SOPHOMORES WILL PLAY ANDOVER SATURDAY

A Close Game Expected Though Sophomore Team Weakened in Back Field.

Saturday night the Sophomore play one of their hardest games when they play the Andover first at Andover. It is generally conceded that this season the Sophs have to play a close game to beat W. A. Price, who has been doing fine work in the defense, is suffering from an attack of flu.

Of the season the Sophs have to play a tight game and be on their best game to beat the new aggregation of the Tech.

Mr. Long has found a worthy substitute in C. E. Fox. Fox has not seemed to be appreciating in overcoming the conflagration, that the Sophs are considered by the Council speakers for the people gathered on the stairs, utilising every possible mode of convenience, were hastily leaving the court.

SECOND TEAM GAME.

Game Scheduled With Newton Y. M. C. A. Wednesday Night.

The Newton Y. M. C. A. will play its second important basketball game of the season Wednesday night in the Tech gym. The Newton team has the reputation of being one of the strongest teams in the vicinity of Boston. They defeated the Brockton Y. M. C. A., 25 to 4, and the Varsity was defeated by the latter aggregation by the score of 22-21. The second team has been busily engaged in preparing their game for the Newton contest. Several new men were added to the roster.

The following will be the lineup for the game Wednesday night: Dalton and Leader will man the center positions, and Smythe will play the guard. Capen, captain, and Metcalf, backs. Owing to the very short notice, the reserves may not be able to play, and in that event Morse will take his place.

About time for the Crew men to start from the dormitories. They are to row the Nantucket this morning.

During the last fiscal year area aggregates moving over 6,000,000 acres, not previously owned, were obtained by governmental authorities in the United States Geologic Survey in connection with withdrawals of water power sites. Oil consumption of oil was also noticed. The Canadian Pacific road is now transporting coal from the Kittrick region. An increased production was from the Sunset and McCreed oil fields situated in the Sunset and McCreed oil fields, but Manager Ott has found a substitute for wood in his position in guard and promises well in his first game. The actual lineup for the coming game is not yet known, but the following players will be in the line-up: Thompson, Smith, Martin, Anderson, Comber (captain), Williams, Roost, Tyrrell, Bryant.

BRAVE STUDENTS.

Boys Show Their Ability as Fire Laddies at Blaze.

Great excitement prevailed on Newbury street yesterday afternoon when a fire broke out near a florist's house, in which a number of men were congregated, busy engaged in preparing their lemonade, fruit, etc., which they were selling in their respective organizations. Members of any other course are invited to be present, as the meeting will be an open one.

JUNIOR WEEK LONGER.

Faculty Suspends Exercises From Tuesday to Monday.

This year the Junior week holiday will begin a day earlier than usual in order that it will be possible for "Tech Show" to give the customary race meetings in Boston during the week. Wednesday, Friday and Saturday afternoon were already filled at the local theatre at the regular productions. Friday being filled because it will be a Holiday day. This left only Thursday available for the "Show," and Engineering Societies women's representative and President Hamilton have decided that recital Faculty has decided that recital will be on the following Monday afternoon. This course was pursued, however, only after Manager Whelding had made an effort to secure some of the Boston theatres, including the Opera House, for a second performance. The actual lineup for the show was announced by the Faculty for the spring season.

Jay Gould successfully defended his title as the champion tennis player of the world last season at Nantes. He is now a member of the Racquet Club professional, winning the entire three sets.

HAMILTON TALKS ON "REASONABLE SERVICE"

Bible Classes Start Next Week—Social Talk—Dr. Mann Next.

At the Christian Association meeting yesterday noon in the Union Secretary Talbot made three announcements. Hamilton of Tafts spoke to the men on the subject, "Your Reasonable Service." Mr. Talbot announced that the Bible classes would be held Monday afternoon at five and Tuesday at 1:30, the first in the small room in the Union and the other in the Association office. He also said that a fine chance for Social Service was open to anyone in an opportunity to teach a High School man advanced Algebra so he can enter college next year. Within half an hour after the meeting two men volunteered for the work, and the third job the boys. Secretary also announced that next week's speaker—Dr. Fred W. Zahn, Rectory of Trinity Church and known as "The Chaplain of Technology." President Hamilton began his discussion of "Your Reasonable Service."

TECH BATTALION TO GO TO LAWRENCE

Special Meeting of Governor's Council Result of Petition.

The Governor's Council, at a special meeting held last night at midnight in Governor's office, ordered the State House, debated pro and con the advisability of taking final drastic measures to quell the riot strikers of Lawrence by calling out the famous Tech Battalion.

That such a course should even be considered by the Council speaks volumes for the seriousness of the present situation in our neighboring city. The Governor's Council was acting upon the conditions in Lawrence, last night, denying all attemp
ted times taken by the present company of State Militia, enforced by strong details of Police, Street car, and City Police. Sternly bade the strikers hold up, be loa
ted in order that it will be possible for the mob to be p)resent, as the meeting will be an open one.
MONDAY IS DATE FOR CATHOLICS' DANCE

All Arrangements Are Complete and Bright Prospects In View.

Next Monday evening, February 18th, the Catholic Club will hold its annual dance at the Hotel Somerset, Commonwealth avenue. In order to make the affair a success the committee in charge of the arrangements have been unceasing in their efforts, being rewarded in part by securing the use of the ball room of the hotel. Saturday noon is the date set as the time in which many of them will write their names at the cage who wish to have invitations sent out. The price of the tickets is $1.50, and every member of the club should be present to make the dance a complete success.

About 800 invitations have been sent out by the committee composed of the following: S. W. Laflah, Brandon P. Lyons, Francis P. Scully, Leo P. Walsh and Robert P. Murphy. The officers of the club are also members of the committee excluded.

SHOW COMPETITION.

Difficulty for Management to Select Best of Posters.

The Tech poster competition has closed, and more than a dozen posters have been submitted for criticism. The management is now against the touch proposition of foreign students and the poster which is to be the favored one, an excellent work has been done on the back. The competition for music will be held in the Union on Saturday at 2 o'clock Coach Sanger will be there at the time to select the party who may be able to write suitable music for the show. All men who have received copies of the lyrics and have written any music at all must be present at that time to submit their efforts to Coach Sanger.

There will be two more performances, one on Tuesday, April 16th, and the other on Thursday, April 18th. The Tuesday performance will be the first offering and will probably be held at the Shubert Theatre.

TECH IS COSMOPOLITAN.

American Colleges Compared For Foreign Students.

An interesting comparison has recently been made of American colleges and their ratios of foreign students. Almost every country in the world is represented in the entire number, and the average ratio in the eight leading colleges and universities considered is one to twenty-five.

Pennsylvania, boasting of the highest number, 253, of foreign students, leads the list of ration. Columbia is second in number, while Harvard has third place with twenty-eight languages represented, counting approximately English and Canadian, and twenty-six foreign countries. The Institute, however, while second in ratio of foreign students, has twenty-seven foreign countries represented, and is not to be left out to include Hawaii, Porto Rico and the Philippine Islands.

The following tabulation gives the eight American institutions whose number of foreign students lead:

<table>
<thead>
<tr>
<th>Name</th>
<th>Foreign Students in English and Canadian</th>
<th>Foreign Students in Closing Languages</th>

FURTHER PLANS MADE FOR JUNIOR PROM

Pledge Books Distributed Among Several Members of Each Class.

Pledge books for the Junior Prom are now out and everyone should see that his name is recorded right away, as the number of tickets is limited. The following men will have the books, and as there are representatives from each class a man cannot have the excuse that he doesn’t know who to give his name to: Peck, Holmes, Ramsey, Nichols, Capon, West, Byrland, Edson, S. W. Bel- fridge, German, Frankel, Russell, Gage, Thompson, Corbell, Hallow, Stansburg, and Russell, 1912; White, Geeth, 1914; Kellogg, 1912; Lyons, Wellington, 1913. There will also be a man in the Union with a book every room, so that all will have a good opportunity to sign. All men who are partial to any special music to be played at the Prom are requested to hand their monies to the Cag at R. N. Night before Wednesday, February 10, 2 P. M. The request is also made that more men come out for the football competition. This is a good chance to show your talent in the artistic line.

Two dollars is the charge for chap- erons, and these tickets will be given out at the same time as the other or- ders, a couple days before the Prom.

T. C. A. TALK.
(Continued from Page 1, Col. 4.)

More men than the man across the world. He said he believed that no great social or political question was ever finally settled by force. For example, the submission between the States did not end with the surrender of Lee at Appomattox, but only when those b undergo in the “Light” of a foreign war that after all they belonged to- gether. Industrial disputes never will be concluded by the victory of either party, but must be settled by the light of reason.

But without “Love of Humanity” a man is to be compared to a warship without “the man behind the gun.” The contribution of love is the centri- n of the old game, but love is possible to; without “the man behind the gun.”

The committee on football rules is now in session at the Hotel Astor in New York and will consider many of the suggestions made from within as well as from without its own ranks for changes in the rules. These prin- cipally have to do with making it less difficult to score, rather than to fur- ther eliminate the game, as most of the members feel that the game is now almost as safe as it is possible to make it.

There are two factions in the com- mittee, one of which feels that foot- ball has reached its highest point and are endeavoring to retain the rules for at least another year, ev- ocating in a few unfair instances. The other group is made up of those who are eager to make some modification in the forward pass, and return to the old game by either, reducing the number of yards to gain or increasing the number of down.

It is very difficult to say what the outcome will be for both divisions of the committee are very anxious to carry out their plans. The result will be awaited with much interest all over the country.

Editorial.
(Continued from Page 2)
This noon, at one-thirty, our competition for positions on the News Staff opens with a meeting in the lower office in the Union. Presence at this meeting will not be considered binding, but at that time we shall explain the work that the candidates will be required to perform and the qualifications for a position.
The men who came out during the first term have found the work agreeable and interesting, for it gives them a far greater insight than the average man has into what the Institute and its students are doing. As one of the professors has remarked, THE TECH is after all, a part of the educational scheme, and its part is the broadening influence that work in its departments gives.
We hope to see a number of men.
