TECH RELAY TEAM IS BEATEN BY DARTMOUTH

Hedlund Wins Famous Hunter Mile—World’s Record For High Jump Broken.

Never before in the history of athletics has Hedlund been outdistanced. Hedlund collected to witness a meet as was jammed into Mechanics’ Hall Saturday night to see the famous B. A. A. meeting. The meet was one of the most successful in years and records were set in every event. The most important of all was the great mark set by Sam Lawrence in the high jump when he cleared the bar at 6 feet 4 inches, shattering the old world’s indoor record of 6 feet 3½ inches by one inch. This new record was held by Hedlund for only a moment and stood for some time. J. O. Johnston, the Brookline boy, who is a member of the Worcester Academy team, cleared the bar at 6 feet 2½ inches, which was the next best mark. Hedlund and the largest individual winner of places, look, is cleared within the compass of a June of 6 feet 1½ inch Paul D’Alphonse, who represented Tech in this event, cleared 6 feet, 6 inches, turned 9½ per cent inside and 9¾ per cent outside, a slight advantage, but Dutch lost by slipping, and Guernsey had to contend with running five yards behind his man all the way round.

The Tech relay team was beaten by the Dartmouth team in very slow time, 2:04.3. The reason for the defeat was said to be that Maine had a slight advantage, but Dutch lost by slipping, and Guernsey had to contend with running five yards behind his man all the way round.

RHODE ISLAND ALUMNI

Tech Club Have Fine Meeting in Providence Hotel Friday.

The Tech Club of Rhode Island held a very lively and valuable gathering at the Hotel Blackstone in Providence Friday evening, when almost all of the members were present. The meeting was called to order for a dinner and some short talks by two of their number.

E. C. D. S. invited to give a short description of the work of “The New England Telephone and Telegraph Company,” and he was followed by Newton D. Benson, ’99, who talked in a most interesting manner about the “Industrial and Domestic Use of Cement.” These were followed by general discussion in which the members were present. The meeting then closed with prayers and a banquet.

THE NEW TECH CLUB IN NEW HAMPSHIRE CITY

Thirty-five Manchester Grade Form Club and Show Deep Interest in “Buttons.”

Technology treading ran high in the city of Manchester Friday evening, when thirty-five former members of the institute met for a reunion and dinner and formed the Technology Club of New Hampshire with thirty-five active charter members and a spirit of enthusiasm and energy that augurs well for the future of the club and which it will be able to give the Institute in every line of work.

The officers who were elected at the meeting were as follows: President, H. H. W. Johnson, Vice-President, Norwin S. Fenn, ’74, and Secretary-Treasurer, Andrew Chester, ’66. Everybody was interested in the idea of the “Tech button” and they have all ordered their buttons. Russell and they are working to develop the idea and make it a success. The new club has every promise of being one of the strongest and most active of the newer organizations of Alumni and the members are already planning to do things.

BURSA P ON “BUTTONS”

Men Wishing Tech Buttons Are Asked to Order at Once.

Bursar has taken full charge of the new Tech-Technology Club. He has all the buttons from the distributing and selling office and he has entered into it with his customary and characteristic energy.

He asks that every man in the Institute and every Tech man who wants to order or have buttons that he send him the name and number of buttons, so that he may put them in order. The price for all orders is five cents each, and the order for orders will be for the first ten. The order of the initial order at the Tech club is the first ten. The newly organized Tech Club of New Hampshire hold the distinction of being the first to order the new insignia.

C. E. SOCIETY TO MEET.

Harry M. Stonestreet Will Talk on Business Law.

On Friday afternoon, February 16, the C. E. Society will hold an interesting meeting at 4:30 in Hill B, at which Mr. Harry M. Stonestreet, a member of the old established banking firm of J. B. & W. & Bowin & Co., will speak on the “Laws of Business and the Advantages of the Public Toward the Public Service Corporations.” Mr. Stonestreet is well qualified to speak on the subject, being a close student of financial matters for many years and a frequent writer on business.

It is hoped that a large number of Tech men will take advantage of this opportunity to hear an experienced and accomplished speaker, as the subject is not always one that is of interest to the country.

HARVEY BENSON MADE PRESIDENT

N. E. I. A. A. PRESIDENT

Meet to Be Held at Springfield—Have to Cross-Country Run.

At a meeting of the New England Intercollegiate Athletic Association, held at the Hotel Lenox Saturday morning, Harvey S. Benson, ’12, was elected President and Max L. Waterman, manager of the track team, was elected Treasurer. The other officers of the Association for the current year are: C. R. Crowell, President, Vice-President, and R. D. Robinson, Secretary. This is probably the only time that any college has had two officers in the Association.

The annual spring meet is to be held this year at Pratt Field, Springfield, Mass. This decision was reached owing to the success of last year’s meet, which was held at the park. The dates set for the meet are the seventeenth and eighteenth of May, which are the Friday and Saturday before our final examinations. The meet will be held this year at Pratt Field and has handpicked the Tech team.

Dartmouth has decided to remain in the Association for another year for the time being. Applegate was ordered for admission to the long run but the application was not on the agenda. The performances of the Agricultural College athletes will be watched during the meet in order to make plans for the next.

EVERYBODY WAS INTERESTED IN THE IDEA OF THE “TECH BUTTON” AND THEY HAVE ALL ORDERED THEIR BUTTONS.

O’Brien is the Star With Three Firsts and a Second—Relay Decides Meet.

By winning the relay race the Tech men won the track meet with Lowell Saturday night by a score of 4 to 37. O’Brien was the star of the meet. By winning the 20-yard dash, the 300-yard dash and the shot-put and the second place in the 50-yard hurdles he cleaned up 18 points for his team. He also ran well in the relay.

The first event, the 20-yard dash, was very close. Lewis of Tech and O’Brien of Lowell and O’Brien and Curtis of Tech won their heats in the preliminary heats and Lewis and Curtis won the semi-final heats. O’Brien finished a good first in the final, and Leggatt and Trull four feet behind him.

At the start of the 1000 yards Flowers of Lowell jumped to the lead, closely followed Hill of Tech. At the fifth lap Magee came up and started after the leaders. The men stayed bunched until the seventh lap, then Flowers began to let up. In the sprint that followed Spencer of Tech turned around and held himself out of the race. Flowers kept his lead and won the event by a little more than the tape 15 yards ahead of Hill. Magee took the third place. Time was 2 minutes 13 seconds.

The 300-yard dash was all the Freshmen’s, and they won all three places. O’Brien took the lead at the wire and was never headed, crossing the tape first. Magee and Curtis came up from near the last place and kept out running for third place.

Woodward was an easy winner in the quarter mile. Seaton, of the Sophomores, came between Brunelle and Homan for second.

GAMES AT PROVIDENCE.

Tech vs. Harvard at the Annual Winter Meet in the Armory.

A notice has been received from the Tech-Technology Club of Rhode Island, in regard to the annual winter athletic meet at the State Armory, which will be held on the evening of February 22, at Providence. The M. I. T. one and fourteen relay teams will compete with Harvard as the prime event of the evening. Other relay and track events will be run off, furnishing an entertaining entertainment.

These desirable seats in the Technology Club are available for the enjoyment of the high school students and they are arranged with Manager M. L. Waterman.

CALENDAR.

Monday, February 12.

2:00—E. E. Society Trip.

4:15—Dale Club—Union.

4:45—Boxers Union—Huntington Hall.

Tuesday, February 13.

4:15—Mandolins Club—Union.

5:00—Basketball Practice—Gym.
AMHERST DEFEATED BY HOCKEY TEAM

Well Played Game Marred By Penalties—Final Score 4 to 0.

Tech easily defeated the Amherst hockey team by a score of 4 to 0. The game was well played though there was considerable roughness shown throughout the entire game and penalties were frequent. Fine team work by the visiting seven kept the puck in the opponents' territory most of the game, while the clever play of the Amherst defense prevented a larger score.

The first half showed the best hockey, with Tech able to score only once, by Storke on a pass from Sloan. The Amherst forwards were unable to get into line and the fast rush of King and Wilson into the danger zone were blocked by the defense.

During the second period Tech practically had things to themselves though unable to score at will because of the fine defense of the Amherst point and goal. However, the first five minutes of this half work enabled Sloan and Hurriburt to score three times. After these tallies there was no scoring and rough playing prevailed. Sloan and Hurriburt scored for Tech. King, Wilson and Shirley played for Amherst.

M. E. T.

EDISON PLANT TRIP

E. E. Society Go to L Street Power House Today.

Today the Electrical Engineering Society will conduct a trip to the Edison Light Company's plant at L street, South Boston. The Edison Company is well known to everyone as one of the largest and most prominent electrical firms in the country, having many branches in the United States. Some of the members of the society made a visit to the shops of L street last Thursday and were conducted through the plant showing all the interesting features. The trip today will give those members who were unable to go last Thursday a fine opportunity to study all kinds of electrical appliances and different methods of wiring.

The society will meet in Lowell Building at 1:45. All members should take this trip and also the trip which is being planned for next Friday, the 16th.

CAPTAIN Elected.

At Lowell, Saturday, the Freshman track team elected Ewell A. Teags as captain. M. E. Hill and J. O'Brien also received several votes, but on a second ballot the vote was made unanimous.

Terminals from Lowell and is the best high jumper in the Freshman class. He also runs in the 35-yard dash and in the hurdles.

N. E. I. A. A. MEETING.

(Continued from Page 1.)

The season was a remarkably fast one and every heat was in record time. O'Hara, the B. A. A. sprinter of this event for several years past, again took first honors, and the funny thing about it is that Wilkins ran his heat in the semi-finals.

Thorp showed his class by taking a place in the sprint, the high jump and the hurdles. John Paul Jones, the holder of the world's record in the mile, was slightly off color but won the mile in the time of 4 minutes 58 seconds, which is a track record for the event.

In the girls race Harvard beat Yale in the Freshman race, and beat Princeton in the Varsity race. The B. A. A. girls beat the Y. C. A. and also the Montreal A. A. The Harvard two-mile team beat the Yale two-mile team.

FRESHMEN WIN MEET.

(Continued from Page 1.)

ond race. Human hit up his pace in the third lap and passed his man on the next stretch. He lost his lead, however, and Brunelle nosed him out. Lowell also captured the first two places in the mile. Bowes took the pole at the start, followed by Exley and Gursey. Gursey ran himself out and was passed back, and was passed by Lowell and Chase. At the tenth lap, Wall, who had been running with the tailenders, hit up his pace and was afoot with Bowers. They fought out a close race between the two, when Wall fell back, and was passed by Lowell and Chase. At the tenth lap, Wall, who had been running with the tailenders, hit up his pace and was afoot with Bowers. They fought out a close race between the two, when Wall fell back, and was passed by Lowell and Chase.

are worth an acquaintance. They possess all the good points.
