CROSS-COUNTRY TEAM WILL RUN SATURDAY

Advisory Board to Let Men Make "Trip to Ithaca to Take Part in Ithaca Race"

Late yesterday afternoon the Advisory Council on athletics reconsidered its decision on sending the cross-country team to Ithaca. For the first time this season, it has now definitely decided that the team will go.

The meeting at first was to whether the trip would be made, owing to the present state of the financial affairs. The question as to the ability of the team was not under the council, but the financial question caused the hold up. The time trials given by the team were turned over to the Institute. The men are going to try the time trials for the whole mile grind and will line up at the start in shape to put up a good fight. There will be much more interest shown this year and long and hard this week in order to prepare the men for the longer distance.

The team leaves the Back Bay Station Thursday evening. It is hoped that a loyal crowd of rooters will be there to see the men off. The exact time of their departure will be announced in THE TECH in a couple of days. Seven men and Coach Kanaly will make the trip. The following fellows will make the Ithaca trip: Capt. C. H. Nye, Palmer, Bunney, Hill, Lee and Walt. The first five men finishing are to score.

The team will be entered by the following big collegians: Harvard, Yale, Cornell, Princeton, Technology, Dartmouth, Pennsylvania, Brown, Columbia, Michigan, Penn State, Syracuse and Colgate. Harvard, Cornell and Dartmouth are expected to make the best showing and will probably finish in that order. Captain Kanaly and O. A. Todd of Brown will fight it out for the individual honors, and one or the other is conceded first place. The individualists will make a strong fight for the Harvard and Dartmouth crowns, and Wall and Palmer are looked up to make a strong showing and should finish well up among the leaders.

E. E. SOCIETY MEETING

Speakers to Be From Electrical Companies Operating Here.

Tomorrow, at 7:30 o'clock, in the Union, the Electrical Engineering Society will hold an important meeting, and a number of speakers, representing more Juniors out and men from the upper classes, will be present. The society believes it has provided some very interesting speakers in Henry Morse, of the Simon Electrical Company, and Mr. Cook, of the Electro-Chemical Company. These men have expressed special interest in those taking the Electrical Courses. At the meeting trips to different electrical establishments around the city will be an essential feature.

"Tag Day" has been instituted at the University of Nebraska in order to support athletics. Tags are sold in three sizes, the proceeds from the sale of which are received and submitted the purchaser to all home contests during the season.

REV. A. A. STOCKDALE WILL SPEAK THURSDAY

Union Congregational Church Pastor Will Conduct Protestant Show Lyric Competition

The T. C. A. has secured this week for its regular Thursday afternoon the Rev. Allen A. Stockdale, pastor of the Protestant Congregational Church, who has been its pastor for the five years since its union with the Boyceville Triangle, of which he has been the pastor for five years previous. He is well known in Boston and is very popular as a speaker and lecturer.

Two years ago he was asked to be the secretary of the international Y. M. C. A. Committee, but declined rather than leave church. For the sake of religion he declined to take a position where he would have to compromise his religious beliefs. The same reason led him to decline to take a position at the Boyceville Triangle, of which he has been the pastor for five years previous.

A. T. Gibson, the General Manager of the T. C. A., will conduct the meeting and will introduce the speaker. Stockdale will talk on such a subject as will appeal to the best interests of student financial and literary development.

ARCHITECTURAL SMOKER

Mr. Stearns Will Address Society Next Wednesday at 7:30 P. M.

On Wednesday evening, November 21, at 7:30 o'clock, the Architectural Society will hold its first smoker. The meeting will be open to the Institute and all friends of architecture. This will be a social event, and among the most interesting events of the year for the junior members. The meeting will be in the room, 6 E. Eng. Society, Union. It is expected to last about an hour and a half.

Mr. Stearns will deliver a short address, which in part will be on the conditions in the architectural field, the work being done by the Association of College Architects, and the work of the Institute. The本期 will be followed by a discussion of the work that is being done in the field, and the society will be invited to a tour by Mr. Stearns of the Association of College Architects.

JUNIOR PICTURE

All 1914 Men Expected on Rogers Steps at 1 P. M. Today.

All Juniors are expected to meet at 1 P. M. today on Rogers steps, to pose for the class picture. It is impossible to take the picture last Thursday because of the improving weather. This is the official picture for Techmen, and all Juniors should make every effort to be present in order that the picture may be as complete as possible. Anyone who is unable to attend must obtain a copy of the picture later.

EDITORIAL COMMENT

The subject for the next editorial is optional and will be due on Wednesday, November 21, at 9 o'clock, to Professor Walker, in the office of THE TECH. It is the intention of the general staff to hold the election of the editorial by the fellows at the next meeting. The editorials will be printed in the 1913 edition of Techniques.

THE DARTMOUTH LITERARY MAGAZINE

The Dartmouth Literary Magazine is the official organ of the Dartmouth Literary and Scientific Society. Its aim is to provide a publication on account of lack of student financial and literary support.

CROSS-COUNTRY TEAM WILL RUN SATURDAY

Advisory Board to Let Men Make Trip to Ithaca Team Part in Big Race.

Late yesterday afternoon the Advisory Council on athletics reviewed the cross-country team to Ithaca for the I. C. A.-A. A. race next Saturday, and it has now been definitely decided that the team will go.

It was doubtful at first as to whether the trip would be made, owing to the financial condition of the track team. The question was not raised by the Advisory Council, but the financial question caused the delay. The time trials have shown the team to be one of the fastest ever turned out by the Institute. The men are in splendid condition for the six-mile trip, and will live up to the start in shape to put up a good fight. The practice runs are being made long and hard this week in order to prepare the men for the longer distance trip.

The team leaves the Black Rock Station at 4 o'clock. It is hoped that a loyal crowd of rooters will be there to see the men off. The exact time of their departure will be announced in the TECH. In a couple of days, however, they will make the trip. The following men will make the trip: Cornell, Nye, Palmer, Huyck, Hill, Loe, and Wall. The first five men will be decided on during the cross-country trip.

Teams have been ordered by the following men to operate here: M. A. A., Princeton, Technology, Dartmouth, Pennsylvania, Brown, Columbia, North Carolina State, Stanford, and Colgate. Harvard, Cornell and Dartmouth, Ohio, and Connecticut will also send teams. The Tech will be about one man short, as no team will be made up under the new system. The Tech will make the trip. The following men will make the trip: Cornell, Nye, Palmer, Huyck, Hill, Loe, and Wall. The first five men will be decided on during the cross-country trip.

E. E. SOCIETY MEETING.

Speakers to Be From Electrical Companies Operating Here.

Tomorrow, at 7:30 o'clock, in the Union, the Electrical Engineering Society will hold an important meeting, and Professor Bender wishes to see more Juniors and Seniors present from the upper classes. The society believes it has provided some very interesting speakers in Henry Morse of the General Electric Company, and Mr. Cook, of the Ebbro Battery Company. The society embers are very much interested in special trips to different electrical establishments around the city, and it will be announced.

"Tag Day" has been instituted at the University of Nebraska in order to get money for athletic purposes. The amount is to be three dollars apiece, and one admits the student to all home contests during the season.

REV. A. A. STOCKDALE WILL SPEAK THURSDAY

Union Congregational Church Minister Will Conduct "Question Box.

The T. C. A. has secured this week's regular Thursday speaker the Rev. Allen A. Stockdale, pastor of the Union Congregational Church. He has been its pastor for the five years since its union with the Berkeley Temple, of which he has been the pastor for five years previously. He is well known in Boston and is very popular as a speaker and lecturer.

Two years ago he was asked to become secretary of the International Y. M. C. A. Committee, but declined rather than leave his church. For the past year he has aided in making a binding gift last year to the Men's and Women's Reform Movement, to indicated our interest in the mental and moral education of children. He makes a month's tour to the South each February, speaking at various places about this campaign. Instead of giving a regular talk he will conduct a "question box" and offering practical questions concern- ing the work of the league. Any fellows having questions about the work of the league will be able to ask them. At the meeting on Thursday, November 21st, Room 8, Eng. B, before 3 o'clock, he will have a list of questions handed in. After answering these questions, Mr. Stockdale will take up any that the audience may wish to ask. He would like to have as many as possible handed in so that he may be somewhat prepared to answer them.

ARCHITECTURAL SMOKER

Mr. Stearns Will Address Society Next Wednesday, at 7:30 P. M.

On Wednesday evening, November 21st, the Architectural Society will hold its first smoker. The entertainments of this society are always the best, and the money is used for the benefit of the club. The Institute will make a strong fight for the title this year, and a good crowd and Wall and Palmer are looked up to make the Tech a favorite. The meeting finishes well up on the shoulders.

JUNIOR PICTURE

All 1913 Men Expected on Rogers Steps at 1 P. M. Today.

All Juniors are expected to meet at 1 P. M., today, on the class picture. It is impossible to take the picture last Thursday, because of the examination time. This is the official picture for Technique, and all Juniors should do their best to be present, as only one picture is to be taken. All members of the class who desires to be on the picture will be expected to be present.

EDITORIAL CONTEST

The subject for the next editorial is optional and will be due on Wednesday, November 21st, at 7:30 o'clock. The subject will be in the office of the TECH. by the last day of the contest, and the winners will be announced.

GRADUATE MARRIED

Joseph F. Foster, Tech., 10, and Miss Ada F. Fitzgerald, daughter of Mr. 3rd, Frank F. Fitzgerald, of Boston, were married Thursday evening at the home of the bride's parents. The Rev. Father Dfic at Waymouth was the officiating clergyman.

CALENDAR

Saturday, November 10, 1912. 7.15--Chemical Society--Union.

KOMMERS' DINNER NEXT SATURDAY EVENING

Promises to Be a Great Success--Name of 1912 Tech Show to Be Announced.

The Kommers' dinner, an annual gathering given each fall by the Tech Show, will be held in the dining room of the Union on Saturday evening of this week. Nov. 23. As one of the nearest undergraduate dinners given during the year, it will attract the attention of the entire student body, and it is the way as wish of the Tech Show management that a record crowd be in attendance this year.

SHOW LYRIC COMPETITION 4.10 TODAY--UNION

BOSTON, MASS., TUESDAY, NOVEMBER 19, 1912

PRICE TWO CENTS

VOL. XXXII. NO 37

Two years ago he was asked to become secretary of the International Y. M. C. A. Committee, but declined rather than leave his church. For the past year he has aided in making a binding gift last year to the Men's and Women's Reform Movement, to indicated our interest in the mental and moral education of children. He makes a month's tour to the South each February, speaking at various places about this campaign. Instead of giving a regular talk he will conduct a "question box" and offering practical questions concern- ing the work of the league. Any fellows having questions about the work of the league will be able to ask them. At the meeting on Thursday, November 21st, Room 8, Eng. B, before 3 o'clock, he will have a list of questions handed in. After answering these questions, Mr. Stockdale will take up any that the audience may wish to ask. He would like to have as many as possible handed in so that he may be somewhat prepared to answer them.

ARCHITECTURAL SMOKER

Mr. Stearns Will Address Society Next Wednesday, at 7:30 P. M.

On Wednesday evening, November 21st, the Architectural Society will hold its first smoker. The entertainments of this society are always the best, and the money is used for the benefit of the club. The Institute will make a strong fight for the title this year, and a good crowd and Wall and Palmer are looked up to make the Tech a favorite. The meeting finishes well up on the shoulders.

JUNIOR PICTURE

All 1913 Men Expected on Rogers Steps at 1 P. M. Today.

All Juniors are expected to meet at 1 P. M., today, on the class picture. It is impossible to take the picture last Thursday, because of the examination time. This is the official picture for Technique, and all Juniors should do their best to be present, as only one picture is to be taken. All members of the class who desires to be on the picture will be expected to be present.

EDITORIAL CONTEST

The subject for the next editorial is optional and will be due on Wednesday, November 21st, at 7:30 o'clock. The subject will be in the office of the TECH. by the last day of the contest, and the winners will be announced.

GRADUATE MARRIED

Joseph F. Foster, Tech., 10, and Miss Ada F. Fitzgerald, daughter of Mr. 3rd, Frank F. Fitzgerald, of Boston, were married Thursday evening at the home of the bride's parents. The Rev. Father Dfic at Waymouth was the officiating clergyman.

Published daily, except Sunday, during the college year by students of the Mass. Inst. of Tech.

Subscriptions, $2.00 per year, in advance. Single copies, 2 cents.

We publish below another of the editorials which have been written for the Pi Delta Epsilon contract that is being gone on for members of the new editorial staff. The subject was optional.

WHEREFORE ARE WE HERET?

At the Union last Saturday a Freshman meeting was held to hear the latest news. The first five weeks, be it said, were weeks of trial. The new men have been working hard and have not had much time to enjoy themselves. The freshman standing of the year is not complete but will be taken care of later.

The meeting was opened by Mr. Freshman, who read the minutes of the last meeting and gave a report of the activities of the past week. The new members were given a list of the officers and a copy of the constitution was distributed. The meeting adjourned and the new members were excused.

At present there are nine freshmen in the class, and the members are looking forward to a successful year.

FIELD LOCKERS.

Now that the outdoor track season has ended and the field will be closed for the season, Bill Hynes has issued his annual edit. He declares that all men who have clothes or athletic goods of any description in the lockers at the Field remove their clothes before Sunday, November 23. He says that he will not be responsible for goods left in the lockers after that date.

A local wireless company has presented Harvard with a complete new wireless outfit.

PRIVESCHENMEN MAY RUN AT ANDOVER FRIDAY

Technology May Be Represented in Cross-Country Race For First Time.

Efforts are being made to get up a Massachusetts cross-country team to attend to Andover next Friday for the Freshman cross-country championship. The suggestion of the Advisory Council has already been obtained but nothing has been heard from the Faculty as yet.

This will be the first freshman cross-country team that Technology has ever sent to Andover to compete with the other colleges. Harvard, Dartmouth, Princeton, Brown, and Yale have always sent teams and probably will do so this year.

MILITARY SCIENCE.

Classes This Week at the Armory to Hear Special Lectures.

The lectures in Military Science this week will be held in the Armory. The lecturer is Dr. Lowell, who has been invited to speak again.

The section which meets at 4:30 will be held in the Armory on Monday at 4:30. The lecture will be on the subject of "The American Army and Its Organization." The lecturer is Dr. Lowell, who has been invited to speak again.

WIRELESS MEETING.

Members Must Have Amateur's Licenses by December 13.

On November 26, a week from next Friday, the Wireless Club will hold a meeting in the Union. The program will begin at 9:30 sharp.

The members have not yet been chosen. A Freshman will be elected to the Board of Directors and a discussion of the new law regulating amateur stations and radio communication will be the main topic of discussion.

All members who wish to operate the club's station must be supplied with an amateur license by December 13. The day the new law goes into effect.

The new men should order their keys from the wireless room, either by seeing the treasurer, H. W. Lamson, Tuesday mornings, or by leaving a note for him at the Cage. The keys cost five cents.

It is thought that the station will have to be changed to secure lower wave lengths and a new signal will be used.

A new staff of receivers is expected to arrive at any time now.

At the annual meeting of the N. E. Association of Colleges and Preparatory Schools, the honor system was made the topic of discussion by representatives from Virginia, Princeton and Sheffield Scientific School.

START YOUR TECH YEAR RIGHT.

Your equipment for the year is not complete unless it includes the Oliver Typewriter, Model Number Five.

Regardless of the work you may take up after you leave Technology, the Oliver Typewriter will be a necessity. Why not take advantage of the opportunity to get The Oliver while you are studying? It is cheaper to do your own typewriting than hire a stenographer.

You can RENT the Number Five Model Oliver at the rate of $6.00 per month and when you have paid twenty consecutive months' rent, The Oliver will be presented to you without further expense.

Call at 146 CONGRESS ST. or Telephone Main 192 or 193

THE OLIVER TYPEWRITER CO.

JUNIOR BASKETBALL TEAM PROGRESSING

Most of Last Year's Material Working Hard at the Gymnasium.

Junior basketball is coming along in good shape. Quite a number of men have been coming to practice, among them seven of last year's players, and a few new men. Last Friday the team chose a captain to replace T. J. Comber, last year's captain, who did not care to fill the position any longer. F. W. Williams, one of the members of the team, was elected to fill the position.

The class of '15 has made a name for itself in basketball. Last year it had a fine season, and this year a single defeat, playing some of the best teams and always coming off victorious. This year a fine team is being arranged with some of the most important academic and some of the smaller colleges, and the Juniors look forward to a season as successful as that of last year. The men are starting on their third week of practice and are beginning to show fine form.

Practice is held every Monday, Wednesday and Friday afternoons at 4 o'clock, at the Gym, and the captains and managers are named to meet weekly and report all men who have not already reported. Members who wish to try out for basketball before need not feel reluctant about coming out as the captains have already tried out all the basketball material in the class, and every man who comes is given a chance to show what he can do. Fishing men are showing up promising, and this year a fine team is being formed. The manager is in the Union, right above the Adams room, and all those entering the Union face the latter, and it has on it, "The Tech Daily, Publica tion Office."

Now is the chance for all the men who have a desire to make a definite paper to come out, for there are many numbers left, and perhaps they will be filled from among these men, and many from all the classes are eligible. The following is the list of the team at the meeting yesterday:

- A. C. Burns, 14; H. P. Claussen, 14, C. H. Burns, 14; H. P. Claussen, 14; H. D. Brown, 14, C. R. Tinkle, 15, H. W. Brain, 15; R. D. Johnson, 16; C. N. Cart, 16; H. M. Griffith, 14; A. W. Wakefield, 14; L. J. Zier, 15; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16; E. Storl, 16;

Meeting of Candidates.

(Continued from Page 1, Col. 3.)

The usual Freshman- Sophomore meet will probably be held as last year, but it is necessary to order a special football suit to get in large enough for a heavy moun- taineer.

G. C. Taylor, a student at the University of Minnesota, is paying his way through school on the proceeds from the milk of four cows, which he milks every morning at 4 o'clock.
