

THE TECH

VOL. XXXI. NO. 91

BOSTON, MASS., MONDAY, FEBRUARY 5, 1912

PRICE TWO CENTS

JOHNS HOPKINS TO HAVE TECH SCHOOL

President and Commission Here
to Obtain Material by In-
spection of Institute.

President Ira Remsen of Johns Hopkins University, together with a number of the members of his faculty and a special commission from the Maryland Legislature, arrived at the Institute Saturday morning with an appointment for conference with our Faculty and a trip of inspection through the Institute plant and laboratories.

The object of this trip is to obtain material which may be used in the foundation of a school of technical education in the University. The plan has been under consideration for some time and the junket to Boston is the result of their deciding that they could get the most valuable material from the Institute.

This is the fourth time within three months that commissions from various places have visited Technology for the purpose of getting ideas and data on the methods of instruction and administration. The other parties have been the Commission of the Canadian Government, the Commissioner of Education from Brazil, and a representative from a large German City.

RHODE ISLAND WINS.

Schatz Star for Varsity, Having
Scored All Their Points.

In a game marked by poor shooting the Varsity Basketball team was defeated by the strong Rhode Island State College five by the score of 43-15. During the first part of the game the backs were greatly handicapped, owing to a slippery floor, but during the second half they played in better form. The State College made most of its points in the first half, when the score was 28-7. Schatz scored all the points for the Varsity, caging five from the floor and as many fouls. The team was very erratic in its shooting.

The line-up:

M. I. T.	RHODE ISLAND.
Schatz, I. f.L. Sullivan
Schar, Reed, r. f.P. F. Tully, Lenox
Norse, c.c. Aspinwall, Benson
McCarthy, r. b.r. b. Doll
Freedman, Schar, l. b.l. b. Newton, Prindle

CATHOLIC CLUB DANCE.

The Catholic Club dance, which takes place tonight at the Hotel Somerset, bids fair to be the most successful which has been given by this Club since its organization at the Institute, for the number of replies received from the 800 invitations which were sent out is a goodly proportion, and all are looking forward to the occasion with anticipation.

The committee in charge, E. S. Walsh, chairman; Brandon P. Lyons, Francis P. Scully, Leo F. Walsh, Robert Murphy, and the officers of the club, ex-officio, have spared no pains in making every appointment for the dance complete.

Harvard has finally made complete plans for the change in commencement dates which will bring the various functions into a much shorter period of time.

SOPHOMORES EASILY DEFEAT FRESH- MEN IN DUAL MEET SATURDAY.

T. H. Guething '14 Establishes New Gym Record
For 440 Yard Dash---Freshmen Possess
Good Shot Putters.

Instead of being a walkover for the Sophs, as was expected, the track meet Saturday ended with the score only 44½ to 31½ against the Freshmen. The 1914 men got their large score by winning all the firsts, with the exception of the shot-put. They also took the majority of the third places, while the lower classmen gathered in the most of the second and fourth places. T. H. Guething, 1914, broke the Gym record for the 440-yard dash, made last year by W. C. Salisbury.

The first event, the 35-yard dash, netted seven points for the Sophs to four for the Freshmen. L. A. Wilson, 1914, H. S. Wilkins and T. J. Barry won their heats, and F. F. Hann got into the finals by winning out in the heat for second men. In the finals Wilson got a good start and led the way up to the tape, closely followed by Barry. Wilkins was slow in starting, and only just nosed out Hann. The time was four and two-fifths seconds.

The mile was the next event, and this proved to be one of the features of the meet. At the crack of the starter's gun, Lowell, 1915, jumped to the lead, closely followed by G. C. Shedd, 1914, C. S. Lee, 1914, and C. R. Wilkins, 1914. Shedd set out after Lowell and the two opened up a ten-yard lead on the rest in the first three laps. The men held their positions to the seventh lap, when Lowell fell back and Shedd was caught by the other runners. In the ninth lap Lee started a sprint that brought him up behind Shedd and quickened the time of the others a little. At the end of the fourteenth lap Shedd was leading Lee by about seven yards. Wilkins was five yards behind Lee, and Lee and Atwood and Guerny were fighting it out for fourth place. The men held this order to the finish. Atwood and Guerny set up a spirited sprint in the last lap to determine the winner of fourth place, and Atwood made up a

PRACTICAL DISCUSSION.

Strikes—Should the Militia Be
Called Out?

This afternoon the first of the second term series of the Christian Association Bible classes for practical discussions will meet in the small room of the Union at five o'clock. Today the discussion will be on the subject of strikes and whether or not the militia should be called out to quell the disorders that sometimes accompany them. Everyone will be welcome, and it is hoped that a large number will show up for the discussion this afternoon.

Two other classes are also planned for the week, one of which will be held in the T. C. A. office tomorrow at 1.30 and the other in the Secretary's room.

five-yard lead, both crossing the tape together. The time was five minutes and 45 seconds.

Only three men were entered in the 40-yard hurdles. Huff, 1914, won the first place by a good margin. A. B. Curtis, 1915, and Thomas, 1915, finished in order.

The 440-yard dash was easily the best event of the meet. T. J. Barry, 1915, took the lead at the gun, followed by T. H. Guething, 1914, and Dorrance, 1914. The second lap brought Guething up to first place, with Dorrance and E. L. Place, 1915, at his heels. On the final lap Guething passed Barry and crossed the line a good seven yards in the lead. Barry finished ten yards ahead of Dorrance, who led Place by about ten more. By winning the race in 56.4-5 seconds, Guething set up a new Gym record. The former record was held by W. C. Salisbury, 1911, who covered the distance in the 1910 indoor meet in 57 seconds. The new record may not stand, however, as the race was timed by only one watch.

Shedd again started in the half-mile, holding the lead for nearly all the race, except for two laps, when he was headed by A. F. Nye, 1914. Nye was running a fine race and was a sure winner of one of the first places, when he tripped on a corner and fell, thereby losing all chance of placing. Hill, 1915, Homan, 1915, and Carrier ran close together and finished in the order named. Shedd's time was 2 minutes 17.3-5 seconds.

The shot-put was all the Freshmen's, except for the third place. Crowell, 1915, won this event with a throw of 34 feet 4 inches. O'Brien, 1915, was next with a put of 45 feet 2 inches. T. H. Guething, 1914, pushed the weight 31 feet 11½ inches, and F. Hann, 1915, got a distance of 29 feet 7 inches.

L. S. Hall, 1914, won the high jump with a leap of 5 feet 7½ inches.
(Continued on Page 2, Col. 2.)

COSMOPOLITAN CLUB.

Anglo-American Night to Re-
place Next Saturday's.

The National Chairman of the Cosmopolitan Club, who represent Great Britain and America, have decided to hold a joint meeting in the latter part of this month. This Anglo-American Night will take the place of the American Night, which was to have come a week from Saturday. It will take the form of a dance, open to the Institute at large. Considering the attractiveness of the Club's entertainments, there should be at least 150 couples at this dance.

Track prospects for Yale are far from promising, according to a summary printed in the Yale News, the pole vault being the only event in which she will be represented by first-class men.

PRESIDENT MACLAURIN RETURNS FROM WEST

Found Alumni Well Posted On
New Site Plans—Studied
Building Ideas.

President Maclaurin has returned from his Western trip and well satisfied that he accomplished the two-fold purpose of his mission, which was, first, to meet and learn of the doings of the Alumni; and second, to observe building methods with a view to the new buildings. He was gone just a fortnight and his itinerary included Philadelphia, Washington, Pittsburg, Chicago, Detroit, Rochester and Syracuse, beside numerous stops in other important places.

In regard to the trip, President Maclaurin said: "I desired to get in touch with the Alumni in order to learn at first hand what projects they were interested in, and what they knew of the plans for the new Institute, and to increase their knowledge of this subject. I found many Tech men prominent in large undertakings, and, to my surprise, very well posted in the affairs of the Institute. They all were very interested in its plans and must have been reading some of the publications, so well informed were they of the latest news."

Of the second purpose of the trip—that of familiarizing himself with building plans—the President said: "I visited and studied educational and mercantile institutions with a view to a more advantageous planning of our new buildings. In general, educational institutions are not so well planned as those for business purposes, as in the latter the space and its applications are more carefully studied. The Washburn-Crosby mills, the Bausch and Lomb and Eastman Kodak factories were the more prominent of the factories visited. Of educational institutions I was particularly interested in
(Continued on Page 2, Col. 2.)

SOCIETY OF ARTS.

Roger Babson to Talk on Statis-
tics of Business Conditions.

There will be a very interesting and instructive talk given before the Society of Arts on Wednesday of this week, which every man in the Institute will find of value, for it is to be given by Mr. Roger W. Babson, the Corporation Counsel for the City of Boston and the well-known founder and author of the Babson System of Statistics on Business Conditions, on the subject, "Anticipating Business Conditions by the Study of Statistics."

Mr. Babson has a big office in Wellesley Hills, which is given over to preparing the tables and charts which he uses in giving out the information on business conditions, which are used by many people in buying and selling stocks and in making all sorts of business transactions.

MONDAY, FEB. 5, 1912

However disappointing was the number of men attending the Freshman-Sophomore meet Saturday, it might have been predicted that there would be only a poor attendance. In general, not many upperclassmen were interested in other than the outcome of the meet, yet that only a dozen men from each of the lower classes should be present as spectators speaks but ill for the underclass spirit that is prevalent here.

Men from every class have hitherto complained about the lack of spirit found in this institution as compared with others, yet we venture to ask, how can any general interest in anything be shown if no man is willing to do his share? In regard to this specific case the wall may go up, "It cost a quarter," or "I had a lot of preparation for Monday." Again we venture to interrogate, were there not a number who went to a Saturday matinee and spent more than a quarter in the bargain? and that old "extra study" story is so overdone as to be hardly satisfactory. Come, fellow-students, look at the problem you have before you, and instead of condoling with the Institute for its lack of spirit, kick yourself into some kind of activity and produce that spirit.

In another column Guething today points out to the Sophomores that the time for the Technique elections is at hand. This is an affair not to be underestimated by this class, as elections to positions on Technique may be considered high honors. The scheme followed in the elections is this: The class votes for twenty-five of its members to serve on the Technique Electoral Committee, an organization that then proceeds to elect the editors of the year-book. The committee is supposed to be impartial in its elections and to consider all members of the class. Men who are elected to the committee must remember that in accepting the positions they are pledging themselves to this course.

The unapproved methods used in some cases for election to the Board last year, which caused the Board to declare itself illegally elected, aroused such a storm as can hardly be forgotten by this time. We trust that the members of this year's Board will be elected by each classman individually, and that before casting the final ballot each man will consider the qualifications of the men for whom he votes.

COMMUNICATION.

1914.

Next week the important election of the 1914 Technique Electoral Committee will take place. This committee is composed of twenty-five men, who elect the board for next year's Technique. Only men who have paid their class dues will be elected to this committee; but to give every man a fair chance, the names of all regular members of the class, whether or not they have paid their dues, and also the names of all unclassified students who have paid their dues to 1914 will appear on the ballot. Any unclassified student who has not yet paid his dues, must leave his name at the Cage on or before Wednesday, if his name is to appear on the ballot.

This is the most important election for 1914 this term, and every man should see that his name is on the ballot and that his dues are paid, that he may be eligible for the committee.

T. H. GUETHING, President, 1914.

PRESIDENT RETURNS.

(Continued from Page 1, Col. 4.) The University of Pittsburg, the University of Minnesota and the Northwestern University, Pittsburg and the Northwestern Universities are now facing the same problem as the Institute—that of building a complete new institution. Minnesota is rearranging its campus, and it is interesting to note that the work is being carried on by Tech men. From this survey I learned a number of things, and how to and how not to provide for our new Institute in the matter of suitable buildings."

SOPHS DEFEAT 1915.

(Continued from Page 1, Col. 3.) Teeson, 1915, was next with a jump of 5 feet 4 3/4 inches. Eberhart, 1914, jumped 5 feet 3 3/4 inches, and A. B. Curtis, 1915, cleared 5 feet.

The summary is as follows:

	1914.	1915.
35-yard dash.....	7	4
Mile run.....	10 1/2	1/2
40-yard hurdles.....	5	5
Shot-put.....	2	9
440-yard dash.....	7	4
880-yard run.....	6	5
High jump.....	7	4

44 1/2 31 1/2
 35-yard dash, first heat—Won by L. A. Wilson, 1914; Thomas, 1915, second; Homan, 1915, third. Time, 43-5 secs.

Second heat—Won by H. S. Wilkins, 1914; F. Hann, 1915, second; O'Brien, 1915, third. Time, 42-5 secs.

Third heat—Won by T. J. Barry, 1915; E. L. Place, second; Huff, 1914, third. Time, 41-5 secs.

Fourth heat—Won by F. Hann, 1915; Thomas, 1915, second; E. L. Place, 1915, third.

Final heat—Won by L. A. Wilson, T. J. Barry second, H. S. Wilkins third, F. F. Hann fourth. Time, 42-5 secs.

Mile run—Won by G. C. Shedd, 1914; C. S. Lee, 1914, second; C. B. Wilkins, 1914, third; A. T. Atwood, 1914, and Guerny, 1915, fourth. Time, 5 min. 45 secs.

Half-mile run—Won by G. C. Shedd, 1914; Hill, 1915, second; Homan, 1915, third; P. H. Currier, fourth. Time, 2 min. 17 secs.

40-yard hurdles—Won by Huff, 1914; A. B. Curtis, 1915, second; Thomas, 1915, third. Time, 52-5 secs.

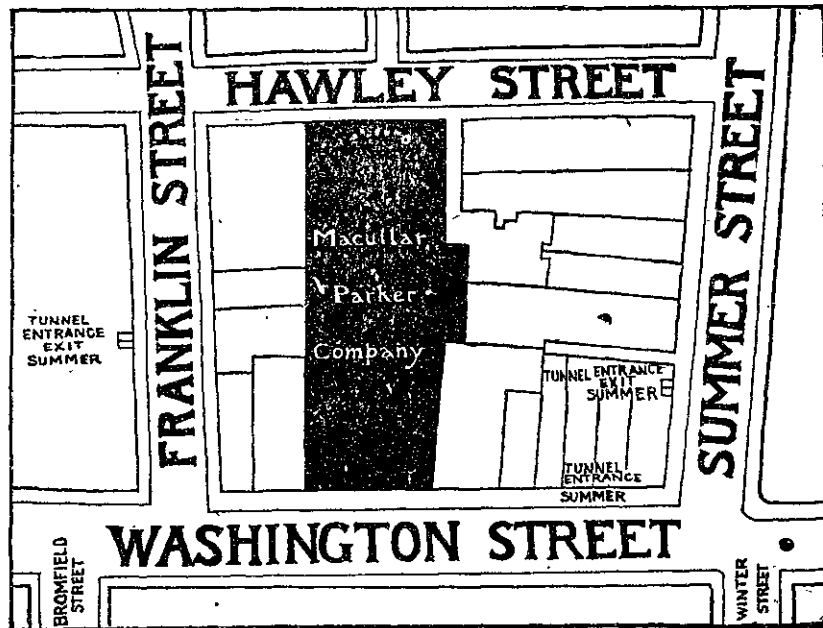

440-yard dash—Won by T. H. Guething, 1914; T. J. Barry, 1915, second; Dorrance, 1914, third; E. L. Place, 1915, fourth. Time, 56 min. 4 secs. A new Gym record.

Shot-put—Won by Crowell, 1915; O'Brien, 1915, second; T. H. Guething, 1914, third; F. Hann, 1915, fourth. Distance, 35 feet 4 inches.

High jump—Won by L. S. Hall, 1914; Teeson, 1915, second; Eberhart, 1914, third; A. B. Curtis, 1915, fourth. Height, 5 feet 7 1/2 inches.

Score—1914, 44 1/2; 1915, 31 1/2.

SOPHOMORES DEFEAT BLUE AND WHITE

Fine Form Shown in Game With Andover—Have Not Been Defeated Yet.

Saturday night the Sophomore Basketball team registered a defeat against the Andover five by a score of 19 to 16. This makes the fourth victory out of a total of four games played. The team put up a strong fight all the way through the game, and the score was 10-10 at the end of the first half. Williams and Bryant played a star game and helped to a great extent to bring about the victory; Williams, who played in the place of Price, showing remarkable ability to locate the baskets and scoring fourteen points of the nineteen made. Captain Comber ran the team in an excellent manner, keeping them going all the time.

The second-year men have been showing remarkable form all during the season, and all their games have been close and very interesting. The next game will be on the 17th, with the Allen School. The line-up was:

ANDOVER. M. I. T., 1914.
Washburn, l.f. l.f., Comber
Byrkford, r.f. r.f., Tirrell
Thompson, c. c., Rueff
Dillon, l.g. l.g., Williams
Hecomb, r.g. r.g., Bryant

WRESTLING TOURNAMENT

Last Saturday night Amateur Wrestling matches in four classes were held in the gymnasium of the Clapp Memorial Association Building in East Weymouth. Three members of the wrestling team were entered in the events, but only one man reached the finals. This man was W. F. Treat, 1914, in the 158-pound class.

The following is the summary of the finals:

125-pound class—T. O'Hara, Boston Y. M. C. U., won from M. Jeoli, C. M. Assoc., on points.
135-pound class—J. Murdoch, Harvard A. A., won from H. Sarki, Boston Y. M. C. U., in 9 min. 4 sec.
145-pound class—A. Jennette, Boston Y. M. C. U., won from O. Walsh, Norwood Press Club, in 1 min. 44 sec.
158-pound class—Dr. Provan, Boston Y. M. C. U., won from W. F. Treat, M. I. T., in 4 min. 5 sec.

OLYMPIC TRIALS JUNE 8.

The American Olympic games committee has finally decided that the eastern trials will be held June 8, at the Harvard Stadium. The committee wanted the games to be held earlier in the season, and picked May 30, but owing to the deed of gift of Soldiers' Field to Harvard that was impossible. As there was no other alternative, June 8 was finally agreed upon. The trials are to be managed by Col. G. B. Billings of the B. A. A., and W. F. Garcelon, graduate manager of athletics at Harvard.

AEROPLANE LECTURE.

Earl Ovington gave an illustrated lecture on Aeroplanes in Huntington Hall on the evening of January 23rd. Owing to the fact that it was vacation week very few men attended the talk. Mr. Ovington presented to the audience a series of views of aeroplanes, saying a few words about each machine with which he was acquainted, and telling of his experience and emotions while flying his Bleriot. At the end of his lecture he was assailed by many questions about the machines, about their cost and about the dangers of flying.
