SOPHOMORES EASILY DEFEAT FRESHMEN IN DUAL MEET SATURDAY.

T. H. Geuthing 14 Establishes New Gym Record
For 440 Yard Dash—Freshmen Possess Good Shot Puffers.

Instead of being a walkover for the Sophs, as was expected, the dash meet Saturday ended with the score only 44½ to 31½ against the Freshmen. The 1914 men got their large score by winning all the firsts, with the exception of the shotput. They also took the majority of the third places, while the lower classifiers gained in the most of the second and fourth places. T. H. Geuthing, 1914, broke the records of the 440-yard dash, made last year by W. C. Salisbury.

The opening event, the 50-yard dash, netted seven points for the Sophs for fourth for the Freshmen. L. A. Wilson, 1914, H. S. Wilkins and T. J. Barry won their heats, and F. F. Hox brought in the finals by winning out in the heat for second men. In the finals W. C. Salisbury started in the half-mile, and led the way up to the tape, closely followed by Barry. Wilkins was slow in starting, and only just nased out Hox. The time was four and two-fifths seconds.

The mile was the next event, and this proved to be one of the features of the meet. At the crack of the starter's gun, Lowell, 1915, jumped to the lead, closely followed by C. C. Shed, 1914, C. S. Lee, 1914, and C. R. Wilkins, 1913. Shed set out after Lowell and the two opened up a ten-yard lead on the rest in the first half of the race. The men held their positions to the seventeenth lap, when Lowell fell back and Shed was caught by the other runners. In the ninth lap Lee started a sprint that brought him first place and second place, and held the lead of the others a little. At the end of the fourteenth lap Shed was leading. Lee by about seven yards. Wilkins was five yards behind Lee, and Lee and Shed were fighting over the remainder of the race. Shed was running a fine race and was a good second man, and the two opened up a ten-yard lead, both crossing the tape first, Shed by about ten more. By winning all the firsts, with the exception of the shotput, Shed gained three points for the Sophs, as expected.

Fine Form Shown in Game With Andover—Have Not Been Defeated Yet.

Saturday night the Sophomore Basketball team registered a defeat against the Andover five by a score of 19 to 16. This makes the fourth victory out of a total of four games played. The team put up a strong fight all the way through the game, and the score was 10-10 at the end of the first half. Williams and Bryant played a star game and worked to great extent to bring about the victory. Williams, who played in the place of Price, showed remarkable ability to locate the basket and scor- ing fourteen points of the nineteen made. Captain Comber ran the teams the, good points.

The second-year men have been showing remarkable form all during the season, and all their games have been close and very interesting. The next game will be on the 17th, with the Allen School. The line-up was:

M. I. T. ............. C. M.

Aaron, oo points.

125-pound class—T. O’Hara, Boston Y. M. C. U., won from H. Sarki, Boston A. A., in 9 min. 4 sec.

The following is the summary of the trials:

OLYMPIC TRIALS JUNE 8

The American Olympic games committee has finally decided that the eastern trials will be held June 8, at the Harvard Stadium. The committee wanted the games to be held earlier in the season, and picked May 30, but owing to the dead of gifts of Soldiers’ Field to Harvard that was impossible. As there was no other alternative, June 8 was finally agreed upon. The trials are to be managed by Col. G. H. Hulings of the R. A. A., and W. F. Garcelon, graduate manager of athletics at Harvard.

AEROPLANE LECTURE.

Karl Ovington gave an illustrated lecture on Aeroplanes in Huntington Hall on the evening of January 23rd. Owing to the fact that it was vacation week very few men attended the talk.

Mr. Ovington presented to the audi- ence a series of views of aeroplanes, showing a few words about each ma- chine with which he was acquainted, and telling of his experience and emotions while flying his bi-rotor. At the end of the lecture he was assailed by many questions about the ma- chines, about their cost and about the dangers of flying.
