

THE TECH

VOL. XXXII. NO. 118

BOSTON, MASS., MONDAY, MARCH 24, 1913

PRICE TWO CENTS

APPLICATIONS FOR TECH SHOW SEATS

Afternoon Performance For Undergraduates—Alumni in Evening.

All students at the Institute have had applications for Tech Show seats mailed to them and they should have received them by the first mail this morning. The management has spent a good deal of time getting these ready in the last week, and it is hoped that the student body will co-operate with them in filling the applications out as soon as possible.

In order to do this the applications should be filled out at once and returned to W. H. Price, Jr., at the Tech Show office. All applications must be in by 5 o'clock next Saturday afternoon, March 29th. Those received up to this time will be filled according to classification listed in the circular. Any applications received after this date will be filled in order of receipt. For one week, beginning March 31st, a public ticket sale will be held in the Show office between 1 and 2 and 5 and 6 P. M. During this week all men who did not remit money or check with the application must call for their seats as no more seats will be held after the expiration of this time.

The management desires to make the afternoon performance in Boston an undergraduate affair, and hopes that all students will apply for seats for that show. Those applying for
(Continued on Page 3.)

CREW PRACTICE TODAY.

Men Meet at B. A. A. Boathouse For First Work of Season.

The Tech Boat Club will start practice today. All men who are interested in crew work are requested to report for practice at the B. A. A. boat house near the Cottage Farm Bridge. The men will leave the Institute about 4 o'clock, and for the benefit of those who do not know the way the officers of the club state that the boat house can be reached by taking any Commonwealth avenue car.

The practice will be in four-oared shells the first week, but next week they expect to be able to use eight-oared ones. The club has also obtained the use of a couple of single shells from the B. A. A., and as soon as these boats are in shape they will be put at the service of the members of the club. It is desired that the men learn to row in these singles, as well as in the four-oared shells, so as to keep in practice and be in good condition when their services are needed later on the crew.

PROM INVITATIONS.

May Be Procured From Committee This Week in Union.

The invitations for the Junior Prom are ready and may be procured in the Union between the hours of 1 and 2 o'clock on Monday, Tuesday and Wednesday, from members of the committee. All men who have signed up, excepting those who are on the waiting list, are entitled to an invitation. No deposit will be required.

HARE AND HOUND RUN SATURDAY AFTERNOON

Fourteen Men Take Part in One of Best Runs of Year at Hyde Park.

Fourteen fellows took advantage of the Hare and Hound run last Saturday afternoon at Hyde Park. The run was considered by all to be one of the best ones held this year, if not the best. The small number that turned up was the only thing that was unexpected unless, perhaps, that the promised swim was not a reality. The Y. M. C. A. was there, the tank was there and also the crowd, but the most essential part, the water, was lacking. That had just naturally disappeared from the tank. In its place was a man industriously working with a scrubbing brush.

Although the enjoyment of a swim was lacking the run was enjoyed by all. C. H. Wilkins and F. B. Hastie acted as hares and led the hounds a merry old chase across the fields. They laid a good trail, one of the best that has been put down this year. It had only one blind, but that did the trick, as it delayed the hounds for fully five minutes. The course started from the Y. M. C. A. and led through the town and then up a hill that puts Larz Anderson's in the shade. From the top of the hill the trail struck off through the fields to the right, down through wet, marshy ground. Frequent short stretches of road work were given the men to vary the ground traveled over. The home stretch was all road work for the last three-quarters of a mile. About 300 yards from the finish the crowd let out and raced for the Y. M. C. A. Building. The order of finish was: H. S. Benson, '16; A. Page, '16; E. J. Goldstein, '16; J. H. Murdough, '16; C. W. Lovell, '15; H. P. Gray, '16; R. F. Pollard, '15; H. H. Potter, '16; P. M. Currier, '14; M. Sayward, '14.

The run was not very fast as a whole, although a fair pace was set by Lovell, who led most of the way. Considering that the distance was approximately six miles, the sprint at
(Continued on Page 3.)

M. I. T. ASSOCIATION.

Copies of Constitution Are Distributed to Freshmen.

The Freshmen who attended the United States History lecture Saturday morning were given copies of the Constitution and By-Laws of the M. I. T. Undergraduate Association. Professor Currier very kindly gave a few minutes of the time allotted for the lecture to H. D. Peck to speak to the class.

Mr. Peck, in all seriousness, urged that thoughtful consideration be given to the Constitution before a vote is taken on its adoption. It is desired that every man attend the history lecture on Saturday with his mind fully made up in one way or another, because, as Mr. Peck says, the Class of 1916 will probably be the first Senior class to enter the New Technology across the river, and such a thing as the Undergraduate Association would be a great benefit to all there, where the conditions will be so different from those now existing.

2500 TAGS ORDERED FOR TECH TAG DAY

Sale of Tags So Systematized That Every Man Will Be Approached.

The TAG DAY Committee has recently been overwhelmed with pretty girls who are desirous of selling tags on this never-to-be-forgotten day. It has been decided, however, that only the young ladies from Mr. Humphrey's and Bursar Rand's departments will be allowed to take part in this work. The young ladies are all very anxious to succeed in their sales, because the one selling the most will be conclusively proven to be the prettiest. This desire is further stimulated by the fact that Mr. Mattson of the Senior Class has agreed to take the lucky girl to every track meet held at the Field this Spring.

The sale of tags will, however, not be confined alone to young ladies, as this would be striking two strong a blow in helping the women to gain the suffrage. The representative men of each class, course and organization of the Institute will take part in this work.

These tags will make their initial appearance on Thursday evening, when every fraternity man, every man attending the 1914 Class Smoker, and any others expressing to the committee in writing their desires, will be able to obtain them. Professors and instructors, however, will not be allowed the privilege of being tagged previous to Friday morning at 8.30 A. M.

The person buying the most tags will be given absolutely free the remaining issues of THE TECH. THE TECH Board has been able to make this offer owing to the unusual business success which it is having this year. It is also understood that Business Manager Sutherland of Technique, 1914, will present to the salesman turning in the most money a copy of their beautiful book.

There are probably a good many students, both ladies and gentlemen, who are anxious to assist in this work of tagging, and any who do so desire are asked to leave their names at either THE TECH office, the Cage, or with J. B. Carr, '16.

NO CHESS MATCH.

The Tech chess team was to meet the chess team of Brown University last Saturday afternoon, but the Providence men failed to appear. The Brown team is not very well known to Tech men and the match was looked forward to with considerable interest as its outcome was so uncertain. The Tech team met Brown in a dual meet three years ago and defeated them. Since then the two teams have not met. The showing of the Tech team recently against Harvard shows that the Institute is represented by a good team, and the game with Brown would have been quite interesting. It is hoped that another date can be arranged with the Providence team in the near future.

TECH WRESTLERS WIN FROM NEWTON TEAM

Second Team Gets Five Falls, One Decision and One Draw With Allen Gym.

The second wrestling team took a bump down to Newton last night, and met the Allen Gym team with disastrous results to the latter. The Allen team is one of the strongest that Tech has encountered this season, and also one of the best coached, for their coach was a member of last year's Olympic team and won his bout in Stockholm. Of the seven bouts contested, the Tech team won five on falls, one on a decision, and the other bout resulted in a draw.

In the first bout, Loo, of Technology, in the 115-pound class, took G. Corral into camp and succeeded in getting a fall in 4 minutes and 15 seconds with a head scissors hold. In the 125-pound class, Means, of Tech, had a hard time with J. Campbell, but showed up much better in the offensive and was awarded the decision.

Blodgett, the manager of the Varsity team, won his bout from Hansen with a three-quarter Nelson in 3 minutes and 47 seconds, the fastest time of the evening. Kelley added another victory to the string by defeating Maguire, a much heavier man, with a head scissors, in 5 minutes and 10 seconds.

The 145-pound bout was a match between two strong men, for Morse, of Tech, and Blinn, of Allen Gym, were pretty evenly matched. The bout was fast and ended in a draw. In the 158-pound class, Walters, of Tech, defeated McGuire, who had previously wrestled with Kelley, in 5 minutes and 45 seconds, with a head chancery and bar hold. In the heavyweight class, Treat, who is a 158-pound man, met and defeated Eddy, who had a handicap of twenty pounds over him.

T. C. A. ELECTIONS.

Last Day For Turning in Endorsed Nominations.

Nomination blanks for the coming election of T. C. A. officers must be filed with the Secretary at his office in Eng. B not later than today. The officers to be elected are: President, Vice-President, and Treasurer, and are for the school year 1913-1914. Each nomination blank must be signed by at least five members of the Association.

The election will take place on Friday, March 28th, and a social gathering of the members will be held in the Union on the evening of the same day.

WEATHER.

Forecast for Boston and vicinity: Monday fair and somewhat warmer; moderate variable winds.

ALL-TECHNOLOGY SMOKER.

The All-Technology Smoker, which has been scheduled for April 4th, should be an occasion well worth remembering as one in which Technology men get together among themselves in a purely social way. We feel that it will be one whose true Technology spirit has a chance to show itself most admirably in its relaxed condition. The Institute Committee deserves high commendation for its magnanimity in supporting this smoker personally, and we are certain that we express the feeling of the entire student body when we say the action is greatly appreciated. We can best show this appreciation, however, by attending the Smoker.

TAG DAY.

Let us show the Corporation that we are supporting Athletics at Technology with an enthusiasm which will be so strong that some action will be considered absolutely necessary. There will be no excuse for any man who is not wearing a tag and each of us should realize that there is a possibility at this time of getting a good round sum to apply on the expenses of the present year. If 1,700 men each buy one tag at 10 cents we have \$170. Why can we not hope to see 75 per cent. of these men spend 25 cents on a tag? This will bring the amount to approximately \$360 and will be an excellent start toward making up the deficit of the present year.

THE TECH ISSUES FORMAL CHALLENGE

Manager Berkowitz Defies the Hosts of Technique to Baseball Game.

KNOW ALL MEN BY THESE PRESENTS: That we, the undersigned, representing THE TECH Baseball Team, do hereby challenge and invite Technique, 1914, to enter, engage in, carry on and otherwise contest a game of baseball, said game to be played at the place commonly known as Tech Field, on Wednesday, April 16, 1913.

Said game shall be conducted with nine ounce gloves, according to Marquis of Queensbury rules, with the following additions, corrections and exceptions:

1. Not more than fifteen players shall participate on any one side, at any one time of said game, and each and every player, without exception, shall be a bonafide member of THE TECH or Technique, 1914, respectively.

2. The umpires of said game shall be appointed by President Maclaurin, and shall not exceed ten in number, nor two hundred pounds per head in weight.

3. The time of playing said game shall not exceed five hours, unless a renewed supply of desiccated vegetables is provided for the use of the spectators and abuse of the players.

4. The team which shall first attain a score of 350 points, always provided that such score be not made within the first ten minutes of playing time, shall receive a bonus of 100 points.

The following inalienable rights, privileges and perquisites are reserved to the parties herein concerned:

To THE TECH shall be reserved all press privileges, gate receipts, and all peanut, soda water, pop, advertising and program concessions.

To Technique, 1914, shall be reserved exclusively the right of compensating umpires for any and all damages which they may receive during said game.

To both parties shall be reserved the rights of supplying water-boy, bat-boys, ambulances, medical attendants, police protection and third-base kegs sufficient for their respective needs.

(Signed)

Samuel Stephen Solomon Fritz-Shepherd Berkowitz,

Generalissimo Manager.

Herman Mike-Patrick Rogers,
 Coach (formerly of Red Sox.)

Montana Mike (the Gun-toter) Heller,
 Acting Water-boy.

MECHANIC ARTS SMOKER.

Card Games, Music and Business Meeting, Evening's Program.

Tomorrow evening, at 7.15 o'clock, the Mechanic Arts High School Club will hold its second smoker in the Union. The evening will be spent playing card games, the winners of which will be awarded handsome prizes, which have been procured by the committee.

Besides the games there will be music and refreshments, which will add to the enjoyment of the evening. Those who have attended the former meetings declare them to be highly enjoyable, and this one will probably not prove an exception to the rule, especially if every one attends and helps make the evening a pleasant one.

Just preceding the games a short business meeting will take place, at which arrangements for the final banquet of the year will be discussed. It is the custom to invite the Seniors at M. A. H. S. to attend this dinner, in order to give them an idea of what they will have to do if they come to the Institute, and also gives them a chance to see a little of the social side of life here.

**ORCHESTRA TO PLAY
AT SPRING CONCERT**

Sign-Up Cards Sent to Seniors and Juniors—To Be Sent in at Office.

At a recent meeting of the committee in charge, it was decided that the Technology Orchestra was to play at the Spring Concert. This is especially good news, for the Orchestra has reached a high grade of perfection, and it is expected that it will furnish a very enjoyable part of the evening.

By this time every Senior and Junior should have received an application card and a program for the evening. These should be returned at once in order to be sure of receiving tickets. That Sophomores who have already invited a girl to the Junior Prom for the dance may not be disappointed in attending the concert, the committee grants them the same consideration as is given to the Juniors. If there are any who have not yet received application cards, they may obtain them at the Cage. This is the last chance to make sure of a ticket.

The committee is arranging an excellent program. Much time and effort are being made to make it highly successful. The clubs are fast getting into fine shape. The music furnished by the Orchestra will be one of the leading attractions. The dance, which will be held afterwards, will, because of the rather limited number, be especially enjoyable. The plans are laid to make this occasion the most enjoyable and the best remembered of all the social occasions of the Institute.

TECH SHOW TICKETS.

(Continued from Page 1.)

seats in the evening must bear in mind that the Alumni will be given first choice of the evening seats, and therefore the undergraduates cannot expect to have the very best of seats if they insist upon going in the evening. The Opera House, however, has a great seating capacity, and there will be a number of excellent seats still available for the undergraduates in the evening.

Undergraduates will be given first choice for the afternoon seats, and it is suggested that, if possible, and it will be to their advantage, they apply for such seats.

The management has taken a big task upon itself in trying to fill the Opera House, but with the hearty support which it has always had from the undergraduates, it is felt that the house will be filled at both performances. This undergraduate support will be a very important factor in making this year's Show the most successful one ever produced.

HARE AND HOUNDS.

(Continued from Page 1.)

the end was fast, showing that the men were far from being tired out.

C. S. Lee and T. C. Guething had a little run of their own. They made up the second squad which was to start after the less experienced ones had gone. Through no plans of Chase Captain Peaslee, these two men thought that they would constitute the second squad, and accordingly managed just to miss the train at Back Bay. Whatever the reason was they did not arrive at Hyde Park until the others had started. They were, however, not discouraged at this, but immediately set out in chase of the others. In spite of their self-confidence they were unable to overtake the "novices" and came trailing into the dressing room as the others were getting dressed.

**NEXT T. C. A. SPEAKER
REV. J. A. FRANCIS**

Well-Known Pastor to Speak On "The Real Dynamic Behind Civic Betterment."

For next Thursday's talk the T. C. A. has been very fortunate in securing Rev. James A. Francis, D. D., of this city. Rev. Francis is pastor of the Clarendon Street Baptist Church, and he will speak on "The Real Dynamic Behind Civic Betterment." He is very well known as a speaker and his talk will undoubtedly prove to be very interesting.

Last year Rev. Francis spoke in the Union, and his talk was one of the best of last year's T. C. A. talks. Shortly after he suffered a great misfortune in the loss of his church by fire, and since then he has been busily occupied with the re-establishment of the church, which was rededicated a few weeks ago.

As a speaker Mr. Francis is very much in demand. Last year he was granted a month's leave of absence in order that he might travel with one of the teams of speakers in the "Men and Religion Forward Movement." Recently the T. C. A. engaged him to talk, but his date had to be postponed on account of his trip to Minneapolis, Minn., where he spoke. In addition to his duties as pastor, Rev. Francis is an instructor in the Gordon Training School, an institution well known in the Baptist denomination for the teaching of theological subjects and missionary work.

The talk will be given, as usual, in the Union at 1.30 o'clock on Thursday. The officers of the T. C. A. are disappointed in the poor showing made at recent talks and it is their earnest desire that more men be present at the weekly meetings. If these talks are to be continued the men must show their support by attending them.

At present the T. C. A. has three has been decreasing considerably of late.

TECH SHOW.

Regular Rehearsals Held—Pictures Taken.

This afternoon, at 4.15, both the cast and chorus will rehearse. Mr. McConathy and Mr. Sanger will be present, but the rehearsal will be entirely on the Show songs.

All of Saturday afternoon was spent in singing and dancing. Mr. Sanger had the company practice the opening chorus, while Miss Kellogg conducted chorus dancing and a little solo dancing.

Last week Otto Sarony took the pictures of all the members of this year's Show. The proofs were exceptionally good. The fellows were well made up, with the result that several extremely pretty girls are to be seen in the Photographs.

Some of these pictures have been given to the management of Technique, 1914, and several of the best pictures will be printed in this publication.

TECH SHOW ORCHESTRA.

Successful Concert in Roxbury Saturday Evening.

Last Saturday evening the Tech Show Orchestra gave a concert in the Ruggles Street Baptist Church in Roxbury. The concert was given under the auspices of the Ford Memorial Branch of the B. Y. M. C. A. and was very well rendered. The Orchestra played a variety of numbers, and several solos were also given. Mr. Osbourne McConathy conducted the Orchestra. A solo on a Chinese flute, by T. C. Hsi, and the readings by H. G. Mann, '16, were well received.
