WILSON CLUB MEETS THIS AFTERNOON

Debate Speakers to Be Chosen—Committee and Parade Plans Made.

A meeting of the Woodrow Wilson Club will be held in the Union, at 4:20 this afternoon. Talks will be a business meeting to decide upon the speakers in the coming debate with the Progressive Club, and to make plans and a program for the time intervening before election.

President Pot will outline what has been done since the last meeting and will concisely and announce the members of the question committee that will attend to the special details of the club's activities. In particular, it will be up to candidates for the coming college men's Woodrow Wilson Club.

The club urges upon the students who are the voters to elect the Wilson Club to the presidency in the coming national election to come to the meeting this afternoon and join the club.

Candidates for the fall year are asked to know that there will be a roll call of candidates for the club conducted by the Woodrow Wilson Club. They have secured no speakers. Dr. Clark, President, Emerson, of Harvard, and possibly John W. Cummins will speak. Richard Olds will preside.

RIFLE CLUB PRACTICE

To Be Held in Armory on Columbus Avenue Friday.

BAND REHEARSAL

This afternoon, 3 o'clock, the Band Club will hold a rehearsal. Colonel Lansing will be present, and as this is the first time that he has been present since the music season opened, the officers of the club feel that it is important that every man be present. Also any new men who have not yet been out are asked to join the band, and let Coach Lansing tell them what they can do. Guitars are especially desired.

Orchestra Rehearsal--4:15 This Afternoon
THE TECH

Entered as second-class matter, Sept. 26, 1912, at the postoffice at Boston, Mass., under the Act of Congress of March 3, 1879.

Subscriptions, $2.00 per year, in advance.

Single copies, 2 cents.

Published weekly during the first period of the Academic Year.

All contributions must have the name, class and address of its writer on each page.

1913 CLASS BALLOTS.

(Continued from Page 1)

E. E. Corbett, H. Giddens and J. J. Strachan are the candidates for Secretary. Corbett has been prominent in class activities. Giddens is on the Glee Club and the Educational Board. Strachan was President of the Civil Engineering Society, and has been a member of the Technique Editorial Board.

Three men are out for Clerk. They are R. G. Blake, T. Lane and J. H. Nye. Hollis is President of the Mechanical Engineering Society. A. G. Brewer, E. W. Hewett, F. D. Nankivell and H. D. Peck are out for Assistant Professor. Brewer is a chemist and is a member of the Technique Editorial Board. Peck was Treasurer of the class last year. Peck has been prominent in almost every activity of the class.

He is on the Executive Council of the Institute, and has been President of the Student Body. He is on the Editorial Board of THE TECH, and is writing on the subject of the Journal of the Institute.

For the President of the Student Body, the candidates are:

Your vote is a social matter. It is done without prejudice, and the candidates are credible. Your choice is important, and you should take the time to make the best choice.

E. E. SOCIETY WILL HAVE FIRST SMOKER.

Professor Adams of Harvard will speak—Referrals to Be Served.

The first meeting of the Educational Engineering Society was held on Friday evening, at 7:30, and will be in the form of a smoker. All who are members of the society will be invited to attend.

A little business will be transacted, and the meeting will be conducted by the outgoing officers.

The society will meet regularly once a week until the next meeting of the Mining Engineering Society.

FOR COLLEGE MEN.

It is most gratifying to see that two of the most important Eastern States are considering the removal of all legal obstacles that have heretofore prevented the entry of all students from the United States in the National Election. A new and potential vote of 75 per cent of the population of the United States is means a great deal to him, and when he is deprived of the privilege of voting himself.

The new edition of "Concerning M. I. T." has arrived and is ready for distribution. It is a book which we are able to give away, particularly to all new students of the Institute. This little book has been the outcome of a much-wanted want. It means a great deal to him, and when he is deprived of the privilege of voting himself.

It will repay every man to read the book from cover to cover, for he can in no other way get a broad and a sound education in mathematics. It is a book which we are able to give away, particularly to all new students of the Institute. This little book has been the outcome of a much-wanted want. It means a great deal to him, and when he is deprived of the privilege of voting himself.

The annual election of the Returned Student Officers for the next academic year will be held on Wednesday, October 24, 1912, at 8:00 o'clock. All returned students of the Institute, who are members of the society, are invited to attend.

The society is open to all students of the Institute, who are members of the society, and who have been graduated within the last three years.

The society will meet regularly once a week until the next meeting of the Mining Engineering Society.

MAIL AT CAGE

The amount of mail at the Cage that is left unclaimed is increasing instead of decreasing, and great quantities of it are sent back to the Barracks office every week. After a great deal of hard work the addresses of the men are looked up and the mail is properly distributed. Barron Brand has asked that students call for mail at the Cage. For all então that is sent to Tech students goes to the Cage first. The following students have mail at the Cage which they can receive for the asking:

CROSSTOWN NEEDS
MORE MEN FOR CONTESTS

Team This Year Will Take Part in Important I. C. A. A. A. at Ithaca.

The cross-country team held a run over the Tech course yesterday afternoon. Richman men, included in all classes, ran. Owing to the bad conditions, darkness and poor state of the roads, the time was necessarily slower than usual. The men finished in the following order: Nye, Lee, Hill, Palmer, Rent, Bemey, Williams, Lawyer. As the men are green, Norris, Lovell, Wall, Norris, Stowe and Polkland. It seems to be hard to get the men at the Institute to realize that there are to be no slower than even better for men who make the Varsity teams. Regulation said, silver and bronze medals are to be given to the first five scoring members of each three teams in the first New England Interstate cross-country championships. The Tech in the inaugu"
Guess I'll have to see "Good Old Burke the Tailor" pretty soon.

That big brother of mine told me to be sure to call on him at the School St., or to see Tom Hayes at 843 Washington St., as soon as I landed in Boston, and the bunch here tells me that was good dope.
