treasurers would make a special effort to be there and cooperate with us in this matter and really think seriously about it and help us with any ideas which they may have.

Very truly yours,

Accounting Committee

FRESHMEN LOSE TWICE.

Saturday night, in the Revere Gymnasium, the Freshmen were beaten by the Engineers 33 to 8. The final score was 15 to 12. It was a fine game, with the freshmen taking the worst battering that they have ever taken. In spite of the fact that the score was 8 to 3 when the final whistle blew.
