COMMUNICATION.

To the Editor of THE TECH:

Referring to Mr. Peck's communication, the Institute Committee for the Student Union would like to say that the Society of Motion Picture Directors of California, after sending its representatives to the meeting of the Board, has decided to send down its full quota of pictures to the student union for approval. The committee feels that this is a generous step on the part of the Society and that the student union should take advantage of this opportunity.

Sincerely yours,
[Signature]

FRESHMAN MEETING A VERY LIVELY AFFAIR

Place of Athletic Committee On Governing Board Discussed.

A meeting of the Freshman Class was held this afternoon in the Roosevelt Hall. The meeting was called to order by Mr. D. H. Johnson, and the minutes of the last meeting were read and approved.

Mr. J. H. Harris, the athletic committee, reported that the new outdoor activities were going well and that the funds were in good shape. The committee also reported that the freshmam was interested in the possibilities of a track meet with the Sophomores.

Mr. J. H. Harris, the athletic committee, reported that the new outdoor activities were going well and that the funds were in good shape. The committee also reported that the freshman was interested in the possibilities of a track meet with the Sophomores.

FRESHMEN WIN FIRST CLASS CHAMPIONSHIP

Win Basketball Series by Taking Second Game From Spy.

Merritt Stars.

Yesterday afternoon the Freshmen team, represented by its basketball squad, succeeded in winning the first class championship in any branch of the Institute. TheSophomores, with their older class rivals in the tug-of-war, football, relay race and the in-door track meet, were completely floored and baffled by the first class. The winning team work was so accurate and the display of skill that was put on by the Freshmen was certainly one of the high points of the season.

The Sophomores, on the other hand, were completely outclassed by the Freshmen and were easily defeated. The Freshmen, with their strong and quick play, were able to take advantage of the mistakes made by the Sophomores.

The Freshmen team, with its quick and clever play, was able to outclass the Sophomores and win the championship. The Freshmen proved themselves to be the superior team in this match and were able to win the championship.

COACHING MEETS AGAIN AT BOARD MEETING

Does he so-called major activities is apparent. The technique, the Massachusetts Institute of Technology, has been bringing in just such reports, and the representations are not for the purpose of glorifying the board of directors in a liberal sense, but rather for the purpose of informing the world that they are doing something.

If there are any who would like to take advantage of this opportunity, they may feel free to do so. If you would like better information, the advertisement in THE TECH every day from 6 to 6 o'clock.

COMPETITIVE EXAMS.

Fourteen Vacant Lieutenancies to Be Filled in Navy.

The Registrar has just received a letter from General W. P. Hobbs minute, stating that the competitive examination for the position of assistant secretary, with the Massachusetts Institute of Technology, will be held on March 8th.

CIRCULAR FRANCAIS.

Short Modern French Drama to Be Discussed At Meeting.

This afternoon, at 5 o'clock, the Cullom Club will hold its second meeting in 23, Lowell Building. All members are urged to be on time, since it is important for the club to be properly organized and to have all the necessary materials available.

The purpose of the meeting is to discuss the short modern French drama, "Le Miroir du Temps," which was recently published. The meeting will be led by Mr. J. H. Harris, the athletic committee, and will be open to all members of the club.

THE TECH

TECH MEN AS SPEAKERS.

The three prime requisites of a successful engineer are a thorough knowledge of his profession, the ability to handle the men under him, and the power to reach the men above him.—to talk to them and convince them that he is right. The first of these is the Technology graduate is sometimes hard to have; the second comes only through actual experience; the third, while also a matter of experience, is one which should be cultivated.

The successful engineer must sometimes appear before various boards, councils, etc., and defend his plans. This is a public speaker. How suggested Peckham, while working for a corporation faces work, with the hockey, Boat Club, Sophomore classes. Add to this the power to reach the men above him, and the Technology graduate is one who should have; the second comes only through actual experience, the third, while also a matter of experience, is one which should be cultivated.

TECH MEET.

FRESHMEN TO MEET BOSTON COLLEGE HIGH

Result of Last Indoor Meet of Season Certain—Close Contest Expected.

The freshman track team will close its indoor season this afternoon with a meet against Boston College High School. The track will be in the Tech Gym at 4 o'clock, immediately after drill. Boston College High has a strong team this year and will give the freshmen a hard fight.

At the last moment Coach Kanaly decided not to restrict the entries, but let in everybody who wished to compete. There will be no admission fee.

In the sprint, the High School has a good man in McCarty. He is likely to place either second or third against Adams, ’16, and Louisa, ’16. In the quarter, Boston College High may win first and second with McCarney and Kelly. W. Reed, ’16, will probably get third. Gaething, ’16, looks good for first, with Capitola Dean, 3rd, for second place in the 880. Benson, ’16, is sure of winning the mile, with a close race supposed to be run between White, ’16, and Reed, ’16. Fallon of the visiting team will fight for third. The results of the hurdles look uncertain.

In the field events, Boston College High ought to score heavily. The return match of the high jump will probably be favorable to the visiting team. Haragan is expected to get over, ’16, good for second place. In the shot put, all places will be even, Canty against Cullen.

COMMUNICATION.

OCTOBER YOUNG'S HOTEL
ELECTORAL COMMITTEE HOLDS FIRST MEETING

L. C. Hart Explains Details of Work—To Meet Again Next Friday.

The first meeting of the 1915 Technological Election Committee was held yesterday afternoon in 21 Regis, but no business was transacted. L. C. Hart, Editor-in-Chief of Technical, and an, member of the 1915 Technical Election Committee, explained to the members of the committee what their work was and what was expected of them. H. R. Crowell was called to the chair, and the committee was adjourned.

CHEMICAL SOCIETY.

Talk on "Scientific Management" to Be Given by Prof. Passano.

Next Friday, at 7:45, the members of the Chemical Society will be given an unusual treat. Professor Passano, who for about four years has been making a study of scientific management, has consented to present to the society some of the results of the work which he has been doing. He is well known to the members of the society as their teacher of mathematics, and the announcement of the subject of his talk is surprising to many.

FRESHMAN MEETING.

(Continued from Page 1.)

The third meeting of the Freshmen Committee was held yesterday afternoon in 21 Rogers, but no business was transacted. The meeting was opened by the President, who then called on L. C. Hart, Editor-in-Chief of Technical, to address the Freshmen.
