Saturday afternoon, in the Gym, the Sophomore track team defeated the Freshmen aggregation by the close score of 80 to 20. The first year men did exceedingly well in the sprints and distance runs, but were outsprinted in the high hurdles and the field events. Adams, C. T. Gettings, Ben- son and Loomis, for the Freshmen, did very well, while among the Sopho- more Hurds, O'Brien and Tension were the two who cleared the hurdles and the field events.

The number of entries from the Freshman class was more than double the number of Sophomore entries. Indeed, in the distance runs the field was made up almost entirely of Freshmen, and there were only one or tworunners to oppose the many Freshmen. However, the few who did attempt to meet his opponents, met him upon his own ground.

Coach Kanaly was greatly disappointed at the showing made by the Freshmen in this meet, and is in hopes that more men will come out and try the high jump and pole vault. The latter (Continued to Page 3.)

SOUTHERN CLUB DANCE. To Be Held at Hotel Tulleries On March 15.

The Technology Southern Club will hold its 15th annual dance this evening, March 15, from 8 to 12 o'clock. This dance is not to be limited to the club members, as was the case with the last few dances. Students wishing to secure invitations should see some member of the club.

The subscription price is $1.50, which includes a menu, including refreshments.

The Hotel Tulleries Club at the Tulleries Hotel have been among the most enjoyable functions at the Institute. This one bids fair to come up to all expectations. The matrons will be Mrs. George H. Hanes, Mrs. Alfred E. Burton, Mrs. Charles M. Spofford and Mrs. D. Gay.

FRESHMAN MEETING.

Class Dinner to Be Discussed in Huntington Hall.

The Freshmen Class will hold a meeting this evening in Huntington Hall, on Tuesday, March 11, at 1 o'clock. This meeting is called for the advisability of holding a class dinner or smoker will be considered. The question of the time and place will also be brought up. The Governing Board will hold a meeting at 2 o'clock on Tuesday, March 11, to take up the question of the different classes, with a check mark being made against those who have paid their class dues. About three quarters of the class have paid their dues. The question of the time on which the dinner or smoker will be held is the only one that the class has in mind.

E. E. SOCIETY TRIP

Two trips to the South Boston power stations of the Boston Edison Company will be taken by the Electrical Engineering Society on Sunday, March 12, at 8 o'clock. This plan is similar to the one carried out last year, when the group met to get a much better idea of the plant by having men see the inside of the buildings. The group will consist of over 40 men who cannot go on Tuesday and Wednesday, and the time on which the meeting and place will be announced later in this issue's TECHNIQUE.

SPRINGFIELD TO GET N. E. I. C. A. GAMES

On Condition That Rent of Field Is Lowered—May Be Held at Tech Field.

At a meeting of the Executive Committee of the N. E. I. C. A. Association, held Saturday evening in the Copley-Plaza Hotel, it was decided that the New England Inter-collegiate track championships will be held in Springfield this spring. However, this decision is not final, and if the expenses of holding the meet at Springfield cannot be considerably lessened the meet will be held at Tech Field. The meet will be held at Springfield the past two years, and the expenses have very nearly equaled the receipts. Therefore the committee decided that the championships will be awarded to Springfield only on the condition that the rent of Pratt Field in the Institute is lowered. There will be held on this condition.

The Tech authorities have been making arrangements for the games for Tech Field, and sent letters to the members of the Association requesting their support in the matter. However, a majority favored favoring the meet in Springfield, and Tech will try again it in the event that the rent of Pratt Field is not lowered. THIE TECH

In our present situation athletes must depend on Field Day and Tech Show for financial aid. The primary object of the Show is to establish a name for itself, but to finance, must depend on Field Day and Tech Show.

We sincerely hope that every architect will attend the memorial exercises for the late Prof. Despradelie, who will be given this evening in Cooley Hall. Prof. Taylor has extended an invitation to the department.

It is a significant fact that the student body of Lehigh University has written to the President of the University asking that money be placed on a second mortgage on the building on the University of Wisconsin campus to support the athletic teams.

Are we training ourselves to be capable engineers who will go out into the world and make us hesitate to hit the point?

**Million Dollar Show**

A "million dollar" sale engine exhibition has been closed at the University of Wisconsin. The show was divided into two parts, the first part being the power engines, the second part being the machines and the motor section, which corresponds to the people viewing the exhibit and the humorous section of a vaudeville show much interested in the men.

The Freshman meet with the Boston College High marks the close of the athletic season. We hope to begin work at the field in less than a week.

**CHESS MATCH**

(Continued from Page 1)

Messrs. W. Grant, W. E. Merrill, L. M. Brown, and E. H. Townsell have been added to the Tech Club. The match was played on Monday night and the Tech Club won by a score of 5-2.

**Tobin Bronze**

Manufacturers of Bare and Insulated Copper and Steel Drawn Copper Rods, Bars, and Strips.
DOCTOR GIFFORD TO GIVE T. C. A. TALK

"God's Building" Subject for Popular Speaker Next Thursday.

The T. C. A. has been fortunate in securing Dr. O. P. Gifford for its regular Thursday talk this week. As many of the students know, Dr. Gifford is one of the most prominent ministers in Massachusetts. He is pastor of the Brookline Baptist Church, and is also very widely known for his opposition to the appropriation of State money for the support of church schools.

Dr. Gifford’s first talk to Tech students was given a year ago last Fall, on the subject, “A City Without a Church,” which was highly appreciated by all who heard it. Many of the fellows enjoyed it so much that they asked to hear the Doctor again. Since then he has given two more talks, each as successful as the first. The T. C. A. has every reason to expect that Thursday’s speech will please all who hear it.

There is no need of urging the men who attended Dr. Gifford’s previous talks to be on hand for this one, and the others should think twice before they let slip an opportunity of hearing such a popular and eloquent speaker. The subject this week is “God’s Building,” but experience has shown that the Doctor will have some surprises in store for his listeners, so don’t give away the character of his talk. As he is famous for his eulogies we can certainly predict a large supply of good sayings.

INTERCLASS MEET.

(Continued from Page 1.)

out was almost as much of a farce as in the open interclass meet, and because of the few entrants showed any ability. The men who have any desire to take part in the games are requested to come out and try for a position on the team.

The meeting will begin at 7:45 P.M. on Wednesday, March 29, Lowell Building. As originally planned, the club will act as host and have the use of the gymnasium, and on account of some difficulty which is to be done under the supervision of the club and the faculty, the club will start its regular meetings in Room 103, in the Cercle Francais, till the Cercle Francais will hold the sec...
