## TECH RELAY TEAM IS BEATEN BY DARTMOUTH

### Hedlund Wins Famous Hunter Mile—World's Record For High Jump Broken.

Never before in the history of athletics in Boston has such a crowd collected to witness a meet as was jammed into Mechanics' Hall Saturday night to see the famous B. A. A. meeting. The meet was one of the most successful in years and records went in most every event. The most important of all was the great mark set by Sam Lawrence in the high jump when he cleared the bar at 6 feet 4½ inches, shattering the old world's indoor record of 6 feet 3½ inches by one inch. This old record was held by Mike Sweeney, and has stood for some time. J. O. Johnstone, the Brookline boy, who is a member of the Worcester Academy team, cleared the bar at 6 feet 2½ inches, while Jim Thorpe, the Carlisle Indian, and the largest individual winner of places, took third with an actual jump of 6 feet ½ inch. Phil Dalrymple, who represented Tech in this event, cleared 6 feet, but his handicap of 2 inches prevented him from carrying home one of the trophies.

The Tech relay team was beaten by the Dartmouth team in very slow time. Benson, who started first for the "Stute," had the pole and kept his lead of a yard, starting Bolton off ahead. Bolton also gave Munch a slight advantage, but Munch lost by slipping, and Guething had to be content with running five yards behind his man all the way round.

The Hunter mile was perhaps the most banked on event and certainly had some very unexpected results. Oscar Hedlund, the winner, showed his remarkable finish, and his nearest competitors, Abel Kiviat, the winner of last year, and Tel Berna, the famous Cornell star, did not stand a ghost of a chance. The time for the race was 4 minutes, 23.45 seconds, four seconds ahead of the track record, and seven ahead of the time that Kiviat made last year.

H. S. Wilkins, the Sophomore sprinter, showed his class when he took third place in the 40-yard dash. (Continued on Page 2, Col. 1.)

## RHODE ISLAND ALUMNI.

### Tech Club Have Fine Meeting in Providence Hotel Friday.

The Technology Club of Rhode Island held a very lively and valuable gathering at the Hotel Blackstone in Providence Friday evening, when about twenty of the members gathered for a dinner and some short talks by two of their number.

Eleazer B. Homer, '85, gave a short description of the work on "The New People's Savings Bank Building," and he was followed by Newton D. Benson, '99, who talked in a most interesting manner on "Sand Banks and Cement." These were followed by general discussion which soon turned to the one topic of importance to all Tech men, past and present—The New Site for the Institute. Every one seemed filled with ideas and suggestions, and the enthusiasm with which the Alumni throughout the country are taking up the matter and backing their Alma Mater was most manifest.

## THE NEW TECH CLUB IN NEW HAMPSHIRE CITY

### Thirty-five Manchester Grads Form Club and Show Deep Interest in "Buttons."

Technology feeling ran high in the city of Manchester Friday evening, when thirty-five former members of the Institute met for a reunion and dinner, and formed the Technology Club of New Hampshire with thirty-five active charter members and a spirit of enthusiasm and energy that augurs well for the future of the club and the aid which it will be able to give to the Institute in every line of action.

The officers who were elected at the meeting were as follows: President, James L. Arnott, '75; Vice-President, Norwin S. Bean, '94, and Secretary-Treasurer, Andrew Fisher, Jr., '06. Everybody was interested in the idea of "the Tech button," and they have all ordered them from Bursar Rand, and they are working to extend the interest in the movement. The new club has every promise of being one of the strongest and most active of the newer organizations of Alumni, and the members are already planning to "do things."

## BURSAR ON "BUTTONS."

### Men Wishing Tech Buttons Are Asked to Order at Once.

Bursar Rand has taken full charge of the new all-Technology button, both from the manufacturing and selling side, and he has entered into it with his customary and characteristic energy.

He asks that every man in the Institute and every Tech man who wishes one or more buttons to leave or send him the name and number of buttons, so that he may get an idea of the preliminary sale to aid him in placing the initial order at the factory where they are to be made. The newly organized Tech Club of New Hampshire hold the distinction of being the first to order the new insignia of honor.

## C. E. SOCIETY TO MEET.

### Harry M. Stonemetz Will Talk on Business Law.

On Friday afternoon, February 16, the C. E. Society will hold an interesting meeting at 4.05 in 11 B. at which Mr. Harry M. Stonemetz, a member of the old established banking firm of J. W. Bowen & Co., will speak on the "Laws of Business and the Attitude of the Public Toward the Public Service Corporations." Mr. Stonemetz is well qualified to speak on this subject, being a close student of financial matters for many years and a frequent writer on finances. He has also made a close study of telephonic matters. The firm of which he is a member is one of the oldest on State street.

It is hoped that a large number of the society men will take advantage of this opportunity to hear such a speaker so well acquainted with his subject, as the society is not always so fortunate in obtaining the services of a world-wide famous man.

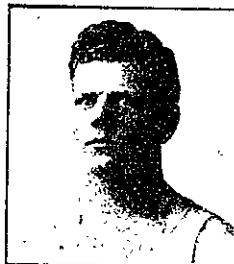

## HARVEY BENSON MADE N. E. I. A. A. PRESIDENT

### Meet to Be Held at Springfield—Plan to Have Cross-Country Run.

At a meeting of the New England Intercollegiate Athletic Association, held at the Hotel Lenox Saturday morning, Harvey S. Benson, 1912, was elected President, and Max L. Waterman, manager of the track team, was elected Treasurer. The other officers of the Association for the coming year are: C. R. Crowell, Bowdoin, Vice-President, and R. D. Robinson, Brown, Secretary. This is probably the only time that any college has had two officers in the Association.

The annual Spring meet is to be held this year at Pratt Field, Springfield, Mass. This decision was reached owing to the success of last year's meet, which was held at that place. The dates set for the meet are the seventeenth and eighteenth of May, which are the Friday and Saturday before our final examinations. This has been the case each year and has handicapped the Tech team severely.

Dartmouth has decided to remain in the Association for another year at least. The Mass. Aggies applied for admission to the league but the application was laid on the table. The performances of the Agricultural College athletes will be watched during the coming year, and further action will be taken on the matter at the next meeting.

HARVEY S. BENSON, President N. E. I. A. A.

A matter of great interest to Tech men was the decision to form a Cross-Country Association, which was proposed by M. L. Waterman, and a committee consisting of M. L. Waterman, M. I. T. chairman; R. C. Peters, Amherst; D. R. O'Brien, Holy Cross; E. M. Daland, Brown, and H. S. Benson, M. I. T., was appointed to make final arrangements. They held a meeting Saturday afternoon but no definite plans were made except that the date of the run will probably be one week before the big I. C. A. A. A. meet in the Spring. This run promises to be one of the best in the cross-country line and will be second only to that held by the association of the large colleges.

The new members of the Executive Committee are: E. M. Daland, Brown; R. K. Stone, Dartmouth; H. S. Benson, M. I. T., and M. L. Waterman, M. I. T., ex-officio. Those on the Auditing Committee are: M. C. Field, Williams; C. B. White, Dartmouth, and Blanchard, Bates.

The following representatives of the New England colleges answered the roll call: R. C. Peters, Amherst; Adams, Bates; C. R. Crowell, Bow- (Continued on Page 2, Col. 2.)

## FRESHMEN WIN MEET WITH LOWELL HIGH

### O'Brien Is the Star With Three Firsts and a Second—Relay Decides Meet.

By winning the relay race the Freshmen won the track meet with Lowell Saturday night by a score of 44 to 37. O'Brien of the 1915 team was the star of the meet. By winning the 30-yard dash, the 300-yard dash and the shot-put and the second place in the 35-yard hurdles he cleaned up 18 points for his team. He also ran well in the relay.

The first event, the 30-yard dash, was very close. Leggatt and Trull of Lowell, and O'Brien and Curtis of Tech won their heats in the preliminary heats, and Leggatt and O'Brien won the semi-final heats. O'Brien finished a good first in the finals, with Leggatt and Trull four feet behind him.

At the start of the 1000 yards Bowers of Lowell jumped to the lead, closely followed by Hill of Tech. At the fifth lap Magee came up and started after the leaders. The men stayed bunched until the seventh lap, when Bowers began to let out. In the sprint that followed Spencer of Tech tripped on a corner and fell, putting himself out of the race. Bowers kept his lead to the finish, crossing the tape 15 yards ahead of Hill. Magee got the third place. Time was 2 minutes, 45.15 seconds.

The 300-yard dash was all the Freshmen's, and they won all three places. O'Brien took the lead at the gun and was never headed, crossing the line seven yards ahead of Barry. Curtis came up from near the last place and beat out Spaulding for third place.

Woodward was an easy winner in the 600-yard run, the real race being between Brunelle and Homan for second. (Continued on Page 3, Col. 2.)

## GAMES AT PROVIDENCE.

### Tech vs. Harvard at the Annual Winter Meet in the Armory.

A notice has been received from the Technology Club of Rhode Island in regard to the annual winter athletic meeting at the State Armory, which will be held on the evening of February 22, at Providence. The M. I. T. one and two-mile relay teams will compete with Harvard as the prime event of the evening. Other relay and track events will be run off, furnishing an evening's entertainment.

Those desiring seats in the Technology section may purchase them at Wright & Ditson's, 76 Webosset street, Providence, by applying for them before February 17, or arranging with Manager M. L. Waterman.

## CALENDAR.

In Charge of S. H. Taylor, 1914.

Monday, February 12.

Well, we won at hockey, anyway.

## ORDERS COMING.

The newly formed Technology Club of New Hampshire is another evidence of an enthusiastic spirit on the part of the Alumni. One of their first acts was to accept the new Technology buttons and send in an order for them, which, done so promptly, shows that many of the Alumni have felt the need of such an emblem and are now ready to adopt it.

In regard to ordering buttons, it seems as if the classes or the course members of the class might order in a body. It is probable that a man desiring only one, or possibly two buttons, will not feel like troubling to order them. For that reason some such grouping of orders as suggested above should be employed.

## PRESIDENT BENSON.

The election of Harvey Benson, 1913, as president of the N. E. I. A. A. is an unexpected honor to fall to the lot of an Institute athlete. When we also consider the election of Max Waterman as treasurer it seems as if the Institute held a place of some prominence in the Association. We congratulate these gentlemen on their elections. We hope that the Institute teams will be able to maintain such a position as is indicated by those honors.

## B. A. A. MEET.

(Continued from Page 1.)

The race was a remarkably fast one and every heat was in record time. O'Hara, the B. A. A. sprinter of this event for several years past, again took first honors, and the funny thing about it is that Wilkins ran his heat in the semi-finals.

Thorpe showed his class by taking a place in the shot-put, the high jump and the hurdles. John Paul Jones, the holder of the world's record in the mile, was slightly off color but won the mile in the time of 4 minutes 30 3-5 seconds, which is a track record for the event.

In the team races Harvard beat Yale in the Freshman race, and beat Princeton in the Varsity race. The B. A. A. teams beat the N. Y. A. C. and also the Montreal A. A. The Harvard two-mile team beat the Yale two-mile team.

## AMHERST DEFEATED BY HOCKEY TEAM

### Well Played Game Marred By Penalties—Final Score

4 to 0.

Tech easily defeated the Amherst hockey team by a score of 4 to 0. The game was well played though there was considerable roughness shown throughout the entire game and penalties were frequent. Fine team work by the visiting seven kept the puck in the opponents' territory most of the game, while the clever playing of the Amherst defense prevented a larger score.

The first half showed the best hockey, with Tech able to score only once, by Storke on a pass from Sloan. The Amherst forwards were unable to get into line and the fast rushes of King and Wilcox into the danger zone were blocked by the defense.

During the second period Tech practically had things to themselves though unable to score at will because of the fine defense of the Amherst point and goal. However, the first five minutes of this half team work enabled Sloan and Hurlburt to score three times. After these tallies there was no scoring and rough playing prevailed. Sloan and Hurlburt starred for Tech. King, Wilcox and Sibley shone for Amherst.

## EDISON PLANT TRIP.

E. E. Society Go to L Street Power House Today.

Today the Electrical Engineering Society will conduct a trip to the Edison Light Company's plant at L street, South Boston. The Edison Company is well known to everyone as it is one of the largest and most prominent electrical firms in the country, having many branches in the United States. Some of the members of the society made a visit to the shops at L street last Thursday and were conducted through the plant, being shown all the interesting features. The trip today will give those members who were unable to go last Thursday a fine opportunity to study all kinds of electrical appliances and different methods of wiring.

The society will meet in Lowell Building at 1.45. All members should take this trip and also the trip which is being planned for next Friday, the 16th.

## CAPTAIN ELECTED.

At Lowell, Saturday, the Freshman track team elected Ercell A. Teeson as captain. M. E. Hill and J. O'Brien also received several votes, but on a second ballot the vote was made unanimous.

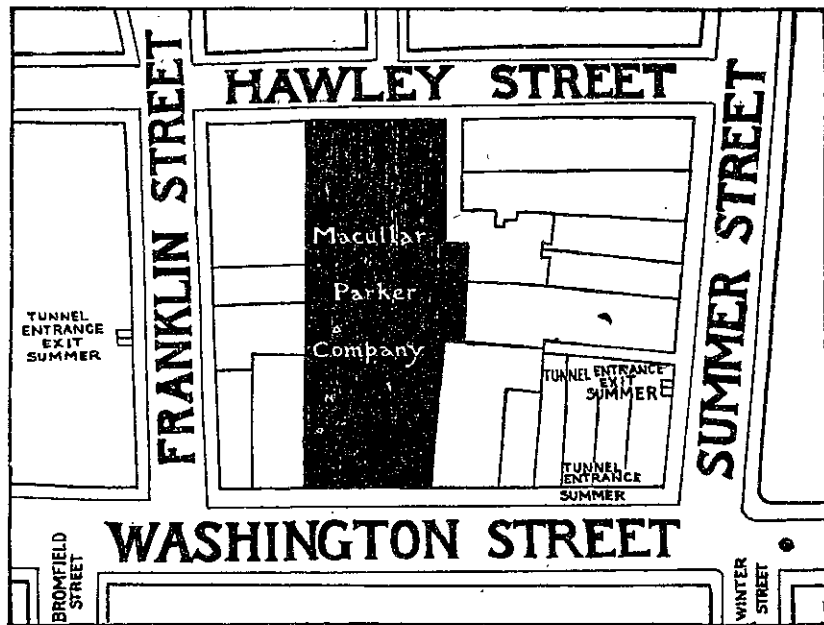

Teeson comes from Lowell and is the best high jumper in the Freshman class. He also runs in the 35-yard dash and in the hurdles.

## FRESHMEN WIN MEET.

(Continued from Page 1.)

ond place. Homan hit up his pace in the third lap and passed his men on the next stretch. He lost his lead, however, and Brunelle nosed him out.

Lowell also captured the first two places in the mile. Bowers took the pole at the start, followed by Exley and Gurney. Gurney ran himself out and spon fell back, and was passed by Lovell and Chase. At the tenth lap Wall, who had been running with the tailenders, hit up his pace and was spon up with Bowers. They fought it out for a couple of laps, when Wall fell back. Powers was first across the tape, followed by Exley and Wall.

O'Brien and Leggatt won the heats in the 35-yard hurdles, and Bailey and Curtis won the second places. In the final the starter was slow with the gun, and Curtis and Leggatt were put out for three steals. Bailey won the final with O'Brien second.

Teeson and Hazeltine tied for first place in the high jump at a height of five feet, five and one-half inches. Chase won the third place.

The Freshmen took the first two places in the shot-put. O'Brien put the twelve-pound shot 41 feet 9 1/4 inches, and Crowell pushed it 41 feet 2 1/4 inches. Cawley was third with 37 feet.

With only the relay to run the score added up to 37 for Lowell, while the Freshmen had only 35 points. The relay race, which counted nine points, was their only chance, and they went after it for all they were worth. O'Brien started it off, running against Bailey, and led for a lap, but fell on the fourth corner and was passed by his man. He was on his feet in an instant and after the Lowell runner, and after making up a ten-yard loss, touched off to Hann two yards behind Bailey. Hann ran an even race against Trull and touched Curtis about the same time that Trull touched off to Spaulding. Curtis opened up a slight lead on Spaulding and sent off Barry a couple of yards ahead of Woodward. Barry gradually drew away from this opponent and crossed the tape a good fifteen yards ahead of him, thereby winning the race and the meet.

The summary is as follows:

30-yard dash—First heat, won by Leggatt; Carter second. Time, 3 4-5 seconds.

Second heat—Won by Curtis; Lamson second. Time, 4 seconds.

Third heat—Won by Trull; Place second. Time, 4 seconds.

Fourth heat—Won by O'Brien; Thomas second. Time, 3 4-5 seconds.

Semi-finals—First heat—Won by Leggatt; Curtis second. Time, 3 4-5 seconds.

Second heat—Won by O'Brien; Trull second. Time, 3 4-5 seconds.

Final heat—Won by O'Brien; Leggatt second; Trull third. Time, 3 4-5 seconds.

300-yard dash—Won by O'Brien; Barry second; Woodward third. Time, 40 2-5 second.

1000-yard run—Won by Bowers; Hill second; Magee third. Time, 4 minutes 45 1-5 seconds.

600-yard run—Won by Woodward; Brunelle second; Homan third. Time, 1 minute 32 3-5 seconds.

35-yard hurdles—Won by Bailey; O'Brien second; Leggatt third. Time, 4 3-5 seconds.

High jump—Teeson and Hazeltine tied for first; Chase third. Height, 5 feet 5 1/2 inches.

Shot-put—Won by O'Brien; Crowell second; Cawley third. Distance, 41 feet 9 1/2 inches.
